(iv) an Election to Participate.

For the avoidance of doubt, the following shall be void and deemed automatically withdrawn by Fieldwood II: (i) Proposals for which Owner does not have the requisite authority, under the applicable Operating Agreement, to make such Proposal and (ii) Proposals that conflict with any ongoing, approved, or previously proposed operations under any applicable Operating Agreement. If Owner receives a Proposal for a Capital Development Project to be performed on a well which Owner either (A) desires to continue producing from its then-current completion or (B) desires to conduct an operation that is in conflict with the Capital Development Project proposed by Fieldwood II, Owner may, on or before the expiration of the Election Period for such Proposal, send written notice to Fieldwood II that it rejects the Proposal pursuant to the foregoing grounds, in which case the applicable Proposal shall be deemed to have been withdrawn and void; *provided* that if Owner rejects such a Proposal and undertakes or agrees to participate in the Project that was the subject of such rejected Proposal within two (2) years after expiration of the Election Period for such Proposal, then Owner shall offer Fieldwood II the right (exercisable for a period of 30 days) to participate in such opportunity on the same terms as set forth in the original Proposal and this Agreement. If, after diligent efforts, Fieldwood II or the Parties are unable to proceed with the operations contemplated under a Proposal because of conflicts with existing operating agreements (or other restrictions affecting the applicable Owner Interests) that existed as of the time the Proposal was made, either Party may send notice to the other Party terminating the affected Proposal. For the avoidance of doubt, the Parties recognize and agree that nothing in this Agreement shall prevent an Owner from conducting any projects, operations, or activities or from participating in projects, operations, or activities that may be proposed or offered by a Third Party or from entering into any agreements or contracts, including, without limitation, farmouts, sales, or assignments, affecting the Owner Interests, in all cases, without any obligation to offer Fieldwood II the opportunity to participate in any such project, operations, or activities or to obtain the consent of Fieldwood II, unless (x) any such project, operations, or activities were proposed by Fieldwood II under a Proposal received by Owner prior to such Owner's receipt of the proposal from a Third Party and (y) such Fieldwood II Proposal has not terminated, been withdrawn, or deemed to have been withdrawn.

(b) Technical Review Meeting. Fieldwood II will present the Proposal and all related Evaluation Data to the Owner and to Apache (for purposes of obtaining its consent) at an in-person meeting at the offices of Fieldwood II (a "**Technical Review Meeting**") to be held on a mutually agreed Business Day during Fieldwood II's normal business hours no later than ten (10) Business Days after delivery of the applicable Project Notice. At either Party's request, the meeting may be held online via technology that allows a Party to share screens with the other Party and Apache, such as Zoom, Skype, WebEx, or Microsoft Teams. Each Party shall use reasonable efforts to ensure that the Technical Review Meeting is attended by a reasonably sufficient number of technical representatives of such Party and, in the case of Owner, Apache, who are familiar with and capable of presenting and/or discussing the Proposal with the other Party and Apache.

(c) Access to Evaluation Data. Until the end of the Election Period, Fieldwood II shall make Evaluation Data with respect to a Proposal available for review and evaluation by the Owner, at the Owner's expense, in Fieldwood II's offices during Fieldwood II's normal business hours or available through a virtual data room or similar electronic platform. Likewise, Owner will provide Fieldwood II with reasonable access to any Evaluation Data in its possession with respect to a Proposal, including but not limited to well files, logs, and data. Notwithstanding the foregoing, neither Party shall be obligated to disclose such Evaluation Data when such disclosure would violate any Third Party contract or agreement binding on a Party or applicable to such Evaluation Data.

(d) Confidentiality. Each Party shall, and shall cause its Affiliates and its and their respective Representatives (and Owner shall cause Apache) to, keep the Proposals, all Evaluation Data, Well Data, and Seismic Data of the other Party, information relating to the Proposal and information from the Technical Review Meeting, to the extent prepared by or received from the other Parties, strictly confidential, and no Party or any of its Affiliates or any of its or their respective Representatives shall disclose such Proposals, Evaluation Data, Well Data, or Seismic Data, information relating to the Proposal, or information from the Technical Review Meeting to any Third Party other than Apache or except as required under a Third Party Operating Agreement. With respect to Evaluation Data, Well Data, and Seismic Data, these disclosure restrictions shall terminate upon the later to occur of (i) two years after the date on which the Technical Review Meeting took place with respect to the applicable Proposal and (ii) the date on which such Evaluation Data, Well Data, or Seismic Data, as applicable, is no longer subject to disclosure restrictions under an agreement or contract with a Third Party. With respect to the Proposal itself, these disclosure restrictions shall terminate upon the later to occur of (x) the date on which the Project that is the subject of such Proposal is Commenced and (y) that date on which such Proposal terminates, is withdrawn, or is deemed to have been withdrawn.

Section 3.3. Waiver of Liability with Respect to Evaluation Data. The information included in a Project Notice and any other Evaluation Data or Well Data furnished by Fieldwood II or Owner, as applicable, pursuant to this Agreement shall be provided for informational purposes only. Each Party is responsible for and shall make its own decisions with respect to Evaluation Data, Well Data, or the opinions or analysis of the other Party that may be provided. (A) FIELDWOOD II DOES NOT MAKE, AND THE OWNER WAIVES AND REPRESENTS AND WARRANTS THAT OWNER HAS NOT AND WILL NOT RELY UPON, AND (B) OWNER DOES NOT MAKE, AND FIELDWOOD II WAIVES AND REPRESENTS AND WARRANTS THAT FIELDWOOD II HAS NOT AND WILL NOT RELY UPON: ANY REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, IN THIS AGREEMENT OR ANY OTHER INSTRUMENT, AGREEMENT, OR CONTRACT DELIVERED HEREUNDER OR IN CONNECTION WITH THE EVALUATION DATA, WELL DATA, OR ANY OTHER OPINION OR ANALYSIS THAT MAY BE PROVIDED HEREUNDER, INCLUDING, BUT NOT LIMITED TO, ANY REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED AS TO (I) THE CONTENTS, CHARACTER, OR NATURE OF ANY DESCRIPTIVE SUMMARY, OR ANY REPORT OF ANY PETROLEUM ENGINEERING CONSULTANT, OR ANY GEOLOGICAL DATA, SEISMIC DATA, WELL DATA, EVALUATION DATA, RESERVE DATA, RESERVE REPORTS, RESERVE

INFORMATION (AND ANY ANALYSIS OR INTERPRETATION OF ANY OF THE FOREGOING) RELATING TO ANY SEISMIC DATA OR EVALUATION DATA OR ANY OF THE PROPOSALS, (II) THE QUANTITY, QUALITY, OR RECOVERABILITY OF HYDROCARBONS IN OR FROM ANY PROPOSAL, (III) THE PRODUCTION OF PETROLEUM SUBSTANCES FROM ANY PROPOSAL, OR ANY PRODUCTION OR DECLINE RATES, OR (IV) ANY OTHER RECORD, FILES, MATERIALS, OR INFORMATION (INCLUDING AS TO THE ACCURACY, COMPLETENESS, OR CONTENTS OF THE RECORDS) THAT MAY HAVE BEEN MADE AVAILABLE, DELIVERED, OR COMMUNICATED TO THE OTHER PARTY IN CONNECTION WITH THE REVIEW AND EVALUATION OF THE SEISMIC DATA, WELL DATA, OR EVALUATION DATA PURSUANT TO THIS AGREEMENT. NOTHING IN THIS AGREEMENT SHALL LIMIT ANY PARTY'S RIGHTS OR REMEDIES PURSUANT TO ANY OTHER AGREEMENT BETWEEN THE PARTIES OTHER THAN THIS AGREEMENT OR PURSUANT TO ANY INSTRUMENT OR AGREEMENT DELIVERED PURSUANT TO THIS AGREEMENT.

ARTICLE IV. JOINT DEVELOPMENT OPERATIONS

Section 4.1. Election to Participate. The Owner may elect to participate in a valid Proposal by delivering its written Election to Participate to Fieldwood II no later than 5:00 p.m. in Houston, Texas on the first Business Day that is on or after the date thirty (30) days after the Business Day the Owner received the applicable Project Notice (the "**Election Period**"). The failure of Owner to make a timely written election to participate in a valid Proposal by the expiration of the Election Period shall be deemed to be Owner's election not to participate in such Proposal. If the Owner delivers to Fieldwood II prior to the expiration of the applicable Election Period a valid written Election to Participate, then, subject to the terms of any applicable Third Party Operating Agreement and the terms and conditions of this Agreement, such election shall constitute a valid and binding obligation of the Parties to participate in the operations set forth in such Proposal upon the terms of this Agreement.

Section 4.2. Rework or Recompletion Projects. If the Proposal is for a Rework or Recompletion Project and Owner does not reject such Proposal as contemplated under Section 3.2(a) then Fieldwood II may proceed with the Rework or Recompletion Project at its sole risk and expense only after the Pre-Existing Net Profit relating to such Rework or Recompletion Project has been determined either by agreement of the Parties or by the Expert. In such event (i) Fieldwood II shall pay 100% of the Capital Development Project Costs associated with the Rework or Recompletion Project and attributable to Owner Interests and (ii) upon completing the Rework or Recompletion Project as a successful completion, Fieldwood will receive an assignment of the FWII NPI in a form substantially the same as Exhibit B attached hereto, reserving unto Owner the ORRI. For the avoidance of doubt, at such time as Fieldwood II has reached the Recovery Threshold for such applicable Rework or Recompletion Project, the FWII NPI will be reduced from one hundred percent (100%) to fifty percent (50%). The assignment of the FWII NPI to Fieldwood II pursuant to this Section 4.2 shall: (1) be subject to this Agreement, (2) be "as-is," without warranties of any kind, and expressly subject to all agreements and matters of record, and Permitted Encumbrances, (3) be subject to the ORRI reserved by Owner

hereunder, and (4) be limited as further described in Section 4.9(a). For the avoidance of doubt, (i) upon completion of the Rework or Recompletion Project, Fieldwood II shall not be responsible for any expenses, costs, losses, or operations associated with the well that is the subject of such Project and attributable to Owner Interests and (ii) if the Rework or Recompletion Project results in a dry hole or if Fieldwood II does not reach the Recovery Threshold relative to a Rework or Recompletion Project, Fieldwood II shall be solely responsible for any loss it incurred as a result of conducting such Project and shall have no right of recovery or recourse against Owner relative to such loss; provided that Fieldwood II shall not be responsible for paying for or conducting P&A activities on such well, except that, in the event of a dry hole or unsuccessful completion attempt, prior to removing any equipment used to conduct the applicable Rework or Recompletion Project, Fieldwood II shall, at its sole cost and expense, take such additional actions as are necessary to leave the well in a condition that will not require Owner to take additional actions or perform any additional operations on such well in order to leave the well in a satisfactory condition under then-current regulations. For the avoidance of doubt, for the purpose of this Section 4.2, so long as Owner does not reject such Proposal as contemplated under Section 3.2(a) and subject to the other terms of this Agreement, Fieldwood II may proceed with the activities contemplated in the Proposal regardless of whether Owner elects to participate.

Section 4.3. Sidetrack, Bypass, or Deepening Project. If the Proposal is for a Sidetrack, Bypass, or Deepening Project and Owner does not reject such Proposal as contemplated under Section 3.2(a) then Fieldwood II may proceed with the Sidetrack, Bypass, or Deepening Project at its sole risk and expense; provided, however, that before it may proceed with such Proposal, within thirty (30) days of the expiration of the Election Period, (a) Fieldwood II must provide Owner with Project Security for the operations contemplated under such Proposal and (b) the Pre-Existing Net Profit relating to such Sidetrack, Bypass, or Deepening Project shall have been determined either by agreement of the Parties or by the Expert. If Fieldwood II fails to timely provide Owner with Project Security with respect to any Proposal, then such Proposal shall automatically terminate and have no further or ongoing force or effect and shall be deemed to have been withdrawn by Fieldwood II; and, in such event, Fieldwood II may not proceed with the Project contemplated under the applicable Proposal. In the event Fieldwood II proceeds with a Sidetrack, Bypass, or Deepening Project as permitted herein, (i) Fieldwood II shall pay 100% of the Capital Development Project Costs associated with the Sidetrack, Bypass, or Deepening Project and attributable to Owner Interests, (ii) following the completion of the Sidetrack, Bypass, or Deepening Project as a successful completion, Fieldwood II will receive an assignment of the FWII NPI in a form substantially the same as Exhibit B attached hereto, reserving unto Owner the ORRI, (iii) except for P&A Costs as set forth below in clause (iv), upon either completion or termination of the Sidetrack, Bypass, or Deepening Project, Fieldwood II shall not be responsible for any expenses, costs, losses, or operations associated with the well that is the subject of such Project, and (iv) at such time as P&A work and activities are performed on the well that is the subject of such Sidetrack, Bypass, or Deepening Project, Fieldwood II shall pay to Owner fifty percent (50%) of Owner's share of the incremental P&A Costs, if any, incurred by the Sidetrack, Bypass, or Deepening Project. Owner shall have the right to cash call Fieldwood II for its share of P&A Costs due hereunder; and, in such event, Fieldwood II shall pay Owner such cash called amounts within thirty (30) days of its receipt of such cash call request. Owner shall promptly following completion of the P&A notify

Fieldwood II of the incremental costs incurred and reimburse Fieldwood II for any overpayment, if applicable. For the avoidance of doubt, at such time as Fieldwood II has reached the Recovery Threshold for such applicable Sidetrack, Bypass, or Deepening Project, the FWII NPI will be reduced from one hundred percent (100%) to fifty percent (50%). The assignment of the NPI to Fieldwood II pursuant to this Section 4.3 shall: (1) be subject to this Agreement, (2) be “as-is,” without warranties of any kind, and expressly subject to all agreements and matters of record, and Permitted Encumbrances, (3) be subject to the ORRI reserved by Owner hereunder, and (4) be limited as further described in Section 4.9(a). For the avoidance of doubt, with respect to any Sidetrack, Bypass, or Deepening Project undertaken by Fieldwood II, (A) Owner shall have no liability or responsibility to Fieldwood II in the event Fieldwood II is unable to reach the Recovery Threshold relative to such Project, and (B) regardless of whether Fieldwood II reaches the Recovery Threshold relative to such Project, Fieldwood II shall be responsible for fifty percent (50%) of Owner’s share of the incremental P&A Costs caused by the subject of the Sidetrack, Bypass, or Deepening Project. For the avoidance of doubt, for the purpose of this Section 4.3, so long as Owner does not reject such Proposal as contemplated under Section 3.2(a) and subject to the other terms of this Agreement, Fieldwood II may proceed with the activities contemplated in the Proposal regardless of whether Owner elects to participate.

Section 4.4. Fieldwood II Project Manager. In the event Fieldwood II is not the contract operator of an Owner Interest at the time of a Proposal or at the time a Capital Development Project is performed, Fieldwood II shall be the project manager on behalf of Owner for the operation, and Owner shall take reasonable actions necessary to cause the then current operator or contract operator to promptly proceed with the operations described in the Proposal at Fieldwood II’s direction. In furtherance of such right of Fieldwood II to be the project manager for such operation, Owner, to the extent it has the ability to do so, hereby grants to Fieldwood II the following rights as the project manager: (i) the right to directly consult with, advise, and direct the then current operator or contract operator, as applicable, regarding such operation, provided that Owner’s Representatives shall be included in any such consultations, (ii) access to all books, records, data, and information relating to such operation (including any daily or other periodic operations reports), provided that such access shall be subject to the same restrictions on access and disclosure as apply to Evaluation Data under Section 3.2, and (iii) access to all facilities relating to such operation subject to Fieldwood II’s execution of a mutually agreeable boarding agreement. All reasonable out-of-pocket costs incurred by Fieldwood II in performing the foregoing activities as such project manager shall be included in the Capital Development Project Costs for the applicable Project.

Section 4.5. Election Well.

(a) Operating Agreement. If the Proposal is for the drilling of an Election Well, then contemporaneously with Owner electing to participate in an Election Well, to the extent not in conflict with any existing Third Party Operating Agreements, the Parties shall execute and deliver to each other an operating agreement in substantially the form attached hereto as Exhibit D (each, a “**Subject Operating Agreement**”) setting forth the Owner Percentage and FWII Earned Interest, and the “Contract Area” under such Subject Operating Agreement shall be limited to the Prospect Area to be assigned to Fieldwood II under this Section 4.5(a) if Fieldwood II were to become entitled to such assignment hereunder; provided, however, if

Fieldwood II does not earn the assignment to be made pursuant to Section 4.5(b) with respect to any Proposal for which the Parties have executed a Subject Operating Agreement, then such Subject Operating Agreement shall be deemed to have terminated, and the Parties shall take such further actions and execute such additional documents as may be necessary or appropriate to evidence the termination of such Operating Agreement. With respect to each Prospect that may be the subject of a Proposal for an Election Well, the “**Prospect Area**” associated with any such Prospect shall be limited to (i) such area as may be reasonably developed and drained by such individual well without need for further development within the applicable Prospect Area and (ii) depths from the top of shallowest Objective Formation tested by such Election Well down to the stratigraphic equivalent of one hundred (100) feet below the base of the deepest Objective Formation tested by such Election Well from which production is commenced within two (2) years after spudding such Election Well.

(b) Owner Participation. If Owner elects to participate in an Election Well, then Fieldwood II shall provide Owner with Project Security for the Election Well, and then, only after providing Owner with such Project Security, may proceed with the Election Well at its sole risk and expense. In such event, (i) Fieldwood II (A) shall pay 100% of the Election Well Costs associated with the Election Well and attributable to Owner Interests and (B) upon completing the Election Well as a successful completion, will receive an assignment of the FWII Earned Interest applicable to such Election Well in a form substantially the same as Exhibit C attached hereto (the “**Base Assignment Form**”), subject to Section 4.9(c), and shall receive the FWII Earned Interest share of Revenue and bear the FWII Earned Interests share of Operating Costs relative to the Project until Fieldwood II has reached the Recovery Threshold relative to such Project, and (ii) thereafter, the ongoing Revenue and Operating Costs, and including P&A Costs, associated with the Project shall be received and borne by the Parties in accordance with the Owner Percentage and FWII Earned Interest, provided that Owner shall not bear any portion of the ORRI or the Operating Costs incurred prior to Fieldwood II reaching the Recovery Threshold. For the avoidance of doubt, at such time as Fieldwood II has reached the Recovery Threshold for such applicable Election Well, the FWII Earned Interest will be reduced from one hundred percent (100%) of the applicable Owner Interests to fifty percent (50%) of such Owner Interests, in each case still subject to the ORRI. The assignment of the FW II Earned Interest to Fieldwood II pursuant to this Section 4.5(b) shall: (1) be subject to this Agreement, (2) be “as-is,” without warranties of any kind, and expressly subject to all agreements and matters of record, and Permitted Encumbrances, (3) reserve unto Owner the ORRI, and (4) convey the applicable FWII Earned Interest as further described in Section 4.9(b). For the avoidance of doubt, if the Election Well is a dry hole or results in a completion for which Fieldwood does not reach the Recovery Threshold, then Fieldwood II shall be solely responsible for bearing such loss and for performing the P&A associated with Owner Interests in such well, including paying all such associated P&A Costs.

(c) Third Party Operating Agreements. During the Term, in the event that any Prospect Area is subject to any existing operating agreement other than a Subject Operating Agreement (each a “**Third Party Operating Agreement**”), then the terms of such Third Party Operating Agreement shall govern and control. In the event the Prospect Area for a Proposal is subject to a Third Party Operating Agreement, Owner agrees to take such reasonable actions as may be required by the terms of such agreement to propose the Proposal to the other parties to

such agreement; provided, that Fieldwood II shall assist Owner in taking such actions as may reasonably be requested by Owner.

(d) Operating Agreement Conflicts. To the extent that the provisions of this Agreement conflict with the provisions of any Third Party Operating Agreement, then solely between the Parties, the provisions of this Agreement shall govern and control, *mutatis mutandis*; provided, however, upon commencement of any Election Well, the provisions of any applicable Operating Agreement shall govern all further elections and operations with respect to such Election Well and any subsequent operations within a Prospect Area.

(e) Operator Designation. To the extent permitted by applicable Law and subject to the terms of any Third Party Operating Agreement, upon written request of Owner (with the consent of Apache acting reasonably) for each Prospect Area associated with an Election Well pursuant to which Fieldwood II earns a FWII Earned Interest, Fieldwood II shall be designated and assume the responsibilities of operator of each such Prospect Area. In such event, Owner agrees to take reasonable actions in assisting Fieldwood II in having all co-owners of such Prospect Area agree to such designation and to execute the required documentation for such designation.

(f) Existing Facilities. Subject to (i) the terms of any applicable Third Party Operating Agreement and applicable Law and (ii) the condition of the applicable facilities and any operations then being conducted thereon, to the extent Owner has the ability to grant Fieldwood II such rights, Fieldwood II shall be entitled to access and use existing facilities owned by Owner to the extent necessary to drill, evaluate, complete, equip, and produce any Election Well, free of costs except Third Party costs and the fees described in Section 4.11 (which costs shall be Election Well Costs), and Owner shall take commercially reasonable actions to help facilitate Fieldwood II's right to access such facilities. In so accessing any of Owner's facilities, Fieldwood II shall execute and deliver to Owner a boarding agreement or such other instrument as may be reasonably required by Owner in its reasonable discretion to permit Fieldwood II's access to such facilities and to allocate risks associated with Fieldwood II's operations on such facilities.

(g) Elections Not to Participate. Notwithstanding anything herein to the contrary, if the Proposal is to drill an Election Well and Owner does not elect to participate within the Election Period, then the Proposal shall expire, and neither Party shall have any obligation to the other with respect to the Proposal and Fieldwood II shall have no right to proceed with drilling the Election Well. If Owner or its successors or assigns undertake to drill the Election Well described in the Proposal within two (2) years after expiration of the Election Period for such Proposal, then Owner shall offer Fieldwood II the right (exercisable for a period of 30 days) to participate in such Election Well on the same terms as set forth in the original Proposal and this Agreement.

(h) Trust NPIs. The Parties recognize and agree that this Agreement constitutes a "Farmout Agreement" under Section 7.4 of the Decommissioning Agreement with respect to Election Wells and the FWII Earned Interests earned by Fieldwood II. As a result, the FWII

Earned Interests to be transferred to Fieldwood II pursuant to Section 4.5(b) shall be transferred free and clear of the Trust NPIs.

Section 4.6. Withdrawal or Termination of Proposals.

(a) Subject to any applicable Third Party Operating Agreement, Fieldwood II may withdraw a Proposal at any time prior to the mobilization of materials and equipment toward the commencement of operations under the Proposal. If a Proposal is withdrawn by Fieldwood II or deemed to have been withdrawn as provided in this Agreement, then all terms of this Agreement shall be interpreted as if such Proposal was never made.

(b) Notwithstanding Section 4.6(a), with respect to any Project for which Fieldwood II has the right to proceed hereunder, the Proposal for such Project shall be deemed to have automatically terminated and been withdrawn if Fieldwood II does not (i) Commence the applicable Project within one hundred twenty (120) days (excluding any extension expressly agreed to in writing by the Parties) following Fieldwood II's making of such Proposal and (ii) thereafter diligently and continuously perform such Project until completed, subject to extensions of the foregoing time period to the extent Fieldwood II is prevented from either Commencing or performing such Project by events of Force Majeure; provided that Fieldwood II shall make reasonably diligent efforts to overcome such events of Force Majeure. In the event any Project is deemed terminated or withdrawn, Owner shall promptly return to Fieldwood II any Project Security it provided to Owner under this Agreement in connection with such Proposal.

(c) If a Proposal is terminated pursuant to Section 4.6(b) as a result of Fieldwood II's failure to timely Commence performance of a Project, then (i) the applicable Owner may elect to conduct the Project that was the subject of such Proposal without any obligation to offer Fieldwood II the opportunity to participate in such Project notwithstanding any term in this Agreement to the contrary and (ii) if Owner has not so elected and Fieldwood II desires to conduct the Project that was the subject of such terminated Proposal, it must resubmit a new Proposal for such Project which shall be subject to the terms of this Agreement in all respects.

Section 4.7. Project Security. With respect to any Project for which Fieldwood II has provided Owner with Project Security hereunder, upon the occurrence of the Recovery Threshold for such Project, the Owner agrees that the principal amount of such Project Security shall be proportionately reduced in an amount corresponding to the reduction of Fieldwood II's responsibility for costs and expenses attributable to such Project including the reduction of its P&A obligations; and the Parties agree to execute such instruments or take such other actions as may be reasonably necessary to evidence such reduction.

Section 4.8. Liability for Operations.

(a) **With respect to any operations conducted by Fieldwood II or its contractors on any Capital Development Project or Election Well, as between Owners and Fieldwood II, Fieldwood II shall be solely responsible and liable for, and shall fully indemnify, defend, and hold harmless Owners, their affiliated and subsidiary companies, contractors (other than Fieldwood II), representatives, and consultants, and all of their respective**

officers, directors, and employees, from and against any and all claims, demands, suits, causes of action, judgments, fines, penalties, or orders relating to or arising out of the operations so conducted by Fieldwood II or its contractors, including, without limitation, incidents of non-compliance, civil penalties, personal injuries, property damage, or pollution, without regard to the negligence (whether sole, joint, or concurrent, or active or passive), strict liability, or other fault of the foregoing indemnified Persons, except to the extent resulting from the gross negligence or willful misconduct of any of the foregoing indemnified Persons.

(b) Notwithstanding anything herein to the contrary, in no event shall Fieldwood II be liable for any damages or claims arising in whole or in part from its failure or inability to reach the Objective Depths or Objective Formations.

Section 4.9. Assignments.

(a) NPI Assignments. If Fieldwood II is entitled to receive an assignment of a FWII NPI in connection with any Capital Development Project, such assignment shall be limited to the interval completed or worked over as a result of such operation.

(b) Election Well Assignments. If Fieldwood II is entitled to receive an assignment from Owner in connection with any Proposal for an Election Well, such assignment shall, subject to Section 4.9(c) below, be limited to the applicable oil and gas lease(s) insofar as it pertains to each Prospect Area that is developed by the Election Well and the depths as specified in Section 4.5(a) above.

(c) BOEM Assignments. To the extent any Prospect Area in which Fieldwood II earns an assignment of the FWII Earned Interest hereunder covers all or a part of one or more aliquots in which BOEM would recognize Fieldwood II's ownership, then in conjunction with the assignment of the FWII Earned Interest and notwithstanding the Base Assignment Form, the Parties agree to execute and file appropriate BOEM-0150 forms from the pertinent Owner to Fieldwood II and covering fifty percent (50%) of Owner's BOEM recognized operating rights in and to such aliquot(s) from the surface to one hundred feet (100') below the deepest depth drilled of the applicable Election Well (utilizing the Base Assignment Form attached as Exhibit A thereto) ("**BOEM OR Assignments**"). In such event, the Parties recognize and agree that such BOEM OR Assignments must be filed with BOEM or such other required Governmental Authorities. In the event any such Governmental Authorities fail to accept or approve any such BOEM OR Assignments, the Parties will fully cooperate in the development of an assignment and any other filings or instruments that will comply with the requirements of such Governmental Authority's filing and approval procedures (or such other filing procedures as may be hereafter promulgated) or as will accomplish the intent of this Agreement, together with assignments to be filed in the adjacent county or parish records reasonably necessary to give effect to the intent of this Agreement and provide Third Parties with notice of any such assignments. Notwithstanding the foregoing, if, as a result of circumstances beyond the reasonable control of Owner and Fieldwood II, the assignment will not be approved by BOEM, the Parties will file the BOEM OR Assignment in the non-required records maintained by BOEM for the applicable lease or leases.

(d) ORRI. It is understood and agreed that the ORRI reserved by the applicable Owner under any certain assignment made pursuant to the terms of this Agreement shall apply to all renewals, extensions, and other similar arrangements (and/or interests therein) of the applicable subject lease(s). Only a new lease taken by Fieldwood II, its successors or assigns, within one (1) year after expiration or release of a such applicable subject lease and which covers the same lands, shall be considered a renewal or extension for the purposes hereof.

Section 4.10. Rights upon Abandonment of Certain Wells.

(a) Abandonment Notice. Subject to the terms of all applicable Third Party Operating Agreements, in the event that Owner and/or the other joint owners in any of the Owner Interests, if any, desire to permanently plug and abandon a well in the Development Area that was producing on the Execution Date (each a “**P&A Well**”), Owner (or, if the TSA is then in effect, Fieldwood II) shall provide Fieldwood II, no later than the earlier of (A) fifteen (15) days prior to the election deadline set forth in the applicable Third Party Operating Agreement, if any, for which the Owner must elect whether to permanently plug and abandon such well and (B) one hundred and twenty (120) days prior to the commencement of such plugging, abandonment, dismantling, or decommissioning, a written notice to Fieldwood II (with a copy to Owner and Apache) (“**Abandonment Notice**”) that identifies such P&A Well and, if there are no other then-completed wells within such applicable aliquot, the leasehold interests in the aliquot within which such P&A Well is then completed and for which BOEM would recognize an assignment of such interest to Fieldwood II (the “**P&A Leasehold**”); provided that if the TSA is then in effect or if Fieldwood II or its Affiliate is then the contract service provider to Owners, Owners shall not be obligated to provide any such Abandonment Notice to Fieldwood II. Notwithstanding anything herein to the contrary, Owners shall have no liability or obligations to Fieldwood II as a result of the failure to provide Fieldwood II with any Abandonment Notice.

(b) Right to Acquire P&A Well. Subject to the terms of any Third Party Operating Agreement, Fieldwood II may elect to acquire all or any P&A Well and the corresponding P&A Leasehold, if any, by delivering a written election to acquire same no later than ten (10) days after Fieldwood II's receipt of an Abandonment Notice. If Fieldwood II fails to deliver a written election to acquire any P&A Well prior to or on the date ten (10) days after receipt of an Abandonment Notice, such failure shall be deemed an election not to acquire any such P&A Well. Notwithstanding anything in this Agreement to the contrary, Fieldwood II's election to acquire any P&A Well may be accepted or rejected by Owner in Owner's sole discretion.

(c) Effect of Exercise. If Fieldwood II validly elects to acquire any P&A Well and the corresponding P&A Leasehold, if any, such election shall constitute a binding obligation of Fieldwood II to acquire Owner Interests in same no later than the later of (i) sixty (60) days after Fieldwood II's election or (ii) the date Fieldwood II obtains all applicable pre-assignment approvals, qualifications, right of use easements, and permits required under applicable Laws and contracts to acquire and operate (if applicable) such P&A Well and P&A Leasehold, if any. Owner and Fieldwood II shall execute and deliver to Fieldwood II such forms and instruments reasonably requested by Fieldwood II or Owner, including an assignment in form mutually agreeable to the Parties; provided, however, that the P&A Well and P&A Leasehold, if any,

shall be assigned subject to this Agreement, “as-is” and without warranties of any kind, and expressly subject to all agreements and matters of record and all existing encumbrances. In consideration for such assignment, Fieldwood II shall assume, and perform and indemnify, defend, and hold harmless Owner, from the P&A Costs with respect to such P&A Well and P&A Leasehold, if any; however, Owner shall retain liability for and indemnify, defend, and hold harmless Fieldwood II for all other obligations related to the time period prior to the assignment. In connection with delivery of the assignment hereunder, at the sole cost and expense of Fieldwood II, the Owner shall deliver to, or cause to be delivered to, Fieldwood II all Well Data and all other records and information in its possession with respect to the P&A Well in a manner reasonably agreed to by the Parties. Owner shall cooperate with Fieldwood II to execute any assignment, designation of operator, or any other instrument reasonably required by Fieldwood II to consummate the intent of this Section 4.10, including Fieldwood II becoming the owner and designated operator of the P&A Well and P&A Leasehold, if any.

Section 4.11. Processing Fees. Subject to any applicable Third Party Operating Agreement and in the absence of any other agreement between the Parties governing the processing of production at any facility owned or operated by Owner, Fieldwood II agrees to pay Owner the following fees for the FWII Earned Interest share of production processed at any facility owned by Owner:

- (a) \$2.00 per barrel for oil/condensate;
- (b) \$1.50 per barrel for water; and
- (c) \$0.20 per MCF for gas.

As used herein, “MCF” means one thousand cubic feet measured at standard pressure and temperature, defined to as cubic feet of volume at 60 degrees Fahrenheit and 14.7 pounds per square inch and a “barrel” is 42 U.S. gallons.

Effective March 1 of each year during which any production from a Project conducted under this Agreement is processed under this Section 4.11, the fees to be charged hereunder shall be adjusted by multiplying the rates then in effect by the percentage increase, if any, in the consumer price index, as published by the Bureau of Labor Statistics of the United States Department of Labor for all Urban Consumers, specifically, the “All Items” Unadjusted Expenditure Category (the “CPI-U”), from (i) December 31 of the year immediately preceding the year then just ended to (ii) December 31 of the year just ended. For the avoidance of doubt, no adjustment will be made in the event of a decrease in the CPI-U for an applicable year.

For the avoidance of doubts, the “Operating Costs” used for the purpose of calculating the FWII NPI and for determining when Fieldwood II has reached the Recovery Threshold shall include the processing fees provided herein with respect to FWII NPI share of production resulting from the Capital Development Project. For the purpose of this Section 4.11, the FWII NPI share means fifty percent (50%) of Owner’s Interest in the production.

Section 4.12. Expert Determination of Pre-Existing Net Profit. If, as contemplated in the definition of Pre-Existing Net Profit, a Party submits the determination of Pre-Existing Net Profit

with respect to any Capital Development Project to the Expert, the procedures set forth in this Section 4.12 shall apply. Prior to submitting such matter to the Expert, the Party intending to make the submission shall provide written notice to the other Party of such intent. If the Parties are still unable to agree upon the Pre-Existing Net Profit within five (5) Business Days following the other Party's receipt of the notice provided herein, then the Party intending to submit the matter to the Expert may so submit such matter to the Expert for final and binding determination. To submit the determination of Pre-Existing Net Profit to the Expert, the submitting Party shall provide the Expert and the other Party with written notice of its request to have the Expert determine Pre-Existing Net Profit. Within five (5) Business Days of providing that notice, the Parties shall each provide the Expert with (a) such data and information as is necessary for the Expert to be able to determine the Pre-Existing Net Profit, which data and information shall include applicable Well Data, Evaluation Data, and production data relating to the well that is the subject of such proposed Capital Development Project and (b) such Party's estimate of the Pre-Existing Net Profit. The Expert shall, within five (5) Business Days of receiving such data and information, make its calculation of the Pre-Existing Net Profit using the data and information it has received from the Parties and the most recently available forward curve strip pricing for crude oil and natural gas as provided by NYMEX as of the date preceding the Expert's determination. In making its determination hereunder, the Expert (i) shall be bound by the provisions of this Section 4.12 and the related definitions and (ii) may not assign a value to the Pre-Existing Net Profit greater than the value provided by Owner or less than the value provided by Fieldwood II. If, prior to the Expert finalizing its determination of the Pre-Existing Net Profit, the Parties reach agreement, then they may withdraw the matter from the Expert. The determination of the Expert shall be (x) final and binding on the Parties and (y) final and non-appealable for all purposes hereunder. The fees and expenses of the Expert under this Section 4.12 shall be borne one half by the Owner and one half by Fieldwood II. If the party selected as the Expert is unable or unwilling to serve as the Expert hereunder, then the Expert shall be selected by lot from among the nationally recognized independent reserves or reservoir engineering firms that have not represented any Party or its Affiliates at any time during the three-year period of time immediately preceding its designation hereunder.

Additionally, Owner's elections in this Agreement are subject to the Company Agreement, and Fieldwood II hereby acknowledges the approval rights of Apache contained therein.

Section 5.3. Governing Law. This Agreement shall be governed and construed in accordance with the Laws of the State of Texas, without regard to the Laws that might be applicable under conflicts of laws principles.

Section 5.12. Binding Effect. The covenants, provisions, and conditions contained in each Assignment given pursuant to this Agreement are agreed and acknowledged to be covenants running with the land and the respective interests of the Parties and will be binding upon and inure to the benefit of the Parties and their respective successors and assigns.

Section 5.16. Severability. If any provision of this Agreement is held invalid or unenforceable by any court of competent jurisdiction, the other provisions of this Agreement shall remain in full force and effect. The Parties further agree that if any provision contained herein is, to any extent, held invalid or unenforceable in any respect under the Laws governing this Agreement, they shall take any actions necessary to render the remaining provisions of this Agreement valid and enforceable to the fullest extent permitted by Law and, to the extent necessary, shall amend or otherwise modify this Agreement to replace any provision contained herein that is held invalid or unenforceable with a valid and enforceable provision giving effect to the intent of the Parties to the greatest extent legally permissible.

Section 5.17. Third Party Beneficiaries. Apache is an express third-party beneficiary of all of the representations and covenants of Owner and Fieldwood II contained in this Agreement. However, Owner and Fieldwood II acknowledge and agree that, except for the third-party beneficiary rights expressly granted to Apache in this Section, this Agreement is entered solely for the benefit of the Parties hereto and shall not create any rights, including without limitation third-party beneficiary rights, in favor of any other party.

ARTICLE 4 OPERATOR

4.1 Operator

_____ is designated as Operator of the Lease. The Parties shall promptly execute and provide Operator with all documents required by the BOEMRE in connection with the designation of _____ as Operator or with the designation of any other Party as a substitute or successor Operator. Unless agreed to the contrary by all Parties hereto, Operator shall also be classified as the designated applicant for oil spill financial responsibility purposes and each Non-operator Party shall promptly execute the appropriate documentation reflecting this designation and promptly provide same to Operator for filing with BOEMRE.

4.2 Circumstances Under Which Operator Must Conduct a Non-Consent Operation

If:

- (a) a drilling rig is on location and Operator becomes a Non-participating Party in a supplemental AFE for an Exploratory Operation, or Development Operation, or
- (b) Operator becomes a Non-participating Party in an operation to be conducted from a Platform operated by Operator,

Operator, as a Non-participating Party, shall conduct the Non-consent Operation on behalf of the Participating Parties and at the Participating Parties' sole cost and risk under Article 13 (Non-Consent Operations).

4.3 Operator's Conduct of a Non-Consent Operation in Which it is a Non-participating Party

When, under Article 4.2 (Circumstances Under Which Operator Must Conduct a Non-Consent Operation), Operator conducts a Non-consent Operation in which it is a Non-participating Party, it shall follow the practices and standards in Article 5 (Exclusive Right to Operate). Notwithstanding anything to the contrary in Exhibit "C", Operator shall not be required to proceed with the Non-consent Operation until the Participating Parties have advanced the total estimated costs of the Non-consent Operation to Operator. Operator shall never be obligated to expend any of its own funds for the Non-consent Operation in which it is a Non-participating Party.

4.4 Resignation of Operator

Subject to Article 4.6 (Selection of Successor), Operator may resign at any time by giving written notice to the Parties, except that Operator may not without the other Parties' consent resign during a Force Majeure or an emergency that poses a threat to life, safety, property, or the environment. If Operator or its Affiliates cease to own a Working Interest, Operator automatically shall be deemed to have resigned as Operator without any action by the Non-operator(s).

4.5 Removal of Operator

Operator may be removed by an affirmative vote of the Parties owning a combined Working Interest of fifty percent (50%) or more of the remaining Working Interest after excluding

Operator's Working Interest if:

If Operator assigns all or a part of its Working Interest, under Article 4.4 (Resignation of Operator) or Article 4.5(c), the Party that acquired all or a part of the former Operator's Working Interest shall not be excluded from voting for a successor Operator. If there are only two (2) Parties to this Agreement when Operator resigns or is removed, the Non-operator automatically has the right, but not the obligation, to become Operator. If no Party is willing to become Operator, this Agreement shall terminate under Article 27.1 (Term).

4.7 Effective Date of Resignation or Removal

The resignation or removal of Operator shall become effective as soon as practical but no later than 7:00 a.m. on the first day of the month following a period of ninety (90) days after the date of resignation or removal, unless a longer period is required for the Parties to obtain approval of the designation of the successor Operator, and designated applicant for oil spill financial responsibility purposes, by the BOEMRE; however, in no event shall the resignation or removal of Operator become effective until a successor Operator has assumed the duties of Operator. The resignation or removal of the outgoing Operator shall not prejudice any rights, obligations, or liabilities resulting from its operatorship. The successor Operator may charge the Joint Account for reasonable costs incurred in connection with copying or obtaining the former Operator's records, information, or data except when the change of Operator results from a merger, consolidation, reorganization, or sale or transfer to an Affiliate of Operator.

4.8 Delivery of Property

On the effective date of resignation or removal of Operator, the outgoing Operator shall deliver or

transfer to the successor Operator custodianship of the Joint Account and possession of all items purchased for the Joint Account under this Agreement, all Hydrocarbons that are not the separate property of a Party, and all equipment, materials, and appurtenances purchased for the Joint Account under this Agreement, which are not already in the possession of the successor Operator. The outgoing Operator shall further use its reasonable efforts to transfer to the successor Operator, as of the effective date of the resignation or removal, its rights as Operator under all contracts exclusively relating to the activities or operations conducted under this Agreement, and the successor Operator shall assume all obligations of Operator that are assignable under the contracts. The Parties may audit the Joint Account and conduct an inventory of all property and all Hydrocarbons that are not the separate property of a Party, and the inventory shall be used in the accounting to all Parties by the outgoing Operator of the property and the Hydrocarbons that are not the separate property of a Party. The inventory and audit shall be conducted under Exhibit "C".

5.1 Exclusive Right to Operate

Unless otherwise provided in this Agreement, Operator shall have the exclusive right and duty to conduct operations (or cause them to be conducted) under this Agreement. In performing services under this Agreement for the Non-operators, Operator shall be an independent contractor, not subject to the control or direction of Non-operators, except for the type of operation to be undertaken in accordance with the voting and election procedures in this Agreement. No Party shall be deemed to be, or hold itself out as, the agent or fiduciary of another Party.

Each Non-operator Party shall take all action, including the execution of all documents and forms, as necessary for Operator to comply with all applicable laws, rules, regulations, and orders of governmental authorities having jurisdiction.

5.7 Contractors

Operator may enter into contracts with qualified and responsible independent contractors for the design, construction, installation, drilling, production, or operation of wells, Platforms, and Development Facilities. Operator shall, in its discretion, use competitive bidding to procure goods and services for the benefit of the Parties. All drilling operations conducted under this Agreement shall be conducted by properly qualified and responsible drilling contractors under current competitive contracts. A drilling contract will be presumed to be a current competitive contract if it (a) was made within twelve (12) months before the commencement of the well and (b) contains terms, rates, and provisions that, when the contract was made, did not exceed those generally prevailing in the area for operations involving substantially equivalent rigs that are capable of conducting the drilling operation. At its election, Operator may use its own or an Affiliate's drilling equipment, derrick barge, tools, or machinery to conduct drilling operations, but the work shall be (i) performed by Operator or its Affiliate acting as an independent contractor, (ii) approved by written agreement with the Participating Parties before commencement of operations, and (iii) conducted under the same terms and conditions and at the same rates as are customary and prevailing in competitive contracts of third parties doing work of similar nature.

5.8 Governmental Reports

Operator shall make reports to governmental authorities it has a duty to make as Operator and shall furnish copies of the reports to the Participating Parties. Each Non-operator Party shall take all action, including the execution of all documents and forms, as necessary for Operator to make

such reports to governmental authorities.

5.9 Information to Participating Parties

Except as provided in Article 8.7.1, Operator shall furnish each Participating Party at its request the following information, if applicable, for each activity or operation conducted by Operator:

5.10 Information to Non-participating Parties

Operator shall furnish each Non-participating Party a copy of each Operator's governmental report that is available to the public and associated with the applicable Non-consent Operation. Until the applicable recoupment under Article 13 (Non-consent Operations) is complete, a Non-participating Party shall not receive or review any other information specified by Article 5.9 (Information to Participating Parties), except as may be necessary for a payout audit of the Non-consent Operation.

ARTICLE 6 VOTING AND VOTING PROCEDURES

6.1 Voting Procedures

Unless otherwise provided in this Agreement, each matter requiring approval of the Parties shall be determined as follows:

6.1.1 Voting Interest

Subject to Article 8.6 (Security Rights), each Party shall have a voting interest equal to its Working Interest or its Participating Interest, as applicable.

6.1.2 Vote Required

Unless expressly stated to the contrary herein, a matter requiring approval of the Parties shall be decided by the affirmative vote of one (1) or more Parties having a combined voting interest of more than fifty percent (50%). If there are only two (2) Parties to this Agreement, the matter shall be determined by the Party having a majority voting interest or, if the interests are equal, the matter shall require unanimous consent.

Except in an emergency, no meeting shall be called on less than ten (10) days' advance written notice, and the notice of meeting shall include the meeting agenda prepared by Operator or the requesting Party. The representative of Operator shall be chairman of each meeting. Only matters included in the agenda may be discussed at a meeting, but the agenda and items included in the agenda may be amended before or during the meeting by unanimous agreement of all Parties.

ARTICLE 7 ACCESS

7.1 Access to Lease

Except as provided in Article 8.7.1, each Party shall have access, at its sole risk and expense and at all reasonable times, to the Lease, Platform, Development Facilities, and Joint Account assets to inspect activities, operations, and wells in which it participates, and to pertinent records and data. A Non-operator shall give Operator at least twenty-four (24) hours' notice of the Non-

operator's intention to visit the Lease. To protect Operator and the Non-operators from lawsuits, claims, and legal liability, if it is necessary for a person who is not performing services for Operator directly related to the joint operations, but is performing services solely for a Non-operator or pertaining to the business or operations of a Non-operator, to visit, use, or board a rig, well, Platform, or Development Facilities subject to this Agreement, the Non-operator shall give Operator advance notice of the visit, use, or boarding, and shall secure from that person an agreement, in a form satisfactory to Operator, indemnifying and holding Operator and Non-operators harmless, or shall itself provide the same hold harmless and indemnification in favor of Operator and other Non-operators before the visit, use, or boarding.

7.2 Reports

On written request, Operator shall furnish a requesting Party any information not otherwise furnished under Article 5 (Authority and Duties of Operator) to which that Party is entitled under this Agreement. The costs of gathering and furnishing information not furnished under Article 5 shall be charged to the requesting Party. Operator is not obligated to furnish interpretative data that was generated by Operator at its sole cost.

7.3 Confidentiality

Except as otherwise provided in Article 7.4 (Limited Disclosure), Article 7.5 (Limited Releases to Offshore Scout Association), Article 7.6 (Media Releases), and Article 21.1 (Notice of Contributions Other Than Advances for Sale of Production), and except for necessary disclosures to governmental authorities having jurisdiction, or except as agreed in writing by all Participating Parties, no Party or Affiliate shall disclose Confidential Data to a third party. This Article 7.3 shall remain in force and effect during the term of this Agreement and for one (1) year after termination of this Agreement.

7.4 Limited Disclosure

- (h) such limited well information that is typically disclosed by Operator's representative

during meetings of the Offshore Oil Scouts Association; and

- (i) third parties with which a Party is engaged in a bona fide effort to sell, farm out, or trade all or a portion of its interest in the Lease.

Confidential Data made available under Articles 7.4(f) and 7.4(h) shall not be removed from the custody or premises of the Party making the Confidential Data available to third parties described in those Articles. A third party permitted access under Articles 7.4, (a), (b), (c), (f), and (h) shall first agree in writing neither to disclose the Confidential Data to others nor to use the Confidential Data, except for the purpose for which it was disclosed. The disclosing Party shall give prior notice to the other Parties that it intends to make the Confidential Data available.

The Confidential Data that may be disclosed is limited to information concerning well locations, well operations, and well completions to the extent reasonable and customary in industry practice or required under the by-laws of the Offshore Oil Scouts Association.

7.6 Media Releases

Except as unanimously agreed by the Participating Parties or otherwise permitted by this Article, no Party shall issue a news or media release about operations on the Lease. In an emergency involving extensive property or environmental damage, operations failure, loss of human life, or other clear emergency, and for which there is insufficient time to obtain the prior approval of the Parties, Operator may furnish the minimum, strictly factual, information necessary to satisfy the legitimate public interest of the media and governmental authorities having jurisdiction. Operator shall then promptly advise the other Parties of the information furnished in response to the emergency.

ARTICLE 8 EXPENDITURES

8.1 Basis of Charge to the Parties

Subject to the other provisions of this Agreement, Operator shall pay all costs incurred under this Agreement, and each Party shall reimburse Operator in proportion to its Participating Interest. All charges, credits, and accounting for expenditures shall be made and done pursuant to Exhibit "C".

8.2 AFEs

Before undertaking an operation or making a single expenditure to be in excess of Two Hundred Thousand Dollars (\$200,000.00), and before conducting an activity or operation to drill, Sidetrack, Deepen, Complete, Rework, or Recomplete a well (regardless of the estimated cost), Operator

shall submit an AFE for the operation or expenditure to the Parties for approval. Operator shall also furnish an informational AFE to all Parties for an operation or single expenditure estimated to cost Two Hundred Thousand Dollars (\$200,000.00) or less, but in excess of Fifty Thousand Dollars (\$50,000.00). Operator shall notify the Participating Parties as soon as reasonably possible when it appears that the cost of an ongoing activity or operation, before its completion, will exceed the original AFE by more than one hundred twenty-five percent (125%). This overexpenditure notice shall be furnished to the Participating Parties as a supplemental AFE for informational purposes only and is not subject to an election by any of the Parties.

8.3 Emergency and Required Expenditures

Notwithstanding anything in this Agreement to the contrary, Operator is hereby authorized to conduct operations and incur expenses that in its opinion are reasonably necessary to safeguard life, property, and the environment in case of an actual or imminently threatened blowout, explosion, accident, fire, flood, storm, hurricane, catastrophe, or other emergency, and the expenses shall be borne by the Participating Parties in the affected operation. Operator shall report to the Participating Parties, as promptly as practical, the nature of the emergency and the action taken. Operator is also authorized to conduct operations and incur expenses reasonably required by statute, regulation, order, or permit condition or by a governmental authority having jurisdiction, which expenses shall be borne by the Participating Parties in the affected operation, subject to Exhibit "C".

8.4 Advance Billings

Operator may require each Party to advance its respective share of estimated expenditures pursuant to Exhibit "C".

8.5 Commingling of Funds

Funds received by Operator under this Agreement may be commingled with its own funds.

8.6 Security Rights

In addition to any other security rights and remedies provided by law with respect to services rendered or materials and equipment furnished under this Agreement, for and in consideration of the covenants and mutual undertakings of Operator and the Non-operator(s) herein, the Parties shall have the following security rights:

8.6.1 Mortgage in Favor of Operator

Each Non-operator(s) hereby grants to Operator a mortgage, hypothecate, and pledge of and over all its rights, titles, and interests in and to (a) the Lease, (b) the oil and gas in, on, under, and that may be produced from the lands within the Lease, and (c) all other immovable property or other property susceptible of mortgage situated within the Lease.

- (i) This mortgage is given to secure the complete and timely performance of and payment by each Non-operator(s) of all obligations and indebtedness of every kind and nature, whether now owed by such Non-operator(s) or hereafter arising,

pursuant to this Agreement. To the extent susceptible under applicable law, this mortgage and the security interests granted in favor of Operator herein shall secure the payment of all costs and other expenses properly charged to such Party, together with (a) interest on such indebtedness, costs, and other expenses at the rate set forth in Exhibit "C" attached hereto (the "Accounting Procedure") or the maximum rate allowed by law, whichever is the lesser, (b) reasonable attorneys' fees, (c) court costs, and (d) other directly related collection costs. If any Non-operator(s) Party does not pay any such uncontested costs and other expenses or perform its obligations under this Agreement when due, Operator shall have the additional right to notify the purchaser or purchasers of the defaulting Non-operator's(s') production and collect such costs and other expenses out of the proceeds from the sale of the defaulting Non-operator's(s') share of production until the amount owed has been paid. Operator shall have the right to offset the amount owed against the proceeds from the sale of such defaulting Non-operator's(s) share of production if the amount owing is uncontested. Any purchaser of such production shall be entitled to rely on Operator's statement concerning the amount of costs and other expenses owed by the defaulting Non-operator(s) and payment made to Operator by any purchaser shall be binding and conclusive as between such purchaser and such defaulting Non-operator(s).

- (ii) The maximum amount for which the mortgage herein granted by each Non-operator(s) shall be deemed to secure the obligations and indebtedness of such Non-operator(s) to Operator as stipulated herein is hereby fixed in an amount equal to Twenty-Five Million Dollars (\$25,000,000.00) (the "Limit of the Mortgage of each Non-operator(s)"). Except as provided in the previous sentence (and then only to the extent that such limitations are required by law), the entire amount of obligations and indebtedness of each Non-operator(s) to Operator is secured hereby without limitation. Notwithstanding the foregoing Limit of the Mortgage of each Non-operator(s), the liability of each Non-operator(s) under this Agreement and the mortgage and security interest granted hereby shall be limited to (and Operator shall not be entitled to enforce the same against such Non-operator(s) for an amount exceeding) the actual obligations and indebtedness (including all interest charges, costs, attorneys' fees, and other charges provided for in this Agreement or in the attached Exhibit "F") outstanding and unpaid and that are attributable to or charged against the interest of such Non-operator(s) pursuant to this Agreement.

8.6.2 Security Interest in Favor of Operator

To secure the complete and timely performance of and payment by each Non-operator(s) of all obligations and indebtedness of every kind and nature, whether now owed by such Non-operator(s) or hereafter arising, pursuant to this Agreement, each Non-operator Party hereby grants to Operator a continuing security interest in and to all its rights, titles, interests, claims, general intangibles, proceeds, and products thereof, whether now existing or hereafter acquired, in and to (a) all oil and gas produced from the lands or offshore blocks covered by the Lease or attributable to the Lease when produced, (b) all accounts receivable accruing or arising as a result of the sale of such oil and gas (including, without limitation, accounts arising from gas imbalances or from the sale of oil and gas at the wellhead), (c) all cash or other proceeds from the sale of such oil and gas once produced, and (d) all Platforms, wells, facilities, fixtures, other corporeal property, whether movable or immovable, whether now or hereafter placed on the lands or offshore blocks covered by the Lease or maintained or used in connection with the ownership, use, or exploitation of the Lease, and other surface and sub-surface equipment of any kind or character located on or attributable to the Lease and the cash or other proceeds realized from the sale, transfer, disposition, or conversion thereof. The interest of the Non-operator(s) in and to the oil and gas produced from or attributable to the Lease when extracted and the accounts receivable accruing or arising as the result of the sale thereof shall be financed at the wellhead of the well or wells located on the Lease. To the extent susceptible under applicable law, the security interest granted by each Non-operator(s) hereunder covers: (a) all substitutions, replacements, and accessions to the property of such Non-operator(s) described herein and is intended to cover all the rights, titles, and interests of such Non-operator(s) in all movable property now or hereafter located on or used in connection with the Lease, whether corporeal or incorporeal; (b) all rights under any gas balancing agreement, farmout rights, option farmout rights, acreage and cash contributions, and conversion rights of such Non-operator(s) in connection with the Lease, or the oil and gas produced from or attributable to the Lease, whether now owned and existing or hereafter acquired or arising, including, without limitation, all interests of each Non-operator(s) in any partnership, tax partnership, limited partnership, association, joint venture, or other entity or enterprise that holds, owns, or controls any interest in the Lease; and (c) all rights, claims, general intangibles, and proceeds, whether now existing or hereafter acquired, of each Non-operator(s) in and to the contracts, agreements, permits, licenses, rights-of-way, and similar rights and privileges that relate to or are appurtenant to the Lease, including the following:

- (i) all its rights, titles, and interests, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from any present or future operating, farmout, bidding, pooling, unitization, and communitization

agreements, assignments, and subleases, whether or not described in Exhibit "A", to the extent, and only to the extent, that such agreements, assignments, and subleases cover or include any of its rights, titles, and interests, whether now owned and existing or hereafter acquired or arising, in and to all or any portion of the Lease, and all units created by any such pooling, unitization, and communitization agreements and all units formed under orders, regulations, rules, or other official acts of any governmental authority having jurisdiction, to the extent and only to the extent that such units cover or include all or any portion of the Lease;

- (ii) all its rights, titles, and interests, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from all presently existing and future advance payment agreements, and oil, casinghead gas, and gas sales, exchange, and processing contracts and agreements, including, without limitation, those contracts and agreements that are described on Exhibit "A", to the extent, and only to the extent, that those contracts and agreements cover or include all or any portion of the Lease; and
- (iii) all its rights, titles, and interests, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from all existing and future permits, licenses, rights of way, and similar rights and privileges that relate to or are appurtenant to any of the Lease(s).

8.6.3 Mortgage in Favor of the Non-operator Parties

Operator hereby grants to each Non-operator(s) a mortgage, hypothecate, and pledge of and over all its rights, titles, and interests in and to (a) the Lease; (b) the oil and gas in, on, under, and that may be produced from the lands within the Lease; and (c) all other immovable property or other property susceptible of mortgage situated within the Lease.

- (i) This mortgage is given to secure the complete and timely performance of and payment by Operator of all obligations and indebtedness of every kind and nature, whether now owed by Operator or hereafter arising, pursuant to this Agreement. To the extent susceptible under applicable law, this mortgage and the security interests granted in favor of each Non-operator(s) herein shall secure the payment of all costs and other expenses properly charged to Operator, together with (a) interest on such indebtedness, costs, and other expenses at the rate set forth in the Accounting Procedure or the maximum rate allowed by law, whichever is the lesser, (b) reasonable attorneys' fees, (c) court costs, and (d) other directly related collection costs. If Operator does not pay any such uncontested costs and other expenses or perform its obligations under this Agreement when due, the Non-operator(s) shall have the additional right to notify

the purchaser or purchasers of Operator's production and collect such costs and other expenses out of the proceeds from the sale of Operator's share of production until the amount owed has been paid. The Non-operator(s) shall have the right to offset the amount owed against the proceeds from the sale of Operator's share of production if the amount owing is uncontested. Any purchaser of such production shall be entitled to rely on the Non-operator(s)' statement concerning the amount of costs and other expenses owed by Operator and payment made to the Non-operator(s) by any purchaser shall be binding and conclusive as between such purchaser and Operator.

- (ii) The maximum amount for which the mortgage herein granted by Operator shall be deemed to secure the obligations and indebtedness of Operator to all Non-operator(s) as stipulated herein is hereby fixed in an amount equal to Twenty-Five Million Dollars (\$25,000,000) in the aggregate (the "Limit of the Mortgage of Operator"). Except as provided in the previous sentence (and then only to the extent such limitations are required by law), the entire amount of obligations and indebtedness of Operator to the Non-operator(s) is secured hereby without limitation. Notwithstanding the foregoing Limit of the Mortgage of Operator, the liability of Operator under this Agreement and the mortgage and security interest granted hereby shall be limited to (and the Non-operator(s) shall not be entitled to enforce the same against Operator for an amount exceeding) the actual obligations and indebtedness (including all interest charges, costs, attorneys' fees, and other charges provided for in this Agreement or in Exhibit "F") outstanding and unpaid and that are attributable to or charged against the interest of Operator pursuant to this Agreement.

8.6.4 Security Interest in Favor of the Non-operator(s)

To secure the complete and timely performance of and payment by Operator of all obligations and indebtedness of every kind and nature, whether now owed by Operator or hereafter arising, pursuant to this Agreement, Operator hereby grants to each Non-operator(s) a continuing security interest in and to all its rights, titles, interests, claims, general intangibles, proceeds, and products thereof, whether now existing or hereafter acquired, in and to (a) all oil and gas produced from the lands or offshore blocks covered by the Lease or attributable to the Lease when produced, (b) all accounts receivable accruing or arising as a result of the sale of such oil and gas (including, without limitation, accounts arising from gas imbalances or from the sale of oil and gas at the wellhead), (c) all cash or other proceeds from the sale of such oil and gas once produced, and (d) all Platforms, wells, facilities, fixtures, other corporeal property whether movable or immovable, whether now or hereafter placed on the offshore blocks covered by the

Lease or maintained or used in connection with the ownership, use, or exploitation of the Lease, and other surface and sub-surface equipment of any kind or character located on or attributable to the Lease and the cash or other proceeds realized from the sale, transfer, disposition, or conversion thereof. The interest of Operator in and to the oil and gas produced from or attributable to the Lease when extracted and the accounts receivable accruing or arising as the result of the sale thereof shall be financed at the wellhead of the well or wells located on the Lease. To the extent susceptible under applicable law, the security interest granted by Operator hereunder covers: (a) all substitutions, replacements, and accessions to the property of Operator described herein and is intended to cover all the rights, titles and interests of Operator in all movable property now or hereafter located on or used in connection with the Lease, whether corporeal or incorporeal; (b) all rights under any gas balancing agreement, farmout rights, option farmout rights, acreage and cash contributions, and conversion rights of Operator in connection with the Lease, the oil and gas produced from or attributable to the Lease, whether now owned and existing or hereafter acquired or arising, including, without limitation, all interests of Operator in any partnership, tax partnership, limited partnership, association, joint venture, or other entity or enterprise that holds, owns, or controls any interest in the Lease; and (c) all rights, claims, general intangibles, and proceeds, whether now existing or hereafter acquired, of Operator in and to the contracts, agreements, permits, licenses, rights-of-way, and similar rights and privileges that relate to or are appurtenant to the Lease, including the following:

- (i) all its rights, titles, and interests, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from any present or future operating, farmout, bidding, pooling, unitization, and communitization agreements, assignments, and subleases, whether or not described in Exhibit "A", to the extent, and only to the extent, that such agreements, assignments, and subleases cover or include any of its rights, titles, and interests, whether now owned and existing or hereafter acquired or arising, in and to all or any portion of the Lease, and all units created by any such pooling, unitization, and communitization agreements and all units formed under orders, regulations, rules, or other official acts of any governmental authority having jurisdiction, to the extent and only to the extent that such units cover or include all or any portion of the Lease;
- (ii) all its rights, titles, and interests, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from all presently existing and future advance payment agreements, and oil, casinghead gas, and gas sales, exchange, and processing contracts and agreements, including, without

limitation, those contracts and agreements that are described on Exhibit “A”, to the extent, and only to the extent that those contracts and agreements cover or include all or any portion of the Lease; and

- (iii) all its rights, titles, and interests, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from all existing and future permits, licenses, rights-of-way, and similar rights and privileges that relate to or are appurtenant to any of the Lease.

8.6.5 Recording

To provide evidence of, and to further perfect the Parties’ security rights created hereunder, on request, each Party shall execute and acknowledge the attached Exhibit “F” (the “Memorandum of Operating Agreement and Financing Statement”) in multiple counterparts as appropriate. The Parties authorize Operator to file the Memorandum of Operating Agreement and Financing Statement in the public records set forth below to serve as notice of the existence of this Agreement as a burden on the title of Operator and the Non-operator(s) to their interests in the Lease and for purposes of satisfying otherwise relevant recording and filing requirements of applicable law and to attach an original of the Memorandum of Operating Agreement and Financing Statement to a standard UCC-1 for filing in the UCC records set forth below to perfect the security interests created by the Parties in this Agreement. Such Memorandum of Operating Agreement and Financing Statement shall be amended from time to time on acquisition of additional leasehold interests in the Lease, and the Parties shall, within five (5) business days following request by one (1) of the Parties hereto, execute and furnish to the requesting Party for recordation any such amendment.

8.6.6 The Memorandum of Operating Agreement and Financing Statement

The Memorandum of Operating Agreement and Financing Statement is to be filed or recorded, as the case may be, in (a) the conveyance records of the parish or parishes adjacent to the lands or offshore blocks covered by the Lease pursuant to La. R.S. 9:2731 et seq., (b) the mortgage records of such parish(es) or county(ies), (c) the appropriate Uniform Commercial Code records, and (d) the records of the BOEMRE as a non-required filing. A copy of such filed or recorded instrument(s) shall be furnished to Non-operator(s) once received by Operator.

8.7 Unpaid Charges and Default

- 8.7.1** If a Party fails to pay the charges due under this Agreement within sixty (60) days after receipt of Operator’s statement, and if Operator then issues a notice of default and the default is not cured in the time and manner provided below, the other Participating Parties shall, on Operator’s request, pay the unpaid amount in proportion to their Participating Interests. Each Party paying its share of the unpaid amount shall be

subrogated to Operator's security rights, to the extent of the payment. In addition to other remedies provided by this Agreement or by law, if a Party does not pay, when due, its share of the charges under this Agreement, Operator may give that Party notice that unless payment is made within thirty (30) days after receipt of Operator's notice, the Party shall be in default if the amount owing is uncontested. A Party in default shall have no further access to the Lease, maps, records, data, or other information obtained in connection with operations. If a Party believes that Operator's charges, or a portion thereof, are incorrect, that Party shall nevertheless pay the charges claimed by Operator and may notify Operator that the charges are in dispute. Thereafter, Operator and the Non-operator(s) shall attempt to resolve the issue within sixty (60) days after receipt of payment. A defaulting Party shall not be entitled to vote or exercise an election on any matter until that Party's payments are current. The voting interest of each non-defaulting Party shall be in the proportion its Participating Interest bears to the total Participating Interests of all non-defaulting Parties. For each operation approved while a Party is in default, the defaulting Party shall be deemed to have voted not to participate in that operation.

- 8.7.2** The first sentence of Article 8.6.1(ii) of this Agreement shall be applicable only when both of the following conditions have been met: (i) Operator has fully complied with the provisions of this Agreement that are intended for the prevention of such a default, including, without limitation, timely advance billings, reasonable efforts to timely collect payment for advance billings as well as all monthly billings, providing due notice of default to a party that fails to make timely payment as required and recording of a fully executed Memorandum of Operating Agreement and Financing Statement as set forth in Exhibit "F", and (ii) the defaulting party is any Party other than Operator or its assigns.

8.8 Confession of Judgment; Executory Process

To the extent the Contract Area is located adjacent to Louisiana and to the extent allowed under La. C.C.P. art. 2631 et seq., each Party may use executory process to enforce the mortgage and security rights granted hereunder as to any property subject hereto. Therefore, each Non-operator Party hereby confesses judgment in favor of the Operator up to the full amount secured hereunder as set forth in Article 8.6.1 (Mortgage in Favor of the Operator), and does by these present, consent, agree, and stipulate that, in the event the mortgage or security interests or any charges thereon not being promptly and fully paid when the same becomes due and payable, or in the event of failure to comply with any of the obligations herein set forth, or the breach of this Agreement in any of its parts by such Non-operator Party, the mortgage or security interests shall, at the option of the Operator, become due and payable, anything therein contained to the contrary notwithstanding, and it shall be lawful for the Operator, as holder of the mortgage or security interests, without making a demand and without notice or putting in default, the same

being hereby expressly waived, to cause all and singular the property herein mortgaged or secured to be seized and sold without appraisal, which is hereby expressly waived, by executory process issued by a competent court or to proceed with enforcement of its mortgage or security interest in any other manner provided by law. Furthermore, the Operator hereby confesses judgment in favor of each Non-operator Party up to the full amount secured hereunder as set forth in Article 8.6.3 (Mortgage in Favor of the Non-operator Parties), and does by these present, consent, agree, and stipulate that, in the event the mortgage or security interests or any charges thereon not being promptly and fully paid when the same becomes due and payable, or in the event of failure to comply with any of the obligations herein set forth, or the breach of this Agreement in any of its parts by such Operator, the mortgage or security interests shall, at the option of such Non-operator Party, become due and payable, anything therein contained to the contrary notwithstanding, and it shall be lawful for such Non-operator Party, as holder or the mortgage or security interests, without making a demand and without notice or putting in default, the same being hereby expressly waived, to cause all and singular the property herein mortgaged or secured to be seized and sold by executory process issued by a competent court or to proceed with enforcement of its mortgage or security interest in any other manner provided by law.

ARTICLE 9 NOTICES

9.1 Giving and Receiving Notices

Except as otherwise provided in this Agreement, all AFEs and notices required or permitted by this Agreement shall be in writing and shall be delivered in person or by mail, courier service, or electronic mail, or facsimile transmission, with postage and charges prepaid, addressed to the Parties at the addresses in Exhibit "A". When a drilling rig is on location and standby charges are accumulating, however, notices pertaining to the rig shall be given orally or by telephone. All telephone or oral notices permitted by this Agreement shall be confirmed as soon as reasonably practical thereafter by written notice. A notice shall be deemed to have been delivered only when received by the Party to which it was directed, and the period for a Party to deliver a response thereto begins on the date the notice is received. "Receipt", for oral or telephone notice, means actual and immediate communication to the Party to be notified, and for written notice, means actual delivery of the notice to the address of the Party to be notified, as specified in this Agreement, or to the facsimile machine of that Party. A responsive notice shall be deemed to have been delivered when the Party to be notified is in receipt of same. When a response is required in forty-eight (48) hours or less, however, the response shall be given orally or by telephone, electronic mail, or facsimile transmission within that period. If a Party is unavailable to accept delivery of a notice required to be given orally or by telephone, the notice may be

delivered by any other method specified in this Article 9.1. A message left on an answering machine or with an answering service or other third person shall not be deemed to be adequate telephonic or oral notice.

9.2 Content of Notice

An AFE or a notice requiring a response shall indicate the maximum response time specified in Article 9.3 (Response to Notices). A proposal for a Platform and/or Development Facilities shall include an AFE containing a description of the Platform and/or Development Facilities, including but not limited to location and the estimated costs of design, fabrication, transportation, and installation. A proposal for a well operation shall include an AFE describing the estimated commencement date, the proposed depth, the objective formation or formations to be penetrated or tested, the Objective Horizon, the surface and bottom-hole locations, proposed directional or horizontal drilling operations, the type of equipment to be used, and the estimated costs of the operation, including but not limited to the estimated costs of drilling, testing, and Completing or abandoning the well. If a proposed operation is subject to Article 13.11 (Lease Maintenance Operations), the notice shall specify that the proposal is a Lease Maintenance Operation. A proposal for multiple operations on more than one (1) well location by the same rig shall contain separate AFEs or notices for each operation and shall specify in writing in what order the operations will be conducted. Each Party shall respond to each proposed multiple operation in the manner provided in Article 9.3.3 (Proposal for Multiple Operations).

9.3 Response to Notices

Except as provided in Article 9.1, each Party's response to a proposal shall be in writing to the proposing Party. Unless otherwise provided in this Agreement, the response time shall be as follows:

9.3.1 Platform and/or Development Facilities Proposals

Each Party shall respond within sixty (60) days after its receipt of the AFE or notice for a Platform and/or Development Facilities.

9.3.2 Well Proposals

Except as provided in Article 9.3.3 (Proposal for Multiple Operations), each Party shall respond within thirty (30) days after receipt of the well, Rework, or Recompletion proposal, but if (a) a drilling rig is on location, (b) the proposal relates to the same well or its substitute, and (c) standby charges are accumulating, a response shall be made within forty-eight (48) hours after receipt of the proposal, including Saturdays, Sundays, and federal holidays.

9.3.3 Proposal for Multiple Operations

When a proposal is made to conduct multiple Development Operations at separate well locations using the same rig, each Party shall respond (a) to the well operation taking

precedence, within thirty (30) days after receipt of the proposal; and (b) to each subsequent well location, within forty-eight (48) hours after completion of approved operations at the prior location and notification thereof by Operator.

9.3.4 Other Matters

For all other matters requiring notice, each Party shall respond within thirty (30) days after receipt of notice.

9.4 Failure to Respond

Failure of a Party to respond to a proposal or notice, to vote, or to elect to participate within the period required by this Agreement shall be deemed to be a negative response, vote, or election.

9.5 Response to Counterproposals

Should a counterproposal be allowed under this Agreement, responses to that counterproposal must be made within the response period for the original proposal.

9.6 Timely Well Operations

Unless otherwise provided, an approved well shall be commenced within one hundred eighty (180) days after the date when the last applicable election on that well may be made. Wells shall be deemed to have commenced on the day charges commence under the drilling contract for that well. Subject to Exhibit "C", if a proposal for a well is deemed to have been withdrawn, all costs incurred in the preparation for or in furtherance of that well will be chargeable to the Parties that voted to participate in the well proposal for that well.

9.7 Timely Platform / Development Facilities Operations

Unless otherwise provided, Operator shall commence, or cause to commence, the construction, acquisition, or refurbishment of an approved proposal for a Platform and/or Development Facilities within one hundred eighty (180) days after the date when the last applicable election on that Platform and/or Development Facilities may be made. The construction, acquisition, or refurbishment of an approved Platform and/or Development Facilities proposal shall be deemed to have commenced on the date the contract is awarded for the design, acquisition, fabrication, or refurbishment of the Platform and/or Development Facilities. Subject to Exhibit "C", regardless of whether or not the construction, acquisition, or refurbishment of a Platform and/or Development Facilities is commenced, all costs incurred by Operator, attributable to that activity, shall be paid by the Participating Parties.

ARTICLE 10 EXPLORATORY OPERATIONS

10.1 Proposing Operations

A Party may propose an Exploratory Operation in accordance with Article 9 (Notices) to the other Parties that are entitled to vote or make an election in regard to that operation

10.2 Counterproposals

When an Exploratory Operation is proposed, a Party may, within seven (7) days (exclusive of Saturdays, Sundays, and federal holidays) after receipt of the AFE or notice for the original proposal, make a counterproposal to conduct an alternative Exploratory Operation by sending an AFE or notice to such Parties in accordance with Article 9 (Notices). The AFE or notice shall indicate that the proposal is a counterproposal to the original proposal. If one (1) or more counterproposals are made, such Parties shall elect to participate in either the original proposal, one (1) counterproposal, or neither the original proposal nor a counterproposal. If two (2) or more proposals receive the approval of the number of Parties and combined Working Interests required by Article 10.5 (Operations by Fewer Than All Parties), the proposal receiving the largest percentage of Working Interest approval shall take precedence, and in the event of a tie between two (2) or more approved proposals, the proposal first received by the Parties shall take precedence. Except for the response period provided in this Article 10.2, a counterproposal shall be subject to the same terms and conditions as the original proposal.

10.3 Operations by All Parties

If all Parties elect to participate in the proposed operation, Operator shall conduct the operation at their cost and risk.

10.4 Second Opportunity to Participate

If there are more than two (2) Parties to this Agreement and if fewer than all but one (1) or more Parties elect to participate, the proposing Party shall notify the Parties of the elections made, whereupon a Party originally electing not to participate may then elect to participate by notifying the proposing Party within forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, after receipt of such notice. If all Parties elect to participate in the proposed operation, Operator shall conduct the operation at their cost and risk. If there are only two (2) Parties to this Agreement, there shall not be a second opportunity to elect to participate, and if the Participating Party agrees to pay and bear one hundred percent (100%) of the costs and risks of the operation, Operator shall conduct the operation as a Non-consent Operation for the benefit of the Participating Party, and the provisions of Article 13 (Non-consent Operations) shall apply.

10.5 Operations by Fewer Than All Parties

If there are more than two (2) Parties to this Agreement and if, after the election made under Article 10.4 (Second Opportunity to Participate), fewer than all but one (1) or more Parties having the requisite Working Interest to approve the operation have elected to participate in the proposed operation, the proposing Party shall notify the Participating Parties, and each Participating Party shall have forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, after receipt of the notice to notify the proposing Party of the portion of costs and risks attributable to the total Non-participating Parties' interests it elects to pay and bear. Unless

otherwise agreed by the Participating Parties, each Participating Party may, but shall not be obligated to, pay and bear that portion of the costs and risks attributable to the total Non-participating Parties' interests in the ratio that the Participating Party's interest bears to the total interests of all Participating Parties that elect to pay and bear a portion of costs and risks attributable to the total Non-participating Parties' interests. Failure to respond shall be deemed to be an election not to pay or bear any additional costs or risks. If the Participating Parties agree to pay and bear one hundred percent (100%) of the costs and risks of the operation, Operator shall conduct the operation as a Non-consent Operation for the benefit of the Participating Parties, and the provisions of Article 13 (Non-consent Operations) shall apply. If such agreement is not obtained, however, the operation shall not be conducted and the effect shall be as if the proposal had not been made.

10.5.1 First Exploratory Well

If a Party elects to be a Non-participating Party in the drilling of the first Exploratory Well on the Lease, then, as of the last applicable election date, each Non-participating Party shall be deemed to have relinquished its entire Working Interest in the Lease to the Participating Party. If such first Exploratory Well is commenced timely after the last applicable election date and is drilled to the proposed Objective Depth or deepest Objective Horizon, whichever is lesser, in accordance with this Agreement, each Non-participating Party shall execute an assignment of its entire Working Interest in the Lease to the Participating Party(ies) in proportion to their interests in such first Exploratory Well.

10.6 Expenditures Approved

Approval of an Exploratory Operation shall cover all necessary expenditures associated with the operation proposed in the AFE or notice that are incurred by Operator in connection with (a) preparations for drilling; (b) the actual drilling; (c) evaluations, such as testing, coring, and logging; and (d) plugging and abandonment.

10.7 Conduct of Operations

After commencement of drilling an Exploratory Well, Operator shall diligently conduct the operation without unreasonable delay until the well reaches the Objective Depth, unless the well encounters, at a lesser depth, impenetrable conditions or mechanical difficulties that cannot be overcome by reasonable and prudent operations and that render further operations impracticable. If a well does not reach its Objective Depth as a result of the conditions mentioned in this Article 10.7, the operation shall be deemed to have been completed and Article 13 (Non-consent Operations) shall apply to each Non-participating Party for the portion of the well drilled.

10.8 Course of Action After Reaching Objective Depth

When an Exploratory Well has been drilled to its Objective Depth and reasonable testing, coring, and logging have been completed as set forth in the approved AFE and the results have been furnished to the Participating Parties, Operator shall notify the Participating Parties of Operator's

recommendation for further operations in the well, and the following provisions shall apply:

10.8.1 Election by Participating Parties

A Participating Party shall have the right to propose another operation by notifying Operator and the other Participating Parties of its proposed operation within twenty-four (24) hours, including Saturdays, Sundays, and federal holidays, of receipt of Operator's notice. The Participating Parties shall notify Operator within forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, of receipt of Operator's proposal whether the Participating Parties elect to (a) participate in a recommended operation, or (b) not participate in a recommended operation. Failure to respond shall be deemed to be an election not to participate in any of the recommended operations.

10.8.2 Priority of Operations

If all Participating Parties elect to participate in the same proposed operation, Operator shall conduct the operation at their cost and risk. If more than one (1) operation is approved by one (1) or more Participating Parties having a combined Working Interest of fifty percent (50%) or more, the approved operation with the lowest number as indicated below shall take precedence:

- 1 Additional Testing, coring, or logging. (If conflicting proposals are approved, the proposal receiving the largest percentage of Working Interest approval shall take precedence, and in the event of a tie between two (2) or more approved proposals, the approved proposal first received by the Parties shall take precedence.)
- 2 Deepen. (If conflicting proposals are approved, the operation proposed to the deepest depth shall take precedence.)
- 3 Sidetrack. (If conflicting proposals are approved, the proposal receiving the largest percentage Working Interest approval shall take precedence, and in the event of a tie between two (2) or more approved proposals, the approved proposal first received by the Parties shall take precedence.)
- 4 Complete at the Objective Horizon.
- 5 Complete above the Objective Horizon. (If conflicting proposals are approved, the operation proposed at the deepest depth shall take precedence.)
- 6 Other operations. (If conflicting proposals are approved, the proposal receiving the largest percentage Working Interest approval shall take precedence, and in the event of a tie between two (2) or more approved proposals, the approved proposal first received by the Parties shall take precedence.)
- 7 Temporarily abandon.
- 8 Plug and abandon.

10.8.3 Second Opportunity to Participate

If there are more than two (2) Participating Parties and fewer than all but one (1) or more

Participating Parties elect to participate in an operation, the proposing Party shall notify the Participating Parties of the elections made, whereupon a Party originally electing not to participate in the proposed operation may then elect to participate by notifying the proposing Party within forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, after receipt of such notice. If all Parties elect to participate in the proposed operation, Operator shall conduct the operation at their cost and risk. If there are only two (2) Participating Parties, there shall not be a second opportunity to elect to participate.

10.8.4 Operations by Fewer Than All Parties

If, after the election (if applicable) made under Article 10.8.3 (Second Opportunity to Participate), fewer than all but one (1) or more Parties having the requisite Working Interest to approve the operation elect to participate in the proposed operation that takes precedence, the proposing Party shall notify the Participating Parties and each Participating Party shall have forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, after receipt of the notice to notify the proposing Party of the portion of the costs and risks attributable to the total Non-participating Parties' interests it elects to pay and bear. Unless otherwise agreed by the Participating Parties, each Participating Party may, but shall not be obligated to, pay and bear that portion of the costs and risks attributable to the total Non-participating Parties' interests in the ratio that the Participating Party's interest bears to the total interests of all Participating Parties that elect to pay and bear a portion of costs and risks attributable to the Non-participating Parties' interests. Failure to respond shall be deemed to be an election not to pay or bear any additional costs or risks. If the Participating Parties agree to bear one hundred percent (100%) of the costs and risks of the operation, Operator shall conduct the operation as a Non-consent Operation for the benefit of the Participating Parties, and the provisions of Article 13 (Non-consent Operations) shall apply. If such agreement is not obtained, however, the operation shall not be conducted and the effect shall be as if the proposal had not been made. If a Participating Party in a well elects not to participate in the Deepening or Sidetracking operation in the well, such non-consenting Party shall become a Non-participating Party in all operations conducted in the Deepened or Sidetracked portion of the well after that election.

10.8.5 Subsequent Operations

On completion of an operation conducted under Article 10.8 (Course of Action After Reaching Objective Depth), if the well is not either (a) Completed as a Producing Well, or (b) temporarily abandoned or permanently plugged and abandoned, Operator shall notify the Participating Parties of Operator's recommendation for further operations in the well under Articles 10.8.1 through 10.8.4, which again shall apply. If sufficient approval is not obtained to conduct a subsequent operation in a well or if all Participating Parties elect to

plug and abandon the well, subject to Article 14 (Abandonment and Salvage), Operator shall permanently plug and abandon the well at the cost and risk of all Participating Parties. Each Participating Party shall be responsible for its proportionate share of the plugging and abandonment costs associated with the operation in which it participated.

10.9 Wells Proposed Below Deepest Producing Reservoir

If a proposal is made to conduct an Exploratory Operation involving the drilling of a well to an Objective Horizon below the base of the deepest Producing Reservoir, a Party may elect within the applicable period to limit its participation in the operation down to the base of the deepest Producing Reservoir. For purposes of this Article 10.9, a Party that elects to limit its participation in the operation down to the base of the deepest Producing Reservoir shall be referred to as "Shallow Participant" and a Party that elects to participate in the entire operation shall be referred to as "Deep Participant". If a Party elects to limit its participation to the base of the deepest Producing Reservoir, Operator shall prepare and submit to the Shallow Participant, for informational purposes, a separate AFE covering operations down to the deepest Producing Reservoir. The Shallow Participant shall be a Participating Party in, and shall pay and bear the costs and risks of, each operation to the base of the deepest Producing Reservoir, according to its Participating Interest. The Shallow Participant shall be a Non-participating Party in each operation below the deepest Producing Reservoir, and the operation shall be considered a Non-consent Operation, and the provisions of Article 13 (Non-consent Operations) shall apply. If the well is Completed and produces Hydrocarbons from a horizon below the deepest Producing Reservoir, the Deep Participant shall reimburse the Shallow Participant for its share of the actual well costs to the base of the deepest Producing Reservoir. Payment shall be due within thirty (30) days after receipt of notice of the well being completed below the deepest Producing Reservoir. If the well is Completed and produces Hydrocarbons from a horizon below the deepest Producing Reservoir, the Shallow Participant shall reimburse the Deep Participant for its Working Interest share of the actual well costs to the base of the deepest Producing Reservoir in accordance with Article 13.4 (Deepening or Sidetracking Cost Adjustments), on the earlier of the time that (a) the well is plugged back to a horizon above the base of the deepest Producing Reservoir, as determined when the original well was proposed, (b) the well is plugged and abandoned, or (c) the amount to be recouped by the Deep Participant under Article 13 (Non-consent Operations) is recovered.

ARTICLE 11 DEVELOPMENT OPERATIONS

11.1 Proposing Operations

A Party may propose a Development Operation in accordance with Article 9 (Notices) to the other Parties that are entitled to vote or make an election in regard to that operation.

11.2 Counterproposals

When a Development Operation is proposed, a Party may, within seven (7) days (exclusive of Saturdays, Sundays, and federal holidays) after receipt of the AFE or notice for the original proposal, make a counterproposal to conduct an alternative Development Operation by sending an AFE or notice to such Parties in accordance with Article 9 (Notices). The AFE or notice shall indicate that the proposal is a counterproposal to the original proposal. If one (1) or more counterproposals are made, such Parties shall elect to participate in either the original proposal, one (1) counterproposal, or neither the original proposal nor a counterproposal. If two (2) or more proposals receive the approval of the number of Parties and combined Working Interests required by Article 11.5 (Operations By Fewer Than All Parties), the proposal receiving the largest percentage Working Interest approval shall take precedence, and in the event of a tie between two (2) or more approved proposals, the approved proposal first received by the Parties shall prevail. Except for the response period provided in this Article 11.2, a counterproposal shall be subject to the same terms and conditions as the original proposal.

11.3 Operations by All Parties

If all Parties elect to participate in the proposed operation, Operator shall conduct the operation at their cost and risk.

11.4 Second Opportunity to Participate

If there are more than two (2) Parties to this Agreement and if fewer than all but one (1) or more Parties elect to participate, the proposing Party shall notify the Parties of the elections made, whereupon a Party originally electing not to participate may then elect to participate by notifying the proposing Party within forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, after receipt of such notice. If all Parties elect to participate in the proposed operation, Operator shall conduct the operation at their cost and risk. If there are only two (2) Parties to this Agreement, there shall not be a second opportunity to elect to participate, and if the Participating Party agrees to pay and bear one hundred percent (100%) of the costs and risks of the operation, Operator shall conduct the operation as a Non-consent Operation for the benefit of the Participating Party, and the provisions of Article 13 (Non-consent Operations) shall apply.

11.5 Operations by Fewer Than All Parties

If there are more than two (2) Parties to this Agreement and if, after the election made under Article 11.4 (Second Opportunity to Participate), fewer than all but one (1) or more Parties having the requisite Working Interest to approve the operation have elected to participate in the proposed operation, the proposing Party shall notify the Participating Parties, and each Participating Party shall have forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, after receipt of the notice to notify the proposing Party of the portion of the costs and risks attributable to the total Non-participating Parties' interests it elects to pay and bear. Unless otherwise agreed by the Participating Parties, each Participating Party may, but shall not be

obligated to, pay and bear that portion of costs and risks attributable to the total Non-participating Parties' interests in the ratio that the Participating Party's interest bears to the total interests of all Participating Parties that elect to pay and bear a portion of the costs and risks attributable to the total Non-participating Parties' interests. Failure to respond shall be deemed to be an election not to pay or bear any additional costs or risks. If the Participating Parties agree to pay and bear one hundred percent (100%) of the costs and risks of the operation, Operator shall conduct the operation as a Non-consent Operation for the benefit of the Participating Parties, and the provisions of Article 13 (Non-consent Operations) shall apply. If such agreement is not obtained, however, the operation shall not be conducted and the effect shall be as if the proposal had not been made.

11.6 Expenditures Approved

Approval of a Development Operation shall cover all necessary expenditures associated with the operation proposed in the AFE or notice that are incurred by Operator in connection with (a) preparations for drilling; (b) the actual drilling; (c) evaluations, such as testing, coring, and logging; and (d) plugging and abandonment.

11.7 Conduct of Operations

After commencement of a Development Well, Operator shall diligently conduct the operation without unreasonable delay until the well reaches the Objective Depth, unless the well encounters, at a lesser depth, impenetrable conditions or mechanical difficulties that cannot be overcome by reasonable and prudent operations and render further operations impracticable. If a well does not reach its Objective Depth as a result of the conditions mentioned in this Article 11.7, the operation shall be deemed to have been completed and Article 13 (Non-consent Operations) shall apply to each Non-participating Party for the portion of the well drilled.

11.8 Course of Action After Reaching Objective Depth

When a Development Well has been drilled to its Objective Depth and reasonable testing, coring, and logging have been completed and the results have been furnished to the Participating Parties, Operator shall notify the Participating Parties of Operator's recommendation for further operations in the well and the following provisions shall apply:

11.8.1 Election by Fewer Than All Parties

A Participating Party shall have the right to propose another operation by notifying Operator and the other Participating Parties of its proposed operation within twenty-four (24) hours, including Saturdays, Sundays, and federal holidays, of receipt of Operator's notice. The Participating Parties shall notify Operator within forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, of receipt of Operator's proposal whether the Participating Parties elect to (a) participate in a recommended operation, or (b) not participate in a recommended operation. Failure to respond shall be deemed to be an election not to participate in any of the recommended operations.

11.8.2 Priority of Operations

If all Participating Parties elect to participate in the same proposed operation, Operator shall conduct the operation at their cost and risk. If more than one (1) operation is approved by one (1) or more Participating Parties having a combined Working Interest of fifty percent (50%) or more, the approved operation with the lowest number as indicated below shall take precedence:

- 1 Additional Testing, coring, or logging. (If conflicting proposals are approved, the proposal receiving the largest percentage of Working Interest approval shall take precedence, and in the event of a tie between two (2) or more approved proposals, the approved proposal first received by the Parties shall take precedence.)
- 2 Complete at the Objective Horizon.
- 3 Complete above the Objective Horizon. (If conflicting proposals are approved, the operation proposed to the deepest depth shall take precedence.)
- 4 Deepen. (If conflicting proposals are approved, the operation proposed to the deepest depth shall take precedence.)
- 5 Sidetrack. (If conflicting proposals are approved, the proposal receiving the largest percentage of Working Interest approval shall take precedence, and in the event of a tie between two (2) or more approved proposals, the approved proposal first received by the Parties shall take precedence.)
- 6 Other operations. (If conflicting proposals are approved, the proposal receiving the largest percentage of Working Interest approval shall take precedence, and in the event of a tie between two (2) or more approved proposals, the approved proposal first received by the Parties shall take precedence.)
- 7 Temporarily abandon.
- 8 Plug and abandon.

11.8.3 Second Opportunity to Participate

If there are more than two (2) Participating Parties and if fewer than all but one (1) or more Participating Parties elect to participate in an operation, the proposing Party shall notify the Participating Parties of the elections made, whereupon a Party originally electing not to participate in the proposed operation may then elect to participate by notifying the proposing Party within forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, after receipt of such notice. If all Parties elect to participate in the proposed operation, Operator shall conduct the operation at their cost and risk. If there are only two (2) Participating Parties, there shall not be a second opportunity to elect to participate.

11.8.4 Operations by Fewer Than All Parties

If, after the election (if applicable) made under Article 11.8.3 (Second Opportunity to Participate), fewer than all but one (1) or more Parties having the requisite Working Interest to approve the operation elect to participate in the proposed operation that takes precedence, the proposing Party shall notify the Participating Parties and each Participating Party shall have forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, after receipt of the notice to notify the proposing Party of the portion of the costs and risks attributable to the total Non-participating Parties' interests that it elects to pay and bear. Unless otherwise agreed by the Participating Parties, each Participating Party may, but shall not be obligated to, pay and bear that portion of the costs and risks attributable to the total Non-participating Parties' interests in the ratio that the Participating Party's interest bears to the total interests of all Participating Parties that elect to pay and bear a portion of costs and risks attributable to the Non-participating Parties' interests. Failure to respond shall be deemed to be an election not to pay or bear any additional costs or risks. If the Participating Parties agree to pay and bear one hundred percent (100%) of the costs and risks of the operation, Operator shall conduct the operation as a Non-consent Operation for the benefit of the Participating Parties, and the provisions of Article 13 (Non-consent Operations) shall apply. If such agreement is not obtained, however, the operation shall not be conducted and the effect shall be as if the proposal had not been made. If a Participating Party in a well elects not to participate in the Deepening or Sidetracking operation in the well, such non-consenting Party shall become a Non-participating Party in all operations conducted in the Deepened or Sidetracked portion of the well after that election.

11.8.5 Subsequent Operations

On the completion of an operation conducted under Article 11.8 (Course of Action After Reaching Objective Depth), if the well is not either (a) Completed as a well capable of producing Hydrocarbons in paying quantities, or (b) temporarily abandoned or permanently plugged and abandoned, Operator shall notify the Participating Parties of Operator's recommendation for operations in the well under Articles 11.8.1 through 11.8.4, which again shall apply. If sufficient approval is not obtained to conduct a subsequent operation in a well, or if all Participating Parties elect to plug and abandon the well, subject to Article 14 (Abandonment, Salvage, and Surplus), Operator shall permanently plug and abandon the well at the expense of all Participating Parties. Each Participating Party shall be responsible for its proportionate share of the plugging and abandonment costs associated with the operation in which it participated.

ARTICLE 12 PLATFORM AND DEVELOPMENT FACILITIES

12.1 Proposals

A Party may propose the fabrication or acquisition and installation of a Platform and/or Development Facilities by sending an AFE or notice to the other Parties in accordance with Article 9 (Notices).

12.2 Counterproposals

When a Platform and/or Development Facilities is proposed under Article 12.1, a Party may, within seven (7) days after receipt of the AFE or notice for the original proposal, make a counterproposal to fabricate or otherwise acquire and install said Platform and/or Development Facilities by sending an AFE or notice to the other Parties in accordance with Article 9 (Notices). The AFE or notice shall indicate that the proposal is a counterproposal to the original proposal. If one (1) or more counterproposals are made, each Party shall elect to participate in either the original proposal, one (1) counterproposal, or neither the original proposal nor a counterproposal. If two (2) or more proposals receive the approval of the number of Parties and combined Working Interests required by Article 12.5 (Operations By Fewer Than All Parties), the proposal receiving the largest percentage Working Interest approval shall be deemed approved, and if two (2) or more approved proposals receive the same Working Interest approval, the approved proposal first received by the Parties shall be deemed approved.

12.2.1 Operations by All Parties

If all Parties elect to participate in the proposed operation, Operator shall conduct the operation at their cost and risk.

12.2.2 Second Opportunity to Participate

If there are more than two (2) Parties and if fewer than all but one (1) or more Parties elect to participate in the Platform and/or Development Facilities, the proposing Party shall notify the Parties of the elections made, whereupon a Party originally electing not to participate may then elect to participate by notifying the proposing Party within forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, after receipt of such notice. If all Parties elect to participate in the Platform and/or Development Facilities, Operator shall timely commence the fabrication and installation of the Platform and/or Development Facilities at their cost and risk. If there are only two (2) Parties to this Agreement, there shall not be a second opportunity to elect to participate, and if the Participating Party agrees to pay and bear one hundred percent (100%) of the costs and risks of the operation, Operator shall conduct the operation as a Non-consent Operation for the benefit of the Participating Party, and the provisions of Article 13 (Non-consent Operations) shall apply.

12.2.3 Operations by Fewer Than All Parties

If there are more than two (2) Parties to this Agreement and if, after the election made

under Article 12.2.2 (Second Opportunity to Participate), fewer than all but one (1) or more Parties having the requisite Working Interest to approve the operation elect to participate in the Platform and/or Development Facilities, the proposing Party shall notify the Participating Parties, and each Participating Party shall have forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, after receipt of the notice to notify the proposing Party of the portion of the costs and risks attributable to the total Non-participating Parties' interests it elects to pay and bear. Unless otherwise agreed by the Participating Parties, each Participating Party may, but shall not be obligated to, pay and bear that portion of costs and risks attributable to the total Non-participating Parties' interests in the ratio that the Participating Party's interest bears to the total interests of all Participating Parties that elect to pay and bear a portion of the costs and risks attributable to the total Non-participating Parties' interests. Failure to respond shall be deemed to be an election not to pay or bear any additional costs or risks. If the Participating Parties agree to pay and bear one hundred percent (100%) of the costs and risks of the operation, Operator shall conduct the operation as a Non-consent Operation for the benefit of the Participating Parties, and except as provided in Article 12.4 (Rights to Take in Kind), the provisions of Article 13.2.1.(b) shall apply. If such agreement is not obtained, however, the fabrication and installation of the Platform and/or Development Facilities shall not be commenced, and the effect shall be as if the proposal had not been made.

12.3 Ownership and Use of the Platform and Development Facilities

The Participating Parties in the Development Facilities own all the excess capacity of the Development Facilities and the excess weight, space, and buoyancy of the Platform. Each Participating Party in the Development Facilities does not have the right to use its Participating Interest share of the excess capacity, weight, space, and buoyancy for hydrocarbon production from outside the Lease. Each Participating Party in the Development Facilities or Platform must obtain the unanimous approval of the other Participating Parties in the Development Facilities or Platform in order to utilize any portion of the excess capacity, weight, space, and buoyancy. It must negotiate the payment of a fee with the Participating Parties in the Development Facilities or Platform in order to utilize any portion of the excess capacity, weight, space, and buoyancy. Each of the Participating Parties in the Development Facilities or Platform shall receive its Participating Interest share of all fees derived from the utilization of the excess capacity, weight, space, and buoyancy. All hydrocarbon production from outside the Lease shall be processed under a "Facilities Use and Production Handling Agreement" unanimously agreed to by the Participating Parties in the Development Facilities.

12.4 Rights to Take in Kind

Nothing in this Article 12 shall act to limit a Party's rights under Article 22 (Disposition of

Production), or to otherwise separately dispose of its share of Hydrocarbon production. If a Party elects (a) not to participate in an approved Development Facilities proposal and (b) to separately dispose of its share of Hydrocarbon production (the "Separately Disposing Party"), the Separately Disposing Party (c) shall not be subject to the provisions of Article 13.2.1.(b), but must provide proof to the Participating Parties in the approved Development Facilities proposal, within seven (7) days from the last applicable response date to the Development Facilities proposal, that it has entered into fabrication and transportation contracts to separately dispose of its own share of Hydrocarbon production. If a Separately Disposing Party fails to provide such proof by that deadline and if there is sufficient capacity for the Development Facilities to accommodate the Separately Disposing Party's share of the Hydrocarbons, it shall immediately (i) become a Participating Party in the Development Facilities and utilize the Development Facilities for its share of Hydrocarbon production, (ii) pay to the Participating Parties in the approved Development Facilities proposal an amount equal to two hundred percent (200%) of what would have been the Separately Disposing Party's share of the costs and expense of the Development Facilities had it elected to participate in the Development Facilities under Article 12.1 or 12.2, and (iii) assume its share of the risks and liabilities associated with the construction and ownership of the Development Facilities as of the date of commencement of the operations to construct same. The Participating Parties in the original Development Facilities and the Separately Disposing Party, which becomes a Participating Party in the original Development Facilities under this Article 12.4, shall own the original Development Facilities based on their Participating Interest share in the original Development Facilities. If a Separately Disposing Party fails to provide such proof by that deadline and if there is insufficient capacity for the Development Facilities to accommodate the Separately Disposing Party's share of the Hydrocarbons, the Separately Disposing Party shall (i) become a Participating Party in the original Development Facilities and utilize the available capacity in the original Development Facilities, if any, for its share of Hydrocarbon production, (ii) pay one hundred percent (100%) of the costs of an expansion or modification of the Development Facilities, which is required to accommodate all or a portion of its share of the Hydrocarbons, and assume one hundred percent (100%) of the risks and liabilities associated with (a) the construction, installation and commissioning of the expanded or modified Development Facilities and (b) the utilization of the expanded or modified Development Facilities for thirty (30) days after the commencement of Hydrocarbon production through same, (iii) pay to the Participating Parties in the approved Development Facilities proposal an amount equal to two hundred percent (200%) of what would have been the Separately Disposing Party's share of the costs and expense of the original Development Facilities had it elected to participate in the original Development Facilities under Article 12.1 or 12.2, and (iv) assume its share of the risks and liabilities associated with the construction and ownership of the original Development Facilities as of the date of commencement of the operations to construct the original

Development Facilities. The Participating Parties in the original Development Facilities and the Separately Disposing Party, which becomes a Participating Party in the original Development Facilities under Article 12.4(i), shall own the expanded or modified Development Facilities based on their Participating Interest share in the original Development Facilities, and the Participating Parties in the original Development Facilities shall assume their Participating Interest share of the risks and liabilities associated with the ownership of the expanded or modified Development Facilities thirty (30) days after that the expanded or modified Development Facilities have been utilized.

12.5 Expansion or Modification of a Platform and/or Development Facilities

After installation of a Platform and/or Development Facilities, any Participating Party in that Platform and/or Development Facilities may propose the expansion or modification of that Platform and/or Development Facilities by written notice (along with its associated AFE) to the other Participating Parties in that Platform and/or Development Facilities. That proposal requires approval by one (1) or more of the Participating Parties in the Platform and/or Development Facilities with more than fifty percent (50%) of the Participating Interest in the Platform and/or Development Facilities. If approved, that proposal will be binding on all Participating Parties in that Platform and/or Development Facilities, and Operator shall commence that expansion or modification at the sole cost and risk of all the Participating Parties in that Platform and/or Development Facilities unless otherwise agreed.

12.6 Offsite Host Facilities

If one (1) or more Parties with more than fifty percent (50%) of the Participating Interest in Hydrocarbon production agree that Hydrocarbon production can most effectively be processed and handled by an Offsite Host Facilities, Operator, on behalf of the Participating Parties, shall use reasonable efforts to secure a formal "Facilities Use and Production Handling Agreement" from the owners of the Offsite Host Facilities. If Operator does secure access to Offsite Host Facilities in a Facilities Use and Production Handling Agreement, each Participating Party shall have the right, but not the obligation, to utilize its Participating Interest share of the capacity so secured. This Article 12.6 shall not constitute a limit on a Party's right to install its own Take-in-Kind Facilities under Article 22 (Disposition of Production).

ARTICLE 13 NON-CONSENT OPERATIONS

13.1 Non-consent Operations

Operator shall conduct Non-consent Operations at the sole cost and risk of the Participating Parties in accordance with the following provisions:

13.1.1 Non-interference

Non-consent Operations shall not interfere unreasonably with operations approved by all the Parties.

13.1.2 Multiple Completion Limitation

Subject to Article 10.9, a Non-consent Operation shall not be conducted in a well having multiple Completions unless (a) each Completion is owned by the same Parties in the same proportions; (b) the well is incapable of producing from any Completion; or (c) all Participating Parties in the well consent to the operation.

13.1.3 Metering

In Non-consent Operations, Hydrocarbon production shall be determined on the basis of appropriate well tests, unless separate metering devices are required by a governmental authority having jurisdiction.

13.1.4 Non-consent Well

Operations on a Non-consent Well shall not be conducted in a Producing Reservoir without approval of all Parties unless (a) the Producing Reservoir is designated in the notice as a Completion objective; (b) Completion of the well in the Producing Reservoir will not increase the rates of Hydrocarbon production that are prescribed and approved for the Producing Reservoir by the governmental authority having jurisdiction; and (c) the horizontal distance between the vertical projections of the midpoint of the Producing Reservoir in the well and an existing well currently completed in and producing from the same Producing Reservoir will be at least one thousand (1,000) feet for an oil-well Completion or two thousand (2,000) feet for a gas-well Completion.

13.1.5 Cost Information

Operator shall, within one hundred twenty (120) days after completion of a Non-consent Operation, furnish the Parties either (a) an inventory and an itemized statement of the cost of the Non-consent Operation and equipment pertaining thereto, or (b) a detailed statement of the monthly billings. Each quarter thereafter, while the Participating Parties are being reimbursed under Article 13.2.1 (Production Reversion Recoupment), Operator shall furnish the Non-participating Parties a quarterly statement detailing all costs and liabilities incurred in the Non-consent Operation, together with a statement of the quantities of Hydrocarbons produced from it and the amount of the proceeds from the sale of the Non-participating Parties' relinquished Hydrocarbon production from the Non-consent Operation for the preceding quarter. Operator shall prepare the monthly statement of the quantities of Hydrocarbons produced and the amounts of the proceeds

from the sale of Non-participating Parties' relinquished Hydrocarbon production based on the proceeds received for Operator's share of Hydrocarbon production. When Operator's payout calculation indicates that payout has occurred, Operator shall promptly notify all Parties. The Participating Parties that assumed a portion of the Non-participating Parties' relinquished interest shall then provide Operator all information pertaining to the cumulative proceeds received from the sale of the Non-participating Parties' relinquished Hydrocarbon production. Operator shall revise the payout date using the actual proceeds from the sale of the Non-participating Parties' relinquished Hydrocarbon production and administer any subsequent adjustments between the Parties.

13.1.6 Completions

For determinations under Article 13.1 (Non-consent Operations), each Non-consent Operation in a single wellbore shall be accounted for separately.

13.2 Relinquishment of Interest

On commencement of Non-consent Operations, other than Non-consent Operations governed by Article 10.5 (Operations by Fewer Than All Parties) or Article 13.7 (Operations Utilizing a Non-consent Platform and/or Development Facilities), each Non-participating Party's interest and leasehold operating rights in the Non-consent Operation and title to Hydrocarbon production resulting therefrom; and if Article 13.8 (Discovery or Extension from Non-consent Drilling) is effective, one-half (1/2) of each Non-participating Party's interest and leasehold operating rights and title to Hydrocarbon production from wells mentioned in Article 13.8 (Discovery or Extension from Non-consent Drilling), shall be owned by and vested in each Participating Party in proportion to its Participating Interest, or in the proportions otherwise agreed by the Participating Parties, for as long as the Non-Consent Operation is being conducted or Hydrocarbon production is obtained therefrom, subject to the following:

13.2.1 Production Reversion Recoupment

When the Participating Parties have recouped out of Hydrocarbon production from the Non-consent Operations attributable to the Non-participating Party's interest an amount, which when added to amounts received under Article 13.3 (Deepening or Sidetracking of Non-consent Well), equals the sum of the following:

- (a) Eight hundred percent (800%) of the Non-participating Party's share of the costs of the following Non-consent Exploratory Operations, or six hundred percent (600%) of the Non-participating Party's share of the costs of the following Non-consent Development Operations: drilling, testing, Completing, Recompleting, Deepening, Sidetracking, Reworking, plugging back, and temporarily abandoning a well, reduced by the Non-participating Party's Share of a cash contribution received under Article 21.2 (Cash Contributions);

- (b) If applicable, three hundred percent (300%) of Non-participating Party's Share of the cost of Platforms and/or Development Facilities approved under Article 12.1 (Proposal) or Article 12.2 (Counterproposals); such recoupment is limited to the Non-participating Party's Share of the Hydrocarbon production that utilize such Platform and/or Development Facilities;
- (c) Two hundred percent (200%) of the Non-participating Party's Share of the cost charged in accordance with Article 13.9 (Allocation of Platform / Development Facilities Costs to Non-consent Operations) of using an existing Platform / Development Facilities; and
- (d) the Non-participating Party's Share of the costs of operation, maintenance, treating, processing, gathering, and transportation, including but not limited to an Offsite Host Facilities' handling fees, as well as lessor's royalties and severance, Hydrocarbon production, and excise taxes,

the relinquished interests of the Non-participating Party shall automatically revert to the Non-participating Party as of 7:00 a.m. of the day after the recoupment occurs. Thereafter, the Non-participating Party shall own the same interest in the Non-consent Well, equipment pertaining thereto, including but not limited to any Platform or Development Facilities, and the Hydrocarbon production therefrom as the Non-participating Party would have owned or been entitled to if it had participated in the Non-consent Operation. On reversion, the Non-participating Party shall become a Participating Party and, as such, shall become liable for its proportionate share of the further costs of the operation as set forth in this Agreement and Exhibit "C".

13.2.2 Non-production Reversion

If the Non-consent Operation fails to obtain Hydrocarbon production or if the operation results in Hydrocarbon production that ceases before complete recoupment by the Participating Parties under Article 13.2.1 (Production Reversion Recoupment), such leasehold operating rights shall revert to each Non-participating Party, except that all Non-consent Wells, Platforms, and Development Facilities shall remain vested in the Participating Parties (but the salvage value in excess of the sum remaining under Article 13.2.1 shall be credited to all Parties).

13.3 Deepening or Sidetracking of Non-consent Well

If a Participating Party proposes to Deepen or Sidetrack a Non-consent Well, a Non-participating Party may then elect to participate in the Deepening or Sidetracking operation by notifying Operator within thirty (30) days, or within forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, if a rig is on location and standby charges are being incurred, after receiving notice of the proposal. A Non-participating Party that elects to participate in Deepening or

Sidetracking the well, as proposed, shall immediately pay the Participating Parties, in accordance with Article 13.4 (Deepening or Sidetracking Cost Adjustments), its Working Interest share of actual well costs (excluding logging, coring, testing, and Completion costs other than the cost of setting any casing or Completion Equipment that is used in the Deepening or Sidetracking), less all amounts recovered by the Participating Parties from the proceeds of Hydrocarbon production from the well, as if the Non-participating Party had originally participated to the initial objective depth or formation, in the case of a Deepening operation, or the depth at which the Sidetracking operation is initiated. Thereafter, the Non-participating Party shall be deemed to be a Participating Party for the Deepening or Sidetracking operations, and Article 13.2.1(a) shall not apply to that Party for the Deepened or Sidetracked portion of the well. The initial Participating Parties, however, shall continue to recoup out of the proceeds of Hydrocarbon production from the non-consent portion of the well any balance for the Non-consent Well remaining to be recovered under Article 13.2.1 (Production Reversion Recoupment), less the amounts paid by the Non-participating Party under this Article 13.3.

13.4 Deepening or Sidetracking Cost Adjustments

If a proposal is made to Deepen or Sidetrack a Non-consent Well, a well cost adjustment will be performed as follows:

- (a) Intangible drilling will be valued at the actual cost incurred by the Participating Parties.
- (b) Tangible materials will be valued in accordance with the provisions of Exhibit "C".
- (c) For Sidetracking operations, the values determined in Articles 13.4(a) and 13.4(b) shall be reduced by the amount allocated to that portion of the well from the surface to one hundred feet (100') below the point at which the Sidetracking was initiated. Such allocations shall be consistent with the guidelines recommended by the applicable Council of Petroleum Accountants Societies ("COPAS") Guideline, as amended from time to time.
- (d) Amortization/depreciation shall be applied to both intangible and tangible values at the rate of ten percent (10%) per annum from the date the well commenced Hydrocarbon production to the date operations commence to Deepen or Sidetrack the well, provided, however, that the value of tangible materials after applying depreciation shall never be less than fifty percent (50%) of the value determined in Article 13.4(b).

13.5 Subsequent Operations in Non-consent Well

Except as provided in Article 13.3 (Deepening or Sidetracking of Non-consent Well), an election not to participate in the drilling, Sidetracking, or Deepening of a well shall be deemed to be an election not to participate in any subsequent operations in the well before full recovery by the Participating Parties of the Non-participating Party's recoupment amount.

13.6 Operations in a Production Interval

A Participating Party in a Production Interval may propose Rework or Sidetrack operations within that Production Interval, or to permanently plug and abandon that Production Interval in a well; however, no Production Interval in a well shall be abandoned without the unanimous approval of the Participating Parties in the Production Interval. If a proposal, estimated to exceed the amount specified in Article 8.2 (Authorization), is made to Rework or Sidetrack a Production Interval and the Participating Parties elect to participate in the proposed operation, Operator shall conduct the operation at their sole cost and risk. If fewer than all but one (1) or more Parties having a combined Participating Interest of fifty percent (50%) or more elect to participate in the proposed operation, Operator shall conduct the Reworking or Sidetracking operation at the cost and risk of the Participating Parties owning an interest in the Production Interval. A proposal to Rework an interval, other than a Production Interval, shall be made and approved in accordance with Article 11.5 (Operations by Fewer Than All Parties).

13.7 Operations Utilizing a Non-consent Platform and/or Development Facilities

Except as otherwise provided in Article 12.4 (Rights to Take in Kind) and this Article 13.7, if applicable, a Party that did not originally participate in a Platform and/or Development Facilities shall be a Non-participating Party for all operations utilizing the Platform and/or Development Facilities and shall be subject to Article 13.2 (Relinquishment of Interest). Notice, in accordance with Article 9 (Notices), shall be given to the Non-participating Party for all wells proposed to be drilled from or tied back to the Non-consent Platform and/or handled by non-consent Development Facilities. If a Non-participating Party in a Non-consent Platform and/or Development Facilities desires to participate in the drilling of any such well proposed by the Participating Parties in the Platform and/or Development Facilities, the Non-participating Party desiring to join in the proposed well shall first pay the Participating Parties in the Platform and/or Development Facilities its proportionate share of the cost of the Platform and/or Development Facilities, including but not limited to costs of material, fabrication, transportation, and installation plus any remaining amounts to be recouped under Article 13.2.1(b). The Non-participating Party shall remit payment to Operator and Operator shall (a) reimburse the Participating Parties in the Platform and/or Development Facilities in the same proportions they are sharing in the Platforms and/or Development Facilities recoupment account, and (b) credit the applicable payout account. On payment of that amount, the original Non-participating Party shall become an owner and a Participating Party in the Platform and/or Development Facilities in the same manner as if recoupment had occurred under Article 13.2.1 (Production Reversion Recoupment), and may participate in all future wells drilled from or tied back to the Platform. As to well operations conducted from the Platform and/or Development Facilities before payment under this Article 13.7, the original Non-participating Party shall remain a Non-participating Party in such Non-consent Operations until such time as the entire recoupment balance applicable to all such Non-consent Operations in the aggregate has occurred, as provided for in Articles 13.2.1(a) and

13.2.1(d).

13.8 Discovery or Extension from Non-consent Drilling

If a Non-consent Well (a) discovers a new Producing Reservoir or (b) extends an existing Producing Reservoir beyond its recognized boundaries, as unanimously agreed by the Participating Parties in all existing wells currently producing from the existing Producing Reservoir before commencement of drilling operations, the recoupment of costs for the well shall be governed by Article 13.2 (Relinquishment of Interest) and shall be recovered by the Participating Parties in one (1) of the following ways:

- (a) if the Non-consent Well is not completed and produced, recoupment shall be out of one-half (1/2) of each Non-participating Party's interest in Hydrocarbon production from all subsequently drilled and completed wells on the Lease that are completed in the Producing Reservoir discovered, or in that portion extended, by the Non-consent Well and in which the Non-participating Party has a Participating Interest; or
- (b) if the Non-consent Well is completed and produced, recoupment shall be out of the Non-participating Party's Share of all Hydrocarbon production from the Non-consent Well and one-half (1/2) of the Non-participating Party's interest in Hydrocarbon production from all subsequently drilled and completed wells on the Lease that are completed in the Producing Reservoir discovered, or in that portion extended, by the Non-consent Well and in which the Non-participating Party has a Participating Interest.

13.9 Allocation of Platform / Development Facilities Costs to Non-consent Operations

Non-consent Operations shall be subject to further conditions as follows:

13.9.1 Charges

If a well is drilled or produced from a Platform and/or is produced through Development Facilities whose Participating Parties are different from the Participating Parties in that well or if the Participating Parties' Participating Interest shares in that Platform and/or Development Facilities are different from their Participating Interest shares in that well, the rights of the Participating Parties in that well and the costs to use the Platform and/or Development Facilities for that well shall be determined as follows:

- (a) The Participating Parties in that well shall pay to Operator a one-time slot usage fee for the use of a slot on the Platform equal to two percent (2%) of the cost of the Platform. Within fifteen (15) days of its receipt of that fee, Operator shall distribute to the Participating Parties in the Platform their Participating Interest share of that payment. For purposes of calculating the slot usage fee, the total cost of the Platform shall be reduced by one-half percent (0.5%) per month, commencing on the date the Platform was installed and continuing every month thereafter until the month actual drilling operations on that well is commenced; however, the total cost of the Platform shall not be reduced by more than fifty

percent (50%) of the total Platform's costs. The cost of additions to the Platform shall be reduced in the same manner commencing the first month after the addition is installed. If that well is abandoned having never produced Hydrocarbons, the right of the Participating Parties in that well to use the Platform slot through which the well was drilled shall terminate unless those Parties commence drilling a substitute well for the abandoned well through the same slot within ninety (90) days of the abandonment. If that substitute well is abandoned having never produced Hydrocarbons, the right of the Participating Parties in that well to use the Platform slot through which the well was drilled shall terminate. The slot usage fee shall not apply to a slot deemed to be "surplus". A slot may be deemed surplus only by the unanimous agreement of the Participating Parties in the Platform.

- (b) The Participating Parties in that well shall pay to the owners of the Development Facilities a lump sum equal to that portion of the total cost of those Development Facilities that the throughput volume of the Non-consent Operation bears to the current total design throughput volume of the Development Facilities. Throughput volume shall be estimated by Operator in barrels produced per day (with 1 barrel of oil equaling 5.8 mcf of gas), using an average daily volume of the first three (3) months of Hydrocarbon production from the Non-consent Operation. For purposes of calculating the Development Facilities lump sum payment, the total cost of the Development Facilities shall be reduced by one-half percent (0.5%) per month, commencing from the date when the Development Facilities were installed and continuing every month thereafter until the first month during which Hydrocarbon production from the Non-consent Operation commences, but the total cost of the Development Facilities shall not be reduced more than fifty percent (50%) of the total Development Facilities' cost. If a modification, expansion, or addition to the Development Facilities is made after commencing first Hydrocarbon production and before connection of the Non-consent Operation to the Development Facilities, the Development Facilities lump sum payment shall be reduced in the same manner described above, from the month in which the Development Facilities modification, expansion, or addition is completed until the first month during which Hydrocarbon production from the Non-consent Operation is commenced.

Payment of sums under this Article 13.9.1 is not a purchase of an additional interest in the Platform or the Development Facilities. Such payment shall be included in the total amount that the Participating Parties are entitled to recoup out of Hydrocarbon production from the Non-consent Well.

13.9.2 Operating and Maintenance Charges

The Participating Parties shall pay all costs necessary to connect a Non-consent Well to the Platform and/or Development Facilities and that proportionate part of the costs of operating and maintaining the Platform and/or Development Facilities applicable to the Non-consent Well. Platform operating and maintenance costs that are costs not directly attributable to a wellbore shall be allocated equally to all actively producing Completions. Operating and maintenance costs for the Development Facilities shall be allocated on a volume throughput basis, that is, in the proportion that the volume throughput of the well bears to the total volume throughput of all wells connected to the Development Facilities. Volume throughput, as used in this Article 13.9.2, shall be determined by considering all Hydrocarbons and water volumes.

13.10 Allocation of Costs Between Zones

Except as provided in Article 10.9 (Wells Proposed Below Deepest Producing Reservoir), if for any reason the Participating Interests of the Parties in a well are not the same for the entire depth or the Completion thereof, the costs of drilling, Completing, and equipping the well shall be allocated in an equitable manner, as agreed by the Parties, based on the value and allocation recommended in the applicable COPAS Guideline, as amended from time to time.

13.11 Lease Maintenance Operations

An operation proposed within the last one (1) year of the primary term or, subsequent thereto, an operation proposed to perpetuate the Lease or portion thereof at its expiration date or otherwise, including but not limited to well operations, regulatory relief (for example, course of action necessary to satisfy the statutory or regulatory requirements of the governmental authority having jurisdiction), and other Lease operations, shall be deemed to be a "Lease Maintenance Operation." To invoke this Article 13.11, a notice or an AFE that proposes an operation must state that the proposed operation is a Lease Maintenance Operation.

13.11.1 Participation in Lease Maintenance Operations

A Party may propose a Lease Maintenance Operation by giving notice to the other Parties. If fewer than all Parties elect to participate in the proposed Lease Maintenance Operation, the proposing Party shall notify the Parties of the elections made. Each Party electing not to participate shall then have a second opportunity to participate in the proposed operation by notifying the other Parties of its election within forty-eight (48) hours after receipt of the notice. A Lease Maintenance Operation shall not require minimum approval, either of the number of Parties or the percentage of the voting interests of the Parties otherwise required in Article 6.1.2 (Vote Required). For a Lease Maintenance Operation to be conducted, the Participating Parties must agree to pay and bear one hundred percent (100%) of the costs and risks of the operation. If more than one (1) Lease Maintenance Operation is proposed, the operation with the greatest

percentage approval shall be conducted. Notwithstanding the recoupment provisions of this Agreement, a Party electing not to participate in a well operation proposed as a Lease Maintenance Operation shall promptly assign, effective as of the date the operation commences, to the Participating Parties all its right, title, and interest in and to that portion of the Lease that would otherwise expire and the property and equipment attributable thereto, in accordance with Article 26 (Successors, Assigns). In the event of such assignment, the assigning Party shall retain all obligations and liabilities incurred before the effective date of such assignment, and the Participating Parties that are assigned such interest may require the assigning Party to provide reasonable financial assurances including but not limited to posting a performance bond (in an amount, form and with a surety acceptable to the Participating Parties) for the retained liabilities for such assigned interest. If more than one (1) Lease Maintenance Operation is proposed and there is a tie between two (2) proposed operations, both operations shall be conducted and the costs and risks of conducting both operations shall be paid and borne by the Participating Parties. If the drilling of a well is undertaken as a Lease Maintenance Operation, further operations conducted by the Participating Parties in the well shall be governed by Article 10.9 (Course of Action After Reaching Objective Depth) or Article 11.9 (Course of Action After Reaching Objective Depth), whichever applies. If more than one (1) well operation is conducted, any of which would perpetuate the Lease or such portion thereof, an assignment shall not be required from a Party participating in any such well operation.

13.11.2 Accounting for Non-participation

If, after one (1) year from completion of a well operation conducted as a Lease Maintenance Operation, the Lease or portion thereof is being perpetuated by a Lease Maintenance Operation, as provided in Article 13.11.1 (Participation in Lease Maintenance Operations), Operator shall render a final statement, if applicable, to the assigning Party for its share of all expenses attributed to the assigned interest before the effective date of the assignment, plus any credit or deficiency in salvage value calculated under Article 15.3.1 (Prior Expenses). The assigning Party shall settle any deficiency owed the non-assigning Parties within thirty (30) days after receipt of Operator's statement.

13.12 Retention of Lease by Non-consent Well

If, at the expiration of the primary term of the Lease, one (1) or more Non-consent Wells, except wells drilled under Article 10.5.1 (First Exploratory Well) provision of Article 10.5 (Operations by Fewer Than All Parties), if selected, are the only wells perpetuating the Lease, Operator shall give written notice to each Non-participating Party that the Non-consent Wells are serving to perpetuate the Lease. Each Non-participating Party shall, within thirty (30) days after receipt of

Operator's written notice, elect one (1) of the following:

- (a) to assign its entire interest in the Lease to the Participating Parties in the proportions in which the Non-consent Wells are owned subject to the assignor's retained obligations under Article 15.3.1 (Prior Expenses); or
- (b) to pay the Participating Parties, within sixty (60) days after its election, the lesser of its proportionate share of the actual well costs of the wells, as if the Non-participating Party had originally participated, or the balance of the recoupment account. The payment shall be made to Operator and credited to the account of each Participating Party. The Non-participating Party shall remain as a Non-participating Party until full recoupment is obtained, but the payment shall be credited against the total amount to be recouped by the Participating Parties.

A Non-participating Party that fails to make the required election shall be deemed to have elected under Article 13.12(a) to relinquish its entire interest in the Lease. If a Non-participating Party elects to make payment under Article 13.12(b) but fails to make the required payment within sixty (60) days after its election, the Non-participating Party shall either remain liable for the obligation to pay or, by unanimous vote of the Participating Parties, be deemed to have elected under Article 13.12(a) to relinquish its entire interest in the Lease. Each relinquishing Non-participating Party shall promptly execute and deliver an assignment of its interest to the Participating Parties, in accordance with Article 26 (Successors and Assigns) subject to the assignor's retained obligations under Article 15.3.1 (Prior Expenses).

13.13 Non-Consent Premiums

A non-consent premium paid by a Non-Participating Party to the Participating Parties shall be allocated to the Participating Parties based on their original Participating Interest share in the Non-consent Operation that generated the non-consent premium.

ARTICLE 14 ABANDONMENT, SALVAGE, AND SURPLUS

14.1 Platform Salvage and Removal Costs

When the Parties owning wells, Platforms, and/or Development Facilities unanimously agree to dispose of the wells, Platforms, and/or Development Facilities, it shall be disposed of by Operator in the time and manner approved by the Parties. The costs, risks, and net proceeds, if any, for the disposal shall be shared by the Parties in proportion to their Participating Interests therein.

14.2 Abandonment of Platforms, Development Facilities, or Wells

Except as provided in Article 10 (Exploratory Operations) and Article 11 (Development Operations), a Participating Party may propose the abandonment of a Platform and Development Facilities or wells by notifying the other Participating Parties. No Platform and Development

Facilities or wellbore shall be abandoned without the unanimous approval of the Participating Parties. If the Participating Parties do not approve abandoning the Platform and Development Facilities or wells, Operator shall prepare a statement of the abandoning Party's share of estimated abandonment costs, less its share of estimated salvage value, as determined by Operator pursuant to Exhibit "C". The Party desiring to abandon it shall pay Operator, on behalf of the Participating Parties for that Party's share of the estimated abandonment costs, less its share of estimated salvage value, within thirty (30) days after receipt of Operator's statement. If the Party that shall serve as Operator after a Party abandons its interest does not qualify by BOEMRE as exempt from supplemental bonding requirements, then the Party desiring to abandon its interest may place its share of the estimated abandonment costs, less its estimated salvage value, in escrow, with such escrowed funds made available to Operator upon abandoning Party's receipt of all necessary end of operations reports and site clearance and restoration report. If an abandoning Party's respective share of the estimated salvage value is greater than its share of the estimated costs, Operator, on behalf of the Participating Parties, shall pay a sum equal to the deficiency to the abandoning Party within thirty (30) days after the abandoning Party's receipt of Operator's statement.

14.3 Assignment of Interest

Each Participating Party desiring to abandon a Platform and Development Facilities or wells under Article 14.2 (Abandonment of Platforms, Development Facilities, or Wells) shall assign, effective as of the last applicable election date, to the non-abandoning Parties, in proportion to their Participating Interests, its interest in the Platform and Development Facilities or wells and the equipment therein and its ownership in the Hydrocarbon production from the wells. A Party so assigning shall be relieved from further liability for the Platform and Development Facilities or wells, except liability for payments under Article 14.2 (Abandonment of Platforms, Development Facilities, or Wells).

14.4 Abandonment Operations Required by Governmental Authority

A well abandonment or Platform and Development Facilities removal required by a governmental authority having jurisdiction shall be accomplished by Operator with the costs, risks, and net proceeds, if any, to be shared by the Parties owning the well or Platform and Development Facilities in proportion to their Participating Interests therein. No approval by the Parties will be necessary for Operator to proceed with the government-required well abandonment, or Platform and Development Facilities removal. Operator shall provide the Parties with an informational AFE before commencing such an abandonment or removal.

14.5 Disposal of Surplus Material

Material and equipment acquired hereunder may be classified as surplus by Operator when deemed no longer needed in present or foreseeable operations. Operator shall determine the value and cost of disposing of the materials in accordance with Exhibit "C". If the material is

classified as junk or if the value, less cost of disposal, is less than or equal to Fifty Thousand Dollars (\$50,000), Operator shall dispose of the surplus materials in any manner it deems appropriate. If the value, less the cost of disposal of the surplus material, is greater than Fifty Thousand Dollars (\$50,000), Operator shall give written notice thereof to the Parties owning the material. Unless purchased by Operator, the surplus material shall be disposed of in accordance with the method of disposal approved by the Parties owning the material. Proceeds from the sale or transfer of surplus material shall be promptly credited to each Party in proportion to its ownership of the material at the time of retirement or disposition.

ARTICLE 15 WITHDRAWAL

15.1 Right to Withdraw

Subject to this Article 15.1, any Party may withdraw from this Agreement as to the Lease (the "Withdrawing Party") by giving prior written notice to all other Parties stating its decision to withdraw ("the withdrawal notice"). The withdrawal notice shall specify an effective date of withdrawal that is at least sixty (60) days, but not more than ninety (90) days, after the date of the withdrawal notice. Within thirty (30) days of receipt of the withdrawal notice, the other Parties may join in the withdrawal by giving written notice of that fact to Operator ("written notice to join in the withdrawal") and on giving written notice to join in the withdrawal are "Other Withdrawing Parties". The withdrawal notice and the written notice to join in the withdrawal are unconditional and irrevocable offers by the Withdrawing Party and the Other Withdrawing Parties to convey to the Parties that do not join in the withdrawal ("the Remaining Parties") the Withdrawing Party's and the Other Withdrawing Parties' entire Working Interest in the Lease, Hydrocarbon production, and other property and equipment owned under this Agreement.

15.2 Response to Withdrawal Notice

Failure to respond to a withdrawal notice is deemed a decision not to join in the withdrawal.

15.2.1 Unanimous Withdrawal

If all the other Parties join in the withdrawal,

- (a) no assignment of Working Interests shall take place;
- (b) subject to Article 14.4, no further operations may be conducted under this Agreement unless agreed to by all Parties;
- (c) the Parties shall abandon all activities and operations within the Lease and relinquish all of their Working Interests to the BOEMRE within one hundred twenty (120) days of the conclusion of the thirty (30) day joining period; and
- (d) notwithstanding anything to the contrary in Article 14 (Abandonment, Salvage and Surplus), Operator shall:

- 1) furnish all Parties a detailed abandonment plan, if applicable, and a detailed cost estimate for the abandonment within one hundred eighty (180) days after the conclusion of the thirty (30) day joining period; and
- 2) cease operations and begin to permanently plug and abandon all wells and remove all Facilities in accordance with the abandonment plan.

15.2.2 No Additional Withdrawing Parties

If none of the other Parties join in the withdrawal, the Remaining Parties must accept an assignment of their Participating Interest share of the Withdrawing Party's Working Interest.

15.2.3 Acceptance of the Withdrawing Parties' Interests

If one (1) or more but not all of the other Parties join in the withdrawal and become Other Withdrawing Parties, within forty-eight (48) hours (excluding Saturdays, Sundays, and federal holidays) of the conclusion of the thirty (30) day joining period, each of the Remaining Parties shall submit to Operator a written rejection or acceptance of its Participating Interest share of the Withdrawing Party's and Other Withdrawing Parties' Working Interest. Failure to make that written rejection or acceptance shall be deemed a written acceptance. If the Remaining Parties are unable to select a successor Operator, if applicable, or if a Remaining Party submits a written rejection and the other Remaining Parties do not agree to accept one hundred percent (100%) of the Withdrawing Party's and Other Withdrawing Parties' Working Interest within fifteen (15) days of the conclusion of the forty-eight- (48-) hour period to submit a written rejection or acceptance, the Remaining Parties will be deemed to have joined in the withdrawal, and Article 15.2.1 (Unanimous Withdrawal) will apply.

15.2.4 Effects of Withdrawal

Except as otherwise provided in this Agreement, after giving a withdrawal notice or a written notice to join in the withdrawal, the Withdrawing Party and Other Withdrawing Parties are not entitled to approve or participate in any activity or operation in the Lease, other than those activities or operations for which they retain a financial responsibility. The Withdrawing Party and Other Withdrawing Parties shall take all necessary steps to accomplish their withdrawal by the effective date referred to in Article 15.1 (Right to Withdraw) and shall execute and deliver to the Remaining Parties all necessary instruments to assign their Working Interest to the Remaining Parties. A Withdrawing Party and Other Withdrawing Parties shall bear all expenses associated with their withdrawal and the transfer of their Working Interest.

15.3 Limitation on and Conditions of Withdrawal

15.3.1 Prior Expenses

The Withdrawing Party and Other Withdrawing Parties remain liable for their Participating

Interest share of the costs of all activities, operations, rentals, royalties, taxes, damages, Hydrocarbon imbalances, or other liability or expense accruing or relating to (i) obligations existing as of the effective date of the withdrawal, (ii) operations conducted before the effective date of the withdrawal, (iii) operations approved by the Withdrawing Party and Other Withdrawing Parties before the effective date of the withdrawal, or (iv) operations commenced by Operator under one (1) of its discretionary powers under this Agreement before the effective date of the withdrawal. Before the effective date of the withdrawal, Operator shall provide a statement to the Withdrawing Party and Other Withdrawing Parties for (1) their respective shares of all identifiable costs under this Article 15.3.1 and (2) their respective Participating Interest shares of the estimated current costs of plugging and abandoning all wells and removing all Platforms, Development Facilities, and other material and equipment owned by the Joint Account, less their respective Participating Interest Shares of the estimated salvage value of the assets at the time of abandonment, as approved by vote. This statement of expenses, costs, and salvage value shall be prepared by Operator under Exhibit "C". Before withdrawing, the Withdrawing Party and Other Withdrawing Parties shall pay Operator, for the benefit of the Remaining Parties, the amounts allocated to them as shown in the statement for all obligations and liabilities they have incurred and all obligations and liabilities attributable to them before the effective date of the withdrawal. All liens, charges, and other encumbrances, including but not limited to overriding royalties, net profits interest, and production payments, that the Withdrawing Party and Other Withdrawing Parties placed (or caused to be placed) on their Working Interest shall be fully satisfied or released before the effective date of its withdrawal (unless the Remaining Parties are willing to accept the Working Interest subject to those liens, charges, and other encumbrances).

15.3.2 Confidentiality

The Withdrawing Party and Other Withdrawing Parties will continue to be bound by the confidentiality provisions of Article 7.3 (Confidentiality) after the effective date of the withdrawal but will have no further access to technical information relating to activities or operations under this Agreement. The Withdrawing Party and Other Withdrawing Parties are not required to return to the Remaining Parties Confidential Data acquired before the effective date of the withdrawal.

15.3.3 Emergencies and Force Majeure

No Party may withdraw during a Force Majeure or emergency that poses a threat to life, safety, property, or the environment but may withdraw from this Agreement after termination of the Force Majeure or emergency. The Withdrawing Party and Other Withdrawing Parties remain liable for their share of all costs and liabilities arising from the

Force Majeure or emergency, including but not limited to the drilling of relief wells, containment and clean-up of oil spills and pollution, and all costs of debris removal made necessary by the Force Majeure or emergency.

ARTICLE 16

RENTALS, ROYALTIES, AND OTHER PAYMENTS

16.1 Overriding Royalty and Other Burdens

If the Working Interest or Participating Interest of a Party is subject to an overriding royalty, Hydrocarbon production payment, net profits interest, mortgage, lien, security interest, or other burden or encumbrance, other than lessor's royalty and other burdens listed in Exhibit "A", the Party so burdened shall pay and bear all liabilities and obligations created or secured by the burden or encumbrance and shall indemnify and hold the other Parties harmless from all claims and demands for payment asserted by the owners of the burdens or encumbrances. If a Party becomes entitled to an assignment under this Agreement, or as a result of Non-consent Operations hereunder becomes entitled to receive a relinquished interest, as provided in Article 13.2 (Relinquishment of Interest), otherwise belonging to a Non-participating Party whose Working Interest in the operations is so burdened or encumbered, the Party entitled to receive the assignment from the Non-participating Party or the relinquished interest of the Non-participating Party's Hydrocarbon production shall receive same free and clear of all such burdens and encumbrances, and the Non-participating Party whose interest is subject to the burdens and encumbrances shall hold the Participating Parties harmless for the burdens and encumbrances, and will bear same at its own expense.

16.2 Subsequently Created Interest

Notwithstanding anything in this Agreement to the contrary, if a Party, after execution of this Agreement, creates an overriding royalty, Hydrocarbon production payment, net profits interest, carried interest, or any other interest out of its Working Interest that the Parties do not unanimously agree to list on Exhibit "A" (hereinafter called "Subsequently Created Interest"), the Subsequently Created Interest shall be made specifically subject to this Agreement. If the Party owning the interest from which the Subsequently Created Interest was established fails to pay, when due, its share of costs, and if the proceeds from the sale of Hydrocarbon production under Articles 8.6 (Security Rights) are insufficient for that purpose, or elects to abandon a well, or elects to relinquish its interest in the Lease, the Subsequently Created Interest shall be chargeable with a pro rata portion of all costs in the same manner as if the Subsequently Created Interest were a Working Interest, and Operator may enforce against the Subsequently Created Interest the lien and other rights granted or recognized under this Agreement to secure and enforce collection of costs chargeable to the Subsequently Created Interest. The rights of the

owner of the Subsequently Created Interest shall be, and hereby are, subordinated to the rights granted or recognized by Article 8.6 (Security Rights).

16.3 Payment of Rentals and Minimum Royalties

Operator shall pay in a timely manner, for the joint account of the Parties, all rental, minimum royalties, and other similar payments accruing under the Lease and shall, on request, submit evidence of each such payment to the Parties. Operator shall not be held liable to the other Parties in damages for loss of the Lease or interest therein if, through mistake or oversight, a rental, minimum royalty, or other payment is not paid or is erroneously paid. The loss of a Lease or interest therein resulting from Operator's failure to pay, or erroneous payment of rental or minimum royalty shall be a joint loss, and there shall be no readjustment of interests. For Hydrocarbon production delivered in kind by Operator to a Non-operator or to another for the account of a Non-operator, the Non-operator shall provide Operator with information about the Non-operator's proceeds received or the value of the Hydrocarbon production taken in kind in order that Operator may make payments of minimum royalties due.

16.4 Non-participation in Payments

A Party that desires not to pay its share of a rental, minimum royalty, or similar payment shall notify the other Parties in writing at least sixty (60) days before the payment is due. Operator shall then make the payment for the benefit of the Parties that do desire to maintain the Lease. In such event, the Non-participating Party shall assign to the Participating Parties, on their request, the portions of its interest in the Lease maintained by the payment. The assigned interest shall be owned by each Participating Party in proportion to its Participating Interest. The assignment shall be made in accordance with Article 27 (Successors and Assigns) and shall be subject to the assignor's retained obligations under Article 15.3.1 (Prior Expenses).

16.5 Royalty Payments

Each Party shall be responsible for and shall separately bear and properly pay or cause to be paid all royalty and other amounts due on its share of Hydrocarbon production taken in accordance with state or federal regulations, as may be amended from time to time. Adjustments shall be made among the Parties in accordance with Exhibit "E" (Gas Balancing Agreement). During a period when Participating Parties in a Non-consent Operation are receiving a Non-participating Party's share of Hydrocarbon production, the Participating Parties shall bear and properly pay, or cause to be paid, the Lease royalty on the Hydrocarbon production taken, and shall hold the Non-participating Parties harmless from liability for the payment.

ARTICLE 17 TAXES

17.1 Property Taxes

Operator shall render property covered by this Agreement for ad valorem taxation, if applicable, and shall pay the property taxes for the benefit of each Party. Operator shall charge each Party its share of the tax payments. If the ad valorem taxes are based in whole or in part on separate valuations of each Party's Working Interest, notwithstanding anything in this Agreement to the contrary, each Party's share of property taxes shall be in proportion to the tax value generated by that Party's Working Interest.

17.2 Contest of Property Tax Valuation

Operator shall timely and diligently protest to a final determination each tax valuation it deems unreasonable. Pending such determination, Operator may elect to pay under protest. On final determination, Operator shall pay the taxes and the interest, penalties, and costs accrued as a result of the protest. In either event, Operator shall charge each Party its share of any amounts due, and each Party shall be responsible for reimbursing Operator for any such amounts paid.

17.3 Production and Severance Taxes

Each Party shall pay, or cause to be paid, all production and severance taxes due on Hydrocarbon production that it receives under this Agreement.

17.4 Other Taxes and Assessments

Operator shall pay other applicable taxes (other than income taxes, excise taxes, or other similar types of taxes) or assessments and charge each Party its share.

ARTICLE 18 INSURANCE

18.1 Insurance

Operator shall provide and maintain the insurance prescribed in Exhibit "B" and charge those costs to the Joint Account. No other insurance shall be carried for the benefit of the Parties under this Agreement, except as provided in Exhibit "B".

18.2 Bonds

Operator shall obtain and maintain all bonds or financial guarantees required by an applicable law, regulation, or rule. The costs of those bonds or financial guarantees acquired exclusively for the conduct of activities and operations under this Agreement shall be charged to the Joint Account, including an amount equivalent to the reasonable cost of that bond or financial guarantee if Operator provides that bond or guarantee itself and does not engage a third party to do so. Operator shall require all contractors to obtain and maintain all bonds required by an applicable law, regulation, or rule.

ARTICLE 19 LIABILITY, CLAIMS, AND LAWSUITS

19.1 Individual Obligations

The obligations, duties, and liabilities of the Parties under this Agreement are several, not joint or collective. Nothing in this Agreement shall ever be construed as creating a partnership of any kind, joint venture, agency relationship, association, or other character of business entity recognizable in law for any purpose. In their relations with each other under this Agreement, the Parties shall not be considered to be fiduciaries or to have established a confidential relationship, except as specifically provided in Article 7.3 (Confidentiality) and Article 7.4 (Limited Disclosure), but rather shall be free to act at arm's length in accordance with their own respective self-interests. Each Party shall hold all other Parties harmless from liens and encumbrances on the Lease arising as a result of its acts.

19.2 Notice of Claim or Lawsuit

If, on account of a matter involving activities or operations under this Agreement, or affecting the Lease, a claim is made against a Party, or if a party outside this Agreement files a lawsuit against a Party, or if a Party files a lawsuit, or if a Party receives notice of a material administrative or judicial hearing or other proceeding, that Party shall give written notice of the claim, lawsuit, hearing, or proceeding ("Claim") to the other Parties as soon as reasonably practical.

19.3 Settlements

Operator may settle a Claim, or multiple Claims arising out of the same incident, involving activities or operations under this Agreement or affecting the Lease, if the aggregate expenditure does not exceed five hundred thousand dollars (\$500,000.00) and if the payment is in complete, or substantially complete, settlement of these Claims. If the amount required for settlement exceeds this amount, the Parties shall determine the further handling of the Claims under Article 19.4 (Defense of Claims and Lawsuits).

19.4 Defense of Claims and Lawsuits

Operator shall supervise the handling, conduct, and prosecution of all Claims involving activities or operations under this Agreement or affecting the Lease. Claims may be settled in excess of the amount specified in Article 19.3 (Settlements) if the settlement is approved by vote in accordance with Article 6.1.2 of the Participating Parties in the activity or operation out of which the Claim arose, but a Party may independently settle a Claim or the portion of a Claim that is attributable to its Participating Interest share alone as long as that settlement does not directly adversely affect the interest or rights of the other Participating Parties. Legal expenses shall be handled in accordance with Exhibit "C".

19.5 Liability for Damages

UNLESS SPECIFICALLY PROVIDED OTHERWISE IN THIS AGREEMENT, LIABILITY FOR LOSSES, DAMAGES, COSTS, EXPENSES OR CLAIMS INVOLVING ACTIVITIES OR

OPERATIONS UNDER THIS AGREEMENT OR AFFECTING THE LEASE THAT ARE NOT COVERED BY OR IN EXCESS OF THE INSURANCE CARRIED FOR THE JOINT ACCOUNT SHALL BE BORNE BY EACH PARTY IN PROPORTION TO ITS PARTICIPATING INTEREST SHARE IN THE ACTIVITY OR OPERATION OUT OF WHICH THAT LIABILITY ARISES, EXCEPT TO THE EXTENT THAT LIABILITY RESULTS FROM THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF A PARTY, IN WHICH CASE THAT PARTY SHALL BE SOLELY RESPONSIBLE FOR LIABILITY RESULTING FROM ITS GROSS NEGLIGENCE OR WILLFUL MISCONDUCT.

19.6 Indemnification for Non-consent Operations

TO THE EXTENT ALLOWED BY LAW, THE PARTICIPATING PARTIES WILL HOLD THE NON-PARTICIPATING PARTIES (AND THEIR AFFILIATES, AGENTS, INSURERS, DIRECTORS, OFFICERS, AND EMPLOYEES) HARMLESS AND RELEASE, DEFEND, AND INDEMNIFY THEM AGAINST ALL CLAIMS, DEMANDS, LIABILITIES, REGULATORY DECREES, AND LIENS FOR ENVIRONMENTAL POLLUTION AND PROPERTY DAMAGE OR PERSONAL INJURY, INCLUDING SICKNESS AND DEATH, CAUSED BY OR OTHERWISE ARISING OUT OF NON-CONSENT OPERATIONS, AND ANY LOSS AND COST SUFFERED BY A NON-PARTICIPATING PARTY AS AN INCIDENT THEREOF, EXCEPT WHERE THAT LOSS OR COST RESULTS FROM THE SOLE, CONCURRENT, OR JOINT NEGLIGENCE, FAULT, OR STRICT LIABILITY OR WILLFUL MISCONDUCT OF THAT NON-PARTICIPATING PARTY, IN WHICH CASE EACH PARTY SHALL PAY OR CONTRIBUTE TO THE SETTLEMENT OR SATISFACTION OF JUDGMENT IN THE PROPORTION THAT ITS NEGLIGENCE, FAULT, OR STRICT LIABILITY OR WILLFUL MISCONDUCT CAUSED OR CONTRIBUTED TO THE INCIDENT. IF AN INDEMNITY IN THIS AGREEMENT IS DETERMINED TO VIOLATE LAW OR PUBLIC POLICY, THAT INDEMNITY SHALL THEN BE ENFORCEABLE ONLY TO THE MAXIMUM EXTENT ALLOWED BY LAW.

19.7 Damage to Reservoir, Loss of Reserves and Profit

NOTWITHSTANDING ANY CONTRARY PROVISION OF THIS AGREEMENT, NO PARTY IS LIABLE TO ANY OTHER PARTY FOR SPECIAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY OR PUNITIVE DAMAGES RESULTING FROM OR ARISING OUT OF THIS AGREEMENT, INCLUDING WITHOUT LIMITATION DAMAGE TO A RESERVOIR, LOSS OF HYDROCARBONS, LOSS OF PROFITS, OR BUSINESS INTERRUPTIONS, HOWSOEVER THE SAME MAY BE CAUSED.

19.8 Non-essential Personnel

A NON-OPERATOR THAT REQUESTS TRANSPORTATION OR ACCESS TO A DRILLING RIG, PLATFORM, VESSEL, OR OTHER FACILITY USED FOR ACTIVITIES OR OPERATIONS UNDER THIS AGREEMENT SHALL HOLD THE OTHER PARTIES HARMLESS AND SHALL RELEASE, DEFEND, AND INDEMNIFY THEM AGAINST (I) ALL CLAIMS, DEMANDS, AND

LIABILITIES FOR PROPERTY DAMAGE AND (II) ALL CLAIMS, DEMANDS, AND LIABILITIES FOR ANY LOSS OR COST SUFFERED BY A PARTY AS AN INCIDENT THEREOF, INCLUDING BUT NOT LIMITED TO INJURY, SICKNESS, AND DEATH, CAUSED BY OR OTHERWISE ARISING OUT OF THAT TRANSPORTATION OR ACCESS, OR BOTH, EXCEPT TO THE EXTENT THAT LOSS OR COST RESULTS FROM THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF THE PARTY SO INDEMNIFIED AND PROTECTED.

ARTICLE 20 INTERNAL REVENUE PROVISION

20.1 Internal Revenue Provision

Notwithstanding any provision in this Agreement to the effect that the rights and liabilities of the Parties are several, not joint or collective, and that the Agreement and the activities and operations under this Agreement do not constitute a partnership under state law, each Party elects to be excluded from the application of all or any part of the provisions of Subchapter K, Chapter 1, Subtitle A, of the Internal Revenue Code of 1986, as amended, or similar provisions of applicable state laws regardless of whether for federal income tax purposes this Agreement and the activities and operations under this Agreement are regarded as a partnership.

ARTICLE 21 CONTRIBUTIONS

21.1 Notice of Contributions Other Than Advances for Sale of Production

Each Party shall promptly notify the other Parties of all offers of contributions that it may obtain, or contributions it is attempting to obtain, for the drilling of a well or the conducting of an operation on the Lease. Payments received as consideration for entering into a contract for the sale of Hydrocarbon production from the Lease, loans, and other financial arrangements shall not be considered contributions for the purpose of this Article 21. No Party shall release or obligate itself to release Confidential Data in return for a contribution from a third party without prior written consent of the Participating Parties or Parties having the right to participate in the well.

21.2 Cash Contributions

If a Party receives a cash contribution for drilling a well on the Lease or conducting an activity or operation on the Lease, the cash contribution shall be paid to Operator, and Operator shall credit the amount thereof to the Parties in proportion to their Participating Interests in the well or the Platform and/or Development Facilities. If the well is a Non-consent Well, the amount of the contribution shall be deducted from the cost specified in Article 13.2.1(a) before computation of the amount to be recouped out of Hydrocarbon production.

21.3 Acreage Contributions

If a Party receives an acreage contribution for the drilling of a well on the Lease, the acreage contribution shall be shared by each Participating Party that accepts it in proportion to its Participating Interest in the well. As between the Participating Parties, this Agreement shall apply separately to the acreage.

ARTICLE 22 DISPOSITION OF PRODUCTION

22.1 Take-in-Kind Facilities

Subject to Article 22.2, a Party may, at its sole cost and risk, construct Take-in-Kind Facilities to take its share of Hydrocarbon production in kind.

22.2 Duty to Take in Kind

Each Party shall own and, at its own cost and risk, shall take in kind or separately dispose of its share of the oil, gas, and condensate produced and saved from the Lease, excluding Hydrocarbon production used by Operator in activities or operations conducted under this Agreement, subject to this Article 22. In order to avoid interference with operations on or regarding the Platform, the Development Facilities, and the Lease, a Party exercising its right to construct Take-in Kind Facilities ("the Take in Kind Party") shall provide Operator with a list of equipment it deems necessary for its Take in Kind Facilities ("the components") along with its notice informing Operator of its election to take in kind. If Operator, in its sole discretion, agrees to install and operate the Take-in Kind Facilities, Operator shall purchase the components and install it on behalf of the Take in Kind Party at the Take in Kind Party's sole risk and cost, including but not limited to any fees, penalties or other costs incurred as a result of any cancellation of placed orders as may be requested by the Take in Kind Party. Operator shall provide the Take in Kind Party with monthly updates on the progress of the ordering and installation of the Take in Kind Facilities. Operator, based on the instructions of the Take in Kind Party, shall install and operate all the components. Operator shall not be responsible for any losses or damages to the components or the Take in Kind Party's Hydrocarbon production metered, treated, processed, or transported by the components unless such losses or damages are the result of Operator's gross negligence or willful misconduct. If Operator refuses or fails to install the Take-in Kind Facilities by one hundred twenty (120) days before the deadline provided in Section 12.4, the Take-in Kind Party shall have the right to install and operate the Take-in Kind Facilities providing that such operations do not interfere with existing operations or proposed operations that have been approved under terms of this Agreement.

22.3 Failure to Take Oil and Condensate in Kind

Notwithstanding Article 22.2 (Duty to Take in Kind), if a Party fails to take in kind or dispose of its share of the oil or condensate, Operator shall have the right, but not the obligation, subject to revocation at will by the Party owning the Hydrocarbon production, to purchase for its own account, sell to others, or otherwise dispose of all or part of the Hydrocarbon production at the same price at which Operator calculates and pays lessor's royalty on its own portion of the oil or condensate. Operator shall notify the non-taking Party when the option is exercised. A purchase or sale by Operator of any other Party's share of the oil or condensate shall be for such reasonable periods of time as are consistent with the minimum needs of the industry under the circumstances, but in no event shall a contract be for a period in excess of one (1) year. Proceeds of the oil or condensate purchased, sold, or otherwise disposed of by Operator under this Article 22.3 shall be paid to the Party that had, but did not exercise, the right to take in kind and separately dispose of the oil or condensate. Operator, in disposing of another Party's oil or condensate, shall not be responsible for making any filing with regulatory agencies not required by law to be made by it in respect to another Party's share of oil or condensate. Unless required by governmental authority having jurisdiction or by judicial process, no Party shall be forced to share an available market with a non-taking Party.

22.4 Failure to Take Gas in Kind

Article 22.3 (Failure to Take Oil and Condensate in Kind) shall not apply to gas produced from the Lease. In no event shall Operator be responsible for, or obligated to dispose of, another Party's share of gas production. If for any reason a Party fails to take or market its full share of gas as produced, that Party may later take, market, or receive a cash accounting for its full share in accordance with Exhibit "E".

22.5 Expenses of Delivery in Kind

A cost that is incurred by Operator in making delivery of a Party's share of Hydrocarbons or disposing of same shall be paid by the Party.

**ARTICLE 23
APPLICABLE LAW, JURISDICTION, AND VENUE**

23.1 Applicable Law

THIS AGREEMENT AND THE RELATIONSHIP OF THE PARTIES UNDER THIS AGREEMENT SHALL BE GOVERNED BY AND INTERPRETED IN ACCORDANCE WITH THE GENERAL MARITIME LAW, OR IF THE GENERAL MARITIME LAW IS NOT APPLICABLE, THE LAWS OF THE STATE OF TEXAS, WITHOUT REGARD TO PRINCIPLES OF CONFLICTS OF LAWS THAT WOULD OTHERWISE REFER THE MATTER TO THE LAWS OF ANOTHER JURISDICTION; PROVIDED HOWEVER, THAT NO LAW THEORY OR PUBLIC POLICY

SHALL BE GIVEN EFFECT THAT WOULD UNDERMINE, DIMINISH, OR REDUCE THE EFFECTIVENESS OF THE WAIVER DAMAGES PROVIDED IN THE PRECEDING ARTICLE 19.7, IT BEING THE EXPRESS INTENT, UNDERSTANDING, AND AGREEMENT OF THE PARTIES THAT SUCH WAIVER IS TO BE GIVEN THE FULLEST EFFECT, NOTWITHSTANDING THE NEGLIGENCE (WHETHER SOLE, JOINT, OR CONCURRENT), GROSS NEGLIGENCE, WILLFUL MISCONDUCT, STRICT LIABILITY, OR OTHER LEGAL FAULT OF A PARTY HERETO.

23.2 Jurisdiction and Venue

For every dispute that arises under this Agreement, including any claim of breach of this Agreement, the Parties hereby consent to the exclusive jurisdiction and venue of a Federal court or Texas state court sitting in Houston, Texas.

**ARTICLE 24
LAWS, REGULATIONS, AND NONDISCRIMINATION**

24.1 Laws and Regulations

This Agreement and operations under this Agreement are subject to all applicable laws, rules, regulations, and orders by all governmental authorities claiming jurisdiction now and in the future. A provision of this Agreement found to be contrary to or inconsistent with any such law, rule, regulation, or order shall be deemed to have been modified accordingly.

24.2 Nondiscrimination

In performing work under this Agreement, the Parties shall comply and Operator shall require each independent contractor to comply with the governmental requirements in Exhibit "D" and with Articles 202(1) to (7), including Executive Order 11246, as amended.

**ARTICLE 25
FORCE MAJEURE**

25.1 Force Majeure

If a Party is unable, wholly or in part because of a Force Majeure, to carry out its obligations under this Agreement, other than the obligation to make money payments, that Party shall give the other Parties prompt written notice of the Force Majeure with sufficient particulars about it. Effective on the date notice is given, the obligations of the Party, so far as they are affected by the Force Majeure, shall be suspended during, but no longer than, the continuance of the Force Majeure. Time is of the essence in the performance of this Agreement, and every reasonable effort will be made by the Party to avoid delay or suspension of any work or acts to be performed under this Agreement. The requirement that the Force Majeure be remedied with all reasonable dispatch shall not require a Party to settle strikes or other labor difficulties.

ARTICLE 26 SUCCESSORS AND ASSIGNS

26.1 Transfer of Interest

Except as provided in 26.1.1 (Exceptions to Transfer Notice), a Transfer of Interest shall be provided by written notice to Operator and the other Parties ("the Transfer Notice"). Any Transfer of Interest shall be made to a party qualified by the BOEMRE to own leases in the Gulf of Mexico, and is financially capable of assuming the corresponding obligations under this Agreement. The non-transferring Parties' consent can be conditioned on requiring the proposed transferee to provide (i) replacement financial assurances for any financial assurances previously provided by the transferring Party and (ii) additional reasonable financial assurances of the party to which the working interest is to be transferred and its ability to perform its obligations under this Agreement, after giving due consideration to the replacement financial assurances to be provided pursuant to clause (i). All Transfers of Interest to any Person must be approved by and consented to in writing by the non-transferring Parties for any assignment made hereunder to be valid and binding upon the non-transferring Parties. Any Transfer of Interest shall contain a provision in the assignment requiring that the non-transferring Parties' written consent must also be obtained before any future Transfer of Interest under this Agreement in whole or in part to any Person, and shall also include a provision that the party to which the working interest is transferred to be bound by all the terms and conditions of this Agreement. No Transfer of Interest shall release a Party from its obligations and liabilities under this Agreement, and the security rights under Article 8.6 (Security Rights) shall continue to burden the Working Interest transferred and to secure the payment of those obligations and liabilities.

26.1.1 Exceptions to Transfer Notice

Notwithstanding any contrary provision of this Agreement, the Transfer Notice is not required when a Party proposes to mortgage, pledge, hypothecate, or grant a security interest in all or a portion of its Working Interest (including Assignments of Hydrocarbon production executed as further security for the debt secured by that security device), in any wells, Platforms, Development Facilities, or other equipment. However, an encumbrance arising from the financing transaction shall be expressly made subject and subordinated to this Agreement.

26.1.2 Effective Date of Transfer of Interest

A Transfer of Interest becomes effective twenty (20) days after the day all Parties are in receipt of the Transfer Notice. No Transfer of Interest, other than those provided in Article 15.1 (Right to Withdraw) and Article 26.1.1 (Exceptions to Prior Written Notice), is binding on the Parties unless and until (i) the assignor or assignee provides all remaining

Parties with a photocopy of a fully executed Transfer of Interest, an executed BOEMRE "Designation of Operator" form and a designation of oil spill responsibility form, and (ii) evidence of receipt of all necessary approvals by the BOEMRE. The Parties shall promptly undertake all reasonable actions necessary to secure those approvals and shall execute and deliver all documents necessary to effectuate that Transfer of Interest. All costs attributable to a Transfer of Interest are the sole obligation of the assigning Party.

26.1.3 Form of Transfer of Interest

Any Transfer of Interest shall incorporate provisions that the Transfer of Interest is subordinate to and made expressly subject to this Agreement and provide for the assumption by the assignee of the performance of all the assigning Party's obligations under this Agreement. Any Transfer of Interest not in compliance with this provision is voidable by the non-assigning Parties.

26.1.4 Warranty

Any Transfer of Interest, vesting, or relinquishment of Working Interest between the Parties under this Agreement shall be made without warranty of title, except as provided in the next sentence. All liens, charges, and other encumbrances, including but not limited to overriding royalties, net profits interest, and production payments, which a Party placed (or caused to be placed) on its Working Interest shall be fully satisfied or released before the effective date of a Transfer of Interest, vesting, or relinquishment of Working Interest between that Party and another Party under this Agreement (unless the other Party is willing to accept the Working Interest subject to those liens, charges, and other encumbrances).

ARTICLE 27 ADMINISTRATIVE PROVISIONS

27.1 Term

This Agreement shall remain in effect so long as a Lease remains in effect and thereafter until (a) all wells have been abandoned and plugged or turned over to the Parties owning an interest in the Lease on which the wells are located; (b) all Platforms, Development Facilities, and equipment have been disposed of by Operator in accordance with Article 14 (Abandonment, Salvage, and Surplus); (c) all Claims as defined in Article 19 (Liability, Claims, and Lawsuits) have been settled or otherwise disposed of; and (d) there has been a final accounting and settlement by all Parties. In accordance with Article 4.5 (Selection of Successor Operator), this Agreement will terminate if no Party is willing to become Operator, effective after all conditions in clauses (a) through (d) above have been completed. In accordance with Article 15.2.1

(Unanimous Withdrawal), this Agreement will terminate if all Parties elect to withdraw, effective after all conditions in clauses (a) through (d) above have been completed. Termination of this Agreement shall not relieve a Party of a liability or obligation accrued or incurred before termination and is without prejudice to all continuing confidentiality obligations or other obligations in this Agreement.

27.2 Waiver

A term, provision, covenant, representation, warranty, or condition of this Agreement may be waived only by written instrument executed by the Party waiving compliance. The failure or delay of a Party in the enforcement or exercise of the rights granted under this Agreement shall not constitute a waiver of said rights nor shall it be considered as a basis for estoppel. Time is of the essence in the performance of this Agreement and all time limits shall be strictly construed and enforced.

27.3 Waiver of Right to Partition

Each Party waives the right to bring an action for partition of its interest in the Lease, wells, Platform, Development Facilities, and other equipment held under this Agreement, and covenants that during the existence of this Agreement it shall not resort at any time to an action at law or in equity to partition any or all of the Lease and lands or personal property subject to this Agreement.

27.4 Compliance with Laws and Regulations

This Agreement, and all activities or operations conducted by the Parties under this Agreement, are expressly subject to, and shall comply with, all laws, orders, rules, and regulations of all federal, state, and local governmental authorities having jurisdiction over the Lease.

27.4.1 Severance of Invalid Provisions

If, for any reason and for so long as, a clause or provision of this Agreement is held by a court of competent jurisdiction to be illegal, invalid, unenforceable, or unconscionable under a present or future law or interpretation thereof, the remainder of this Agreement will not be affected by that illegality or invalidity. An illegal or invalid provision will be deemed severed from this Agreement, as if this Agreement had been executed without the illegal or invalid provision. The surviving provisions of this Agreement will remain in full force and effect unless the removal of the illegal or invalid provision destroys the legitimate purposes of this Agreement, in which event this Agreement shall be null and void.

27.4.2 Fair and Equal Employment

Each of the Parties is an Equal Opportunity Employer, and the equal opportunity provisions of 30 CFR 270 and 41 CFR 60-1, as amended or modified, are incorporated in this Agreement by reference. The affirmative-action clauses concerning disabled veterans and veterans of the Vietnam era (41 CFR 60-250) and the affirmative-action

clauses concerning employment of the handicapped (41 CFR 60-741) are also incorporated in this Agreement by reference. In performing work under this Agreement, the Parties shall comply with (and Operator shall require each independent contractor to comply with) the governmental requirements in Exhibit "D" that pertain to non-segregated facilities.

27.5 Construction and Interpretation of This Agreement

27.5.1 Headings for Convenience

Except for the definition headings in Article 2 (Definitions), all the table of contents, captions, numbering sequences, and paragraph headings in this Agreement are inserted for convenience only and do not define, expand, or limit the scope, meaning, or intent of this Agreement.

27.5.2 Article References

Except as otherwise provided in this Agreement, each reference to an article of this Agreement includes all the referenced article and its sub-articles.

27.5.3 Gender and Number

The use of pronouns in whatever gender or number is a proper reference to the Parties to this Agreement though the Parties may be individuals, business entities, or groups thereof. Reference in this Agreement to the singular of a noun or pronoun includes the plural and vice versa.

27.5.4 Future References

A reference to a Party includes such Party's successors and assigns and, in the case of governmental bodies, persons succeeding to their respective functions and capacities.

27.5.5 Currency

Any amounts due or payable under this Agreement shall be paid in United States currency.

27.5.6 Optional Provisions

If any "Optional" provision of this Agreement is not adopted by the Parties to this Agreement by a typed, printed, or handwritten indication, such provision shall not form a part of this Agreement, and no inference shall be made concerning the intent of the Parties in regard to the subject matter of the "Optional" provision.

27.5.7 Joint Preparation

This Agreement shall be deemed for all purposes to have been prepared through the joint efforts of the Parties and shall not be construed for or against one (1) Party or the other as a result of the preparation, submittal, drafting, execution, or other event of negotiation hereof.

27.5.8 Integrated Agreement

This Agreement contains the final and entire agreement of the Parties for the matters

covered by this Agreement and, as such, supersedes all prior written or oral communications and agreements. This Agreement may not be modified or changed except by written amendment signed by the Parties.

27.5.9 Binding Effect

To the extent that it is assignable, this Agreement shall bind and inure to the benefit of the Parties and their respective successors and assigns, and shall constitute a covenant running with the land comprising the Lease. This Agreement does not benefit or create any rights in a person or entity that is not a Party to this Agreement.

27.5.10 Further Assurances

Each Party will take all actions necessary and will sign all documents necessary to implement this Agreement. Except as otherwise provided in this Agreement, within thirty (30) days after their receipt of a valid written request for those documents from a Party, all other Parties shall prepare and execute the documents.

27.5.11 Counterpart Execution

This Agreement may be executed by signing the original or a counterpart. If this Agreement is executed in counterparts, all counterparts taken together shall have the same effect as if all Parties had signed the same agreement. No Party shall be bound to this Agreement until all Parties have executed a counterpart or the original of this Agreement. This Agreement may also be ratified by a separate instrument that refers to this Agreement and adopts by reference all provisions of this Agreement. A ratification shall have the same effect as an execution of this Agreement.

27.6 Restricted Bidding

If more than one (1) Party is ever on the list of restricted joint bidders for Outer Continental Shelf ("OCS") lease sales, as issued by the BOEMRE under 30 CFR 256.44, as amended, the Parties shall comply with all statutes and regulations regarding restricted joint bidders on the OCS.

27.7 Governing Agreement

The Parties to this Agreement are also Parties to that certain Farmout Agreement dated effective _____, 20____, by and between _____, _____, _____, _____, and _____. The Parties agree that should any conflict arise between the terms and conditions of this Agreement and the terms and conditions of the Farmout Agreement, the terms and conditions of the Farmout Agreement shall govern.

IN WITNESS WHEREOF, this Agreement has been executed by the Parties as of the day and year first above written.

INSURANCE PROVISIONS

- I. Operator shall carry the insurance specified in Section I with the limits stipulated below for the joint account. Operator shall have the right to charge the joint account premiums for the insurance coverage required by this Exhibit "B." Such premiums shall be allocated to the joint account using a fair and reasonable method based on the nature of the operations covered by this Agreement.
 - A. Workers' Compensation and Employer's Liability.
 1. Workers' Compensation and Employer's Liability Insurance covering the employees of Operator engaged in operations hereunder in compliance with all applicable State and Federal Laws.
 2. Coverage under U. S. Longshore and Harbor Worker's Compensation Act, extended to include the Outer Continental Shelf.
 3. Extension of Coverage B of policy to provide for not less than \$1,000,000 ("for assured's interest") for death or bodily injury to one person in any one accident; coverage also to include Employer's Liability under Admiralty Jurisdiction, including the Jones Act, with Marine and Voluntary Compensation Endorsement providing for a limit of liability of not less than \$1,000,000 per accident and an endorsement for transportation, maintenance, wages and cure, all with same limits, as well as an endorsement to the effect that a claim "in rem" shall be treated as a claim against the insured.
- II. Operator shall not be obligated or authorized to obtain or carry on behalf of the joint account any additional insurance covering the Parties or the operations to be conducted hereunder. Each Party, at its own expense, must carry its own coverage for the types of insurance and with the minimum limits as set forth in each of Paragraphs A-G below. Each Party must provide Operator prior to commencement of operations a certificate of insurance or other evidence of coverage demonstrating coverage with the required limits of liability. All losses and all damages to jointly owned property, except losses covered by insurance carried for the joint account, shall be borne by the Parties in proportion to their respective interests, unless the loss is caused by the gross negligence or willful misconduct of a Party hereto. The insurance coverages required herein represent minimum requirements and do not limit or invalidate any indemnity or other obligation of the Parties under this Agreement. A Party's failure to secure the required insurance coverages or the required endorsements on the policies or any denial of coverage by underwriters does not relieve such Party or limit its liabilities or obligations under this Agreement.

Any Party, at its own expense, may acquire such additional insurance as it may deem necessary to protect its own interest against claims, losses, damages or destruction to property arising out of operations hereunder.

Each Party hereby waives its rights of recovery against all other Parties to this agreement and agrees that all insurance covering its interest in the jointly owned property will be suitably endorsed to affect a waiver of subrogation as per the indemnity and obligations assumed within the agreement.

- A. Commercial General Liability and Business Automobile Liability. Coverage for all operations conducted hereunder with a combined single limit each occurrence, and in the aggregate, of \$1,000,000 ("for assured's interest"). Said Commercial General Liability Insurance shall also include contractual liability coverage, sudden and accidental pollution coverage. Automobile liability insurance shall include coverage for owned, hired and non-owned vehicles and mobile equipment licensed for highway use.
- B. Vessels. All vessels chartered by any Party shall be covered Protection and Indemnity coverage, with limits of \$1,000,000 ("for assured's interest") per occurrence and in the aggregate.
- C. Aircraft. All aircraft owned or chartered by any Party shall be covered by Aircraft Liability Insurance with limits of \$5,000,000 ("for assured's interest") per occurrence and in the aggregate.
- D. Excess Liability. Each Party shall carry Excess Liability insurance in the amount of \$50,000,000 per occurrence and in the aggregate ("for assured's interest"), excess of all primary liability limits in the insurance specified in Sections A-C.
- E. Extra Expense Liability. Extra expense liability coverage including control of well, seepage, pollution and contamination coverage, cleanup and/or containment coverage, re-drilling and/or restoring, and care, custody and control shall be carried by each Party with limits of liability of \$75,000,000 per occurrence and in the aggregate and \$5,000,000 per occurrence and in the aggregate for Care, Custody and Control coverage.
- F. Financial Responsibility Insurance: Operator shall demonstrate coverage, as required by the Bureau of Ocean Energy Management pursuant to the Oil Pollution Act of 1990 as per CFR Part 253 "Final Rule for Oil Spill Financial Responsibility", according to the applicable governmental guidelines.
- G. Contractors: Operator shall use reasonable efforts to require all contractors working or performing services hereunder to comply with the workers' compensation and employer's liability laws, both State and Federal, and said contractors or others performing services shall be required to procure and maintain appropriate insurance coverage as deemed by Operator for the types of operations undertaken. All insurance shall be endorsed to include the Operator and the Parties as additional insureds, except for Worker's Compensation. All such policies shall be endorsed with a Waiver of Subrogation in favor of Operator and the Parties.

48 paragraph of the introduction of Section III (*Overhead*). Technical Services may be provided by the Operator, Operator’s Affiliate, Non-
49 Operator, Non-Operator Affiliates, and/or third parties.

50 51 **2. STATEMENTS AND BILLINGS**

52
53 The Operator shall bill Non-Operators on or before the last day of the month for their proportionate share of the Joint Account for the
54 preceding month. Such bills shall be accompanied by statements that identify the AFE (authority for expenditure), lease or facility, and all
55 charges and credits summarized by appropriate categories of investment and expense. Controllable Material shall be separately identified
56 and fully described in detail, or at the Operator’s option, Controllable Material may be summarized by major Material classifications.
57 Intangible drilling costs, audit adjustments, and unusual charges and credits shall be separately and clearly identified.

58
59 The Operator may make available to Non-Operators any statements and bills required under Section I.2 and/or Section I.3.A (*Advances*
60 *and Payments by the Parties*) via email, electronic data interchange, internet websites or other equivalent electronic media in lieu of paper
61 copies. The Operator shall provide the Non-Operators instructions and any necessary information to access and receive the statements and
62 bills within the timeframes specified herein. A statement or billing shall be deemed as delivered twenty-four (24) hours (exclusive of
63 weekends and holidays) after the Operator notifies the Non-Operator that the statement or billing is available on the website and/or sent via
64 email or electronic data interchange transmission. Each Non-Operator individually shall elect to receive statements and billings
65 electronically, if available from the Operator, or request paper copies. Such election may be changed upon thirty (30) days prior written
66 notice to the Operator.

3. ADVANCES AND PAYMENTS BY THE PARTIES

- A. Unless otherwise provided for in the Agreement, the Operator may require the Non-Operators to advance their share of the estimated cash outlay for the succeeding month's operations within fifteen (15) days after receipt of the advance request or by the first day of the month for which the advance is required, whichever is later. The Operator shall adjust each monthly billing to reflect advances received from the Non-Operators for such month. If a refund is due, the Operator shall apply the amount to be refunded to the subsequent month's billing or advance, unless the Non-Operator sends the Operator a written request for a cash refund. The Operator shall remit the refund to the Non-Operator within fifteen (15) days of receipt of such written request.
- B. Except as provided below, each Party shall pay its proportionate share of all bills in full within fifteen (15) days of receipt date. If payment is not made within such time, the unpaid balance shall bear interest compounded monthly at the prime rate published by the *Wall Street Journal* on the first day of each month the payment is delinquent, plus three percent (3%), per annum, or the maximum contract rate permitted by the applicable usury Laws governing the Joint Property, whichever is the lesser, plus attorney's fees, court costs, and other costs in connection with the collection of unpaid amounts. If the *Wall Street Journal* ceases to be published or discontinues publishing a prime rate, the unpaid balance shall bear interest compounded monthly at the prime rate published by the Federal Reserve plus three percent (3%), per annum. Interest shall begin accruing on the first day of the month in which the payment was due. Payment shall not be reduced or delayed as a result of inquiries or anticipated credits unless the Operator has agreed. Notwithstanding the foregoing, the Non-Operator may reduce payment, provided it furnishes documentation and explanation to the Operator at the time payment is made, to the extent such reduction is caused by:
- (1) being billed at an incorrect working interest or Participating Interest that is higher than such Non-Operator's actual working interest or Participating Interest, as applicable; or
 - (2) being billed for a project or AFE requiring approval of the Parties under the Agreement that the Non-Operator has not approved or is not otherwise obligated to pay under the Agreement; or
 - (3) being billed for a property in which the Non-Operator no longer owns a working interest, provided the Non-Operator has furnished the Operator a copy of the recorded assignment or letter in-lieu. Notwithstanding the foregoing, the Non-Operator shall remain responsible for paying bills attributable to the interest it sold or transferred for any bills rendered during the thirty (30) day period following the Operator's receipt of such written notice; or
 - (4) charges outside the adjustment period, as provided in Section I.4 (*Adjustments*).

4. ADJUSTMENTS

- A. Payment of any such bills shall not prejudice the right of any Party to protest or question the correctness thereof; however, all bills and statements, including payout statements, rendered during any calendar year shall conclusively be presumed to be true and correct, with respect only to expenditures, after twenty-four (24) months following the end of any such calendar year, unless within said period a Party takes specific detailed written exception thereto making a claim for adjustment. The Operator shall provide a response to all written exceptions, whether or not contained in an audit report, within the time periods prescribed in Section I.5 (*Expenditure Audits*).
- B. All adjustments initiated by the Operator, except those described in items (1) through (4) of this Section I.4.B, are limited to the twenty-four (24) month period following the end of the calendar year in which the original charge appeared or should have appeared on the Operator's Joint Account statement or payout statement. Adjustments that may be made beyond the twenty-four (24) month period are limited to adjustments resulting from the following:
- (1) a physical inventory of Controllable Material as provided for in Section V (*Inventories of Controllable Material*), or
 - (2) an offsetting entry (whether in whole or in part) that is the direct result of a specific joint interest audit exception granted by the Operator relating to another property, or
 - (3) a government/regulatory audit, or
 - (4) a working interest ownership or Participating Interest adjustment.

5. EXPENDITURE AUDITS

- A. A Non-Operator, upon written notice to the Operator and all other Non-Operators, shall have the right to audit the Operator's accounts and records relating to the Joint Account within the twenty-four (24) month period following the end of such calendar year in which such bill was rendered; however, conducting an audit shall not extend the time for the taking of written exception to and the adjustment of accounts as provided for in Section I.4 (*Adjustments*). Any Party that is subject to payout accounting under the Agreement shall have the right to audit the accounts and records of the Party responsible for preparing the payout statements, or of the Party furnishing information to the Party responsible for preparing payout statements. Audits of payout accounts may include the volumes of hydrocarbons produced and saved and proceeds received for such hydrocarbons as they pertain to payout accounting required under the Agreement. Unless otherwise provided in the Agreement, audits of a payout account shall be conducted within the twenty-four (24) month period following the end of the calendar year in which the payout statement was rendered.

Where there are two or more Non-Operators, the Non-Operators shall make every reasonable effort to conduct a joint audit in a manner that will result in a minimum of inconvenience to the Operator. The Operator shall bear no portion of the Non-Operators' audit cost incurred under this paragraph unless agreed to by the Operator. The audits shall not be conducted more than once each year without prior approval of the Operator, except upon the resignation or removal of the Operator, and shall be made at the expense of

those Non-Operators approving such audit.

The Non-Operator leading the audit (hereinafter “lead audit company”) shall issue the audit report within ninety (90) days after completion of the audit testing and analysis; however, the ninety (90) day time period shall not extend the twenty-four (24) month requirement for taking specific detailed written exception as required in Section I.4.A (*Adjustments*) above. All claims shall be supported with sufficient documentation.

A timely filed written exception or audit report containing written exceptions (hereinafter “written exceptions”) shall, with respect to the claims made therein, preclude the Operator from asserting a statute of limitations defense against such claims, and the Operator hereby waives its right to assert any statute of limitations defense against such claims for so long as any Non-Operator continues to comply with the deadlines for resolving exceptions provided in this Accounting Procedure. If the Non-Operators fail to comply with the additional deadlines in Section I.5.B or I.5.C, the Operator’s waiver of its rights to assert a statute of limitations defense against the claims brought by the Non-Operators shall lapse, and such claims shall then be subject to the applicable statute of limitations, provided that such waiver shall not lapse in the event that the Operator has failed to comply with the deadlines in Section I.5.B or I.5.C.

B. The Operator shall provide a written response to all exceptions in an audit report within one hundred eighty (180) days after Operator receives such report. Denied exceptions should be accompanied by a substantive response. If the Operator fails to provide substantive response to an exception within this one hundred eighty (180) day period, the Operator will owe interest on that exception or portion thereof, if ultimately granted, from the date it received the audit report. Interest shall be calculated using the rate set forth in Section I.3.B (*Advances and Payments by the Parties*).

C. The lead audit company shall reply to the Operator’s response to an audit report within ninety (90) days of receipt, and the Operator shall reply to the lead audit company’s follow-up response within ninety (90) days of receipt; provided, however, each Non-Operator shall have the right to represent itself if it disagrees with the lead audit company’s position or believes the lead audit company is not adequately fulfilling its duties. Unless otherwise provided for in Section I.5.E, if the Operator fails to provide substantive response to an exception within this ninety (90) day period, the Operator will owe interest on that exception or portion thereof, if ultimately granted, from the date it received the audit report. Interest shall be calculated using the rate set forth in Section I.3.B (*Advances and Payments by the Parties*).

D. If any Party fails to meet the deadlines in Sections I.5.B or I.5.C or if any audit issues are outstanding fifteen (15) months after Operator receives the audit report, the Operator or any Non-Operator participating in the audit has the right to call a resolution meeting, as set forth in this Section I.5.D or it may invoke the dispute resolution procedures included in the Agreement, if applicable. The meeting will require one month’s written notice to the Operator and all Non-Operators participating in the audit. The meeting shall be held at the Operator’s office or mutually agreed location, and shall be attended by representatives of the Parties with authority to resolve such outstanding issues. Any Party who fails to attend the resolution meeting shall be bound by any resolution reached at the meeting. The lead audit company will make good faith efforts to coordinate the response and positions of the Non-Operator participants throughout the resolution process; however, each Non-Operator shall have the right to represent itself. Attendees will make good faith efforts to resolve outstanding issues, and each Party will be required to present substantive information supporting its position. A resolution meeting may be held as often as agreed to by the Parties. Issues unresolved at one meeting may be discussed at subsequent meetings until each such issue is resolved.

If the Agreement contains no dispute resolution procedures and the audit issues cannot be resolved by negotiation, the dispute shall be submitted to mediation. In such event, promptly following one Party’s written request for mediation, the Parties to the dispute shall choose a mutually acceptable mediator and share the costs of mediation services equally. The Parties shall each have present at the mediation at least one individual who has the authority to settle the dispute. The Parties shall make reasonable efforts to ensure that the mediation commences within sixty (60) days of the date of the mediation request. Notwithstanding the above, any Party may file a lawsuit or complaint (1) if the Parties are unable after reasonable efforts, to commence mediation within sixty (60) days of the date of the mediation request, (2) for statute of limitations reasons, or (3) to seek a preliminary injunction or other provisional judicial relief, if in its sole judgment an injunction or other provisional relief is necessary to avoid irreparable damage or to preserve the status quo. Despite such action, the Parties shall continue to try to resolve the dispute by mediation.

E. ☐ (Optional Provision – Forfeiture Penalties)

If the Non-Operators fail to meet the deadline in Section I.5.C, any unresolved exceptions that were not addressed by the Non-Operators within one (1) year following receipt of the last substantive response of the Operator shall be deemed to have been withdrawn by the Non-Operators. If the Operator fails to meet the deadlines in Section I.5.B or I.5.C, any unresolved exceptions that were not addressed by the Operator within one (1) year following receipt of the audit report or receipt of the last substantive response of the Non-Operators, whichever is later, shall be deemed to have been granted by the Operator and adjustments shall be made, without interest, to the Joint Account.

6. APPROVAL BY PARTIES

A. GENERAL MATTERS

Where an approval or other agreement of the Parties or Non-Operators is expressly required under other Sections of this Accounting Procedure and if the Agreement to which this Accounting Procedure is attached contains no contrary provisions in regard thereto, the

Operator shall notify all Non-Operators of the Operator's proposal and the agreement or approval of a majority in interest of the Non-Operators shall be controlling on all Non-Operators.

This Section I.6.A applies to specific situations of limited duration where a Party proposes to change the accounting for charges from that prescribed in this Accounting Procedure. This provision does not apply to amendments to this Accounting Procedure, which are covered by Section I.6.B.

B. AMENDMENTS

If the Agreement to which this Accounting Procedure is attached contains no contrary provisions in regard thereto, this Accounting Procedure can be amended by an affirmative vote of one (1%) or more Parties, one of which is the Operator, having a combined working interest of at least fifty percent (50 %), which approval shall be binding on all Parties, provided, however, approval of at least one (1) Non-Operator shall be required.

C. AFFILIATES

For the purpose of administering the voting procedures of Sections I.6.A and I.6.B, if Parties to this Agreement are Affiliates of each other, then such Affiliates shall be combined and treated as a single Party having the combined working interest or Participating Interest of such Affiliates.

For the purposes of administering the voting procedures in Section I.6.A, if a Non-Operator is an Affiliate of the Operator, votes under Section I.6.A shall require the majority in interest of the Non-Operator(s) after excluding the interest of the Operator's Affiliate.

II. DIRECT CHARGES

The Operator shall charge the Joint Account with the following items:

1. RENTALS AND ROYALTIES

Lease rentals and royalties paid by the Operator, on behalf of all Parties, for the Joint Operations.

2. LABOR

A. Salaries and wages, including incentive compensation programs as set forth in COPAS MFI-37 ("Chargeability of Incentive Compensation Programs"), for:

- (1) Operator's field employees directly employed On-site in the conduct of Joint Operations,

- (3) Operator's employees providing First Level Supervision,
- (4) Operator's employees providing On-site Technical Services for the Joint Property if such charges are excluded from the overhead rates in Section III (*Overhead*),
- (5) Operator's employees providing Off-site Technical Services for the Joint Property if such charges are excluded from the overhead rates in Section III (*Overhead*).

Charges for the Operator's employees identified in Section II.2.A may be made based on the employee's actual salaries and wages, or in lieu thereof, a day rate representing the Operator's average salaries and wages of the employee's specific job category.

Charges for personnel chargeable under this Section II.2.A who are foreign nationals shall not exceed comparable compensation paid to an equivalent U.S. employee pursuant to this Section II.2, unless otherwise approved by the Parties pursuant to Section I.6.A (*General Matters*).

B. Operator's cost of holiday, vacation, sickness, and disability benefits, and other customary allowances paid to employees whose salaries and wages are chargeable to the Joint Account under Section II.2.A, excluding severance payments or other termination allowances. Such costs under this Section II.2.B may be charged on a "when and as-paid basis" or by "percentage assessment" on the amount of salaries and wages chargeable to the Joint Account under Section II.2.A. If percentage assessment is used, the rate shall be based on the Operator's cost experience.

C. Expenditures or contributions made pursuant to assessments imposed by governmental authority that are applicable to costs chargeable to the Joint Account under Sections II.2.A and B.

- D. Personal Expenses of personnel whose salaries and wages are chargeable to the Joint Account under Section II.2.A when the expenses are incurred in connection with directly chargeable activities.
- E. Reasonable relocation costs incurred in transferring to the Joint Property personnel whose salaries and wages are chargeable to the Joint Account under Section II.2.A. Notwithstanding the foregoing, relocation costs that result from reorganization or merger of a Party, or that are for the primary benefit of the Operator, shall not be chargeable to the Joint Account. Extraordinary relocation costs, such as those incurred as a result of transfers from remote locations, such as Alaska or overseas, shall not be charged to the Joint Account unless approved by the Parties pursuant to Section I.6.A (*General Matters*).
- F. Training costs as specified in COPAS MFI-35 ("Charging of Training Costs to the Joint Account") for personnel whose salaries and wages are chargeable under Section II.2.A. This training charge shall include the wages, salaries, training course cost, and Personal Expenses incurred during the training session. The training cost shall be charged or allocated to the property or properties directly benefiting from the training. The cost of the training course shall not exceed prevailing commercial rates, where such rates are available.
- G. Operator's current cost of established plans for employee benefits, as described in COPAS MFI-27 ("Employee Benefits Chargeable to Joint Operations and Subject to Percentage Limitation"), applicable to the Operator's labor costs chargeable to the Joint Account under Sections II.2.A and B based on the Operator's actual cost not to exceed the employee benefits limitation percentage most recently recommended by COPAS.
- H. Award payments to employees, in accordance with COPAS MFI-49 ("Awards to Employees and Contractors") for personnel whose salaries and wages are chargeable under Section II.2.A.

3. MATERIAL

Material purchased or furnished by the Operator for use on the Joint Property in the conduct of Joint Operations as provided under Section IV (*Material Purchases, Transfers, and Dispositions*). Only such Material shall be purchased for or transferred to the Joint Property as may be required for immediate use or is reasonably practical and consistent with efficient and economical operations. The accumulation of surplus stocks shall be avoided.

4. TRANSPORTATION

- A. Transportation of the Operator's, Operator's Affiliate's, or contractor's personnel necessary for Joint Operations.
- B. Transportation of Material between the Joint Property and another property, or from the Operator's warehouse or other storage point to the Joint Property, shall be charged to the receiving property using one of the methods listed below. Transportation of Material from the Joint Property to the Operator's warehouse or other storage point shall be paid for by the Joint Property using one of the methods listed below:
- (1) If the actual trucking charge is less than or equal to the Excluded Amount the Operator may charge actual trucking cost or a theoretical charge from the Railway Receiving Point to the Joint Property. The basis for the theoretical charge is the per hundred weight charge plus fuel surcharges from the Railway Receiving Point to the Joint Property. The Operator shall consistently apply the selected alternative.
 - (2) If the actual trucking charge is greater than the Excluded Amount, the Operator shall charge Equalized Freight. Accessorial charges such as loading and unloading costs, split pick-up costs, detention, call out charges, and permit fees shall be charged directly to the Joint Property and shall not be included when calculating the Equalized Freight.

5. SERVICES

The cost of contract services, equipment, and utilities used in the conduct of Joint Operations, except for contract services, equipment, and utilities covered by Section III (*Overhead*), or Section II.7 (*Affiliates*), or excluded under Section II.9 (*Legal Expense*). Awards paid to contractors shall be chargeable pursuant to COPAS MFI-49 ("Awards to Employees and Contractors").

The costs of third party Technical Services are chargeable to the extent excluded from the overhead rates under Section III (*Overhead*).

6. EQUIPMENT AND FACILITIES FURNISHED BY OPERATOR

In the absence of a separately negotiated agreement, equipment and facilities furnished by the Operator will be charged as follows:

- A. The Operator shall charge the Joint Account for use of Operator-owned equipment and facilities, including but not limited to production facilities, Shore Base Facilities, Offshore Facilities, and Field Offices, at rates commensurate with the costs of ownership and operation. The cost of Field Offices shall be chargeable to the extent the Field Offices provide direct service to personnel who are chargeable pursuant to Section II.2.A (*Labor*). Such rates may include labor, maintenance, repairs, other operating expense, insurance, taxes, depreciation using straight line depreciation method, and interest on gross investment less accumulated depreciation not to exceed eight percent (8%) per annum; provided, however, depreciation shall not be charged when the

equipment and facilities investment have been fully depreciated. The rate may include an element of the estimated cost for abandonment, reclamation, and dismantlement. Such rates shall not exceed the average commercial rates currently prevailing in the immediate area of the Joint Property.

- B. In lieu of charges in Section II.6.A above, the Operator may elect to use average commercial rates prevailing in the immediate area of the Joint Property, less twenty percent (20%). If equipment and facilities are charged under this Section II.6.B, the Operator shall adequately document and support commercial rates and shall periodically review and update the rate and the supporting documentation. For automotive equipment, the Operator may elect to use rates published by the Petroleum Motor Transport Association (PMTA) or such other organization recognized by COPAS as the official source of rates.

7. AFFILIATES

- A. Charges for an Affiliate's goods and/or services used in operations requiring an AFE or other authorization from the Non-Operators may be made without the approval of the Parties provided (i) the Affiliate is identified and the Affiliate goods and services are specifically detailed in the approved AFE or other authorization, and (ii) the total costs for such Affiliate's goods and services billed to such individual project do not exceed \$ 50,000.00. If the total costs for an Affiliate's goods and services charged to such individual project are not specifically detailed in the approved AFE or authorization or exceed such amount, charges for such Affiliate shall require approval of the Parties, pursuant to Section I.6.A (*General Matters*).

- B. For an Affiliate's goods and/or services used in operations not requiring an AFE or other authorization from the Non-Operators, charges for such Affiliate's goods and services shall require approval of the Parties, pursuant to Section I.6.A (*General Matters*), if the charges exceed \$ 50,000.00 in a given calendar year.

- C. The cost of the Affiliate's goods or services shall not exceed average commercial rates prevailing in the area of the Joint Property, unless the Operator obtains the Non-Operators' approval of such rates. The Operator shall adequately document and support commercial rates and shall periodically review and update the rate and the supporting documentation; provided, however, documentation of commercial rates shall not be required if the Operator obtains Non-Operator approval of its Affiliate's rates or charges prior to billing Non-Operators for such Affiliate's goods and services. Notwithstanding the foregoing, direct charges for Affiliate-owned communication facilities or systems shall be made pursuant to Section II.12 (*Communications*).

If the Parties fail to designate an amount in Sections II.7.A or II.7.B, in each instance the amount deemed adopted by the Parties as a result of such omission shall be the amount established as the Operator's expenditure limitation in the Agreement. If the Agreement does not contain an Operator's expenditure limitation, the amount deemed adopted by the Parties as a result of such omission shall be zero dollars (\$ 0.00).

8. DAMAGES AND LOSSES TO JOINT PROPERTY

All costs or expenses necessary for the repair or replacement of Joint Property resulting from damages or losses incurred, except to the extent such damages or losses result from a Party's or Parties' gross negligence or willful misconduct, in which case such Party or Parties shall be solely liable.

The Operator shall furnish the Non-Operator written notice of damages or losses incurred as soon as practicable after a report has been received by the Operator.

9. LEGAL EXPENSE

Recording fees and costs of handling, settling, or otherwise discharging litigation, claims, and liens incurred in or resulting from operations under the Agreement, or necessary to protect or recover the Joint Property, to the extent permitted under the Agreement. Costs of the Operator's or Affiliate's legal staff or outside attorneys, including fees and expenses, are not chargeable unless approved by the Parties pursuant to Section I.6.A (*General Matters*) or otherwise provided for in the Agreement.

Notwithstanding the foregoing paragraph, costs for procuring abstracts, fees paid to outside attorneys for title examinations (including preliminary, supplemental, shut-in royalty opinions, division order title opinions), and curative work shall be chargeable to the extent permitted as a direct charge in the Agreement.

10. TAXES AND PERMITS

All taxes and permitting fees of every kind and nature, assessed or levied upon or in connection with the Joint Property, or the production therefrom, and which have been paid by the Operator for the benefit of the Parties, including penalties and interest, except to the extent the penalties and interest result from the Operator's gross negligence or willful misconduct.

If ad valorem taxes paid by the Operator are based in whole or in part upon separate valuations of each Party's working interest, then notwithstanding any contrary provisions, the charges to the Parties will be made in accordance with the tax value generated by each Party's working interest.

Costs of tax consultants or advisors, the Operator's employees, or Operator's Affiliate employees in matters regarding ad valorem or other tax matters, are not permitted as direct charges unless approved by the Parties pursuant to Section I.6.A (*General Matters*).

Charges to the Joint Account resulting from sales/use tax audits, including extrapolated amounts and penalties and interest, are permitted, provided the Non-Operator shall be allowed to review the invoices and other underlying source documents which served as the basis for tax charges and to determine that the correct amount of taxes were charged to the Joint Account. If the Non-Operator is not permitted to review such documentation, the sales/use tax amount shall not be directly charged unless the Operator can conclusively document the amount owed by the Joint Account.

11. INSURANCE

Net premiums paid for insurance required to be carried for Joint Operations for the protection of the Parties. If Joint Operations are conducted at locations where the Operator acts as self-insurer in regard to its worker's compensation and employer's liability insurance obligation, the Operator shall charge the Joint Account manual rates for the risk assumed in its self-insurance program as regulated by the jurisdiction governing the Joint Property. In the case of offshore operations in federal waters, the manual rates of the adjacent state shall be used for personnel performing work On-site, and such rates shall be adjusted for offshore operations by the U.S. Longshoreman and Harbor Workers (USL&H) or Jones Act surcharge, as appropriate.

12. COMMUNICATIONS

Costs of acquiring, leasing, installing, operating, repairing, and maintaining communication facilities or systems, including satellite, radio and microwave facilities, between the Joint Property and the Operator's office(s) directly responsible for field operations in accordance with the provisions of COPAS MFI-44 ("Field Computer and Communication Systems"). If the communications facilities or systems serving the Joint Property are Operator-owned, charges to the Joint Account shall be made as provided in Section II.6 (*Equipment and Facilities Furnished by Operator*). If the communication facilities or systems serving the Joint Property are owned by the Operator's Affiliate, charges to the Joint Account shall not exceed average commercial rates prevailing in the area of the Joint Property. The Operator shall adequately document and support commercial rates and shall periodically review and update the rate and the supporting documentation.

13. ECOLOGICAL, ENVIRONMENTAL, AND SAFETY

Costs incurred for Technical Services and drafting to comply with ecological, environmental and safety Laws or standards recommended by Occupational Safety and Health Administration (OSHA) or other regulatory authorities. All other labor and functions incurred for ecological, environmental and safety matters, including management, administration, and permitting, shall be covered by Sections II.2 (*Labor*), II.5 (*Services*), or Section III (*Overhead*), as applicable.

Costs to provide or have available pollution containment and removal equipment plus actual costs of control and cleanup and resulting responsibilities of oil and other spills as well as discharges from permitted outfalls as required by applicable Laws, or other pollution containment and removal equipment deemed appropriate by the Operator for prudent operations, are directly chargeable.

14. ABANDONMENT AND RECLAMATION

Costs incurred for abandonment and reclamation of the Joint Property, including costs required by lease agreements or by Laws.

15. OTHER EXPENDITURES

Any other expenditure not covered or dealt with in the foregoing provisions of this Section II (*Direct Charges*), or in Section III (*Overhead*) and which is of direct benefit to the Joint Property and is incurred by the Operator in the necessary and proper conduct of the Joint Operations. Charges made under this Section II.15 shall require approval of the Parties, pursuant to Section I.6.A (*General Matters*).

III. OVERHEAD

As compensation for costs not specifically identified as chargeable to the Joint Account pursuant to Section II (*Direct Charges*), the Operator shall charge the Joint Account in accordance with this Section III.

Functions included in the overhead rates regardless of whether performed by the Operator, Operator's Affiliates or third parties and regardless of location, shall include, but not be limited to, costs and expenses of:

- warehousing, other than for warehouses that are jointly owned under this Agreement
- design and drafting (except when allowed as a direct charge under Sections II.13, III.1.A(ii), and III.2, Option B)
- inventory costs not chargeable under Section V (*Inventories of Controllable Material*)
- procurement
- administration
- accounting and auditing
- gas dispatching and gas chart integration

- human resources
- management
- supervision not directly charged under Section II.2 (*Labor*)
- legal services not directly chargeable under Section II.9 (*Legal Expense*)
- taxation, other than those costs identified as directly chargeable under Section II.10 (*Taxes and Permits*)
- preparation and monitoring of permits and certifications; preparing regulatory reports; appearances before or meetings with governmental agencies or other authorities having jurisdiction over the Joint Property, other than On-site inspections; reviewing, interpreting, or submitting comments on or lobbying with respect to Laws or proposed Laws.

Overhead charges shall include the salaries or wages plus applicable payroll burdens, benefits, and Personal Expenses of personnel performing overhead functions, as well as office and other related expenses of overhead functions.

1. OVERHEAD—DRILLING AND PRODUCING OPERATIONS

As compensation for costs incurred but not chargeable under Section II (*Direct Charges*) and not covered by other provisions of this Section III, the Operator shall charge on either:

☒ (**Alternative 1**) Fixed Rate Basis, Section III.1.B.

A. TECHNICAL SERVICES

(i) Except as otherwise provided in Section II.13 (*Ecological Environmental, and Safety*) and Section III.2 (*Overhead – Major Construction and Catastrophe*), or by approval of the Parties pursuant to Section I.6.A (*General Matters*), the salaries, wages, related payroll burdens and benefits, and Personal Expenses for **On-site** Technical Services, including third party Technical Services:

☒ (**Alternative 1 – Direct**) shall be charged direct to the Joint Account.

(ii) Except as otherwise provided in Section II.13 (*Ecological, Environmental, and Safety*) and Section III.2 (*Overhead – Major Construction and Catastrophe*), or by approval of the Parties pursuant to Section I.6.A (*General Matters*), the salaries, wages, related payroll burdens and benefits, and Personal Expenses for **Off-site** Technical Services, including third party Technical Services:

☒ (**Alternative 1 – All Overhead**) shall be covered by the overhead rates.

☐ (**Alternative 2 – All Direct**) shall be charged direct to the Joint Account.

Notwithstanding anything to the contrary in this Section III, Technical Services provided by Operator’s Affiliates are subject to limitations set forth in Section II.7 (*Affiliates*). Charges for Technical personnel performing non-technical work shall not be governed by this Section III.1.A, but instead governed by other provisions of this Accounting Procedure relating to the type of work being performed.

B. OVERHEAD—FIXED RATE BASIS

(1) The Operator shall charge the Joint Account at the following rates per well per month:

Drilling Well Rate per month \$ 40,000.00 (prorated for less than a full month)

Producing Well Rate per month \$ 4,000.00

(2) Application of Overhead—Drilling Well Rate shall be as follows:

(a) Charges for onshore drilling wells shall begin on the spud date and terminate on the date the drilling and/or completion equipment used on the well is released, whichever occurs later. Charges for offshore and inland waters drilling wells shall begin on the date the drilling or completion equipment arrives on location and terminate on the date the drilling or completion equipment moves off location, or is released, whichever occurs first. No charge shall be made during suspension of drilling and/or completion operations for fifteen (15) or more consecutive calendar days.

(b) Charges for any well undergoing any type of workover, recompletion, and/or abandonment for a period of five (5) or more consecutive work-days shall be made at the Drilling Well Rate. Such charges shall be applied for the period from date operations, with rig or other units used in operations, commence through date of rig or other unit release, except that no charges shall be made during suspension of operations for fifteen (15) or more consecutive calendar days.

(3) Application of Overhead—Producing Well Rate shall be as follows:

(a) An active well that is produced, injected into for recovery or disposal, or used to obtain water supply to support operations for any portion of the month shall be considered as a one-well charge for the entire month.

(b) Each active completion in a multi-completed well shall be considered as a one-well charge provided each completion is considered a separate well by the governing regulatory authority.

(c) A one-well charge shall be made for the month in which plugging and abandonment operations are completed on any well, unless the Drilling Well Rate applies, as provided in Sections III.1.B.(2)(a) or (b). This one-well charge shall be made whether or not the well has produced.

(d) An active gas well shut in because of overproduction or failure of a purchaser, processor, or transporter to take production shall be considered as a one-well charge provided the gas well is directly connected to a permanent sales outlet.

(e) Any well not meeting the criteria set forth in Sections III.1.B.(3) (a), (b), (c), or (d) shall not qualify for a producing overhead charge.

(4) The well rates shall be adjusted on the first day of April each year following the effective date of the Agreement; provided, however, if this Accounting Procedure is attached to or otherwise governing the payout accounting under a farmout agreement, the rates shall be adjusted on the first day of April each year following the effective date of such farmout agreement. The adjustment shall be computed by applying the adjustment factor most recently published by COPAS. The adjusted rates shall be the initial or amended rates agreed to by the Parties increased or decreased by the adjustment factor described herein, for each year from the effective date of such rates, in accordance with COPAS MFI-47 (“Adjustment of Overhead Rates”).

2. OVERHEAD—MAJOR CONSTRUCTION AND CATASTROPHE

To compensate the Operator for overhead costs incurred in connection with a Major Construction project or Catastrophe, the Operator shall either negotiate a rate prior to the beginning of the project, or shall charge the Joint Account for overhead based on the following rates for any Major Construction project in excess of the Operator’s expenditure limit under the Agreement, or for any Catastrophe regardless of the amount. If the Agreement to which this Accounting Procedure is attached does not contain an expenditure limit, Major Construction Overhead shall be assessed for any single Major Construction project costing in excess of \$100,000 gross.

Major Construction shall mean the construction and installation of fixed assets, the expansion of fixed assets, and any other project clearly discernible as a fixed asset required for the development and operation of the Joint Property, or in the dismantlement, abandonment, removal, and restoration of platforms, production equipment, and other operating facilities.

Catastrophe is defined as a sudden calamitous event bringing damage, loss, or destruction to property or the environment, such as an oil spill, blowout, explosion, fire, storm, hurricane, or other disaster. The overhead rate shall be applied to those costs necessary to restore the Joint Property to the equivalent condition that existed prior to the event.

A. If the Operator absorbs the engineering, design and drafting costs related to the project:

(1) 5% of total costs if such costs are less than \$100,000; plus

(2) 3% of total costs in excess of \$100,000 but less than \$1,000,000; plus

(3) 2% of total costs in excess of \$1,000,000.

B. If the Operator charges engineering, design and drafting costs related to the project directly to the Joint Account:

(1) 5% of total costs if such costs are less than \$100,000; plus

(2) 3% of total costs in excess of \$100,000 but less than \$1,000,000; plus

(3) 2% of total costs in excess of \$1,000,000.

Total cost shall mean the gross cost of any one project. For the purpose of this paragraph, the component parts of a single Major Construction project shall not be treated separately, and the cost of drilling and workover wells and purchasing and installing pumping units and downhole artificial lift equipment shall be excluded. For Catastrophes, the rates shall be applied to all costs associated with each single occurrence or event.

On each project, the Operator shall advise the Non-Operator(s) in advance which of the above options shall apply.

For the purposes of calculating Catastrophe Overhead, the cost of drilling relief wells, substitute wells, or conducting other well operations directly resulting from the catastrophic event shall be included. Expenditures to which these rates apply shall not be reduced by salvage or insurance recoveries. Expenditures that qualify for Major Construction or Catastrophe Overhead shall not qualify for overhead under any other overhead provisions.

In the event of any conflict between the provisions of this Section III.2 and the provisions of Sections II.2 (*Labor*), II.5 (*Services*), or II.7 (*Affiliates*), the provisions of this Section III.2 shall govern.

3. AMENDMENT OF OVERHEAD RATES

The overhead rates provided for in this Section III may be amended from time to time if, in practice, the rates are found to be insufficient or excessive, in accordance with the provisions of Section I.6.B (*Amendments*).

IV. MATERIAL PURCHASES, TRANSFERS, AND DISPOSITIONS

The Operator is responsible for Joint Account Material and shall make proper and timely charges and credits for direct purchases, transfers, and dispositions. The Operator shall provide all Material for use in the conduct of Joint Operations; however, Material may be supplied by the Non-Operators, at the Operator's option. Material furnished by any Party shall be furnished without any express or implied warranties as to quality, fitness for use, or any other matter.

1. DIRECT PURCHASES

Direct purchases shall be charged to the Joint Account at the price paid by the Operator after deduction of all discounts received. The Operator shall make good faith efforts to take discounts offered by suppliers, but shall not be liable for failure to take discounts except to the extent such failure was the result of the Operator's gross negligence or willful misconduct. A direct purchase shall be deemed to occur when an agreement is made between an Operator and a third party for the acquisition of Material for a specific well site or location. Material provided by the Operator under "vendor stocking programs," where the initial use is for a Joint Property and title of the Material does not pass from the manufacturer, distributor, or agent until usage, is considered a direct purchase. If Material is found to be defective or is returned to the manufacturer, distributor, or agent for any other reason, credit shall be passed to the Joint Account within sixty (60) days after the Operator has received adjustment from the manufacturer, distributor, or agent.

2. TRANSFERS

A transfer is determined to occur when the Operator (i) furnishes Material from a storage facility or from another operated property, (ii) has assumed liability for the storage costs and changes in value, and (iii) has previously secured and held title to the transferred Material. Similarly, the removal of Material from the Joint Property to a storage facility or to another operated property is also considered a transfer; provided, however, Material that is moved from the Joint Property to a storage location for safe-keeping pending disposition may remain charged to the Joint Account and is not considered a transfer. Material shall be disposed of in accordance with Section IV.3 (*Disposition of Surplus*) and the Agreement to which this Accounting Procedure is attached.

A. PRICING

The value of Material transferred to/from the Joint Property should generally reflect the market value on the date of physical transfer. Regardless of the pricing method used, the Operator shall make available to the Non-Operators sufficient documentation to verify the Material valuation. When higher than specification grade or size tubulars are used in the conduct of Joint Operations, the Operator shall charge the Joint Account at the equivalent price for well design specification tubulars, unless such higher specification grade or sized tubulars are approved by the Parties pursuant to Section I.6.A (*General Matters*). Transfers of new Material will be priced using one of the following pricing methods; provided, however, the Operator shall use consistent pricing methods, and not alternate between methods for the purpose of choosing the method most favorable to the Operator for a specific transfer:

- (1) Using published prices in effect on date of movement as adjusted by the appropriate COPAS Historical Price Multiplier (HPM) or prices provided by the COPAS Computerized Equipment Pricing System (CEPS).
 - (a) For oil country tubulars and line pipe, the published price shall be based upon eastern mill carload base prices (Houston, Texas, for special end) adjusted as of date of movement, plus transportation cost as defined in Section IV.2.B (*Freight*).
 - (b) For other Material, the published price shall be the published list price in effect at date of movement, as listed by a Supply Store nearest the Joint Property where like Material is normally available, or point of manufacture plus transportation costs as defined in Section IV.2.B (*Freight*).
- (2) Based on a price quotation from a vendor that reflects a current realistic acquisition cost.
- (3) Based on the amount paid by the Operator for like Material in the vicinity of the Joint Property within the previous twelve (12) months from the date of physical transfer.
- (4) As agreed to by the Participating Parties for Material being transferred to the Joint Property, and by the Parties owning the Material for Material being transferred from the Joint Property.

B. FREIGHT

Transportation costs shall be added to the Material transfer price using the method prescribed by the COPAS Computerized Equipment Pricing System (CEPS). If not using CEPS, transportation costs shall be calculated as follows:

- (1) Transportation costs for oil country tubulars and line pipe shall be calculated using the distance from eastern mill to the Railway Receiving Point based on the carload weight basis as recommended by the COPAS MFI-38 ("Material Pricing Manual") and other COPAS MFIs in effect at the time of the transfer.
- (2) Transportation costs for special mill items shall be calculated from that mill's shipping point to the Railway Receiving Point. For transportation costs from other than eastern mills, the 30,000-pound interstate truck rate shall be used. Transportation costs for macaroni tubing shall be calculated based on the interstate truck rate per weight of tubing transferred to the Railway Receiving Point.
- (3) Transportation costs for special end tubular goods shall be calculated using the interstate truck rate from Houston, Texas, to the Railway Receiving Point.
- (4) Transportation costs for Material other than that described in Sections IV.2.B.(1) through (3), shall be calculated from the Supply Store or point of manufacture, whichever is appropriate, to the Railway Receiving Point

Regardless of whether using CEPS or manually calculating transportation costs, transportation costs from the Railway Receiving Point to the Joint Property are in addition to the foregoing, and may be charged to the Joint Account based on actual costs incurred. All transportation costs are subject to Equalized Freight as provided in Section II.4 (*Transportation*) of this Accounting Procedure.

C. TAXES

Sales and use taxes shall be added to the Material transfer price using either the method contained in the COPAS Computerized Equipment Pricing System (CEPS) or the applicable tax rate in effect for the Joint Property at the time and place of transfer. In either case, the Joint Account shall be charged or credited at the rate that would have governed had the Material been a direct purchase.

D. CONDITION

(1) Condition “A” – New and unused Material in sound and serviceable condition shall be charged at one hundred percent (100%) of the price as determined in Sections IV.2.A (*Pricing*), IV.2.B (*Freight*), and IV.2.C (*Taxes*). Material transferred from the Joint Property that was not placed in service shall be credited as charged without gain or loss; provided, however, any unused Material that was charged to the Joint Account through a direct purchase will be credited to the Joint Account at the original cost paid less restocking fees charged by the vendor. New and unused Material transferred from the Joint Property may be credited at a price other than the price originally charged to the Joint Account provided such price is approved by the Parties owning such Material, pursuant to Section I.6.A (*General Matters*). All refurbishing costs required or necessary to return the Material to original condition or to correct handling, transportation, or other damages will be borne by the divesting property. The Joint Account is responsible for Material preparation, handling, and transportation costs for new and unused Material charged to the Joint Property either through a direct purchase or transfer. Any preparation costs incurred, including any internal or external coating and wrapping, will be credited on new Material provided these services were not repeated for such Material for the receiving property.

(2) Condition “B” – Used Material in sound and serviceable condition and suitable for reuse without reconditioning shall be priced by multiplying the price determined in Sections IV.2.A (*Pricing*), IV.2.B (*Freight*), and IV.2.C (*Taxes*) by seventy-five percent (75%).

Except as provided in Section IV.2.D(3), all reconditioning costs required to return the Material to Condition “B” or to correct handling, transportation or other damages will be borne by the divesting property.

If the Material was originally charged to the Joint Account as used Material and placed in service for the Joint Property, the Material will be credited at the price determined in Sections IV.2.A (*Pricing*), IV.2.B (*Freight*), and IV.2.C (*Taxes*) multiplied by sixty-five percent (65%).

Unless otherwise agreed to by the Parties that paid for such Material, used Material transferred from the Joint Property that was not placed in service on the property shall be credited as charged without gain or loss.

(3) Condition “C” – Material that is not in sound and serviceable condition and not suitable for its original function until after reconditioning shall be priced by multiplying the price determined in Sections IV.2.A (*Pricing*), IV.2.B (*Freight*), and IV.2.C (*Taxes*) by fifty percent (50%).

The cost of reconditioning may be charged to the receiving property to the extent Condition “C” value, plus cost of reconditioning, does not exceed Condition “B” value.

(4) Condition “D” – Material that (i) is no longer suitable for its original purpose but useable for some other purpose, (ii) is obsolete, or (iii) does not meet original specifications but still has value and can be used in other applications as a substitute for items with different specifications, is considered Condition “D” Material. Casing, tubing, or drill pipe used as line pipe shall be priced as Grade A and B seamless line pipe of comparable size and weight. Used casing, tubing, or drill pipe utilized as line pipe shall be priced at used line pipe prices. Casing, tubing, or drill pipe used as higher pressure service lines than standard line pipe, e.g., power oil lines, shall be priced under normal pricing procedures for casing, tubing, or drill pipe. Upset tubular goods shall be priced on a non-upset basis. For other items, the price used should result in the Joint Account being charged or credited with the value of the service rendered or use of the Material, or as agreed to by the Parties pursuant to Section I.6.A (*General Matters*).

(5) Condition “E” – Junk shall be priced at prevailing scrap value prices.

E. OTHER PRICING PROVISIONS

(1) Preparation Costs

Subject to Section II (*Direct Charges*) and Section III (*Overhead*) of this Accounting Procedure, costs incurred by the Operator in making Material serviceable including inspection, third party surveillance services, and other similar services will be charged to the Joint Account at prices which reflect the Operator’s actual costs of the services. Documentation must be provided to the Non-Operators upon request to support the cost of service. New coating and/or wrapping shall be considered a component of the Materials and priced in accordance with Sections IV.1 (*Direct Purchases*) or IV.2.A (*Pricing*), as applicable. No charges or credits shall be made for used coating or wrapping. Charges and credits for inspections shall be made in accordance with COPAS MFI-38 (“Material Pricing Manual”).

(2) Loading and Unloading Costs

Loading and unloading costs related to the movement of the Material to the Joint Property shall be charged in accordance with the methods specified in COPAS MFI-38 (“Material Pricing Manual”).

3. DISPOSITION OF SURPLUS

Surplus Material is that Material, whether new or used, that is no longer required for Joint Operations. The Operator may purchase, but shall be under no obligation to purchase, the interest of the Non-Operators in surplus Material.

Dispositions for the purpose of this procedure are considered to be the relinquishment of title of the Material from the Joint Property to either a third party, a Non-Operator, or to the Operator. To avoid the accumulation of surplus Material, the Operator should make good faith efforts to dispose of surplus within twelve (12) months through buy/sale agreements, trade, sale to a third party, division in kind, or other dispositions as agreed to by the Parties.

Disposal of surplus Materials shall be made in accordance with the terms of the Agreement to which this Accounting Procedure is attached. If the Agreement contains no provisions governing disposal of surplus Material, the following terms shall apply:

- The Operator may, through a sale to an unrelated third party or entity, dispose of surplus Material having a gross sale value that is less than or equal to the Operator's expenditure limit as set forth in the Agreement to which this Accounting Procedure is attached without the prior approval of the Parties owning such Material.
- If the gross sale value exceeds the Agreement expenditure limit, the disposal must be agreed to by the Parties owning such Material.
- Operator may purchase surplus Condition "A" or "B" Material without approval of the Parties owning such Material, based on the pricing methods set forth in Section IV.2 (*Transfers*).
- Operator may purchase Condition "C" Material without prior approval of the Parties owning such Material if the value of the Materials, based on the pricing methods set forth in Section IV.2 (*Transfers*), is less than or equal to the Operator's expenditure limitation set forth in the Agreement. The Operator shall provide documentation supporting the classification of the Material as Condition C.
- Operator may dispose of Condition "D" or "E" Material under procedures normally utilized by Operator without prior approval of the Parties owning such Material.

4. SPECIAL PRICING PROVISIONS

A. PREMIUM PRICING

Whenever Material is available only at inflated prices due to national emergencies, strikes, government imposed foreign trade restrictions, or other unusual causes over which the Operator has no control, for direct purchase the Operator may charge the Joint Account for the required Material at the Operator's actual cost incurred in providing such Material, making it suitable for use, and moving it to the Joint Property. Material transferred or disposed of during premium pricing situations shall be valued in accordance with Section IV.2 (*Transfers*) or Section IV.3 (*Disposition of Surplus*), as applicable.

B. SHOP-MADE ITEMS

Items fabricated by the Operator's employees, or by contract laborers under the direction of the Operator, shall be priced using the value of the Material used to construct the item plus the cost of labor to fabricate the item. If the Material is from the Operator's scrap or junk account, the Material shall be priced at either twenty-five percent (25%) of the current price as determined in Section IV.2.A (*Pricing*) or scrap value, whichever is higher. In no event shall the amount charged exceed the value of the item commensurate with its use.

C. MILL REJECTS

Mill rejects purchased as "limited service" casing or tubing shall be priced at eighty percent (80%) of K-55/J-55 price as determined in Section IV.2 (*Transfers*). Line pipe converted to casing or tubing with casing or tubing couplings attached shall be priced as K-55/J-55 casing or tubing at the nearest size and weight.

V. INVENTORIES OF CONTROLLABLE MATERIAL

The Operator shall maintain records of Controllable Material charged to the Joint Account, with sufficient detail to perform physical inventories.

Adjustments to the Joint Account by the Operator resulting from a physical inventory of Controllable Material shall be made within twelve (12) months following the taking of the inventory or receipt of Non-Operator inventory report. Charges and credits for overages or shortages will be valued for the Joint Account in accordance with Section IV.2 (*Transfers*) and shall be based on the Condition "B" prices in effect on the date of physical inventory unless the inventorying Parties can provide sufficient evidence another Material condition applies.

1 **1. DIRECTED INVENTORIES**

2
3 Physical inventories shall be performed by the Operator upon written request of a majority in working interests of the Non-Operators
4 (hereinafter, “directed inventory”); provided, however, the Operator shall not be required to perform directed inventories more frequently
5 than once every five (5) years. Directed inventories shall be commenced within one hundred eighty (180) days after the Operator receives
6 written notice that a majority in interest of the Non-Operators has requested the inventory. All Parties shall be governed by the results of
7 any directed inventory.

8
9 Expenses of directed inventories will be borne by the Joint Account; provided, however, costs associated with any post-report follow-up
10 work in settling the inventory will be absorbed by the Party incurring such costs. The Operator is expected to exercise judgment in keeping
11 expenses within reasonable limits. Any anticipated disproportionate or extraordinary costs should be discussed and agreed upon prior to
12 commencement of the inventory. Expenses of directed inventories may include the following:

- 13
14 A. A per diem rate for each inventory person, representative of actual salaries, wages, and payroll burdens and benefits of the personnel
15 performing the inventory or a rate agreed to by the Parties pursuant to Section I.6.A (*General Matters*). The per diem rate shall also
16 be applied to a reasonable number of days for pre-inventory work and report preparation.
17
18 B. Actual transportation costs and Personal Expenses for the inventory team.
19
20 C. Reasonable charges for report preparation and distribution to the Non-Operators.
21

22 **2. NON-DIRECTED INVENTORIES**

23
24 A. OPERATOR INVENTORIES

25
26 Physical inventories that are not requested by the Non-Operators may be performed by the Operator, at the Operator’s discretion. The
27 expenses of conducting such Operator-initiated inventories shall not be charged to the Joint Account.
28

29 B. NON-OPERATOR INVENTORIES

30
31 Subject to the terms of the Agreement to which this Accounting Procedure is attached, the Non-Operators may conduct a physical
32 inventory at reasonable times at their sole cost and risk after giving the Operator at least ninety (90) days prior written notice. The
33 Non-Operator inventory report shall be furnished to the Operator in writing within ninety (90) days of completing the inventory
34 fieldwork.
35

36 C. SPECIAL INVENTORIES

37
38 The expense of conducting inventories other than those described in Sections V.1 (*Directed Inventories*), V.2.A (*Operator*
39 *Inventories*), or V.2.B (*Non-Operator Inventories*), shall be charged to the Party requesting such inventory; provided, however,
40 inventories required due to a change of Operator shall be charged to the Joint Account in the same manner as described in Section
41 V.1 (*Directed Inventories*).

The contractor will take such action with respect to any subcontract or purchase order as the contracting agency may direct as a means of enforcing such provisions including sanctions for noncompliance; provided, however, that in the event the contractor becomes involved in, or is result of such direction by the contracting agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.
- (8) Contractor agrees and covenants that none of its employees or employees of its subcontractors who provided services pursuant to this contract are unauthorized aliens, as defined in the Immigration, Reform and Control Act of 1986.

1.12 "Percentage Interest" shall mean the percentage or decimal interest of each Party in the Gas produced from the Balancing Area pursuant to the Lease covering the Balancing Area.

1.13 ("Intentionally Deleted")

1.14 "Underproduced Party" shall mean any Party having taken a lesser quantity of Gas from the Balancing Area than the Percentage Interest of such Party in the cumulative quantity of all Gas produced from the Balancing Area.

1.15 "Underproduction" shall mean the deficiency between the cumulative quantity of Gas taken by a Party and its

Percentage Interest in the cumulative quantity of all Gas produced from the Balancing Area.

- 1.16 ☐ (Optional) "Winter Period" shall mean the month(s) of November and December in one calendar year and the month(s) of January and February in the succeeding calendar year.

2. BALANCING AREA

2.1 If this Agreement covers more than one Balancing Area, it shall be applied as if each Balancing Area were covered by separate but identical agreements. All balancing hereunder shall be on the basis of Gas taken from the Balancing Area measured in (Alternative 1) ☐ Mcfs or (Alternative 2) ☒ MMBtus.

3. RIGHT OF PARTIES TO TAKE GAS

3.1 Each Party desiring to take Gas will notify the Operator, or cause the Operator to be notified, of the volumes nominated, the name of the transporting pipeline and the pipeline contract number (if available) and meter station relating to such delivery, sufficiently in advance for the Operator, acting with reasonable diligence, to meet all nomination and other requirements. Operator is authorized to deliver the volumes so nominated and confirmed (if confirmation is required) to the transporting pipeline in accordance with the terms of this Agreement. Operator shall provide each Party with an estimate of its Full Share of Current Production and the estimated sustainable Gas volumes for Makeup Gas by the 15th calendar day of the month before the month of production. The Parties recognize that Operator's estimates are no more than estimates, and that these estimated volumes may vary from the actual Gas sales volumes during the month. Operator will, insofar as reasonably possible and practical, notify (by telephone or facsimile) the Parties of significant variances in production volumes relative to nominations where these variances could be reasonably expected to result in penalties being imposed by pipeline/purchases. Operator will notify all the parties of scheduled operations that will impact sustained production.

3.2 Each Party shall make a reasonable, good faith effort to take its Full Share of Current Production each month, to the extent that such production is required to maintain leases in effect, to protect the producing capacity of a well or reservoir, to preserve correlative rights, or to maintain oil production.

3.3 When a Party fails for any reason to take its Full Share of Current Production (as such Share may be reduced by the right of the other Parties to make up for Underproduction as provided herein), the other Parties shall be entitled to take any Gas which such Party fails to take. To the extent practicable, such Gas shall be made available initially to each Underproduced Party in the proportion that its Percentage Interest in the Balancing Area bears to the total Percentage Interests of all Underproduced Parties desiring to take such Gas. If all such Gas is not taken by the Underproduced Parties, the portion not taken shall then be made available to the other Parties in the proportion that their respective Percentage Interests in the Balancing Area bear to the total Percentage Interests of such Parties.

3.4 All Gas taken by a Party in accordance with the provisions of this Agreement, regardless of whether such Party is underproduced or overproduced, shall be regarded as Gas taken for its own account with title thereto being in such taking Party.

3.5 Notwithstanding the provisions of Section 3.3 hereof, no Overproduced Party shall be entitled in any month to take any Gas in excess of three hundred percent (300%) of its Percentage Interest of the Balancing Area's then-current Maximum Monthly Availability; provided, however, that this limitation shall not apply to the extent that it would preclude production that is required to maintain leases in effect, to protect the producing capacity of a well or reservoir, to preserve correlative rights, or to maintain oil production. "Maximum Monthly Availability" shall mean the maximum average monthly rate of production at which Gas can be delivered from the Balancing Area, as determined by the Operator, considering the maximum efficient well rate for each well within the Balancing Area, the maximum allowable(s) set by the appropriate regulatory agency, mode of operation, production facility capabilities and pipeline pressures.

3.6 In the event that a Party fails to make arrangements to take its Full Share of Current Production required to be produced to maintain leases in effect, to protect the producing capacity of a well or reservoir, to preserve correlative rights, or to maintain oil production, the Operator may sell any part of such Party's Full Share of Current Production that such Party fails to take for the account of such Party and render to such Party, on a current basis, the full proceeds of the sale, less any reasonable marketing, compression, treating, gathering or transportation costs incurred directly in connection with the sale of such Full Share of Current Production. In making the sale contemplated herein, the Operator shall be obliged only to obtain such price and conditions for the sale as are reasonable under the circumstances and shall not be obliged to share any of its markets. Any such sale by Operator under the terms hereof shall be only for such reasonable periods of time as are consistent with the minimum needs of the industry under the particular circumstances, but in no event for a period in excess of one year. Notwithstanding the provisions of Article 3.4 hereof, Gas sold by Operator for a Party under the provisions hereof shall be deemed to be Gas taken for the account of such Party. Notwithstanding anything contained herein to the contrary, no agency relationship or other relationship of trust and confidence shall be created by such sale, and Operator's sale of production under the terms hereof shall be subject to the terms of Section 12.3 hereof.

4. IN-KIND BALANCING

4.1 Effective the first day of any calendar month following at least thirty(30) days' prior written notice to the Operator, any Underproduced Party may begin taking, in addition to its Full Share of Current

Production and any Makeup Gas taken pursuant to Section 3.3 of this Agreement, a share of current production determined by multiplying fifty percent (50%) of the Full Shares of Current Production of all Overproduced Parties by a fraction, the numerator of which is the Percentage Interest of such Underproduced Party and the denominator of which is the total of the Percentage Interests of all Underproduced Parties desiring to take Makeup Gas. In no event will an Overproduced Party be required to provide more than fifty percent (50%) of its Full Share of Current Production for Makeup Gas. The Operator will promptly notify all Overproduced Parties of the election of an Underproduced Party to begin taking Makeup Gas.

~~4.2 ☐ (Optional - Seasonal Limitation on Makeup - Option 1) Notwithstanding the provisions of Section 4.1, the average monthly amount of Makeup Gas taken by an Underproduced Party during the Winter Period pursuant to Section 4.1 shall not exceed the average monthly amount of Makeup Gas taken by such Underproduced Party during the _____ (_____) months immediately preceding the Winter Period.~~

4.2 ☐ (Optional - Seasonal Limitation on Makeup - Option 2) Notwithstanding the provisions of Section 4.1, no Overproduced Party will be required to provide more than twenty-five percent percent (25%) of its Full Share of Current Production for Makeup Gas during the Winter Period.

~~4.3 ☐ (Optional) Notwithstanding any other provision of this Agreement, at such time and for so long as Operator, or (insofar as concerns production by the Operator) any Underproduced Party, determines in good faith that an Overproduced Party has produced all its share of the ultimately recoverable reserves in the Balancing Area, such Overproduced Party may be required to make available for Makeup Gas, on the demand of the Operator or any Underproduced Party, up to _____ percent (_____) of such Overproduced Party's Full Share of Current Production.~~

5. STATEMENT OF GAS BALANCES

5.1 The Operator will maintain appropriate accounting on a monthly and cumulative basis of the volumes of Gas that each Party is entitled to receive and the volumes of Gas actually taken or sold for each Party's account. Within forty-five (45) days after the month of production, the Operator will furnish a statement for such month showing (1) each Party's Full Share of Current Production, (2) the total volume of Gas actually taken or sold for each Party's account, (3) the difference between the volume taken by each Party and that Party's Full Share of Current Production, (4) the Overproduction or Underproduction of each Party, and (5) other data as recommended by the provisions of the Council of Petroleum Accountants Societies Bulletin No.24, as amended or supplemented hereafter. Each Party taking Gas will promptly provide to the Operator any data required by the Operator for preparation of the statements required hereunder.

5.2 If any Party fails to provide the data required herein for four (4) consecutive production months, the Operator, or where the Operator has failed to provide data, another Party, may audit the production and Gas sales and transportation volumes of the non-reporting Party to provide the required data. Such audit shall be conducted only after reasonable notice and during normal business hours in the office of the Party whose records are being audited. All costs associated with such audit will be charged to the account of the Party failing to provide the required data.

6. PAYMENTS ON PRODUCTION

6.1 Each Party taking Gas shall pay or cause to be paid all production and severance taxes due on all volumes of Gas actually taken by such Party.

6.2 (Intentionally Deleted)

~~6.2.1 ☐ (Optional - For use only with Section 6.2 - Alternative I - Entitlement) On written request of a Party taking less than its Full Share of Current Production in a given month ("Current Underproducer"), any Party taking more than its Full Share of Current Production in such month ("Current Overproducer") will pay to such Current Underproducer an amount each month equal to the Royalty percentage of the proceeds received by the Current Overproducer for that portion of the Current Underproducer's Full Share of Current Production taken by the Current Overproducer; provided, however, that such payment will not exceed the Royalty percentage that is common to all Royalty burdens in the Balancing Area. Payments made pursuant to this Section 6.2.1 will be deemed payments to the Underproduced Party's Royalty owners for purposes of Section 7.5.~~

~~6.2 ☐ (Alternative 2 - Sales) Each Party shall pay or cause to be paid Royalty due with respect to Royalty owners to whom it is accountable based on the volume of Gas actually taken for its account.~~

6.3 (Intentionally Deleted)

7. CASH SETTLEMENTS

7.1 On the earlier of the plugging and abandonment of the last producing interval in the Balancing Area, or at any time no Gas is taken from the Balancing Area for a period of twelve (12) consecutive months, any Party may give written notice calling for cash Settlement of the Gas production imbalances among the Parties. Such notice shall be given to all Parties in the Balancing Area.

7.2 Within ninety (90) days after the notice calling for cash settlement under Section 7.1, the Operator will distribute to each Party a Final Gas Settlement Statement detailing the quantity of Overproduction owed by each Overproduced Party to each Underproduced Party and identifying the month to which such Overproduction is attributed, pursuant to the methodology set out in Section 7.4.

7.3 ■ **(Alternative 1 - Direct Party-to-Party Settlement)** Within ninety (90) days after receipt of the Final Gas Settlement Statement, each Overproduced Party will pay to each Underproduced Party entitled to settlement the appropriate cash Settlement, accompanied by appropriate accounting detail. At the time of payment, the Overproduced Party will notify the Operator of the Gas imbalance settled by the Overproduced Party's payment.

~~7.3 □ **(Alternative 2 - Settlement Through Operator)** Within sixty (60) days after receipt of the Final Gas Settlement Statement, each Overproduced Party will send its cash settlement, accompanied by appropriate accounting detail, to the Operator. The Operator will distribute the monies so received, along with any settlement owed by the Operator as an Overproduced Party, to each Underproduced Party to whom settlement is due within ninety (90) days after issuance of the Final Gas Settlement Statement. In the event that any Overproduced Party fails to pay any settlement due hereunder, the Operator may turn over responsibility for the collection of such settlement to the Party to whom it is owed, and the Operator will have no further responsibility with regard to such settlement.~~

~~7.3.1 □ **(Optional - For use only with Section 7.3, Alternative 2 - Settlement Through Operator)** Any Party shall have the right at any time on thirty (30) days' prior written notice to all other Parties to demand that any settlements due such Party for Overproduction be paid directly to such Party by the Overproduced Party, rather than being paid through the Operator. In the event that an Overproduced Party pays the Operator any sums due to an Underproduced Party at any time after thirty (30) days following the receipt of the notice provided for herein, the Overproduced Party will continue to be liable to such Underproduced Party for any sums so paid, until payment is actually received by the Underproduced Party.~~

7.4 ■ **(Alternative 1 - Historical Sales Basis)** The amount of the cash settlement will be based on the proceeds received by the Overproduced Party under an Arm's Length Agreement for the Gas taken from time to time by the Overproduced Party in excess of the Overproduced Party's Full Share of Current Production. Any Makeup Gas taken by the Underproduced Party before monetary settlement hereunder will be applied to offset Overproduction chronologically in the order of accrual. The method of valuation for cash settlement will be First In First Out (FIFO).

~~7.4 □ **(Alternative 2 - Most Recent Sales Basis)** The amount of the cash settlement will be based on the proceeds received by the Overproduced Party under an Arm's Length Agreement for the volume of Gas that constituted Overproduction by the Overproduced Party from the Balancing Area. For the purpose of implementing the cash settlement provision of the Section 7, an Overproduced Party will not be considered to have produced any of an Underproduced Party's share of Gas until the Overproduced Party has produced cumulatively all its Percentage Interest share of the Gas ultimately produced from the Balancing Area.~~

7.5 The values used for calculating the cash settlement under Section 7.4 will include all proceeds received for the sale of the Gas by the Overproduced Party calculated at the Balancing Area, after deducting any production or severance taxes paid as well as any reasonable marketing, compression, treating, gathering or transportation costs incurred directly in connection with the sale of the Overproduction.

7.5.1 ■ **(Optional - For Valuation Under Percentage of Proceeds Contracts)** For Overproduction sold under a gas purchase contract providing for payment based on a percentage of the proceeds obtained by the purchaser on resale of residue gas and liquid hydrocarbons extracted at a gas processing plant, the values used for calculating cash settlement will include proceeds received by the Overproduced Party for both the liquid hydrocarbons and the residue gas attributable to the Overproduction.

~~7.5.2 □ **(Optional - Valuation for Processed Gas - Option 1)** For Overproduction processed for the account of the Overproduced Party at a gas processing plant for the extraction of liquid hydrocarbons, the full quantity of the Overproduction will be valued for purposes of cash settlement at the prices received by the Overproduced Party for the sale of the residue gas attributable to the Overproduction without regard to proceeds attributable to liquid hydrocarbons which may have been extracted from the Overproduction.~~

7.5.2 ■ **(Optional - Valuation for Processed Gas - Option 2)** For Overproduction processed for the account of the Overproduced Party at a gas processing plant for the extraction of liquid hydrocarbons, the values used for calculating cash settlement will include the proceeds received by the Overproduced Party for the sale of the liquid hydrocarbons extracted from the Overproduction, less the actual reasonable costs incurred by the Overproduced Party to process the Overproduction and to transport, fractionate and handle the liquid hydrocarbons extracted therefrom before sale.

7.6 To the extent the Overproduced Party did not sell all Overproduction under an Arm's Length Agreement, the cash settlement will be based on the weighted average price received by the Overproduced Party for any gas sold from the Balancing Area under Arm's Length Agreements during the months to which such Overproduction is attributed. In the event that no sales under Arm's Length Agreements were made during any such month, the cash settlement for such month will be based on the simple average of the spot sales prices published for the applicable geographic area in the first issue of Inside F.E.R.C.'s Gas Market Report, *Natural Gas Week and Natural Gas Intelligence for such month. Should these publications cease to exist, a mutually acceptable pricing bulletin shall be used. * published by McGraw Hill for deliveries at Henry Hub, subject to reasonable base adjustments between the point of delivery to the applicable pipeline transportation system and the point at which the index price applies

7.7 Interest compounded at the rate of Prime rate in effect at Citibank N.A. of New York, plus one percent (1%) per annum or the maximum lawful percent (____%)

rate of interest applicable to the Balancing Area, whichever is less, will accrue for all amounts due under Section 7.1 beginning the first day following the date payment is due pursuant to Section 7.3. Such interest shall be borne by the Operator or any Overproduced Party in the proportion that their respective delays beyond the deadlines set out in Sections 7.2 and 7.3 contributed to the accrual of the interest.

7.8 In lieu of the cash settlement required by Section 7.3, an Overproduced Party may deliver to the Underproduced Party an offer to settle its Overproduction in-kind and at such rates, quantities, times and sources as may be agreed on by the Underproduced Party. If the Parties are unable to agree on the manner in which such in-kind settlement gas will be furnished within ninety (90) days after the Overproduced Party's offer to settle in kind, which period may be extended by agreement of said Parties, the Overproduced Party shall make a cash settlement as provided in Section 7.3. The making of an in-kind settlement offer under this Section 7.8 will not delay the accrual of interest on the cash settlement should the Parties fail to reach agreement on an in-kind settlement.

~~7.9 **(Optional Interim Cash Balancing)** At any time during the term of this Agreement, any Overproduced Party may, in its sole discretion, make cash settlement(s) with the Underproduced Parties covering all or part of its outstanding Gas imbalance, provided that such settlements must be made with all Underproduced Parties proportionately based on the relative imbalances of the Underproduced Parties, and provided further that such settlements may not be made more often than once every twenty-four (24) months. Such settlements will be calculated in the same manner provided above for final cash settlements. The Overproduced Party will provide Operator a detailed accounting of any such cash settlement within thirty (30) days after the settlement is made..~~

8. TESTING

Notwithstanding any provision of this Agreement to the contrary, any Party shall have the right, from time to time, to produce and take up to one hundred percent (100%) of a well's entire Gas stream to meet the reasonable deliverability test(s) required by such Party's Gas purchaser, and the right to take any Makeup Gas shall be subordinate to the right of any Party to conduct such tests; provided, however, that such tests shall be conducted in accordance with prudent operating practices only after thirty (30) days' prior written notice to the Operator and shall last no longer than seventy-two (72) hours. Consent of parties then taking all or any part of their share of gas shall be required to conduct testing during Winter Period.

9. OPERATING COSTS (Intentionally Deleted)

10. LIQUIDS

The Parties shall share proportionately in and own all liquid hydrocarbons recovered with Gas by field equipment operated for the joint account in accordance with their Percentage Interests in the Balancing Area.

11. AUDIT RIGHTS

Notwithstanding any provision in this Agreement or any other agreement between the Parties hereto, and further notwithstanding any termination or cancellation of this Agreement, for a period of two (2) years from the end of the calendar year in which any information to be furnished under Section 5 or 7 hereof is supplied, any Party shall have the right to audit the records of any other Party regarding quantity, including but not limited to information regarding Btu-content. Any Underproduced Party shall have the right for a period of two (2) years from the end of the calendar year in which any cash settlement is received pursuant to Section 7 to audit the records of any Overproduced Party as to all matters concerning values, including but not limited to information regarding prices and disposition of Gas from the Balancing Area. Any such audit shall be conducted at the expense of the Party or Parties desiring such audit, and shall be conducted, after reasonable notice, during normal business hours in the office of the Party whose records are being audited. Each Party hereto agrees to maintain records as to the volumes and prices of Gas sold each month and the volumes of Gas used in its own operations, along with the Royalty paid on any such Gas used by a Party in its own operations. The audit rights provided for in this Section 11 shall be in addition to those provided for in Section 5.2 of this Agreement, but any statements rendered by Operator shall conclusively be presumed to be true and correct after twenty-four (24) months following the end of any such calendar year, unless with the said twenty-four (24) month period an Underproduced Party takes written exception thereto and makes claim on Overproduced Party for adjustment.

12. MISCELLANEOUS

12.1 As between the Parties, in the event of any conflict between the provisions of this Agreement and the provisions of any gas sales contract, or in the event of any conflict between the provisions of this Agreement and the provisions of the **Lease**, the provisions of this Agreement shall govern.

12.2 Each Party agrees to defend, indemnify and hold harmless all other Parties from and against any and all liability for any claims, which may be asserted by any third party which now or hereafter stands in a contractual relationship with such indemnifying Party and which arise out of the operation of this Agreement or any activities of such indemnifying Party under the provisions of this Agreement, and does further agree to save the other Parties harmless from all judgments or damages sustained and costs incurred in connection therewith.

12.3 Except as otherwise provided in this Agreement, Operator is authorized to administer the provisions of this

Agreement, but shall have no liability to the other Parties for losses sustained or liability incurred which arise out of or in connection with the performance of Operator's duties hereunder, except such as may result from Operator's gross negligence or willful misconduct. Operator shall not be liable to any Underproduced Party for the failure of any Overproduced Party, (other than Operator) to pay any amounts owed pursuant to the terms hereof.

12.4 This Agreement shall remain in full force and effect for as long as the **Lease** shall remain in force and effect as to the Balancing Area, and thereafter until the Gas accounts between the Parties are settled in full, and shall inure to the benefit of and be binding on the Parties hereto, and their respective heirs, successors, legal representatives and assigns, if any. The Parties hereto agree to give notice of the existence of this Agreement to any successor in interest of any such Party and to provide that any such successor shall be bound by this Agreement, and shall further make any transfer of any interest subject to the **Lease**, or any part thereof, also subject to the terms of this Agreement.

12.5 Unless the context clearly indicates otherwise, words used in the singular include the plural, the plural includes the singular, and the neuter gender includes the masculine and the feminine.

12.6 In the event that any "Optional" provision of this Agreement is not adopted by the Parties to this Agreement by a typed, printed or handwritten indication, such provision shall not form a part of this Agreement, and no inference shall be made concerning the intent of the Parties in such event. In the event that any "Alternative" provision of this Agreement is not so adopted by the Parties, Alternative 1 in each such instance shall be deemed to have been adopted by the Parties as a result of any such omission. In those cases where it is indicated that an Optional provision may be used only if a specific Alternative is selected: (i) an election to include said Optional provision shall not be effective unless the Alternative in question is selected; and (ii) the election to include said Optional provision must be expressly indicated hereon, it being understood that the selection of an Alternative either expressly or by default as provided herein shall not, in and of itself, constitute an election to include an associated Optional provision.

12.7 This Agreement shall bind the Parties in accordance with the provisions hereof, and nothing herein shall be construed or interpreted as creating any rights in any person or entity not a signatory hereto, or as being a stipulation in favor of any such person or entity.

12.8 If contemporaneously with this Agreement becoming effective, or thereafter, any Party requests that any other Party execute an appropriate memorandum or notice of this Agreement in order to give third parties notice of record of same and submits same for execution in recordable form, such memorandum or notice shall be duly executed by the Party to which such request is made and delivered promptly thereafter to the Party making the request. On receipt, the Party making the request shall cause the memorandum or notice to be duly recorded in the appropriate real property or other records affecting the Balancing Area.

12.9 In the event federal tax regulations require a uniform method of computing taxable income by all Parties, the Parties agree to negotiate in good faith to develop such a uniform method that is in accordance with the requirement of said tax regulations.

13. ASSIGNMENT AND RIGHTS ON ASSIGNMENT

13.1 Subject to the provisions of Sections 13.2 (if elected) and 13.3 hereof, and notwithstanding anything in this Agreement or in the Operating Agreement to the contrary, if any Party assigns (including any sale, exchange or other transfer) any of its working interest in the Balancing Area when such Party is an Underproduced or Overproduced Party, the assignment or other act of transfer shall, insofar as the Parties hereto are concerned, include all interest of the assigning or transferring Party in the Gas, all rights to receive or obligations to provide or take Makeup Gas and all rights to receive or obligations to make any monetary payment which may ultimately be due hereunder, as applicable. Operator and each of the other Parties hereto shall thereafter treat the assignment accordingly, and the assigning or transferring Party shall look solely to its assignee or other transferee for any interest in the Gas or monetary payment that such Party may have or to which it may be entitled, and shall cause its assignee or other transferee to assume its obligations hereunder.

13.2 **■ (Optional - Cash Settlement on Assignment)** Notwithstanding anything in this Agreement (including but not limited to the provisions of Section 13.1 hereof) or in the Operating Agreement to the contrary, and subject to the provisions of Section 13.3 hereof, in the event an Overproduced Party intends to sell, assign, exchange or otherwise transfer any of its interest in a Balancing Area, such Overproduced Party shall notify in writing the other working interest owners who are Parties hereto in such Balancing Area of such fact at least sixty(60) days after closing the

transaction. Such notice shall contain a preliminary gas settlement statement detailing the quantity of Overproduction owed by the Overproduced Party to each Underproduced Party and the value of such Overproduction, calculated in accordance with Section 7.4 and 7.6 hereof. Thereafter, any Underproduced Party may demand from such Overproduced Party in writing, within sixty(60) days after receipt of the Overproduced Party's notice, a cash settlement of its Underproduction from the Balancing Area. The Operator shall be notified of any such demand and of any cash settlement pursuant to this Section 13, and the Overproduction and Underproduction of each Party shall be adjusted accordingly. Any cash settlement pursuant to this Section 13 shall be paid by the Overproduced Party ~~on or before the earlier to occur (i) of sixty (60) days after receipt of the Underproduced Party's demand or (ii) within 120 days after the closing of the transaction in which the Overproduced Party sells, assigns, exchanges or otherwise transfers its interest in a Balancing Area on the same basis as otherwise set forth in~~

Sections 7.3 through 7.6 hereof, and shall bear interest at the rate set forth in Section 7.7 hereof, beginning ~~sixty (60) days~~ following the 121st day after closing of

~~after~~ the Overproduced Party's sale, assignment, exchange or transfer of its interest in the Balancing Area for any amounts not paid. Provided, however, if any Underproduced Party does not so demand such cash settlement of its Underproduction from the Balancing Area, such Underproduced Party shall look exclusively to the assignee or other successor in interest of the Overproduced Party giving notice hereunder for the satisfaction of such Underproduced Party's Underproduction in accordance with the provisions of Section 13.1 hereof.

13.3 The provisions of this Section 13 shall not be applicable in the event any Party mortgages its interest or disposes of its interest by merger, reorganization, consolidation or sale of substantially all its assets to a subsidiary or parent company, or to any company in which any parent or subsidiary of such Party owns a majority of the stock of such company.

EXHIBIT "F"

Attached to and made a part of that certain Offshore Operating Agreement dated effective _____, 20__, by and between _____, as Operator, and _____, as Non-Operators.

MEMORANDUM OF OPERATING AGREEMENT AND FINANCING STATEMENT

- 1.0 This Memorandum of Operating Agreement and Financing Statement (this "Memorandum") is effective as of the effective date of the Operating Agreement referred to in Paragraph 2.0 below and is executed by the undersigned, duly authorized representative of [_____] (the "Operator"), and is executed by the undersigned, duly authorized representatives of [_____] , [_____] , [_____] , and [_____] (the "Non-Operators"). Operator and Non-Operators may be referred to herein individually as a "Party" and together as the "Parties".
- 2.0 The Operator and Non-Operators are Parties to that certain Operating Agreement effective _____, 20__ (the "Operating Agreement"), which Operating Agreement provides for the exploration, development and operation of the oil and gas leases described in Exhibit "A" of the Operating Agreement (hereinafter called the "Contract Area") and which designates [_____] , as the Operator, to conduct such operations for itself and the Non-Operators.
- 3.0 Among other provisions, the Operating Agreement (a) provides for certain liens, mortgages, pledges and security interests to secure payment by the Parties of their respective share of costs and other obligations under the Operating Agreement, (b) contains an Accounting Procedure, which establishes, among other things, interest to be charged on indebtedness, certain costs, and other expenses under the Operating Agreement at the rate set forth therein, and (c) includes non-consent clauses which establish that Parties who elect not to participate in certain operations shall (i) be deemed to have relinquished their interest in production until the carrying consenting Parties recover their costs of such operations plus a specified amount or (ii) forfeit their interest in certain Contract Area or portions thereof involved in such operations.
- 4.0 The Operator hereby certifies that a true and correct copy of the Operating Agreement is on file and is available for inspection by third parties at the offices of the Operator at the address set forth in this Memorandum.
- 5.0 In addition to any other security rights and remedies provided for by law with respect to services rendered or materials and equipment furnished under the Operating Agreement, for and in consideration of the covenants and mutual undertakings of the Operator and the Non-Operators set forth in the Operating Agreement, the Operator and the Non-Operators hereby agree as follows:
 - 5.1 To secure the performance of and payment by the Non-Operators of all obligations and indebtedness of the Non-Operators pursuant to the Operating Agreement, whether now

owed or hereafter arising, and to the extent susceptible under applicable law, the Non-Operators hereby grants to the Operator a mortgage, hypothec, and pledge of and over all of its rights, titles, and interests in and to (a) the Contract Area, (b) the oil and gas in, on, under, and that may be produced from the lands covered by the Contract Area, and (c) all other immovable property susceptible of mortgage situated within the Contract Area.

- 5.2 To secure the performance of and payment by the Non-Operators of all obligations and indebtedness of the Non-Operators pursuant to the Operating Agreement, whether now owed or hereafter arising, and to the extent susceptible under applicable law, the Non-Operators hereby grant to the Operator a continuing security interest in and to all of its rights, titles, interests, claims, general intangibles, proceeds, and products thereof, whether now existing or hereafter acquired, in and to (a) all oil and gas produced from the lands covered by the Contract Area or attributable to the Contract Area when produced, (b) all accounts receivable accruing or arising as a result of the sale of such oil and gas (including, without limitation, accounts arising from gas imbalances or from the sale of oil and gas at the wellhead), (c) all cash or other proceeds from the sale of such oil and gas once produced, and (d) all platforms, wells, facilities, fixtures, other corporeal property, whether movable or immovable, whether now or hereafter placed on the property covered by the Contract Area or maintained or used in connection with the ownership, use, or exploitation of the Contract Area, and other surface and sub-surface equipment of any kind or character located on or attributable to the Contract Area, and the cash or other proceeds realized from any sale, transfer, disposition or conversion thereof. The interest of the Non-Operators in and to the oil and gas produced from or attributable to the Contract Area when extracted and the accounts receivable accruing or arising as the result of the sale thereof shall be financed at the wellhead of the well or wells located on the Contract Area. To the extent permissible under applicable law, the security interest granted by the Non-Operators hereunder covers (i) all substitutions, replacements, and accessions to the property of the Non-Operators described herein and is intended to cover all of the rights, titles, and interests of the Non-Operators in all movable property now or hereafter located upon or used in connection with the Contract Area, whether corporeal or incorporeal, (ii) all rights under any gas balancing agreement, farmout rights, option farmout rights, acreage and cash contributions, and conversion rights of the Non-Operators in connection with the Contract Area, or the oil and gas produced from or attributable to the Contract Area, whether now owned or existing or hereafter acquired or arising, including, without limitation, all interests of the Non-Operators in any partnership, tax partnership, limited partnership, association, joint venture, or other entity or enterprise that holds, owns, or controls any interest in the Contract Area, and (iii) all rights, claims, general intangibles, and proceeds, whether now existing or hereafter acquired, of the Non-Operators in and to the contracts, agreements, permits, licenses, rights-of-way, and similar rights and privileges that relate to or are appurtenant to any of the Contract Area, including the following:

- (1) all rights, titles, and interests of the Non-Operators, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from any present or future operating, farmout, bidding, pooling, unitization, and communitization agreements, assignments, and subleases, whether or not described in Attachment "1," to the extent, and only to the extent, that such agreements, assignments, and subleases cover or include any of its rights, titles, and interests, whether now owned and existing or hereafter acquired or arising, in and to all or any portion of the Contract Area, and all units created by any such pooling, unitization, and communitization agreements, and all units formed under orders, regulations, rules, or other official acts of any governmental authority having jurisdiction, to the extent and only to the extent that such units cover or include all or any portion of the Contract Area;
 - (2) all rights, titles, and interests of the Non-Operators, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from all presently existing and future advance payment agreements, and oil, casinghead gas, and gas sales, exchange, and processing contracts and agreements, including, without limitation, those contracts and agreements that are described on Attachment "1" to the extent, and only to the extent, that those contracts and agreements cover or include all or any portion of the Contract Area; and
 - (3) all rights, titles, and interests of the Non-Operators, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from all existing and future permits, licenses, rights-of-way, and similar rights and privileges that relate to or are appurtenant to any of the Contract Area.
- 5.3 As applicable to the jurisdiction of operations under the Operating Agreement, this Memorandum (including a carbon, photographic, or other reproduction thereof and hereof) shall constitute a non-standard form of financing statement under the terms of Chapter 9 of the Louisiana Commercial Laws, La. R.S. 10:9-101 et seq. (the "Uniform Commercial Code," as adopted in the State of Louisiana) and, as such, for the purposes of the security interest in favor of the Operator, may be filed for record in the office of the Clerk of Court of any parish in the State of Louisiana and/or any county in the State of Texas, as applicable, with the Operator being the secured party and the Non-Operators being the debtors with respect to such filing.
- 5.4 The maximum amount for which the mortgage herein granted by the Non-Operators shall be deemed to secure the obligations and indebtedness of such Non-Operators to the Operator as stipulated herein is hereby fixed in an amount equal to Twenty-Five Million Dollars (\$25,000,000.00) (the "Limit of the Mortgage of the Non-Operators"). Except as provided in the previous sentence (and then only to the extent such limitations are required by law), the entire amount of obligations and indebtedness of the Non-Operators to the Operator is secured hereby without limitation. Notwithstanding the foregoing Limit of the Mortgage of the Non-Operators, the liability of the Non-Operators under this Memorandum and the mortgage and security interest granted hereby shall be limited to (and the Operator shall not be entitled to enforce the same against the Non-Operators for, an amount exceeding) the actual obligations and

indebtedness (including all interest charges, Costs, attorneys' fees, and other charges provided for in this Memorandum or in the Operating Agreement) outstanding and unpaid and that are attributable to or charged against the interest of the Non-Operators pursuant to the Operating Agreement.

- 5.5 To secure the performance of and payment by the Operator of all obligations and indebtedness of the Operator pursuant to the Operating Agreement, whether now owed or hereafter arising, and to the extent susceptible under applicable law, the Operator hereby grants to the Non-Operators a mortgage, hypothec, and pledge of and over all of its rights, titles, and interests in and to (a) the Contract Area, (b) the oil and gas in, on, under, and that may be produced from the lands included within the Contract Area, and (c) all other immovable property susceptible of mortgage situated within the Contract Area.
- 5.6 To secure the performance of and payment by the Operator of all obligations and indebtedness of the Operator pursuant to the Operating Agreement, whether now owed or hereafter arising, and to the extent susceptible under applicable law, the Operator hereby grants to the Non-Operators a continuing security interest in and to all of its rights, titles, interests, claims, general intangibles, proceeds, and products thereof, whether now existing or hereafter acquired, in and to (a) all oil and gas produced from the lands covered by the Contract Area or attributable to the Contract Area when produced, (b) all accounts receivable accruing or arising as a result of the sale of such oil and gas (including, without limitation, accounts arising from gas imbalances or from the sale of oil and gas at the wellhead), (c) all cash or other proceeds from the sale of such oil and gas once produced, and (d) all platforms, wells, facilities, fixtures, other corporeal property, whether movable or immovable, whether now or hereafter placed on the property covered by the Contract Area or maintained or used in connection with the ownership, use or exploitation of the Contract Area, and other surface and sub-surface equipment of any kind or character located on or attributable to the Contract Area and the cash or other proceeds realized from any sale, transfer, disposition or conversion thereof. The interest of the Operator in and to the oil and gas produced from or attributable to the Contract Area when extracted and the accounts receivable accruing or arising as the result of the sale thereof shall be financed at the wellhead of the well or wells located on the Contract Area. To the extent permissible under applicable law, the security interest granted by the Operator hereunder covers (a) all substitutions, replacements, and accessions to the property of the Operator described herein and is intended to cover all of the rights, titles and interests of the Operator in all movable property now or hereafter located upon or used in connection with the Contract Area, whether corporeal or incorporeal, (b) all rights under any gas balancing agreement, farmout rights, option farmout rights, acreage and cash contributions, and conversion rights of the Operator in connection with the Contract Area, or the oil and gas produced from or attributable to the Contract Area, whether now owned or existing or hereafter acquired or arising, including, without limitation, all interests of the Operator in any partnership, tax partnership, limited partnership, association, joint venture, or other entity or enterprise that holds, owns, or controls any interest in the

Contract Area, and (c) all rights, claims, general intangibles, and proceeds of the Operator, whether now existing or hereafter acquired, in and to the contracts, agreements, permits, licenses, rights-of-way, and similar rights and privileges that relate to or are appurtenant to any of the Contract Area, including the following:

- (i) all rights, titles, and interests of the Operator, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from any present or future operating, farmout, bidding, pooling, unitization, and communitization agreements, assignments, and subleases, whether or not described in Attachment "1," to the extent, and only to the extent, that such agreements, assignments, and subleases cover or include any of its rights, titles, and interests, whether now owned and existing or hereafter acquired or arising, in and to all or any portion of the Contract Area, and all units created by any such pooling, unitization, and communitization agreements and all units formed under orders, regulations, rules, or other official acts of any governmental authority having jurisdiction, to the extent and only to the extent that such units cover or include all or any portion of the Contract Area;
- (ii) all rights, titles, and interests of the Operator, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from all presently existing and future advance payment agreements, and oil, casinghead gas, and gas sales, exchange, and processing contracts and agreements, including, without limitation, those contracts and agreements that are described on Attachment "1" to the extent, and only to the extent, that those contracts and agreements cover or include all or any portion of the Contract Area; and
- (iii) all rights, titles, and interests of the Operator, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from all existing and future permits, licenses, rights-of-way, and similar rights and privileges that relate to or are appurtenant to any of the Contract Area.

5.7 For the purposes of the security interest in favor of the Non-Operators, this Memorandum (including a carbon, photographic, or other reproduction thereof and hereof) may be filed as a non-standard form of financing statement pursuant to the Uniform Commercial Code in the office of the Clerk of Court of any parish in the State of Louisiana and/or any county in the State of Texas, as applicable, with the Non-Operators being the secured Party and the Operator being the debtor with respect to such filing.

5.8 The maximum amount for which the mortgage herein granted shall be deemed to secure the obligations and indebtedness of the Operator to the Non-Operators as stipulated herein is hereby fixed in an amount equal to Twenty-Five Million Dollars (\$25,000,000.00) in the aggregate (the "Limit of the Mortgage of the Operator"), irrespective of the total number of Non-Operators party to the Operating Agreement at any time. Except as provided in the previous sentence (and then only to the extent such limitations are required by law), the entire amount of obligations and indebtedness of the Operator to the Non-Operators is secured hereby without limitation.

Notwithstanding the foregoing Limit of the Mortgage of the Operator, the liability of the Operator under this Memorandum and the mortgage and security interest granted hereby shall be limited to (and the Non-Operators shall not be entitled to enforce the same against Operator for, an amount exceeding) the actual obligations and indebtedness (including all interest charges, Costs, attorneys' fees, and other charges provided for in this Memorandum or in the Operating Agreement) outstanding and unpaid and that are attributable to or charged against the interest of the Operator pursuant to the Operating Agreement.

- 6.0 As applicable to the jurisdiction of operations under the Operating Agreement, to serve as notice of the existence of the Operating Agreement as a burden on the title of the Operator and the Non-Operators to their interests in and to the Contract Area, and for purposes of satisfying otherwise relevant recording and filing requirements of applicable law, this Memorandum is to be filed or recorded, as the case may be, in (a) the conveyance records of the parish or parishes in which the lands included within the Contract Area are located or adjacent pursuant to La. R.S. 9:2731 et seq., and/or the conveyance records of the county or counties in which the lands included in the Contract Area or located or adjacent (b) the mortgage records of such parish or parishes and/or county or counties, and (c) the appropriate Uniform Commercial Code records. All parties to the Operating Agreement are identified on Attachment "1" hereto.
- 7.0 If performance of any obligation under the Operating Agreement or payment of any indebtedness created thereunder does not occur or is not made when due under the Operating Agreement or upon default of any covenant or condition of the Operating Agreement, in addition to any other remedy afforded by law, each Party to the Operating Agreement and any successor to such Party by assignment, operation of law, or otherwise, shall have, and is hereby given and vested with, the power and authority to foreclose the mortgage, pledge, and security interest established in its favor herein and in the Operating Agreement in the manner provided by law and to exercise all rights of a secured Party under the Uniform Commercial Code. If the Non-Operators do not pay its indebtedness or perform its obligations under the Operating Agreement when due, the Operator shall have the additional right to notify the purchaser or purchasers of the Non-Operator's production and collect such indebtedness out of the proceeds from the sale of the Non-Operator's share of production until the amount owed has been paid. The Operator shall have the right to offset the amount owed against the proceeds from the sale of the Non-Operator's share of production. Any purchaser of such production shall be entitled to rely on the Operator's statement concerning the amount of indebtedness owed by the Non-Operators and payment made to the Operator by any purchaser shall be binding and conclusive as between such purchaser and the Non-Operators.
- 8.0 Upon expiration of the Operating Agreement and the satisfaction of all obligations and indebtedness arising thereunder, the Operator, on behalf of all parties to the Operating Agreement, shall file of record an appropriate release and termination of all security and other rights created under the Operating Agreement and this Memorandum executed by all Parties to the Operating Agreement. Upon the filing of such release and termination instrument, all benefits and obligations under this Memorandum shall terminate as to all Parties who have executed or ratified this Memorandum. In addition, at any time prior to the filing of such

release and termination instrument, each of the Operator and the Non-Operators shall have the right to (i) file a continuation statement pursuant to the Uniform Commercial Code with respect to any financing statement filed in their favor under the terms of this Memorandum and (ii) reinscribe this act in the appropriate mortgage records.

- 9.0 It is understood and agreed by the Parties hereto that if any part, term, or provision of this Memorandum is held by the courts to be illegal or in conflict with any law of the state where made, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the Parties shall be construed and enforced as if the Memorandum did not contain the particular part, term, or provision held to be invalid.
- 10.0 This Memorandum shall be binding upon and shall inure to the benefit of the Parties hereto and their respective legal representatives, successors and permitted assigns. The failure of one or more persons owning an interest in the Contract Area to execute this Memorandum shall not in any manner affect the validity of the Memorandum as to those persons who execute this Memorandum.
- 11.0 A party having an interest in the Contract Area may ratify this Memorandum by execution and delivery of an instrument of ratification, adopting and entering into this Memorandum, and such ratification shall have the same effect as if the ratifying party had executed this Memorandum or a counterpart thereof. By execution or ratification of this Memorandum, such party hereby consents to its ratification and adoption by any party who acquires or may acquire any interest in the Contract Area.
- 12.0 This Memorandum may be executed or ratified in one or more counterparts and all of the executed or ratified counterparts shall together constitute one instrument. For purposes of recording in each of the records described in Paragraph 6 above, duplicate copies of this Memorandum with individual signature pages attached thereto may be filed of record, one copy of each to be indexed in the name of the Operator, as grantor, and one copy of each to be indexed in the name of the Non-Operators, as grantor, and duplicate copies of this Memorandum with individual signature pages attached thereto may be filed in the appropriate Uniform Commercial Code records, one filing for the Operator, as secured Party, and another filing for the Non-Operators, as secured Party. The respective addresses of the Operator, as both secured Party and debtor, and the Non-Operators, as both debtor and secured Party, at which information with respect to the security interests created in the Operating Agreement may be obtained, are set forth in Paragraph 1.0 of this Memorandum.
- 13.0 The Operator and the Non-Operators hereby agree to execute, acknowledge and deliver or cause to be executed, acknowledged and delivered, any instrument or take any action necessary or appropriate to effectuate the terms of the Operating Agreement or any Exhibit, instrument, certificate or other document pursuant thereto.
- 14.0 Whenever the context requires, reference herein made to the single number shall be understood to include the plural, and the plural shall likewise be understood to include the singular, and specific enumeration shall not exclude the general, but shall be construed as cumulative.

Transition Services Agreement

TRANSITION SERVICES AGREEMENT

This Transition Services Agreement dated and effective as of _____, 202_ (the “Effective Date”) (this “Agreement”) is by and among [FIELDWOOD ENERGY II LLC], a Delaware limited liability company (the “Operator”), FIELDWOOD ENERGY I LLC, a Texas limited liability company (“Fieldwood Energy I”) and GOM Shelf LLC, a Delaware limited liability company (“GOM Shelf” and, together with Fieldwood Energy I, the “Owners”, and each, an “Owner”). Operator and Owners are sometimes referred to collectively as the “Parties” and individually as a “Party”.

WHEREAS, each Owner is the operator, as designated by the Bureau of Ocean Energy Management of the United States Department of the Interior (“BOEM”) or the Bureau of Safety and Environmental Enforcement of the United States Department of the Interior (“BSEE”) or pursuant to a joint operating (or similar) agreement, of certain of the Assets (as defined below) (such Assets while operated by an Owner, the “Operated Assets”);

WHEREAS, Fieldwood Energy I is a resulting entity of a divisive merger effected in connection with the confirmed plan of reorganization of Chapter 11 Case 20-33948, *In re: Fieldwood Energy LLC et al.*, in the United States Bankruptcy Court for the Southern District of Texas, Houston Division (the “Plan”);

WHEREAS, in accordance with the Plan, the Owners do not have, as of the date hereof, employees and require a third party to provide operational, technical, and administrative services for the Assets;

WHEREAS, Operator has agreed to provide certain operational, technical, and administrative services with respect to the Assets, upon the terms and conditions set forth herein, until the end of each respective Service Term (as defined below).

NOW, THEREFORE, in consideration of the premises and of the mutual promises, covenants, conditions, and agreements contained herein, and for other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

ARTICLE I. TRANSITION SERVICES

Section 1.1 Services. Subject to the terms of this Agreement, Operator shall provide or cause to be provided the transition services described on Exhibit A (collectively, the “Services”) for all of Owners’ assets (the “Assets”) in accordance with the standard of performance set forth in Section 1.2 below for the period, subject to the provisions of ARTICLE V, with respect to each Service (as to each Service, the “Service Term”) set forth on Exhibit A.

Section 1.2 Standard of Performance. Subject to the terms of this Agreement, Operator shall perform or cause to be performed the Services (a) in substantially the same manner as such Services were provided by Fieldwood Energy LLC or its Affiliates with respect to the Assets prior to the date hereof, (b) as a reasonably prudent operator as the contract service provider hereunder would perform such Services, (c) in a good and workmanlike manner, (d) with due diligence and dispatch, (e) in accordance with good oilfield practices, and (f) in compliance with

all Laws (as defined below), licenses, authorizations and permits; **PROVIDED, HOWEVER, EXCEPT AS EXPRESSLY PROVIDED HEREIN, IN NO EVENT SHALL OPERATOR HAVE ANY OBLIGATIONS OR LIABILITY TO ANY OWNER GROUP MEMBER EXCEPT FOR DAMAGES BOTH (I) ARISING OUT OF THIS AGREEMENT AND (II) CAUSED BY, ARISING OUT OF, OR RESULTING FROM THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF ANY MEMBER OF OPERATOR GROUP (AS HEREIN DEFINED).** For purposes of this Agreement, "Laws" means any and all applicable laws, statutes, codes, constitutions, ordinances, decrees, writs, injunctions, orders, judgments, principles of common law, rules, licenses, authorizations, or regulations (including environmental laws) that are promulgated, issued, or enacted by any Governmental Authority (as defined below) having jurisdiction. In providing the Services to the Owners, Operator may use, at its discretion, its own personnel or the personnel of any of its Affiliates or employ the services of contractors, subcontractors, vendors, or other third parties. For purposes of this Agreement, "Affiliates" with respect to a Party means any person or entity that controls, is controlled by or is under common control with such Party where control means the direct or indirect power to direct the management of the entity at issue. For the avoidance of doubt, neither of the Owners nor any of their subsidiaries shall constitute an Affiliate of Operator for purposes of this Agreement.

Section 1.3 Independent Contractor At all times during the performance of Services by Operator, all persons performing such Services who shall be in the employ and/or under the control of Operator or its Affiliates (including agents, contractors, temporary employees, and consultants) shall be independent from each Owner and not employees of each Owner and shall not be entitled to any payment, benefit, or perquisite directly from Owners on account of such Services, including, but not limited to, group insurance and participation in any employee benefit and pension plans maintained by each Owner or any Affiliate of each Owner. Operator will not be required to provide any Services the provision of which would violate applicable Laws. Notwithstanding any other provision contained elsewhere in this Agreement, in all cases where the Operator is performing Services under this Agreement offshore the State of Louisiana or are otherwise covered by the Louisiana Worker's Compensation Act, La. Rev. Stat. § 23.1021 et seq., the Parties acknowledge and agree that all such operations pursuant to this Agreement are an integral part of and are essential to the ability of the Owners to generate Owners' goods, products, or services, and that whenever Services and work are performed hereunder in or offshore Louisiana, or the Louisiana Workers' Compensation Act may be applicable, the employees of Operator and their contractors providing such Services or performing such work, if any, whether direct, statutory, borrowed, or otherwise, are statutory employees of each Owner in accordance with the Louisiana Worker's Compensation Act, La. Rev. Stat. § 23.1021 et seq. and the protections afforded a statutory employer under Louisiana Law shall apply. In such event, Operator agrees that such Owner is and shall be deemed a statutory employer of Operator's employees for the sole purposes of La. Rev. Stat. § 23.1061(A)(3), as the same may be amended from time to time.

Section 1.4 Records Operator shall use commercially reasonable efforts to maintain or cause to be maintained true and correct records of all receipts, invoices, reports, and such other documents as are customarily maintained by Operator for its own operations relating to each Service rendered hereunder for a period of the later of (i) three (3) years following the end of the calendar year during which the end of the Service Term for such Service occurs or (ii) such other

time required by applicable Law. All such receipts, invoices, reports, and other documents are the property of Owners.

Section 1.5 Representatives. Each Party shall, at all times during the Service Term, keep one or more representatives available either by telephone, electronic mail, or in person during normal business hours, to receive communications from the other Party regarding the day-to-day Services and to respond to inquiries concerning the performance of the day-to-day Services. For the avoidance of doubt, all Notices required or permitted hereunder shall be delivered pursuant to Section 7.2 of this Agreement. Operator's representatives are designated along with their contact information on Exhibit B. Each Owner's representative shall be the Sole Manager of Fieldwood Energy I. Each Party may replace any of its representatives or designate such other representatives from time to time by written notice to the other Parties delivered pursuant to Section 7.2. At all times while this Agreement remains in effect, each Owner shall cause at least one of its representatives to be included on such Owner's BOEM "qualification card" as an authorized signatory for such Owner.

Section 1.6 Limitation of Services.

(a) Notwithstanding anything herein to the contrary, Owners acknowledge certain personnel of Operator and/or its Affiliates involved in the provision of the Services may leave the employment of such Operator and/or its Affiliates or terminate their employment or contract with such Operator or its Affiliates during the term of this Agreement. The Services shall not include providing any technical evaluations regarding any proposals for drilling, reworking, or other capital expenditure projects, or the new development of any assets which are proposed by Operator under the Farmout Agreement (as defined herein). Operator makes no representation or warranty regarding the ability of Operator and/or its Affiliates to retain any employees, contractors, or subcontractors and neither Operator nor any of its Affiliates shall have any liability to an Owner as to the result of the loss of any such employees, contractors, or subcontractors. Operator and its Affiliates shall use commercially reasonable efforts to report all information accurately, but shall not be responsible for the accuracy or completeness of any information furnished by any other party for inclusion in any reports or for results obtained by use of any inaccurate information so furnished.

(b) Notwithstanding any other provision in this Agreement or the Agency Agreement (attached as Exhibit C hereto) to the contrary:

- (i) Operator shall have no obligation to be designated with BOEM, BSEE, or any other applicable state, local, or federal governmental entity (each individually, a "Governmental Authority"; and collectively, "Governmental Authorities") as a designated operator, designated applicant, designated payor, or responsible party for any of the Assets;
- (ii) Operator shall have no obligation to post any bond or other security on behalf of any Owner or to make any payment directly out of Operator's own funds for any Services;

- (iii) Operator shall have no obligation to provide any Service for which a third party is obligated or permitted (under a joint operating agreement, contract services agreement or otherwise) to provide the same service for the applicable Owner; provided, however, that Operator's use of a subcontractor to perform any part of the Services shall not excuse Operator from the obligation to perform such Services;
- (iv) each Owner acknowledges and agrees that it will remain responsible for having an authorized representative, and will cause at least one authorized representative to be, readily available (1) to sign and submit on its behalf various forms, filings, payments and other communications with BOEM, BSEE or other Governmental Authority with respect to the Assets and (2) to cooperate and coordinate with Operator with respect to the Services;
- (v) each Owner acknowledges and agrees that it will remain responsible for providing any bond or security, or subject to Section 3.6, making any payment, to any third party that may be required in connection with any Assets or Services; and
- (vi) if Operator co-owns any lease, right-of-way or other asset with an Owner, Operator shall not be required to provide any Services to (or provide any election for) such Owner in a manner different from what Operator provides for itself with respect to such co-owned asset.
- (vii) if Operator reasonably believes that it cannot perform any Service without creating a breach of an agreement to which an Owner is a party or an Asset is bound, and/or violating the Law, then Operator shall have no obligation to perform such Service and such Service shall no longer be included within the Services, and Operator shall give prompt, written notice of such issue to Owners, prior to the discontinuation of such Service, with detailed descriptions of the agreement in question and the breach and/or violation Operator believes will be created. In the event such possible breach and/or violation is cured or remedied within thirty (30) days following Owners' receipt of such notice, Operator may perform such Service only insofar as performance would not create the breach or violation.

(c) In the performance of the Services, Operator must obtain consent of the applicable Owner(s) to perform any of the following actions on behalf of such Owner(s):

- (i) make any payment to renew or extend a lease;
- (ii) plug and abandon any well;
- (iii) execute, amend, waive, release, extend, terminate, or otherwise modify any of the governmental approvals, leases, or other agreements related to the

Assets (other than an agreement in the ordinary course of business with a service provider using agreements substantially in the form previously used or other forms reasonably approved by such Owner);

- (iv) (a) borrow or lend money; (b) participate in futures, derivatives, or hedging activities; (c) purchase or sell any of the Assets or transfer or dispose of any equipment, material or supplies on any Asset; (d) execute any indemnification, release, or waiver, except for standard indemnities, releases, and waivers that are included in normal and routine operational services contracts, (e) take any other action not in the ordinary course of business; (f) incur any cost or expense for geophysical items (including acquisition, processing, reprocessing, or interpretation); (g) make a capital or expense expenditure or series of related capital or expense expenditures in relation to any particular project of \$100,000 or more net to either Owner's interest, including, without limitation, expenditures for repair and maintenance projects and workover and recompletion projects; provided, however, this limitation does not apply to routine operational costs; or (h) assume, guarantee, or otherwise become liable or responsible (whether directly, contingently, or otherwise) for the liabilities of any other person or any indebtedness, except to the extent such assumptions, guarantees or otherwise becoming liable or responsible for the liabilities or indebtedness are standard obligations included in normal and routine operational services contracts; and
- (v) enter into any contract with respect to any of the foregoing in this Section 1.6.

(d) The Services will be used by the Owners in connection with the operation of the Assets of Owners and, as necessary, to assist in the transition of the operation of the Assets to Owner or another service provider. All products of Services performed hereunder by Operator for Owners or otherwise in respect of the Assets shall belong exclusively to Owners, and Operator shall retain no ownership, interest, or rights therein.

(e) Operator and each Owner shall use commercially reasonable efforts to obtain, and to keep and maintain in effect (or to cause their respective Affiliates to obtain, and to keep and maintain in effect), all governmental or third party licenses and consents required for the provision of any Service by Operator in accordance with the terms of this Agreement. The direct, out-of-pocket costs relating to obtaining any such licenses or consents shall be borne by Owners; and none of Operator or any of its Affiliates shall be required to pay any money or other consideration or grant any other accommodation to any person (including any amendment to any contract) or initiate any action, suit, or proceeding against any person to obtain any such license or consent. Operator shall have no obligation to provide any Services which require any such licenses or consents which are not obtained. In the event Owners choose to pursue any action, suit, or proceeding against any person to obtain such license or consent, Operator shall use commercially reasonable efforts to assist Owner in such efforts; provided that Operator shall not be obligated to incur any out-of-pocket costs in providing such assistance.

(f) The Parties are entering into that certain Farmout Agreement of even date herewith (the “Farmout Agreement”), and, therefore, any technical evaluation regarding any drilling, reworking, or other capital expenditure projects that may be proposed by Operator to Owners pursuant to the Farmout Agreement shall not constitute part of the Services to be provided hereunder. Costs and expenses included in the calculation of the Recovery Threshold (as defined in the Farmout Agreement) may not also be included in the costs charged to the Owners hereunder.

Section 1.7 Operator’s Access to Assets. To the extent reasonably necessary for Operator to perform the Services, Owners shall provide Operator unrestricted access to all the Operated Assets and, except to the extent prohibited by contract, all Seismic Data, Well Data, intellectual property and records included in the Assets and, upon Operator’s reasonable request from time to time, shall cooperate with Operator in Operator’s provision of Services. Operator agrees that it shall use such Operated Assets and the Seismic Data, Well Data, intellectual property and records included in the Assets only for the performance of the Services under this Agreement and for use under the Farmout Agreement; provided, however, Operator shall only be found to have breached this Section 1.7 if it uses such Operated Assets or such Seismic Data, Well Data, intellectual property, or records to (i) compete with Owner in Owner’s business of the operation of the Assets where the Assets are located or (ii) to conduct activities that are not related to the Assets or the operation of the Owners’ business. Nothing in this Section 1.7 shall restrict Operator’s use of the Operated Assets and such Seismic Data, Well Data, intellectual property, and records to the extent Operator has the right to use such assets, data, and information pursuant to any other agreement between Operator and any Owner and to the extent Operator owns or has an interest in such assets, data, or information.

ARTICLE II. COMPENSATION

Section 2.1 Compensation for Services. During the Service Term set forth on Exhibit A for each Service, each Owner shall pay to and reimburse Operator the amounts determined pursuant to Section 3.1 below for the provision of the Services to such Owner.

Section 2.2 Overhead. COPAS recoveries from third parties related to the Operated Assets shall be accounted for on behalf of the Owners. There shall be no separate charge by Operator relating to its overhead (including, but not limited to, head office overhead, field overhead, bonuses, and severances). For the avoidance of doubt, the costs to be paid by Owners to Operator pursuant to Section 3.1 are intended to compensate Operator fully for its overhead associated with the performance of Services. Nothing in this Section shall limit Operator’s rights to collect and retain overhead with respect to properties co-owned by Operator or any of its Affiliates and an Owner that Operator operates on its own behalf.

ARTICLE III. PAYMENT AND DEFAULT

Section 3.1 Submission of Invoice. Operator shall submit a written invoice (the “Invoice”) to Owners on or before the fifteenth (15th) Business Day of each month setting forth an itemized accounting of the actual costs incurred in the preceding month, or as applicable, the

preceding months for which an invoice was not issued, for the Services provided by Operator. For the purposes of this Agreement, “Business Day” shall mean any day other than a Saturday or a Sunday or a day on which federally chartered banking institutions in Houston, Texas, are authorized by Law to close, but for purposes of notices or other communications given hereunder, means before 4:00 p.m. on such day in the city of Houston, Texas.

For shared costs, such as salaried and hourly personnel, IT systems, and other office related infrastructure and overhead, Operator shall allocate those costs as follows:

(a) For “people” costs, Operator shall bill Owners for actual time incurred by its full-time employees in performing Services hereunder. The hourly rate of each Operator employee shall be equal to the annual payroll cost (including salary, vacation pay, target bonus, 401(k) match, and payroll taxes) of the employee divided by 2,080 hours. Any hours accrued and billed by third-party contractors must be approved by Owners in advance of incurring such costs.

For illustrative purposes, two actual employees are shown below:

| EmplOperator | | | Vacation | Target | | | Target | 6% 401(k) | | | |
|--------------|--------|---------------------|----------|---------|---------|----------|--------|--------------|--------|---------|--------|
| ID | Office | Position | Hours | Bonus % | Salary | Vacation | Bonus | Match | Taxes | Total | Hourly |
| 1692 | TX | Revenue Accountant | 160 | 15% | 85,000 | 7,083 | 12,750 | 5,865 | 7,763 | 118,461 | 57.00 |
| 2060 | TX | Production Engineer | 160 | 30% | 145,000 | 12,083 | 43,500 | 11,310 | 11,872 | 223,765 | 108.00 |

(b) For all other shared costs, Operator shall bill Owners for the proportionate use in the performance of the Services hereunder. The proportionate use shall be determined by the Total Hours Billed divided by the Total Employee Hours. “Total Hours Billed” is equal to the total number of hours recorded by Operator’s full-time employees in performing Services hereunder and “Total Employee Hours” is equal to Operator’s average daily headcount of full-time employees performing Services hereunder during the applicable month multiplied by eight hours multiplied by the number of Business Days in the month.

All other shared costs includes the following:

- (i) IT-related costs (IT systems and software)
- (ii) Healthcare and other benefits (benefits cost and administration)
- (iii) Office supplies and other expenses
- (iv) Communications
- (v) Miscellaneous shared costs

For example, assuming an average daily headcount of 275 full-time employees performing Services hereunder and 20 Business Days in the applicable month, Total Employee Hours for the month would equal 44,000 hours (275 employees x 20 Business Days x 8 hours). If the Total Hours Billed for the month is 30,000, then the Owners’ proportionate use would be 68%; and Operator would bill Owners for 68% of these other shared costs.

For the purposes of allocating the other shared costs, Operator shall require that its employees maintain detailed time records measured in 60 minute increments.

(c) For direct pass-through costs, Operator shall bill Owners for the actual costs incurred for the performance of the Services. Direct pass-through costs shall include:

- (i) Office rent plus operating expenses for the floors 16, 17, and 18 at the Briar Lake One Office in Houston, Texas;
- (ii) Office rent plus operating expenses for seventy-five percent (75%) of the space leased by Operator at the Pinhook Tower in Lafayette, Louisiana;
- (iii) Contracted professional fees (legal, audit, reserve engineering, etc.); and
- (iv) Any other actual, out-of-pocket costs incurred that are identified as directly associated with the performance of the Services hereunder.

Section 3.2 Payment of Invoices. Absent manifest error in inclusion or omission of items or calculations contained in an Invoice (if there is a manifest error, Owners will correct such error and show such recalculation), the applicable Owner shall pay within fifteen (15) Business Days of such Owner's receipt of an Invoice the amounts invoiced to such Owner by wire transfer of immediately available funds to the bank account designated on the Invoice by Operator. Adjustment credits or debits shall be shown on the Invoice next succeeding the Invoice in which the adjustment is made. Operator shall provide reasonable back-up and supporting documents related to any Invoice within five (5) Business Days of an Owner's written request. Any preexisting obligation to make payment for the Services provided hereunder or out-of-pocket costs of Operator shall survive the termination of a Service and this Agreement until paid. Each Owner shall have access to and the right to audit all records supporting such Invoiced amounts for the period set forth in Section 1.4.

Section 3.3 Payment Disputes. Owners may object to any invoiced amounts for any Service at any time before, at the time of, or after payment is made; provided such objection is made in writing to Operator no later than sixty (60) days after receipt of such Invoice. Payment of any amount set forth in an Invoice shall not constitute approval thereof, or waive Owners' audit rights as set forth herein. The Parties shall meet as expeditiously as possible to resolve any dispute. If the Parties fail to reach agreement in writing as to any disputed amounts invoiced by Operator under Section 3.1 above within sixty (60) days after Operator's receipt of such objection, then upon written notice of dispute to the other Party, either Party may submit the matters that remain in dispute to Grant Thornton LLP (the "Accounting Referee") for review and final and binding resolution. If any person selected as Accounting Referee is unable or unwilling to serve as a referee hereunder, then the Accounting Referee shall be selected by lot from among the independent national accounting firms that have not represented any Party or its Affiliates at any time during the three-year period of time immediately preceding its designation hereunder. Owners and the Operator shall, not later than seven (7) days prior to the hearing date set by the Accounting Referee, each submit a written brief to the Accounting Referee (and a copy thereof simultaneously to the other Party) with dollar figures for settlement of the disputes as to any amounts owed by Operator. The hearing will be scheduled as soon as is acceptable to the Accounting Referee, but not earlier than seven (7) days after the date for submission of the settlement briefs, and shall be conducted

on a confidential basis. The Accounting Referee shall consider only those items or amounts which were identified in a notice in dispute delivered hereunder and which remain in dispute, together with the written briefs, and such other documents submitted therewith, and the Accounting Referee's decision resolving the matters in dispute shall be based upon and be consistent with the terms and conditions in this Agreement. In deciding any matter, the Accounting Referee (i) shall be bound by the provisions of this Section 3.3 and the related definitions and (ii) may not assign a value to any disputed item greater than the greatest value for such item claimed by either the Operator or Owners or less than the smallest value for such item claimed by the Operator or Owners in their respective calculations delivered hereunder. The Accounting Referee shall render a decision resolving the matters in dispute (which decision shall include a written statement of findings and conclusions) promptly after the conclusion of the hearing, unless the Parties reach agreement prior thereto and withdraw the dispute from the Accounting Referee. The Accounting Referee shall provide to the Parties an explanation in writing of the reasons for its decisions regarding the amounts disputed in the applicable notice. The decision of the Accounting Referee shall be (i) final and binding on the Parties and (ii) final and non-appealable for all purposes hereunder. The fees and expenses of the Accounting Referee under this Section 3.3 shall be borne one half by the Operator and one half by Owners. The fees and disbursements of Operator's independent auditors and other costs and expenses incurred in connection with the services performed with respect to any dispute under this Section 3.3 shall be borne by the Operator, and the fees and disbursements of Owners' independent auditors and other costs and expenses incurred in connection with the services performed with respect to any dispute under this Section 3.3 shall be borne by Owners.

Section 3.4 Owner Default. It shall constitute a default on behalf of an Owner (an "Owner Default") if such Owner fails to timely pay any Invoiced amount for Services provided pursuant to this Agreement in accordance with the provisions of this ARTICLE III or perform any covenants of such Owner under this Agreement or the Agency Agreement, which failure, in the case of a payment default, continues for at least fifteen (15) days following receipt of written notice to such Owner that such Invoiced amount is past due or, in all other instances, at least thirty (30) days following receipt of written notice to such Owner that such performance is required; provided, however, that if such Owner cannot reasonably cure such failure within such thirty (30) day period, no Owner Default shall be deemed to occur provided such Owner demonstrates that it has diligently taken reasonable steps to cure such failure within such thirty (30) day period and diligently prosecutes such cure to completion. Upon the occurrence of an Owner Default, Operator may, in addition to all other remedies available at Law or at equity, (i) suspend all or any portion of the provision of Services hereunder to the applicable Owner that is the subject of the Owner Default, including Services for which payment is outstanding, until such time as the Owner Default is cured and all unpaid, undisputed Invoiced amounts for Services to Operator under this Agreement for such suspended Services are paid in full or (ii) terminate this Agreement effective immediately (provided, however, that Operator may not terminate this Agreement for a specific Owner Default of non-payment (1) within thirty (30) days after Operator has provided written notice of such Owner Default to Apache Corporation ("Apache") or (2) if within such thirty (30)-day period after the provision of notice to Apache, Operator is paid the applicable amount owing) and be entitled to any amounts owed to Operator by Owner hereunder together with interest on such amount at a rate equal to 5% per annum, calculated daily on the basis of a year of 365 days and the actual number of days elapsed (the "Rate") from the date due, until such undisputed

amounts, together with all accrued and unpaid interest thereon, are paid in full; provided, however, that Operator may not suspend or terminate Services reasonably determined by Operator to be critical to the safety of the operation of the subject Assets until such time as Operator can make the Assets safe for handover to Owners or their designee. All costs related to making the Assets safe for handover to Owners or their designee shall be borne by Owners in addition to any other amount due and owing to Operator.

Section 3.5 Operator Default. Subject to Section 3.4 above, it shall constitute a default on behalf of Operator (an “Operator Default”) if Operator fails to provide a Service to an Owner in accordance with the terms and conditions of this Agreement, which failure is not by reason of an Owner Default or, subject to the requirements and limitations of Section 7.1, Force Majeure and continues for at least thirty (30) days following receipt of written notice to Operator; provided, however, that if Operator cannot reasonably cure such failure within such thirty (30) day period, no Operator Default shall be deemed to occur provided Operator demonstrates that it has diligently taken reasonable steps to cure such failure within such thirty (30) day period and diligently prosecutes such cure to completion. Upon the occurrence of an Operator Default, Owners may, in addition to any other rights or remedies available at law, in equity, or by contract, terminate this Agreement or specific Services provided hereunder within the time frame specified by Owners in a written notice to Operator so terminating this Agreement.

Section 3.6 Third Person Services. Owners recognize that Operator may hire third parties to provide certain portions of the Services and the Owners shall be responsible for the payment of amounts due to such third parties, which are incurred from and after the Effective Date with respect to the Assets, which payment shall be made either through the cash call mechanism described herein, through a direct payment to such third party, or as such may be included on an Invoice as contemplated herein. Operator may issue a cash-call to the applicable Owner in advance of the month in which such third-party costs will be incurred on behalf of such Owner, and such Owner shall pay such cash call within the later of (i) five (5) Business Days after receipt of the cash call and (ii) five (5) Business Days prior to the month in which payment is due to the third party. In the event Operator incurs costs not included in such cash call, such costs will be included in an Invoice, and the applicable Owner shall reimburse Operator at the same time and in the same manner as the payment described in Section 3.1. If the cash-call amount is more than the amount actually expended, Operator will credit the overpayment to the applicable Owner in the next Invoice or the next cash-call for future third party service costs, whichever occurs first. Any such Invoice or cash-call for which any overpayment has been applied shall reflect the credit for such overpayment at the time it is submitted to such Owner. For the avoidance of doubt, the costs charged to Owners under Section 3.1 of this Agreement are to compensate Operator for (i) the cost of its employees who are necessary in connection with those Services to be provided herein and (ii) other general and administrative costs that are necessary in connection with the Services to be provided herein, and such costs are not third-party costs for purposes of this Agreement. Costs to be reimbursed or prepaid pursuant to this Section 3.6 shall not be duplicative of Operator’s other fees or reimbursements under this Agreement.

Section 3.7 Sales Taxes. Any sales, use, value-added or similar taxes paid hereunder for Services that Operator is required to pay or incur as a result of such Services shall be passed on to, and be the obligation of, the applicable Owner to which such Services are provided as an

explicit surcharge and shall be paid by such Owner in addition to any payments for Services as set forth in Section 3.1 above, whether included in the applicable Invoice, or added retroactively, such that the amount received by the Operator shall be as if no such taxes had been imposed. If such Owner submits to Operator a timely and valid resale or other exemption certificate sufficient to support the exemption from sales taxes, then such taxes will not be added to the invoices for Services payable pursuant to this ARTICLE III; provided, however, that if Operator is ever required to pay such taxes, such Owner will promptly reimburse Operator for such tax, including any interest, penalties, and attorney's fees assessed thereon by the applicable Government Authority. The Parties will cooperate to contest any invalid sales or use taxes imposed on the Services and to minimize the imposition of any such sales taxes.

Section 3.8 Notice to Apache of Owner Default. If an Owner Default relating to payment occurs and is not cured within the fifteen (15) or thirty (30), as applicable, day period allowed for Owner to cure such Owner Default as described in Section 3.4, then Operator shall submit a written notice to Apache providing reasonable detail of the Owner Default and the amount required to cure such Owner Default.

ARTICLE IV. TERM OF AGREEMENT

Section 4.1 Term. No Services shall be provided after the expiration of the Service Term with respect to such Services, except by the mutual written agreement of the Parties; provided, however, that this Agreement shall terminate in its entirety after the end of the Service Term of the Operating Services as described in Section 1.1 of Exhibit A. The Service Term with respect to certain Services may also be terminated prior to the expiration of the applicable Service Term by following the procedures set forth in ARTICLE V.

ARTICLE V. CESSATION OF SERVICES

Section 5.1 Discontinuation of Services. The Owners acting jointly may, with or without cause and for any or no reason, terminate the Service Term and discontinue any particular Service by giving Operator not less than ninety (90) days (or the lesser period, if any, as set forth in Exhibit A with respect to such Service) prior written notice of such discontinuation, to be effective on the last day of the month specified by Owners in their notice, which month shall not occur earlier than the third month following the date on which Owners have given Operator such written notice of termination. In the case of each discontinued or terminated Service, as applicable, Owners shall be liable to Operator for all costs, expenses, losses, and obligations Operator remains obligated to pay under the terms hereunder or under any other existing contract related to such Services, including as a result of such discontinuation or termination and including any and all actual, documented out-of-pocket amounts reasonably incurred by Operator solely arising from the discontinuation, winding down or termination of such Services hereunder, provided that, Operator shall provide Owners with a notice of a preliminary estimate of such costs within thirty (30) days of its receipt of the applicable notice of discontinuance or termination. The Operator may, with or without cause, terminate the Service Term for the Services as a whole by giving Owners not less than one hundred eighty (180) days prior written notice of such discontinuation,

to be effective on the last day of the month specified by Operator in its notice, which month shall not occur earlier than the sixth month following the date on which Operator has given Owners such written notice of termination; provided, however, if the Owners are able to transition the performance of Services to a new provider prior to the expiration of such time period, Owners and Operator may mutually agree to terminate the Services prior to the expiration of such one hundred eighty (180) day period. Operator shall provide commercially reasonable assistance to Owners in transitioning the performance of the Services to a third party or to Owners; provided that the applicable compensation for Services so transitioned shall continue until the termination thereof in accordance herewith and Owners shall pay any actual, documented out-of-pocket costs incurred for the transition of such Services.

Section 5.2 Termination Fee. The Parties agree and acknowledge that Operator will be damaged in the event Owners terminate any particular Service or this Agreement pursuant to Section 5.1 within six (6) months of the Effective Date and that such damages would be difficult or impossible to calculate. In such event, as liquidated damages and not as a penalty, Owners will pay to Operator, in addition to the amounts payable by Owners under Section 5.1, an early termination fee equal to the lesser of (i) Three Million Three Hundred Thousand U.S. Dollars \$3,300,000.00 and (ii) the amount of severance for each employee who provided the particular Services related to the Assets whose employment with Operator is severed as a result of the termination of this Agreement by Owners pursuant to Section 5.1, which amount shall be the equivalent sum of two (2) month's salary for each severed employee, based on the monthly salary of the pertinent employee of Fieldwood Energy LLC as in effect on October 1, 2020. Upon request by Owners, Operator shall provide Owners with an estimate of the amount of the severance payments it anticipates with respect to clause (ii) in the preceding sentence. Within thirty (30) days from receipt by Operator of the notice of termination from Owners provided in Section 5.1, Operator will provide Owners a list of the applicable employees who are to be severed from their employment with Operator and their salaries.

Section 5.3 Procedures Upon Discontinuation or Termination of Services. Upon the discontinuation or termination of all Services hereunder, this Agreement shall terminate and be of no further force and effect, except as to obligations accrued prior to the date of discontinuation or termination; provided, however, that ARTICLES VI and VII, Section 1.4, the second sentence of Section 1.7, and Owners' audit rights under Section 3.2 of this Agreement shall survive such discontinuation or termination.

Section 5.4 Transition of Operations. During the applicable notice period provided in Section 5.1 and subject to the next sentence, Operator shall deliver all documents, records, and other data to the extent included in the Assets that are in the Operator's possession, including, without limitation, information, data, know-how, interpretations, contracts, and other rights and privileges with respect to each Owner's wells, production, leases, and all Evaluation Data, Seismic Data, and Well Data, to the applicable Owner of such Assets or its designee in a timely, practical manner; provided, however, if the delivery of any such data or material would be a breach of any agreement between Operator and a third party, Operator may withhold delivery of such data and material and shall provide notice to Owners of the reasons for such withholding; provided, further, that Operator may keep copies of any documents, records, and other data included in the Operated Assets that are co-owned between the Operator and Owner (with Owner being provided the

originals of such documents, records, and other data) and Operator may keep copies of any documents, records, or other data included in any other Assets in which Operator also has an interest. If Owners are able to overcome any such potential breach, Operator shall promptly deliver such data and materials to Owners. During the term of this Agreement, Operator shall not enter into any agreement(s) hereunder for the benefit or use of Owners or in connection with Owners' assets that prohibits assignment of such agreement to Owners. If such documents, records, or data pertain to the Assets and to other properties owned by Operator that are not included in the Assets, then Operator (i) is not required to deliver any portions of such documents, records, or data that relate to assets or properties other than the Assets and (ii) may retain copies of such documents, records, or data to the extent such relates to the assets or properties that are not part of the Assets, or Operator owns or has interest in such documents, records, or data. Notwithstanding anything to the contrary herein, Operator may retain copies of any documents, records, or data pertaining to Assets for which Operator (i) has submitted a Proposal (as such term is defined in the Farmout Agreement) that has not been rejected, withdrawn, deemed withdrawn, or terminated under the Farmout Agreement or (ii) is conducting or has conducted a Project (as such term is defined in the Farmout Agreement) pursuant to the Farmout Agreement. The Parties agree to preserve as a priority during any transition of operations the safety of individuals and the environment in compliance with all Laws and Governmental Authorities. For the purposes of this Agreement, the term "Evaluation Data" shall mean Seismic Data and other data and information relating to the Assets including, without limitation, to the extent applicable, relevant geological and geophysical interpretations and information, including the most recent reports, interpretations, and maps, and all specialty processing and analysis of Seismic Data (e.g., migration, AVO, etc.); the term "Seismic Data" shall mean any and all seismic data, two-dimensional multifold seismic data, three-dimensional seismic data, stacked and migrated processed sections, digital field tapes, stacked tapes, support data relating thereto, stick and quality control segments, receiver and bin center locations, stacking velocities, shothole drilling information, digital shotpoint locations, magnetic, surface, and other surveys, seismic sections, surface and subsurface maps, plats, charts, and any interpretations of the foregoing, or other like information customarily used in connection with oil and/or gas exploration; and the term "Well Data" shall mean any logs, core samples, other geological and geophysical data or similar data created during drilling operations, any engineering records or reports (including wellbore schematics), any drilling records or reports (including detailed daily drilling reports) and any related reports filed with the BOEM or BSEE.

Section 5.5 Marketing Contracts. Upon termination of this Agreement pursuant to the terms hereof, to the extent Operator is the owner of such contracts or agreements, Operator shall immediately assign to Fieldwood Energy I its rights to all contracts or agreements related to the Marketing Services described on Exhibit A hereto and take such actions as may be reasonably necessary to obtain any required consents for such assignments; provided, however, that Operator shall not be required (i) to assign any contract if such assignment would be in breach of an agreement with a third party to which Operator is a party or (ii) to provide any monetary or non-monetary consideration for such consent unless paid by Owner. During the term of this Agreement, Operator shall not enter into any agreement(s) for the benefit or use of the Owners or in connection with the operation of the Assets that prohibits assignment to Owners.

ARTICLE VI. INDEMNITIES; DISCLAIMERS

Section 6.1 Owners' Indemnification Obligations. Notwithstanding any knowledge or investigation of any person, Owners agree, to the fullest extent permitted by applicable Laws, to assume, release, indemnify, defend, and hold harmless Operator, and its equity-holders, parent, affiliates, and subsidiary companies together with its and all of their respective officers, directors, managers, employees, in-house legal counsel, agents, and representatives, and the respective successors, spouses, relatives, dependents, heirs, and estate of any of the foregoing (excluding any members of the Owner Group) (the "Operator Group") against and from all claims, demands, complaints, losses, fines, penalties, citations, damages, causes of action, suits, judgments, orders, expenses, or costs, including court costs, reasonable attorneys' fees, and expert witnesses' fees (collectively "Damages") caused by or arising out of or resulting from this Agreement or the provision of Services pursuant to this Agreement, but only to the extent such Damages are not attributable to (i) the breach of Operator's agreement contained in Section 1.7 above regardless of whether such breach was caused by Operator's gross negligence or willful misconduct, or (ii) the gross negligence or willful misconduct of Operator. Owners shall reimburse any Operator Group member entitled to indemnity hereunder for its legal and other expenses incurred in connection with defending any claim with respect to such Damages, which reimbursement shall be made promptly after receipt by Owners of a written request therefor accompanied by reasonable supporting documentation with respect to the legal and other expenses for which such Operator Group member seeks reimbursement. **THE FOREGOING INDEMNITY OBLIGATIONS SHALL APPLY WHETHER OR NOT SUCH DAMAGES ARISE OUT OF (i) NEGLIGENCE (INCLUDING SOLE, SIMPLE, CONCURRENT, ACTIVE, OR PASSIVE NEGLIGENCE OR OTHERWISE), BUT EXPRESSLY NOT INCLUDING GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF OPERATOR OR ANY OTHER MEMBER OF THE OPERATOR GROUP, (ii) STRICT LIABILITY, (iii) THE UNSEAWORTHINESS OF ANY VESSEL OR THE UNAIRWORTHINESS OF ANY AIRCRAFT OR (iv) ANY VIOLATION OF ANY LAW, RULE, REGULATION, OR ORDER RELATED TO THE OWNERSHIP OR OPERATION OF THE ASSETS, INCLUDING APPLICABLE ENVIRONMENTAL LAWS, EXCEPT IN THE EVENT THAT SUCH DAMAGES OR VIOLATION IS CAUSED BY OR RESULTS FROM THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF ANY MEMBER OF THE OPERATOR GROUP.**

Section 6.2 Operator's Indemnity Obligations. OPERATOR SHALL, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAWS, ASSUME, RELEASE, INDEMNIFY, DEFEND, AND HOLD HARMLESS OWNERS, AND THEIR EQUITY-HOLDERS, PARENT, AFFILIATES, AND SUBSIDIARY COMPANIES, CO-LESSEES, CO-OWNERS, PARTNERS, JOINT VENTURERS, TOGETHER WITH ITS AND ALL OF THEIR RESPECTIVE OFFICERS, DIRECTORS, MANAGERS, EMPLOYEES, IN-HOUSE LEGAL COUNSEL, AGENTS, AND REPRESENTATIVES, AND THE RESPECTIVE SUCCESSORS, SPOUSES, RELATIVES, DEPENDENTS, HEIRS, AND ESTATE OF ANY OF THE FOREGOING (EXCLUDING ANY MEMBERS OF THE OPERATOR GROUP) (THE "OWNER GROUP") AGAINST AND FROM ALL DAMAGES CAUSED BY OR ARISING OUT OF OR RESULTING FROM (i) THE BREACH OF OPERATOR'S AGREEMENT CONTAINED IN SECTION 1.7 ABOVE OR SECTION Section 7.4 OR (ii) THE GROSS

NEGLIGENCE OR WILLFUL MISCONDUCT OF ANY MEMBER OF THE OPERATOR GROUP IN CONNECTION WITH THE PROVISION OF SERVICES UNDER THIS AGREEMENT.

Section 6.3 Disclaimers. EXCEPT WITH RESPECT TO OPERATOR'S AGREEMENT CONTAINED IN SECTION 1.7 ABOVE OR SECTION 7.4 BELOW, BUT OTHERWISE NOTWITHSTANDING ANY OTHER TERM OF THIS AGREEMENT TO THE CONTRARY, OPERATOR MAKES NO, AND DISCLAIMS ANY, REPRESENTATIONS AND WARRANTIES, EXPRESS, IMPLIED, OR STATUTORY, WITH RESPECT TO THIS AGREEMENT OR THE PERFORMANCE OR RESULTS OF THE SERVICES. EXCEPT WITH RESPECT TO (i) ANY BREACH OF OPERATOR'S AGREEMENT CONTAINED IN SECTION 1.7 ABOVE OR SECTION 7.4 BELOW, OR (ii) THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF OPERATOR OR ANY OTHER MEMBER OF THE OPERATOR GROUP IN THE PERFORMANCE OF SERVICES UNDER THIS AGREEMENT, OPERATOR EXPRESSLY DISCLAIMS, AND OWNERS AGREE THAT THE OPERATOR GROUP SHALL BE FREE FROM, ALL LIABILITY AND RESPONSIBILITY FOR ANY REPRESENTATION, WARRANTY, STATEMENT, OR INFORMATION WITH RESPECT TO THE SERVICES THAT IS MADE OR COMMUNICATED (ORALLY OR IN WRITING) TO ANY OWNER GROUP MEMBER (INCLUDING ANY OPINION, INFORMATION, PROJECTION, EVALUATIONS, OR ADVICE THAT MAY HAVE BEEN PROVIDED TO ANY OWNER GROUP MEMBER BY ANY OPERATOR GROUP MEMBER).

Section 6.4 Laws; Application. The indemnification obligations in this ARTICLE VI are intended to comply with applicable Laws. To the extent such indemnification provisions are found to violate any applicable Law, or in the event any applicable Law is enacted or amended so as to cause these provisions to be in violation therewith, this Agreement shall automatically be amended to provide that the indemnification provided hereunder shall extend only to the maximum extent permitted by the applicable Law.

Section 6.5 Limitations. EXCEPT FOR THIRD PARTY CLAIMS FOR WHICH ANY PARTY IS OBLIGATED TO INDEMNIFY, DEFEND, AND HOLD HARMLESS THE OTHER PARTY'S GROUP UNDER THIS AGREEMENT, BUT OTHERWISE NOTWITHSTANDING ANY OTHER TERM OF THIS AGREEMENT TO THE CONTRARY, NEITHER OPERATOR NOR ANY OWNER SHALL BE LIABLE TO THE OTHER PARTY'S GROUP UNDER THIS AGREEMENT FOR ANY PUNITIVE, EXEMPLARY, SPECIAL, INDIRECT OR CONSEQUENTIAL DAMAGE RESULTING FROM OR ARISING OUT OF THIS AGREEMENT, EXCEPT SUCH AS MAY BE AWARDED TO THIRD PARTIES. EXCEPT FOR BREACHES OF OPERATOR'S OBLIGATIONS CONTAINED IN SECTION 7.4, OPERATOR SHALL NOT BE LIABLE TO THE OWNER GROUP FOR ANY AMOUNTS IN THE AGGREGATE GREATER THAN THE AMOUNTS ACTUALLY RECEIVED BY OPERATOR UNDER THIS AGREEMENT; PROVIDED, HOWEVER, THAT THIS LIMITATION SHALL NOT APPLY TO DAMAGES OWNER MAY OWE TO A THIRD PARTY TO THE EXTENT ARISING OUT OF OPERATOR'S BREACH OF ITS OBLIGATIONS CONTAINED IN SECTION 1.7.

ARTICLE VII. MISCELLANEOUS

Section 7.1 Force Majeure. In the event that Operator is rendered unable, wholly or in part, by Force Majeure or other causes herein specified, to carry out all or any of its obligation under this Agreement, it is agreed that on Operator's delivery of written notice, so far as Operator is prevented by such Force Majeure or other causes herein specified, Operator's obligation shall be suspended during the continuance of any inability so caused, and Operator will not be liable to Owners for any interruptions of service, any delays, or any failure to perform under this Agreement caused by such Force Majeure. For the avoidance of doubt, any delays, interruptions or failures to perform caused by such occurrences shall not be deemed to be a breach or failure to perform under this Agreement. The term "Force Majeure" means occurrences beyond the reasonable control of Operator and includes, without limiting the generality of the foregoing: acts of God, strikes, lockouts, or other industrial disturbances, acts of the public enemy, wars, blockades, insurrections, riots, epidemics, pandemics, landslides, lightning, earthquakes, fires, storms, hurricanes, tropical storms, loop currents, floods, washouts, arrests, and restraints of the Government, either federal or state, civil or military, civil disturbances, explosions, sabotage, malicious mischief, breakage or accident to machinery or lines of pipe, freezing of wells or lines of pipe, refusal or inability of resale owner(s) or transporter(s) to take deliveries due to events of Force Majeure, inability of Operator to obtain right-of-way, necessary materials, supplies, or permits not caused by the failure of Operator to pay for or negligence to obtain such rights-of-way, necessary materials, supplies, or permits, an order, directive, or restraint issued or imposed by any Governmental Authority, regulatory body or court having jurisdiction. It is understood and agreed that the settlement of strikes or other labor difficulties shall be entirely within the discretion of Operator. During the continuation of a Force Majeure event, Operator shall act diligently to overcome the impediments caused by such event and use its commercially reasonable efforts to promptly resume performance of its obligations under this Agreement.

Section 7.2 Notices. Any notice, request, instruction, correspondence or other document to be given hereunder by any Party to another (herein collectively called "Notice") shall be in writing and delivered by email and additionally in person or by courier service requiring acknowledgement of receipt or mailed by certified mail, postage prepaid and return receipt requested, or by overnight delivery service, or by electronic mail (provided that notices by electronic mail shall also be sent by one of the other permitted means to be effective), as follows:

(vii) you shall perform the Services in compliance with all applicable federal, state, and local laws and regulations, including by maintaining all licenses, permits, and registrations required to perform the Services or any work related thereto.

(b) The Company hereby represents and warrants to you that:

(i) it has the full right, power, and authority to enter into this Agreement and to perform its obligations hereunder; and

(ii) the execution of this Agreement by its representative whose signature is set forth at the end hereof has been duly authorized by all necessary corporate action.

(a) You or the Independent Director on behalf of the Company (in the case of the Independent Director, subject to the prior consent or approval of Apache as provided in the Company Agreement) may terminate this Agreement without Cause upon 60 calendar days' written notice to the other Party. In the event of termination by you pursuant to this clause (a), the Company shall pay you on a pro-rata basis for any portion of your salary then due and payable for any Services completed up to and including the date of such termination. In the event of termination by the Independent Director on behalf of the Company pursuant to this clause (a), the Company shall pay you six months of your base salary from and after the date of such termination.

(b) The Independent Director on behalf of the Company (subject to the prior consent and approval of Apache) may terminate this Agreement, effective immediately upon written notice to you, for "Cause" (as defined below), or, if the event giving rise to Cause is an event subject to clause (d) of the definition of Cause, then effective following any applicable right to cure set forth by the Independent Director in the written notice of termination if you do not cure the applicable failure(s), violation(s), breach(es), action(s), or inaction(s) giving rise to Cause within the cure period specified in the written notice of termination you receive from the Independent Director. You may terminate this Agreement, effective immediately upon written notice to the Independent Director (with a copy provided by you to Apache), if the Company breaches any material provision of this Agreement, and such breach is incapable of cure, or with respect to a breach capable of cure, the Company does not cure such breach within thirty (30) calendar days after the Independent Director's and Apache's receipt of your written notice of termination containing a description of the breach giving rise to the termination notice. As used herein, "Cause" means a good faith finding by the Independent Director (subject to the prior consent and approval of Apache) of: (a) the commission by you of an act of fraud, dishonesty, or embezzlement against the Company or any of its Affiliates or Subsidiaries, or any customer or client thereof; (b) the unauthorized disclosure by you of material Confidential Information or Intellectual Property Rights of the Company or any of its Affiliates or Subsidiaries; (c) your conviction (or a plea by you or on your behalf of nolo contendere) for: (i) a felony or (ii) a crime involving fraud, dishonesty or moral turpitude; or (d) your failure to perform your material duties as the Sole Manager of the Company in accordance with this Agreement, as reasonably determined by the Independent Director (subject to the prior consent and approval of Apache), or if you intentionally, or with gross negligence, take action (or elect not to take action) or engage in conduct adverse to the interests of the Company, its Affiliates, its Subsidiaries, or its or their assets, business or business opportunities that the Independent Director (subject to the prior consent and approval of Apache) has reasonably determined is or could be materially injurious to the Company; provided, however, that prior to a termination for Cause under clause (d) of this definition the Independent Director shall provide written notice to you of any such

failure(s), violation(s), breach(es), action(s), or inaction(s) upon which the Company intends to rely as the basis for a termination for Cause and the Independent Director will offer the Sole Manager (subject to the consent and approval of Apache) no less than five (5) calendar days to cure such failure(s), violation(s), breach(es), action(s), or inaction(s) (as applicable) if the Independent Director, in the exercise of its good faith judgment, deems such failure(s), violation(s), breach(es), action(s), or inaction(s) (as applicable) to be capable of cure; provided, further, that the Independent Director shall only be required to give the Sole Manager such notice and opportunity to cure one time. In the event of termination by the Independent Director on behalf of the Company pursuant to this clause (b) for Cause or by you pursuant to this clause (b), the Company shall pay you on a pro-rata basis for any portion of your salary then due and payable for any Services completed up to and including the effective date of such termination.

(c) Upon expiration or termination of this Agreement for any reason, or at any other time upon the Company's written request, you shall promptly after such expiration or termination:

(i) deliver to the Company all Deliverables (whether complete or incomplete) and all materials, equipment, and other property provided for your use by the Company;

(ii) deliver to the Company all tangible documents and other media (including any copies), containing, reflecting, incorporating, or based on the Confidential Information;

(iii) permanently erase all the Confidential Information from your personal computer systems; and

(iv) certify in writing to the Company that you have complied with the requirements of this clause.

(d) The terms and conditions of clause (c) and this clause (d) of Section 9 and Sections 4, 5, 6, 7, 10, **Error! Reference source not found.**, 11, 12, 13, 14, and 15 shall survive the expiration or termination of this Agreement.

Section 10. Non-Competition.

(a) You acknowledge that (i) the Company and its affiliates will be engaged in the acquisition, disposition, ownership, operation, plugging and abandonment, and decommissioning of the Legacy Apache Properties (as defined in the Company Agreement) and the GOM Shelf Properties (as defined in the Company Agreement) during the Employment Period and thereafter; (ii) during the Employment Period, you will be actively and significantly involved in the day-to-day operations of the Company and its affiliates as the Sole Manager pursuant to the Company Agreement in carrying out the activities of the Company and its affiliates described in the immediately preceding clause (i); (iii) you occupy a position of trust and confidence with the Company and its affiliates during the Employment Period; and (iv) you will become familiar with the Company's and its affiliates' trade secrets and with other proprietary and confidential information (including the Confidential Information) concerning the Company and its affiliates and their respective operations and businesses.

(b) During the Restricted Period (as defined below) in the Restricted Territory (as defined below), you shall not, directly or indirectly (whether as an owner, partner, shareholder, agent, officer, director, employee, independent contractor, consultant, or otherwise), own, operate, manage, control, invest in, perform services for, or engage or participate in any manner in, or render services to (alone or in association with any person or entity) or otherwise assist any person or entity that engages in, or owns, invests in, operates, manages, or controls any venture or enterprise that engages in, acquiring, disposing of, owning, operating, plugging and abandoning, or decommissioning oil and gas properties.

(c) The term “**Restricted Period**” means the period of time from the date of this Agreement until 24 months after the termination of your employment relationship with the Company or any successor thereto for any reason (whether pursuant to a written agreement or otherwise). The Restricted Period shall be extended for a period equal to any time period that you are in violation of this Section 10. Nothing contained in Section 10(b) shall be construed to prevent you from investing in the stock of any competing corporation listed on a national securities exchange or traded in the over-the-counter market, but only if you are not involved in the business of said corporation and if you and your associates (as such term is defined in Regulation 14(A) promulgated under the Securities Exchange Act of 1934, as amended and as in effect on the date hereof), collectively, do not own more than an aggregate of 1.0% of the stock of such corporation.

(d) The term “**Restricted Territory**” means the Gulf of Mexico.

(e) The Parties acknowledge that the business of the Company and its affiliates is the Gulf of Mexico and that you are performing or providing the Services to the Company and its affiliates throughout the Restricted Territory. If any court of competent jurisdiction at any time deems the Restricted Period unreasonably lengthy, or the Restricted Territory unreasonably extensive, or any of the covenants set forth in this Section 10 not fully enforceable, the other provisions of this Section 10, and this Agreement in general, will nevertheless stand and to the full extent consistent with law continue in full force and effect, and it is the intention and desire of the parties that the court treat any provisions of this Agreement that are not fully enforceable as having been modified to the minimum extent deemed necessary by the court to render them reasonable and enforceable and that the court enforce them to such extent (for example, that the Restricted Period be deemed to be the longest period permissible by law, but not in excess of the length provided for in Section 10(b), and the Restricted Territory be deemed to comprise the largest territory permissible by law under the circumstances but not in excess of the territory provided for in Section 10(b)).

Section 11. Additional Acknowledgments.

(a) You acknowledge and agree that (i) the Services to be performed or provided by you to the Company as Sole Manager under the Company Agreement are of a special and unique character; (ii) you will obtain knowledge and skill relevant to the Company's industry, methods of doing business, and marketing and operational strategies by virtue of your employment; and (iii) the restrictive covenants and other terms and conditions of this Agreement (including, but not limited to, those in Sections 5 and **Error! Reference source not found.** of this Agreement) are reasonable and reasonably necessary to protect the legitimate business interest of the Company and its affiliates.

(b) You further acknowledge that (i) the benefits provided to you under this Agreement, including the amount of your compensation, reflect, in part, your obligations and the Company's rights under this Agreement, including, but not limited to, those in Sections 5 and 10 of this Agreement; (ii) you have no expectation of any additional compensation, royalties, or other payment of any kind not otherwise referenced herein in connection herewith; and (iii) you will not suffer undue hardship by reason of full compliance with the terms and conditions of Sections 5 and 10 of this Agreement or the Company's enforcement thereof.

Section 12. Assignment. Neither you nor the Company shall assign any rights or obligations under this Agreement without the prior written consent of the other Party. Any purported assignment in violation of the foregoing sentence shall be deemed null and void *ab initio*. Subject to the limits on assignment stated in this Section 12, this Agreement will inure to the benefit of, be binding on, and be enforceable against each of the Parties and their respective successors and assigns.

Section 13. Remedies. In the event you breach or threaten to breach Section 5 and Section 10 of this Agreement, you hereby acknowledge and agree that monetary damages would not afford an adequate remedy and that the Company shall be entitled to seek, in addition to other available remedies, a temporary or permanent injunction or other equitable relief restraining such breach or threatened breach from any court of competent jurisdiction, without the necessity of showing any actual damages, and without the necessity of posting any bond or other security. This equitable relief shall be in addition to, not in lieu of, legal remedies, monetary damages, or other available forms of relief.

Section 14. Disputes. Subject to Section 13, any dispute, controversy, or claim arising out of or related to this Agreement or any breach or termination of this Agreement, including but not limited to the Services or work related thereto that you provide to the Company, and any alleged violation of any federal, state, or local statute, regulation, common law, or public policy, whether sounding in contract, tort, or statute, shall be submitted to and decided by federal or state courts sitting in Harris County, Texas.

Section 15. Governing Law, Jurisdiction, and Venue. This Agreement and all related documents including all exhibits and schedules attached hereto and all matters arising out of or relating to this Agreement and the Services or work related thereto provided hereunder, whether sounding in contract, tort, or statute, for all purposes shall be governed by and construed in accordance with, the laws of the State of Texas (including its statutes of limitations), without giving effect to the conflict of laws principles that would cause laws of any jurisdiction other than those of the State of Texas to apply.

Section 16. Miscellaneous.

Independent Director Agreement

[COMPANY LETTERHEAD]

[INDEPENDENT DIRECTOR NAME]

[ADDRESS]

[DATE]

Dear [INDEPENDENT DIRECTOR NAME],

This letter agreement (this “**Agreement**”) sets forth the terms and conditions whereby you agree to provide the services to be performed by the “Independent Director” on behalf of or in the service of Fieldwood Energy I LLC, a Texas limited liability company (the “**Company**”), as more fully set forth and described in the Limited Liability Company Agreement of the Company, dated as of [●], 2020 (such agreement, as it may be amended, supplemented or modified from time to time, the “**Company Agreement**”), a copy of which is attached as Exhibit A hereto. As used in this Agreement, the term “**Parties**” shall refer to both you and the Company and “**Party**” shall refer to you or the Company.

Section 1. Services.

(a) The Company hereby engages you, and you hereby accept such engagement, as the Independent Director (as defined in the Company Agreement) to provide to the Company the services specified in the Company Agreement to be performed or provided by the Independent Director (the “**Services**”), such Services to be performed or provided on the terms and subject to the conditions set forth in the Company Agreement and this Agreement.

(b) Except as otherwise set forth in the Company Agreement, the Company shall not control the manner or means by which you perform or provide the Services.

(c) As set forth in Schedule 1, the Company shall provide you with access to its premises, materials, information, and systems to the extent necessary for the performance of the Services. Unless otherwise specified in Schedule 1, you shall furnish, at your own expense, the materials, equipment, and other resources necessary to perform the Services.

(d) You shall comply with all rules and procedures communicated to you in writing by the Company, including those related to safety, security, and confidentiality.

(e) Any provisions in this Agreement or the Company Agreement that may appear to give the Company the right to direct you as to the details of performing the Services or doing work related thereto or to exercise a measure of control over the performance of the Services or doing the work related thereto shall be deemed to mean that you shall follow the desires of the Company in the results of the Services or the work related thereto only; provided, however, that the scope of the Services to be performed or provided by you as Independent Director and your authority to take actions on behalf of the Company as Independent Director shall be subject to the limitations thereon as set forth in the Company Agreement and this Agreement.

Section 2. Term. The term of this Agreement shall commence as of the date set forth above and shall continue until the earlier of (a) the date on which you are removed as the Independent Director by the Company, with the consent of Apache Corporation, a Delaware corporation (“**Apache**”), and (b) the [tenth] anniversary of this Agreement, unless extended annually thereafter (the “**Term**”).

Section 3. Fees and Expenses.

(a) As full compensation for performance of the Services and any work related thereto and the rights granted to the Company in this Agreement, the Company shall pay you a fixed annual fee of \$[●] (the “Fees”), payable on the dates set forth in Schedule 1. You acknowledge that you will receive an IRS Form 1099-MISC from the Company, and that you shall be solely responsible for all federal, state, and local taxes, as set out in Section 4(b).

(b) You are solely responsible for any travel or other costs or expenses incurred by you in connection with the performance of the Services, and in no event shall the Company reimburse you for any such costs or expenses.

(c) The Company shall pay all the Fees in accordance with the payment schedule set forth on Schedule 1.

Section 4. Relationship of the Parties.

(a) You are an independent contractor of the Company, and this Agreement shall not be construed to create any association, partnership, joint venture, employment, or agency relationship between you and the Company for any purpose. Except as expressly set forth in the Company Agreement, you have no authority (and shall not hold yourself out as having authority) to bind the Company and you shall not make any agreements or representations on the Company’s behalf without the Company’s prior written consent.

(b) Without limiting Section 4(a), you will not be eligible to participate in any benefits or benefit plans offered by the Company to its employees, and the Company will not be responsible for withholding or paying any income, payroll, Social Security, or other federal, state, or local taxes, making any insurance contributions, including for unemployment or disability, or obtaining workers’ compensation insurance on your behalf. You shall be responsible for, and shall indemnify the Company against, all such taxes or contributions, including penalties and interest. Any persons employed or engaged by you in connection with the performance of the Services or any work related thereto shall be your employees or contractors and you shall be fully responsible for them and indemnify the Company against any claims made by or on behalf of any such employee or contractor.

Section 5. Intellectual Property Rights.

(a) The Company is, and will be, the sole and exclusive owner of all right, title, and interest throughout the world in and to all the results and proceeds of the Services and work related thereto performed or provided by you under this Agreement and the Company Agreement (collectively, the “Deliverables”) and all other writings, technology, inventions, discoveries, processes, techniques, methods, ideas, concepts, research, proposals, and materials, and all other work product of any nature whatsoever, that are created, prepared, produced, authored, edited, modified, conceived, or reduced to practice in the course of your performing or providing the Services or other work performed in connection with the Services or this Agreement or the Company Agreement (collectively, and including the Deliverables, “Work Product”), including all patents, copyrights, trademarks (together with the goodwill symbolized thereby), trade secrets, know-how, and other confidential or proprietary information, and other intellectual property rights (collectively “Intellectual Property Rights”) therein. You agree that the Work Product is hereby deemed “work made for hire” as defined in 17 U.S.C. § 101 for the Company and all copyrights therein automatically and immediately vest in the Company. If, for any reason, any Work Product does not constitute a “work made for hire,” you hereby irrevocably assign to the Company, for no additional consideration, your entire right, title, and interest throughout the world in and to such Work Product,

including all Intellectual Property Rights therein, including the right to sue for past, present, and future infringement, misappropriation, or dilution thereof.

(b) You shall protect the assets of the Company from misuse or misappropriation, including, without limitation, any Work Product, Intellectual Property Rights, or other confidential information of the Company.

(c) Notwithstanding Section 5(a), to the extent that any of your pre-existing materials identified in Schedule 1 are incorporated in or combined with any Deliverable or otherwise necessary for the use or exploitation of any Work Product, you hereby grant to the Company an irrevocable, worldwide, perpetual, royalty-free, non-exclusive license to use, publish, reproduce, perform, display, distribute, modify, prepare derivative works based upon, make, have made, sell, offer to sell, import, and otherwise exploit such preexisting materials and derivative works thereof. The Company may assign, transfer, and sublicense such rights to others without your approval.

(d) As between you and the Company, the Company is, and will remain, the sole and exclusive owner of all right, title, and interest in and to any documents, specifications, data, know-how, methodologies, software, and other materials provided to you by the Company ("**Company Materials**"), including all Intellectual Property Rights therein. You have no right or license to reproduce or use any Company Materials except solely during the Term to the extent necessary to perform your obligations under this Agreement in furtherance of the Company's business. All other rights in and to the Company Materials are expressly reserved by the Company. You have no right or license to use the Company's trademarks, service marks, trade names, logos, symbols, or brand names.

(a) You acknowledge that you will have access to information that is treated as confidential and proprietary by the Company, including, without limitation, the existence and terms of this Agreement and the Company Agreement, trade secrets, technology, and information pertaining to business operations and strategies, customers, pricing, marketing, finances, sourcing, [OTHER CONFIDENTIAL INFORMATION,] seismic information, projected production, projected cost and expenses (including projected plugging and abandonment and decommissioning costs) or operations of the Company, its affiliates, or their suppliers or customers, in each case whether spoken, written, printed, electronic, or in any other form or medium (collectively, the "**Confidential Information**"). Any Confidential Information that you access or develop in connection with the Services or any work related thereto, including but not limited to any Work Product, shall be subject to the terms and conditions of this Section 6. You shall notify the Company immediately in the event you become aware of any loss or disclosure of any Confidential Information.

(b) Confidential Information shall not include information that:

(i) is or becomes generally available to the public other than through your breach of this Agreement; or

(ii) is communicated to you by a third party that had no confidentiality obligations with respect to such information.

(c) Nothing herein shall be construed to prevent disclosure of Confidential Information as may be required by applicable law or regulation, or pursuant to the valid order of a court of competent jurisdiction or an authorized government agency.

(d) Notice of Immunity Under the Defend Trade Secrets Act of 2016 (“DTSA”). Notwithstanding any other provision of this Agreement:

(i) You will not be held criminally or civilly liable under any federal or state trade secret law for any disclosure of a trade secret that:

(A) is made: (1) in confidence to a federal, state, or local government official, either directly or indirectly, or to an attorney and (2) solely for the purpose of reporting or investigating a suspected violation of law; or

(B) is made in a complaint or other document that is filed under seal in a lawsuit or other proceeding.

(ii) If you file a lawsuit for retaliation by the Company for reporting a suspected violation of law, you may disclose the Company’s trade secrets to your attorney and use the trade secret information in the court proceeding if you:

(A) file any document containing the trade secret under seal; and

(B) do not disclose the trade secret, except pursuant to court order.

Section 7. Representations and Warranties.

(a) You represent and warrant to the Company that:

(i) you have the right to enter into this Agreement, to grant the rights granted herein and to perform fully all of your obligations in this Agreement and the Company Agreement;

(ii) your entering into this Agreement with the Company and your performance of the Services or any work related thereto do not and will not conflict with or result in any breach or default under any other agreement to which you are subject;

(iii) you have the required skill, experience, and qualifications to perform the Services and any work related thereto, you shall perform the Services and such work in a professional and workmanlike manner in accordance with generally recognized industry standards for similar services and you shall devote sufficient resources to ensure that the Services are performed in a timely and reliable manner; and

(iv) you shall perform the Services in compliance with all applicable federal, state, and local laws and regulations, including by maintaining all licenses, permits, and registrations required to perform the Services or any work related thereto.

(b) The Company hereby represents and warrants to you that:

Section 8. Indemnification. You shall be entitled to indemnification by the Company on the terms and subject to the conditions set forth in the Company Agreement.

Section 9. Insurance. The Company shall, at its own expense, provide directors' and officers' liability insurance coverage to you in your capacity as the Independent Director, in an amount and on terms reasonably customary for directors and officers of oil and gas exploration and production companies that are similarly situated to the Company. The Company shall notify you of the existence of and any termination, cancellation, or material adverse changes to such insurance coverage provided to you.

Section 10. Termination.

(a) You may resign as Independent Director and terminate this Agreement at any time without Cause (as defined below), or the Sole Manager on behalf of the Company (in the case of termination on behalf of the Company, subject to the prior consent or approval of Apache as provided in the Company Agreement) may remove you as Independent Director and terminate this Agreement without Cause at any time, in each case upon 60 calendar days' advance written notice to the other Party. In addition, this Agreement shall terminate upon your death any disability that renders you unable to perform the Services. In the event of termination by you or the Sole Manager on behalf of the Company pursuant to this clause (a) or upon your death or disability, the Company shall pay you (or your estate in the event of your death) on a pro-rata basis for any Fees then due and payable for any Services completed up to and including the effective date of such termination.

(b) The Sole Manager on behalf of the Company (subject to the prior consent and approval of Apache) may terminate this Agreement, effective immediately upon written notice to you, for "Cause" (as defined below), or, if the event giving rise to Cause is an event subject to clause (d) of the definition of Cause, then effective following any applicable right to cure set forth by the Sole Manager in the written notice of termination if you do not cure the applicable failure(s), violation(s), breach(es), action(s), or inaction(s) giving rise to Cause within the cure period specified in the written notice of termination you receive from the Sole Manager. You may terminate this Agreement, effective immediately upon written notice to the Sole Manager (with a copy provided by you to Apache), if the Company breaches any material provision of this Agreement, and such breach is incapable of cure, or with respect to a breach capable of cure, the Company does not cure such breach within thirty (30) calendar days after the Sole Manager's and Apache's receipt of your written notice of termination containing a description of the breach giving rise to the termination notice. As used herein, "Cause" means a good faith finding by the Sole Manager (subject to the prior consent and approval of Apache) of: (a) the commission by you of an act of fraud, dishonesty, or embezzlement against the Company or any of its Affiliates or Subsidiaries, or any customer or client thereof; (b) the unauthorized disclosure by you of material Confidential Information or Intellectual Property Rights of the Company or any of its Affiliates or Subsidiaries; (c) your conviction (or a plea by you or on your behalf of nolo contendere) for: (i) a felony or (ii) a crime involving fraud, dishonesty or moral turpitude; or (d) your failure to perform your material duties as the Independent Director of the Company in accordance with this Agreement, as reasonably determined by the Sole Manager (subject to the prior consent and approval of Apache), or if you intentionally, or with gross negligence, take action (or elect not to take action) or engage in conduct adverse to the interests of the Company, its Affiliates, its Subsidiaries, or its or their assets, business or business opportunities that the Sole Manager (subject to the prior consent and approval of Apache) has reasonably determined is or could be materially injurious to the Company; provided, however, that prior to a termination for Cause under clause (d) of this definition the Sole Manager shall provide written notice to you of any such failure(s), violation(s), breach(es), action(s), or inaction(s) upon which the Company intends to rely as the basis for a termination for Cause and the Sole Manager will offer the Independent Director (subject to the consent and approval of Apache) no less than five (5) calendar days to cure such failure(s), violation(s), breach(es), action(s), or inaction(s) (as applicable) if the Sole Manager, in the exercise of its good faith judgment, deems such failure(s),

violation(s), breach(es), action(s), or inaction(s) (as applicable) to be capable of cure; provided, further, that the Sole Manager shall only be required to give the Independent Director such notice and opportunity to cure one time. In the event of termination by the Company pursuant to this clause (b) for Cause or by you pursuant to this clause (b), the Company shall pay you on a pro-rata basis for any portion of your Fees then due and payable for any Services completed up to and including the effective date of such termination.

(c) Upon expiration or termination of this Agreement for any reason, or at any other time upon the Company's written request, you shall promptly after such expiration or termination:

(i) deliver to the Company all Deliverables (whether complete or incomplete) and all materials, equipment, and other property provided for your use by the Company;

Section 12. Assignment. Neither you nor the Company shall assign any rights or obligations under this Agreement without the prior written consent of the other Party. Any purported assignment in violation of the foregoing sentence shall be deemed null and void *ab initio*. Subject to the limits on assignment stated in this Section 12, this Agreement will inure to the benefit of, be binding on, and be enforceable against each of the Parties and their respective successors and assigns.

Reference source not found.** of this Agreement, you hereby acknowledge and agree that monetary damages would not afford an adequate remedy and that the Company shall be entitled to seek, in addition to other available remedies, a temporary or permanent injunction or other equitable relief restraining such breach or threatened breach from any court of competent jurisdiction, without the necessity of showing any actual damages, and without the necessity of posting any bond or other security. Section 14. Disputes. Subject to Section 13, any dispute, controversy, or claim arising out of or related to this Agreement or any breach or termination of this Agreement, including but not limited to the Services or work related thereto that you provide to the Company, and any alleged violation of any federal, state, or local statute, regulation, common law, or public policy, whether sounding in contract, tort, or statute, shall be submitted to and decided by federal or state courts sitting in Harris County, Texas.

Section 16. Miscellaneous.

(a) You shall not export, directly or indirectly, any technical data acquired from the Company, or any products utilizing any such data, to any country in violation of any applicable export laws or regulations.

(b) All notices, requests, consents, claims, demands, waivers, and other communications hereunder (each, a “**Notice**”) shall be in writing, and shall be delivered by email and additionally by (i) personal delivery, (ii) nationally recognized overnight courier (with all fees prepaid), or (iii) certified or registered mail (in each case of clause (iii), return receipt requested, postage prepaid). ARTICLE I. SERVICES

Section 1.1 Services. Subject to the terms of this Agreement, Owners hereby engage Operator to perform, or cause to be performed, all those certain operations and activities with respect to the Assets, as more particularly identified on **Exhibit A** (the “Services”), in accordance with the Approved Budget and reasonable written instructions provided from time to time during the Term of this Agreement to Operator by the Sole Manager of Fieldwood Energy I on behalf of the Owners.

Operator will include with the Statement all available back up accounting documentation reasonably necessary to support the information reflected thereon.

Section 1.4 Independent Contractor. At all times during the performance of Services by Operator, all Persons performing such Services who shall be in the employ and/or under the control of Operator or its Affiliates (including agents, contractors, temporary employees, and consultants) shall be independent from each Owner and not employees of each Owner and shall not be entitled to any payment, benefit, or perquisite directly from Owners on account of such Services, including, but not limited to, group insurance and participation in any employee benefit and pension plans maintained by each Owner or any Affiliate of each Owner. Notwithstanding any other provision contained elsewhere in this Agreement, in all cases where the Operator is performing Services under this Agreement offshore the State of Louisiana or are otherwise covered by the Louisiana Worker’s Compensation Act, La. Rev. Stat. § 23.1021 et seq., the Parties acknowledge and agree that all such operations pursuant to this Agreement are an integral part of and are essential to the ability of the Owners to generate Owners’ goods, products, or services, and that whenever Services and work are performed hereunder in or offshore Louisiana, or the Louisiana Workers’ Compensation Act may be applicable, the employees of Operator and their contractors providing such Services or performing such work, if any, whether direct, statutory,

In such event, Operator agrees that such Owner is and shall be deemed a statutory employer of Operator's employees for the sole purposes of La. Rev. Stat. § 23.1061(A)(3), as the same may be amended from time to time. For purposes of this Agreement, (i) "Affiliate" with respect to a Party means any Person that controls, is controlled by or is under common control with such Party where control means the direct or indirect power to direct the management of the entity at issue and (ii) "Person" means an individual, corporation, partnership, joint venture, limited liability company, Governmental Authority, unincorporated organization, trust, association, or other entity.

Section 1.5 Records. Operator shall maintain or cause to be maintained true and correct records of all receipts, invoices, reports, and such other documents as are customarily maintained by Operator for its own operations relating to the Services rendered hereunder for a period of the later of (i) three (3) years following the end of the calendar year during which this Agreement terminates and (ii) such other time required by applicable Law. All such receipts, invoices, reports, and other documents are the property of Owners.

Section 1.6 Representatives. Each Party shall, at all times during the Term, keep representatives available either by telephone, electronic mail, or in person during normal business hours, to receive communications from the other Party regarding the day-to-day Services and to respond to inquiries concerning the performance of the day-to-day Services. For the avoidance of doubt, all Notices required or permitted hereunder shall be delivered pursuant to Section 8.2 of this Agreement. Operator's representatives are designated on **Exhibit C**. Owners' representative is the Sole Manager of Fieldwood Energy I. Operator and Owners may replace any of its representatives or designate such other representatives from time to time by written Notice to the other Party delivered pursuant to Section 8.2.

Section 1.7 Compliance. Operator shall comply with all Laws and in accordance with the terms and provisions of the contracts, agreements, leases, and other instruments applicable to the operation of the Assets. Operator shall prepare and file all reports and be responsible for all compliance with and communications on behalf of Owners to satisfy the reporting requirements of any Governmental Authorities for operations conducted by Operator hereunder.

Section 1.8 Limitation of Services.

(a) Unless otherwise expressly required or allowed by this Agreement, Operator shall (i) not abandon or permit any contracts, agreements, leases, and other instruments applicable to the Assets to lapse or expire (except any abandonment or termination pursuant to their terms or as required by any Governmental Authorities), (ii) not do, perform, or authorize or agree to bind or obligate Owners or the Assets with respect to any matter outside the scope of the Services contemplated by this Agreement without the prior written consent of Owners, and (iii) prevent the Assets or portions thereof from becoming burdened or encumbered by any liens, charges, security interests, and encumbrances as a result of Operator's acts or omissions in providing the Services.

- (b) Except to the extent expressly authorized pursuant to this Agreement, Operator shall not, without the prior written consent of Owners:
- (i) make any payment to renew, extend, or otherwise perpetuate a lease; provided that Operator shall give Owner Notice of any such payment needed to so renew, extend, or perpetuate a lease;
 - (ii) plug and abandon any well, unless such well is part of Required Decommissioning;
 - (iii) execute, amend, waive, release, extend, terminate, or otherwise modify any of the governmental approvals, leases, or other agreements of the Assets;
 - (iv) (a) borrow or lend money on behalf of Owner; (b) participate in futures, derivatives, or hedging activities with respect to the Assets or any production therefrom; (c) purchase or sell any of the Assets or transfer or dispose of any equipment, material, or supplies on or comprising any part of an Asset; (d) execute any indemnification, release, or waiver on behalf of Owner or with respect to any Asset; (e) take any other action on behalf of Owner or pertaining to the Assets not in the ordinary course of business; (f) incur any cost or expense for geophysical items on behalf of Owner (including acquisition, processing, reprocessing, or interpretation); (g) make a capital expenditure or series of related capital expenditures on behalf of Owner not set forth in or in accordance with the Approved Budget for the applicable period, after giving effect to Permitted Variance (as defined below); or (h) assume, guarantee, or otherwise become liable or responsible (whether directly, contingently or otherwise) for the liabilities of any other Person or any indebtedness on behalf of Owner; or
 - (v) enter into any contract on behalf of Owner with respect to any of the foregoing in this Section 1.8(b).

ARTICLE II. BUDGET

Section 2.1 Periodic Budget. As of the date hereof, Owners have approved the operating and general and administrative budget for the period beginning on the date hereof and ending on [•] 31, 202[•] (the “Initial Period”), and attached as **Exhibit E** (the “Initial Periodic Budget”). On or before sixty (60) days prior to the end of Initial Periodic Budget or any subsequent Approved Budget period, Operator shall prepare and present to Owners, for Owners’ approval, a proposed operating and general and administrative budget for the period of time specified by Owners (i.e. quarterly, annual, etc.) substantially in the format of the Initial Annual Budget. The proposed periodic budget is subject to Owners’ approval in all respects; provided, however, that Operator agrees to timely address any issues that Owners might have raised with Operator with respect to such proposed budget. The Initial Periodic Budget, and the budget for any subsequent period that is approved by Owners, as any such budget may be modified or amended from time to time with the approval of Owners, is referred to as an “Approved Budget.”

Section 2.2 Annual Budget Variance Report. No later than ten (10) Business Days after the first day of the month, the Operator shall deliver to the Owners a rolling monthly and cumulative variance report (the “Budget Variance Report”). The Budget Variance Report shall measure performance against both the prior month of the Approved Budget and on a cumulative basis for the given budget period and shall include calculations that demonstrate that the Operator is in compliance with the Permitted Variance (defined below).

Section 2.3 Thirteen Week Cash Flow Budget. As of the date hereof, Owners have approved the thirteen week cash flow budget for the period beginning on the date hereof and ending thirteen weeks after the date hereof, and attached as **Exhibit F** (the “Approved TWCF Budget”). Every ten (10) Business Days thereafter, the Operator may propose an updated budget (the “Proposed TWCF Budget”) to the Owners, (i) which such report, shall set forth in comparative form the projected cash receipts and disbursements of the Operator in respect of the Services performed by Operator pursuant to this Agreement for the succeeding thirteen-week period, for all collections and disbursements, consistent in form and substance (other than Dollar amounts) with the Approved TWCF Budget. Each Proposed TWCF Budget and the Approved TWCF Budget delivered shall be accompanied by a certificate from an appropriately authorized senior officer of the Operator certifying that such projections were prepared in good faith on the basis of the assumptions stated herein, which assumptions were believed by the preparer thereof to be reasonable at the time prepared. The Sole Manager of Fieldwood Energy I, acting in its sole and absolute discretion, may approve such Proposed TWCF Budget on behalf of Owners, and upon such approval such Proposed TWCF Budget will then become the “Approved TWCF Budget” then in effect.

Section 2.4 TWCF Variance Report. Within ten (10) Business Days following the Effective Date, and every other week thereafter during the Term (each a “Test Date”), the Operator shall deliver to Owners a bi-weekly variance report (the “TWCF Variance Report”). The TWCF Variance Report shall measure performance against both the prior weeks of the Approved TWCF Budget and on a cumulative basis for the given prior four weeks and shall include calculations that demonstrate that the Operator is in compliance with the Permitted Variance.

Section 2.5 Permitted Variance. On each Test Date, Operator shall demonstrate in each such TWCF Variance Report that, in the period covered by such TWCF Variance Report, the aggregate actual disbursements, do not exceed the sum of the aggregate amount budgeted therefor in the Approved Budget for such period by more than ten percent (10%) of the budgeted amount (the “Permitted Variance”). Certification of compliance with this Section 2.5 shall be provided on such Test Date, concurrently with delivery of each TWCF Variance Report and shall have been certified by an appropriately authorized senior officer of the Operator and be in a form satisfactory to the Owners.

Section 2.6 Proposals. If and as necessary, Operator shall, by Notice to Owners, propose operations to Owners on the Assets representing expenditures that are not included in an Approved Budget and that are considered by Operator as prudent, judged by it as if it were the owner of the Assets. Notices of proposed operations shall include an AFE (in a form substantially similar to **Exhibit G** attached hereto), which shall include the proposed operation or service, and

the estimated costs of such operation or service. Operator shall further consult with Owners in connection with the evaluation of any such proposed operations. Operator shall also notify Owners of any Notice of a proposed operation received by Operator from a third party that is not included in an Approved Budget. Operator will follow the instructions of Owners with respect to each proposed operation and provide timely Notices or responses as may be required. Notwithstanding anything to the contrary contained herein, Operator may conduct or approve any operation in response to an emergency or prevention of an impending emergency and incur expenditures with respect thereto without the approval of Owners and shall be entitled to reimbursement for all such expenditures; provided, however, that Operator shall promptly provide Notice to Owners in the event of emergency actions or operations. Operator shall provide any technical evaluations regarding any drilling, reworking, or other capital expenditure projects that may be requested by Owners. With respect to any proposals made to Owners which Owners have not approved, Operator shall maintain a report of all such proposals and provide such report to Owners upon any Owner's request.

ARTICLE III. COMPENSATION

Section 3.1 Compensation for Services. For the provision of the Services, Owners shall pay Operator in accordance with **Exhibit H** ("Operator Compensation").

Section 3.2 Overhead. COPAS recoveries from third parties related to the Assets shall be accounted for on behalf of Owners. There shall be no separate charge by Operator relating to its overhead (including, but not limited to, head office overhead, field overhead, bonuses, and severances). For the avoidance of doubt, the Operator Compensation fully compensates Operator for its overhead.

ARTICLE IV. PAYMENT AND DEFAULT

Section 4.1 Submission of Invoice. Operator shall submit a written invoice (the "Invoice") to Owners on or before the fifteenth (15th) Business Day of each month setting forth the Operator Compensation for the preceding month for the Services provided by Operator and all out-of-pocket expenses incurred by Operator to the extent incurred in the performance of the Services. Notwithstanding anything in this Agreement to the contrary, (i) all charges, out-of-pocket expenses, and other disbursements to Operator are subject to and shall not exceed the Approved Budget with respect to such charges, out-of-pocket expenses, and other disbursements for the applicable period, after giving effect to Permitted Variance and (ii) after giving effect to Permitted Variance, Operator shall be solely responsible for any and all costs and expenses incurred by the Operator or associated with the Services.

Section 4.2 Payment of Invoices. Excluding amounts that are subject to dispute pursuant to Section 4.3, Owners shall pay within thirty (30) Business Days of Owners' receipt of an Invoice the amounts invoiced to such Owner by wire transfer of immediately available funds to the bank account designated by Operator. Adjustment credits or debits shall be shown on the Invoice next succeeding the Invoice in which the adjustment is made. Operator shall provide reasonable back-up and supporting documents related to any Invoice within five (5) Business Days of Owners' written request. Any preexisting obligation to make payment for the Services provided hereunder or out-of-pocket costs of Operator shall survive the termination of a Service and this

Agreement until paid. Owners shall have access to and the right to audit all records supporting such Invoiced amounts for the period set forth in Section 1.5.

Section 4.3 Payment Disputes. Owners may object to any Invoiced amounts for any Service at any time before, at the time of, or after payment is made. Payment of any amount set forth in an Invoice shall not constitute approval thereof, or waive Owners' audit rights as set forth herein. The Parties shall meet as expeditiously as possible to resolve any dispute. If the Parties fail to reach agreement in writing as to any disputed amounts invoiced by Operator under Section 4.1 above, upon written Notice of dispute to the other Party, either Party may submit the matters that remain in dispute to [] (the "Accounting Referee") for review and final and binding resolution. If any Person selected as Accounting Referee is unable or unwilling to serve as a referee hereunder, then the Accounting Referee shall be selected by lot from among the independent national accounting firms that have not represented any Party or its Affiliates at any time during the three-year period of time immediately preceding its designation hereunder. Owners and the Operator shall, not later than seven (7) days prior to the hearing date set by the Accounting Referee, each submit a written brief to the Accounting Referee (and a copy thereof simultaneously to the other Party) with dollar figures for settlement of the disputes as to any amounts owed by Operator. The hearing will be scheduled as soon as is acceptable to the Accounting Referee, but not earlier than seven (7) days after the date for submission of the settlement briefs, and shall be conducted on a confidential basis. The Accounting Referee shall consider only those items or amounts which were identified in a notice in dispute delivered hereunder and which remain in dispute, together with the written briefs, and such other documents submitted therewith, and the Accounting Referee's decision resolving the matters in dispute shall be based upon and be consistent with the terms and conditions in this Agreement. In deciding any matter, the Accounting Referee (i) shall be bound by the provisions of this Section 4.3 and the related definitions and (ii) may not assign a value to any disputed item greater than the greatest value for such item claimed by either the Operator or Owners or less than the smallest value for such item claimed by the Operator or Owners in their respective calculations delivered hereunder. The Accounting Referee shall render a decision resolving the matters in dispute (which decision shall include a written statement of findings and conclusions) promptly after the conclusion of the hearing, unless the Parties reach agreement prior thereto and withdraw the dispute from the Accounting Referee. The Accounting Referee shall provide to the Parties an explanation in writing of the reasons for its decisions regarding the amounts disputed in the applicable notice. The decision of the Accounting Referee shall be (i) final and binding on the Parties and (ii) final and non-appealable for all purposes hereunder. Payment of any disputed amounts shall be made within fifteen (15) Business Days after the earlier to occur of (i) the Parties' agreement in writing as to such disputed amounts and (ii) the rendered decision of the Accounting Referee. The fees and expenses of the Accounting Referee under this Section 4.3 shall be borne one half by the Operator and one half by Owners. The fees and disbursements of Operator's independent auditors and other costs and expenses incurred in connection with the services performed with respect to any dispute under this Section 4.3 shall be borne by the Operator, and the fees and disbursements of Owners' independent auditors and other costs and expenses incurred in connection with the services performed with respect to any dispute under this Section 4.3 shall be borne by Owners.

Section 4.4 Owner Default. It shall constitute a default on behalf of an Owner (an "Owner Default") if such Owner fails to timely pay any Invoiced amount for Services provided

pursuant to this Agreement in accordance with the provisions of this Article IV or perform any covenants of such Owner hereunder, which failure, in the case of a payment default, continues undisputed for at least thirty (30) days following receipt of written Notice to such Owner that such Invoiced amount is past due or, in all other instances, at least sixty (60) days following receipt of written Notice to such Owner that such performance is required; provided, however, that if such Owner cannot reasonably cure such failure within such sixty (60) day period, no Owner Default shall be deemed to occur provided such Owner demonstrates that it has taken steps to cure such failure within such sixty (60) day period and diligently prosecutes such cure to completion.

Section 4.5 Operator Default. Subject to Section 4.4 above, it shall constitute a default on behalf of Operator (an “Operator Default”) if Operator fails to provide a Service to an Owner in accordance with the terms and conditions of this Agreement, which failure continues for at least ten (10) days following receipt of written Notice to Operator; provided, however, that if Operator cannot reasonably cure such failure within such ten (10) day period, no Operator Default shall be deemed to occur provided Operator demonstrates that it has diligently taken all reasonable steps to cure such failure within such ten (10) day period and diligently prosecutes such cure to completion; provided, however, any such failure that is not cured by Operator within thirty (30) days of Owner’s written Notice shall be deemed an Operator Default.

Section 4.6 Sales Taxes. Any sales taxes paid hereunder for Services that Operator is required to pay or incur shall be passed on to the Owner to which such Services are provided as an explicit surcharge and shall be paid by such Owner in addition to any Operator Compensation, whether included in the applicable Invoice, or added retroactively. If such Owner submits to Operator a timely and valid resale or other exemption certificate that is sufficient to support the exemption from sales taxes, then such taxes will not be added to the Operator Compensation payable pursuant to this Article IV; provided, however, that if Operator is ever required to pay such taxes, such Owner will promptly reimburse Operator for such tax, including any interest, penalties, and attorney’s fees assessed thereon by the applicable Government Authority. The Parties will cooperate to contest any invalid sales taxes imposed on the Services and to minimize the imposition of any such sales taxes.

ARTICLE V. TERM OF AGREEMENT

Section 5.1 Term. Unless earlier terminated as hereinafter provided, this Agreement will (i) have an initial term of [•] ([•]) years commencing on the Effective Date (the “Initial Term”), and (ii) automatically be renewed thereafter on a [year-to-year] basis until terminated as provided herein (the “Extension Term” and together with the Initial Term, the “Term”), unless either Party gives the other Party written Notice of its intent not to renew this Agreement not less than one hundred twenty (120) days prior to the end of the Initial Term or Extension Term, as applicable; provided, however, that each Owner may, with or without cause and for any or no reason, terminate this Agreement applicable to any or all of the Assets owned by such Owner upon sixty (60) days prior written Notice to Operator. Notwithstanding anything in this Agreement to the contrary, each Owner may discontinue certain Services as more particularly set forth on **Exhibit A**, and, upon such discontinuation, Owners may revise the Approved Budget accordingly.

ARTICLE VI. TERMINATION

Section 6.1 Owner Termination. Each Owner may terminate this Agreement applicable to the Assets owned by such Owner sooner than described in Section 5.1 by Notice to Operator delivered not less than thirty (30) days before the effective of such termination (i) if an Owner incurs a Loss resulting from or associated with the Services and such Loss was the result of Operator's failure to meet the Standard of Performance set forth in Section 1.3; (ii) in the event of Operator Default; (iii) if Operator is guilty of negligence or misconduct in the performance of the Services; (iv) if any conviction of, or plea of nolo contendere to, any felony or to any crime or offense, including any involving acts of theft, fraud, embezzlement, moral turpitude, or similar conduct, by any officer of Operator, (v) if there is instituted by or against Operator any proceedings under the United States Bankruptcy Code, under any other bankruptcy law, or under any other law for the relief of debtors now or hereafter existing, or a receiver is appointed for all or substantially all of the assets of Operator, and such proceeding is not dismissed or such receiver is not discharged, as the case may be, within thirty (30) days thereafter; or (vi) if Operator shall (A) become insolvent, (B) generally fail to, or admit in writing its inability to, pay debts as they become due, (C) make a general assignment for the benefit of creditors or (D) apply for, consent to or acquiesce in, the appointment of a trustee, receiver, or other custodian.

Section 6.2 Operator Termination. Operator may terminate this Agreement sooner than described in Section 5.1 by Notice to Owners delivered not less than thirty (30) days before the effective of such termination (i) in the event of Owner Default that has continued unabated for 120 days after written Notice thereof has been delivered to such Owner and Apache Corporation ("Apache"); (ii) if there is instituted by or against Owners any proceedings under the United States Bankruptcy Code, under any other bankruptcy law, or under any other law for the relief of debtors now or hereafter existing, or a receiver is appointed for all or substantially all of the assets of Owners, and such proceeding is not dismissed or such receiver is not discharged, as the case may be, within thirty (30) days thereafter; or (iii) if Owners shall (A) become insolvent, (B) generally fail to, or admit in writing its inability to, pay debts as they become due, (C) make a general assignment for the benefit of creditors (excluding permitted assigns) or (D) apply for, consent to or acquiesce in, the appointment of a trustee, receiver, or other custodian; provided, however, that Operator may not terminate Services reasonably determined by Owners to be critical to the safety of the operation of the Assets until such time as Operator can make the Assets safe for handover to Owners or their designee.

Section 6.3 Survival. Upon termination of this Agreement, the provisions of this Agreement shall forthwith become void and the Parties shall have no liability or obligation with respect to provisions; provided, however, that the termination of this Agreement shall not relieve any Party from any expense, liability, or other obligation (including as to a breach of any provision hereof) or remedy hereof which has accrued or attached prior to the date of such termination; provided, however, that Article VI, Article VII, Section 1.4, Section 1.7, the second sentence of Section 1.3, and Owners' audit rights under Section 4.2 of this Agreement, together with such terms from Article VIII as are necessary or appropriate for the proper application of such surviving Articles, Sections, or provisions, shall survive such discontinuation or termination.

Section 6.4 Transition of Operations. Upon termination of this Agreement, Operator shall: (i) cooperate with Owners to facilitate a timely transition of all operations concerning the

Assets and the Services; (ii) promptly deliver to Owners, or its representative, to the extent in Operator's possession, copies of all documents, records, and other data related to the Assets in the Operator's possession, including, without limitation, information, data, know-how, interpretations, contracts, and other rights and privileges with respect to each Owner's wells, production, leases, and all Evaluation Data, Seismic Data, and Well Data to the Assets and other information reasonably requested by Owners, in each case, relating to the Assets or the Services performed by Operator hereunder to the extent such records and information are not already in the possession of Owners; (iii) promptly tender and pay to Owner all amounts received by Operator from Owners that are in the possession of Operator as of the effective date of such termination and relate to periods after the date of termination; and (iv) within sixty (60) days from the effective date of such termination, prepare and tender to Owners a final and complete statement setting forth all amounts, if any, that are due and owing to Operator in accordance with this Agreement. For the purposes of this Agreement, the term "Evaluation Data" shall mean Seismic Data and other data and information relating to the Assets including, without limitation, to the extent applicable, relevant geological and geophysical interpretations and information, including the most recent reports, interpretations, and maps, and all specialty processing and analysis of Seismic Data (e.g., migration, AVO, etc.); the term "Seismic Data" shall mean any and all seismic data, two-dimensional multifold seismic data, three-dimensional seismic data, stacked and migrated processed sections, digital field tapes, stacked tapes, support data relating thereto, stick and quality control segments, receiver and bin center locations, stacking velocities, shothole drilling information, digital shotpoint locations, magnetic, surface, and other surveys, seismic sections, surface and subsurface maps, plats, charts, and any interpretations of any of the foregoing, or other like information customarily used in connection with oil and/or gas exploration; and the term "Well Data" shall mean any logs, core samples, other geological and geophysical data or similar data created during drilling operations, any engineering records or reports (including wellbore schematics), any drilling records or reports (including detailed daily drilling reports) and any related reports filed with the BOEM.

ARTICLE VII. INDEMNITIES

Section 7.1 Operator's Indemnity Obligations. The Operator agrees to **INDEMNIFY, DEFEND AND HOLD HARMLESS** Owners, their Affiliates, and their respective parent, subsidiary and affiliated companies, its and their joint owners, co-lessees, partners, joint venturers, and the officers, directors, agents, consultants, contractors, invitees, insurers and employees of all of the foregoing, and other representatives (each, an "Owner Indemnified Party") from and against any and all claims, causes of action, losses, demands, costs, expenses, penalties, or liabilities together with all costs and fees in connection with the same including reasonable attorneys' fees (collectively, "Losses"), and to reimburse each Owner Indemnified Party for all reasonable expenses as they are incurred in investigating, preparing, pursuing, or defending any claim, action, proceeding, or investigation (collectively, "Actions"), whether or not in connection with pending or threatened litigation and whether or not any Owner Indemnified Party is a party, in each case to the extent such Losses have resulted from an Operator Indemnified Party's (a) bodily injury, personal injury, or death, (b) loss or destruction of or damage to any Operator Indemnified Party's property of any kind, (c) performance of the Services in a manner that is inconsistent with the Standard of Performance set forth in Section 1.3, or (d) breach of this Agreement; *provided, however*, that such indemnity shall exclude Losses to the extent resulting from an Owner Indemnified Party's bad faith, fraud, gross negligence, or willful

misconduct or breach of this Agreement as determined by the final non-appealable judgment of a court of competent jurisdiction.

Section 7.2 Owners' Indemnification Obligations. The Owners agrees to **INDEMNIFY, DEFEND AND HOLD HARMLESS** Operator, its Affiliates, and its and their respective parent, subsidiary and affiliated companies, its and their joint owners, co-lessees, partners, joint venturers, and the officers, directors, agents, consultants, contractors, invitees, insurers and employees of all of the foregoing, and other representatives (each an "Operator Indemnified Party") from and against any Losses, and to reimburse each Operator Indemnified Party for all reasonable expenses as they are incurred in investigating, preparing, pursuing, or defending any Actions, whether or not in connection with pending or threatened litigation and whether or not any Operator Indemnified Party is a party, in each case to the extent such Losses have resulted from an Owner Indemnified Party's (a) bodily injury, personal injury, or death, (b) bad faith, fraud, gross negligence, or willful misconduct, or (c) breach of this Agreement; *provided, however*, that such indemnity shall exclude Losses to the extent resulting from an Operator Indemnified Party's bad faith, fraud, gross negligence, or willful misconduct or breach of this Agreement.

Section 7.3 Insurance Support. Operator, as indemnitor, agrees to obtain, for the benefit of indemnitee, liability insurance and/or qualified self-insurance sufficient to support their indemnity obligations. If Operator fails to carry such insurance, then it is agreed that Operator has qualified self-insurance. The obligations in this Article VII are independent of and in addition to any other provisions in this Agreement, and shall not be prejudiced, reduced, or limited by any insurance coverage requirements or insurance coverage actually maintained.

Section 7.4 Indemnification Procedure. Whenever any claim arises for indemnification hereunder, the indemnified Person shall promptly notify the indemnifying Party of the claim and, when known, the facts constituting the basis for such claim, except that in the event of any claim for indemnification hereunder resulting from or in connection with any claim or legal proceedings by a third party, except as otherwise expressly provided in this Article VII, such Notice shall specify, if known, the amount or an estimate of the amount of the Losses asserted by such third party. In connection with any claim giving rise to indemnity hereunder resulting from or arising out of any claim or legal proceeding by a third party, the indemnifying Party, may, upon Notice to the indemnified Person, assume the defense of any such claim or legal proceeding. Except with the written consent of the indemnified Person, the indemnifying Party shall not consent to the entry of any judgment or settlement arising from any such claim or legal proceedings which, in each case, provides for any non-monetary relief or does not include as an unconditional term thereof the giving by the claimant or the plaintiff to the indemnified Person of a release from all Losses in respect thereof, unless in the latter case the indemnifying Party has actually paid to the indemnified Person the full amount of such judgment or settlement. Any indemnified Person shall be entitled to participate in (but not control) the defense of any such claim or litigation resulting therefrom. If the indemnifying Party upon Notice to the indemnified Person does not elect to control the litigation as provided above, the indemnified Person may defend against such claim or litigation in such manner as it may deem appropriate, including, without limitation, settling such claim or litigation, after giving Notice of the same to the indemnifying Party, on such terms as such indemnified Person may deem appropriate, and the indemnifying Party shall

promptly reimburse the indemnified Person from time to time as such Losses are incurred. All indemnification hereunder shall be effected by payment of cash or delivery of a certified or official bank check in the amount of the indemnification Losses.

Section 7.5 Savings Provisions.

(a) If any provision contained in this Agreement conflicts with, is prohibited by or violates public policy under any federal, state, or other applicable Law determined to be applicable to a particular situation arising under or involving this Agreement or any Services hereunder, it is understood and agreed that the conflicting, prohibited, or violating provision shall be deemed automatically amended in that situation to the extent—but only to the extent—necessary to conform with, not be prohibited by, and avoid violating public policy under such applicable Law. No other provisions of this Agreement shall be amended or affected thereby. The Parties agree that the exculpatory, indemnification, and hold harmless provisions herein shall be modified or altered only insofar as required by a jurisdiction purporting to limit such provisions, it being the intention of both Parties to enforce to the fullest extent, all terms and conditions herein agreed to.

(b) Section 7.5(a) applies to the extent, and only to the extent, that:

- (i) the Texas Oilfield Anti-Indemnity Act (or a similar statute of another jurisdiction, excluding Louisiana) applies to this Agreement or any Services performed hereunder and would render void, unenforceable, or voidable any obligations hereunder, including any set forth in Article VII; then each Party agrees to carry supporting insurance in equal amounts of the types and in the minimum amounts as specified in the insurance requirements hereunder and if a Party's insurance is deficient or unavailable for any reason, then such Party agrees and shall be deemed to have approved self funded or self insurance. It is the intention of the Parties hereto that the Party to whom indemnity is owed will receive the benefit of such indemnity regardless of what may happen after this Agreement is signed that might affect the insurance required to be obtained by the Party owing the indemnity; or
- (ii) the Louisiana Oilfield Indemnity Act (La. R.S. 9:2780, as the same may be amended from time to time), applies to this Agreement or any Services performed hereunder and would render void, unenforceable, or voidable any obligations hereunder, including any set forth in Article VII; then each Party who would be the indemnified party under the indemnity provisions contained herein (the "Paying Party") shall have the option to pay to the underwriter(s) of the other Party who would be the indemnifying party ("Indemnitor" or "Primary Insured") the premium required by those underwriters to extend such Primary Insured's policies of liability insurance covering bodily injury or death as required by the indemnity provisions of this Agreement, by (i) naming the Paying Party (and the other members of that Party's Group, being either the Operator Indemnified Parties or the

Owner Indemnified Parties, as required by the indemnity provisions of this Agreement) as additional insured(s), (ii) waiving subrogation against such additional insured(s), and (iii) designating such insurance as primary coverage on behalf of such additional insured(s). In the event that a Party makes this election, the Primary Insured will introduce the Paying Party to the Primary Insured's insurance broker(s)/agent(s) and those broker(s)/agent(s) will coordinate among the Paying Party and the Primary Insured's underwriters to facilitate the Paying Party's negotiation of such coverage, premium, billing, payment, notice, and renewal arrangements with those underwriter(s) as the Paying Party may, in its sole discretion, deem advisable. All costs and expenses of and in connection with such arrangements shall be for the account of the Paying Party, and invoices and payments in respect of such arrangements shall be exchanged directly between the Paying Party and the Primary Insured's underwriters (directly or through such underwriters' authorized broker(s)/agent(s)).

ARTICLE VIII. MISCELLANEOUS

Section 8.1 Force Majeure. In the event that Operator is rendered unable, wholly or in part, by Force Majeure or other causes herein specified, to carry out all or any of its obligation under this Agreement, it is agreed that on Operator's delivery of written Notice, so far as Operator is prevented by such Force Majeure or other causes herein specified, Operator's obligation shall be suspended during the continuance of any inability so caused, and Operator will not be liable to Owners for any interruptions of service, any delays, or any failure to perform under this Agreement caused by such Force Majeure. For the avoidance of doubt, any delays, interruptions or failures to perform caused by such occurrences shall not be deemed to be a breach or failure to perform under this Agreement. The term "Force Majeure" means occurrences beyond the control of Operator and includes, without limiting the generality of the foregoing: acts of God, strikes, lockouts, or other industrial disturbances, acts of the public enemy, wars, blockades, insurrections, riots, landslides, lightning, earthquakes, fires, storms, hurricanes, tropical storms, loop currents, floods, washouts, arrests, and restraints of the Government, either federal or state, civil or military, civil disturbances, explosions, sabotage, malicious mischief, breakage or accident to machinery or lines of pipe, freezing of wells or lines of pipe, refusal or inability of resale owner(s) or transporter(s) to take deliveries due to events of Force Majeure, inability of Operator to obtain right-of-way, necessary materials, supplies, or permits not caused by the failure of Operator to pay for or negligence to obtain such rights-of-way, necessary materials, supplies, or permits, an order, directive, or restraint issued or imposed by any Governmental Authority, regulatory body or court having jurisdiction. It is understood and agreed that the settlement of strikes or other labor difficulties shall be entirely within the discretion of Operator. During the continuation of a Force Majeure event, Operator shall act diligently to overcome the impediments caused by such event and Operator will perform its obligations under this Agreement to the fullest extent possible under the circumstances during such Force Majeure and, thereafter, in full upon cessation of the Force Majeure.

Section 8.2 Notices. Any notice, request, instruction, correspondence, or other document to be given hereunder by any Party to another (herein collectively called "Notice") shall be in writing and delivered in person or by courier service requiring acknowledgement of receipt

or mailed by certified mail, postage prepaid and return receipt requested, or by overnight delivery service, as follows:

(a) Changed Circumstances/Temporary LIBOR Unavailability. In the event that the Administrative Agent determines (which determination shall be final and conclusive and binding upon all parties hereto), on any interest rate determination date with respect to any LIBOR Loans, that (i) subject to subsection (b) below and Sections 2.08 and 2.09, dollar deposits are not being offered to banks in the London interbank eurodollar market for the applicable amount and Interest Period of such LIBOR Loans, (ii) by reason of circumstances affecting the London interbank market adequate and fair means do not exist for ascertaining the interest rate applicable to such LIBOR Loans on the basis provided for in the definition of LIBOR, or (iii) LIBOR does not adequately and fairly reflect the cost to Lenders of making or maintaining such LIBOR Loans during such Interest Period, the Administrative Agent will reasonably promptly give notice to the Borrower and each Lender of such determination, whereupon (A) no Loans may be made as, or converted to, LIBOR Loans until such time as Administrative Agent notifies the Borrower and Lenders that the circumstances giving rise to such

notice no longer exist, and (B) any Notice of Borrowing or Interest Period Election Request given by the Borrower with respect to the Loans in respect of which such determination was made shall be deemed to be rescinded by the Borrower.

(b) Benchmark Replacement Setting. Notwithstanding anything to the contrary herein or in any other Loan Document:

(i) Replacing Adjusted LIBOR. On March 5, 2021 the Financial Conduct Authority (“FCA”), the regulatory supervisor of USD LIBOR’s administrator (“IBA”), announced in a public statement the future cessation or loss of representativeness of overnight/Spot Next, 1-month, 3-month, 6-month and 12-month USD LIBOR tenor settings. On the earlier of (i) the date that all Available Tenors of USD LIBOR have either permanently or indefinitely ceased to be provided by IBA or have been announced by the FCA pursuant to public statement or publication of information to be no longer representative and (ii) the Early Opt-in Effective Date, if the then-current Benchmark is USD LIBOR, the Benchmark Replacement will replace such Benchmark for all purposes hereunder and under any Loan Document in respect of any setting of such Benchmark on such day and all subsequent settings without any amendment to, or further action or consent of any other party to this Agreement or any other Loan Document. If the Benchmark Replacement is Daily Simple SOFR, all interest payments will be payable on a quarterly basis.

(ii) Replacing Future Benchmarks. Upon the occurrence of a Benchmark Transition Event, the Benchmark Replacement will replace the then-current Benchmark for all purposes hereunder and under any Loan Document in respect of any Benchmark setting at or after 5:00 p.m. (New York City time) on the fifth (5th) Business Day after the date notice of such Benchmark Replacement is provided to the Lenders without any amendment to, or further action or consent of any other party to, this Agreement or any other Loan Document, so long as the Administrative Agent has not received, by such time, written notice of objection to such Benchmark Replacement from Lenders comprising the Required Lenders. At any time that the administrator of the then-current Benchmark has permanently or indefinitely ceased to provide such Benchmark or such Benchmark has been announced by the regulatory supervisor for the administrator of such Benchmark pursuant to public statement or publication of information to be no longer representative of the underlying market and economic reality that such Benchmark is intended to measure and that representativeness will not be restored, the Borrower may revoke any request for a borrowing of, conversion to or continuation of Loans to be made, converted or continued that would bear interest by reference to such Benchmark until the Borrower’s receipt of notice from the Administrative Agent that a Benchmark Replacement has replaced such Benchmark, and, failing that, the Borrower will be deemed to have converted any such request into a request for a borrowing of or conversion to ABR Loans. During the period referenced in the foregoing sentence, the component of ABR based upon the Benchmark will not be used in any determination of ABR.

(iii) Benchmark Replacement Conforming Changes. In connection with the implementation and administration of a Benchmark Replacement, the Administrative Agent will have the right to make Benchmark Replacement Conforming Changes from time to time and, notwithstanding anything to the contrary herein or in any other Loan Document, any amendments implementing such Benchmark Replacement Conforming Changes will become effective without any further action or consent of any other party to this Agreement or any other Loan Document.

(iv) Notices; Standards for Decisions and Determinations. The Administrative Agent will promptly notify the Borrower and the Lenders of (i) the implementation of any Benchmark Replacement and (ii) the effectiveness of any Benchmark Replacement Conforming Changes. Any determination, decision or election that may be made by the Administrative Agent or, if applicable, any Lender (or group of Lenders) pursuant to this Section 1.09, including any determination with respect to a tenor, rate or adjustment or the occurrence or non-occurrence of an event, circumstance or date and

any decision to take or refrain from taking any action, will be conclusive and binding absent manifest error and may be made in its or their sole discretion and without consent from any other party to this Agreement or any other Loan Document, except, in each case, as expressly required pursuant to this Section 1.09.

(v) Unavailability of Tenor of Benchmark. Notwithstanding anything to the contrary herein or in any other Loan Document, at any time (including in connection with the implementation of a Benchmark Replacement), (i) if the then-current Benchmark is a term rate (including Term SOFR or LIBOR) and either (A) any tenor for such Benchmark is not displayed on a screen or other information service that publishes such rate from time to time as selected by the Administrative Agent in its reasonable discretion or (B) the regulatory supervisor for the administrator of such Benchmark has provided a public statement or publication of information announcing that any tenor for such Benchmark is or will be no longer representative, then the Administrative Agent and the Borrower may modify the definition of “Interest Period” for any Benchmark setting at or after such time to remove such unavailable or non-representative tenor and (ii) if a tenor that was removed pursuant to clause (i) above either (A) is subsequently displayed on a screen or information service for a Benchmark (including a Benchmark Replacement) or (B) is not, or is no longer, subject to an announcement that it is or will no longer be representative for a Benchmark (including a Benchmark Replacement), then the Administrative Agent may modify the definition of “Interest Period” for all Benchmark settings at or after such time to reinstate such previously removed tenor.

SECTION 1.10. Divisions. For all purposes under the Loan Documents, in connection with any division or plan of division under Delaware law (or any comparable event under a different jurisdiction’s laws): (a) if any asset, right, obligation or liability of any Person becomes the asset, right, obligation or liability of a different Person, then it shall be deemed to have been transferred from the original Person to the subsequent Person, and (b) if any new Person comes into existence, such new Person shall be deemed to have been organized on the first date of its existence by the holders of its Equity Interests at such time.

SECTION 1.11. Deemed Funding of Loans. All references to any Lender “making” or “funding” a Loan or a Loan being “made” or “funded” (or any similar concept) by a Lender shall for all purposes hereunder, be a reference to the deemed making or funding of such Loan by such Lender or such Loan being deemed made or funded (or any similar concept) by such Lender.

SECTION 1.12. Certain Calculations and Tests. In the event that the Borrower or any of its Restricted Subsidiaries Incurs, repays, repurchases or redeems any Indebtedness (other than in the case of any Qualified Receivables Financing, in which case interest expense shall be computed based upon the average daily balance of such Indebtedness during the applicable period) or issues, repurchases or redeems Disqualified Stock or Preferred Stock subsequent to the commencement of the period for which any financial ratio or test (including, without limitation, the Consolidated First Lien Leverage Ratio, Consolidated First Lien Net Leverage Ratio, the Consolidated Total Net Leverage Ratio Asset Coverage Ratio or any other financial covenant) is being calculated but prior to the event for which the calculation is made (the “Calculation Date”), then such calculation shall give pro forma effect to such Incurrence, repayment, repurchase or redemption of Indebtedness, or such issuance, repurchase or redemption of Disqualified Stock or Preferred Stock, as if the same had occurred at the beginning of the applicable four-quarter period.

For purposes of this definition, whenever pro forma effect is to be given to any event, the pro forma calculations shall be made in good faith by a responsible financial or accounting officer of the Borrower.

If any Indebtedness bears a floating rate of interest and is being given pro forma effect, the interest on such Indebtedness shall be calculated as if the rate in effect on the Calculation Date had been the applicable rate for the entire period (taking into account any Hedging Obligations applicable to such Indebtedness if such Hedging Obligation has a remaining term in excess of 12 months). Interest on a Capitalized Lease Obligation shall be deemed to accrue at an interest rate reasonably determined by a responsible financial

or accounting officer of the Borrower to be the rate of interest implicit in such Capitalized Lease Obligation in accordance with GAAP.

For purposes of this definition, any amount in a currency other than U.S. Dollars will be converted to U.S. Dollars based on the average exchange rate for such currency for the most recent twelve month period immediately prior to the date of determination in a manner consistent with that used in calculating EBITDAX for the applicable period.

SECTION 2.01. Loans.

(a) Subject to and upon the terms and conditions herein set forth, each Lender severally agrees that it shall be deemed to have made a Loan or Loans on the Closing Date to the Borrower in U.S. Dollars in an aggregate principal amount set forth for such Lender on Schedule 2.01. The initial aggregate principal amount of the Loans shall be \$118,599,082.31. The Loans (i) shall be deemed made on the Closing Date and (ii) may be repaid or prepaid in accordance with the provisions hereof, but once repaid or prepaid, may not be reborrowed.

(b) Each Lender may at its option make any Loan by causing any domestic or foreign branch or Affiliate of such Lender to make such Loan; *provided* that (i) any exercise of such option shall not affect the obligation of the Borrower to repay such Loan and (ii) in exercising such option, such Lender shall use its reasonable efforts to minimize any increased costs to the Borrower resulting therefrom (which obligation of the Lender shall not require it to take, or refrain from taking, actions that it determines would result in increased costs for which it will not be compensated hereunder or that it determines would be otherwise disadvantageous to it and in the event of such request for costs for which compensation is provided under this Agreement, the provisions of Section 2.08 shall apply).

SECTION 2.02. Existing Loans. The parties hereto acknowledge and agree that an aggregate principal amount of "Loans" under and as defined in the Prepetition FLFO Credit Agreement (the "Existing Loans") equal to \$118,599,082.31 remains outstanding immediately prior to the Closing Date. Subject to the terms and conditions set forth herein, each Lender, severally and not jointly, agrees that the Existing Loans made by such Lender under the Prepetition FLFO Credit Agreement and outstanding on the Closing Date immediately prior to giving effect to this Agreement shall be converted into Loans in a principal amount equal to its Existing Loans and such Loans shall be deemed made pursuant to this Agreement on the Closing Date as set forth in Section 2.01(a). The conversion by a Lender of all or a portion of its Existing Loans shall be deemed to satisfy, dollar for dollar, such Lender's obligation to make Loans on the Closing Date. Such Existing Loans of each Lender shall hereafter be referred to as "Loans" and on and after the Closing Date shall have all of the rights and benefits of Loans as set forth in this Agreement and the other Loan Documents. For the avoidance of doubt, such conversion of Existing Loans into Loans hereunder shall be deemed a "Borrowing" for all purposes under this Agreement.

SECTION 2.03. Notice of Borrowing.

(a) For the Borrowing made on the Closing Date, the Borrower shall give the Administrative Agent written notice (or telephonic notice promptly confirmed in writing) on or prior to the Closing Date. The notice (a "Notice of Borrowing") shall be revocable if any of the conditions in Section 4.01 that are not reasonably within the control of the Borrower are not satisfied or waived. Such Notice of Borrowing shall specify (i) the aggregate principal amount of the Loans to be made, (ii) the proposed date of the Loans (which shall be a Business Day), (iii) whether such Loans are to be ABR Loans or LIBOR Loans and, if LIBOR Loans, the initial Interest Period applicable thereto, and (iv) remittance instructions for

disbursement of the proceeds of the Loans. The Notice of Borrowing shall be in substantially the form of Exhibit E. The Administrative Agent shall promptly give each Lender written notice of the proposed borrowing of Loans, of such Lender's proportionate share thereof and of the other matters covered by the related Notice of Borrowing.

SECTION 2.04. Repayment of Loans; Evidence of Debt.

(a) The Borrower hereby unconditionally promises to repay, in U.S. Dollars, the outstanding principal amount of the Loans to the Administrative Agent for the account of each Lender:

(i) commencing with the fiscal quarter ending [●], 2021², on the last Business Day of each fiscal quarter, in an amount equal to \$3,750,000;

(ii) on December 31, 2021, in an aggregate amount equal to the outstanding principal amount of Loans outstanding under this Agreement minus \$100,000,000; provided that, for the avoidance of doubt, if the aggregate principal amount of the Loans outstanding on such date is less than \$100,000,000, no such prepayment is required;

(iii) commencing with the fiscal quarter ending [●], 2022³ (the "Variable Amortization Trigger Date"), on the last Business Day of each fiscal quarter, in an amount equal to the Variable Amortization Percentage as of the last day of the immediately preceding fiscal quarter of Consolidated Excess Cash at end of such fiscal quarter; provided that, if such payment would cause the outstanding principal balance of the Loans to be less than \$75,000,000, then such payment shall only be required in the amount necessary to reduce the outstanding principal balance of the Loans to \$75,000,000; and

(iv) on the Maturity Date, in an amount equal to the then unpaid principal amount of each Loan of such Lender to the Borrower;

provided that all prepayments under this Section 2.04(a) shall be accompanied by all accrued interest thereon, together with, in the case of any such prepayment of a LIBOR Loan on a date other than the last day of an Interest Period therefor, any amounts owing in respect of such LIBOR Loan pursuant to Section 2.04(a).

(b) Each Lender shall maintain in accordance with its usual practice an account or accounts evidencing the indebtedness of the Borrower to the appropriate Lending Office of such Lender resulting from the Loan made by such Lending Office of such Lender from time to time, including the amounts of principal and interest payable and paid to such Lending Office of such Lender from time to time under this Agreement.

(c) The Administrative Agent, acting for this purpose as a non-fiduciary agent of the Borrower, shall maintain the Register pursuant to Section 8.06(b)(iv), and a subaccount for each Lender, in which the Register and subaccounts (taken together) shall be recorded (i) the amount of the Loans made hereunder and the Interest Period(s) applicable thereto, (ii) the amount of any principal or interest due and payable or to become due and payable from the Borrower to each Lender hereunder and (iii) the amount of any sum received by the Administrative Agent hereunder from the Borrower and each Lender's share thereof.

² NTD: To be the fiscal quarter during which the Closing Date occurs.

³ NTD: To be the fiscal quarter during which the first anniversary of the Closing Date occurs.

(d) The entries made in the Register and accounts and subaccounts maintained pursuant to clauses (b) and (c) of this Section 2.04 shall, to the extent permitted by applicable law, be prima facie evidence of the existence and amounts of the obligations of the Borrower therein recorded; *provided, however*, that the failure of any Lender or the Administrative Agent to maintain such account, such Register or such subaccount, as applicable, or any error therein, shall not in any manner affect the obligation of the Borrower to repay (with applicable interest) the Loan made to the Borrower by such Lender in accordance with the terms of this Agreement; *provided further* that in the event of any conflict between the accounts maintained by any Lender and those maintained by the Administrative Agent, the Register and the corresponding accounts maintained by the Administrative Agent shall control, absent manifest error.

(e) Any Lender may request that Loans made by it be evidenced by a Note. In such event, the Borrower shall prepare, execute and deliver to such Lender a Note payable to such Lender or its registered assigns and in substantially the form attached hereto as Exhibit B.

SECTION 2.05. Other Fees. The Borrower shall pay to the Administrative Agent such fees as shall have been separately agreed upon in the Fee Letter in the amounts and at the times specified in the Fee Letter. Such fees shall be fully earned when paid and shall not be refundable for any reason whatsoever (except as expressly agreed between the Borrower and the Administrative Agent).

SECTION 2.06. Interest.

(a) (i) Interest on each Loan that is a LIBOR Loan will accrue and be payable at a rate per annum equal to Adjusted LIBOR plus the Applicable Margin and shall be payable in cash, and (ii) interest on each Loan that is an ABR Loan will accrue and be payable at a rate per annum equal to ABR plus the Applicable Margin and shall be payable in cash, each rate as determined by the Administrative Agent. Each determination shall, absent clearly demonstrable error, be final and conclusive and binding on all parties hereto.

(b) (i) At any time when an Event of Default (other than an Event of Default pursuant to Section 6.01(a) or Section 6.01(e)) exists (whether at the stated maturity, by acceleration or otherwise), upon the election of the Required Lenders, or (ii) at any time when an Event of Default pursuant to Section 6.01(a) or Section 6.01(e) (whether at the stated maturity, by acceleration or otherwise) exists, as applicable, all outstanding amounts shall bear interest at a rate per annum that is (x) in the case of principal, the rate that would otherwise be applicable thereto plus 2.00%, (y) in the case of any interest (and premium, if any), to the extent permitted by applicable law, the then-effective rate plus 2.00% and (z) in the case of any amount not specified in subclause (x) or (y) above, a rate per annum equal to the rate per annum otherwise payable at such time on ABR Loans, plus 2.00%. Interest accruing at the rates set forth in this paragraph (b) shall be payable on demand.

(c) Interest on each Loan shall accrue from and including the date on which such Loan is made to but excluding the date of any repayment thereof and shall be payable (i) on each Interest Payment Date, and (ii) on any prepayment (on the amount prepaid), at maturity (whether by acceleration or otherwise) and, after such maturity, on demand.

(d) All computations of interest hereunder shall be calculated on the basis of a 360-day year for the actual days elapsed, except that interest computed by reference to the ABR at times when the ABR is based on the prime rate shall be computed on the basis of a year of 365 days (or 366 days in a leap year), and in each case shall be payable for the actual number of days elapsed (including the first day but excluding the last day).

(e) The Administrative Agent, upon determining Adjusted LIBOR or ABR for any Interest Period, shall promptly notify the Borrower and the relevant Lenders thereof. Each such determination shall, absent clearly demonstrable error, be final and conclusive and binding on all parties hereto. The

Administrative Agent shall, upon the request of any Lender, provide the interest rate then in effect with respect to the applicable Loans.

(f) Interest on Loans made by Lenders as of the Closing Date shall accrue from and after the Closing Date in accordance with the terms of this Agreement.

SECTION 2.07. Interest Periods. Notwithstanding anything to the contrary contained above, if any Interest Period would otherwise expire on a day that is not a Business Day, such Interest Period shall expire on the next succeeding Business Day; *provided* that if any Interest Period would otherwise expire (i) on a day that is not a Business Day but is a day of the month after which no further Business Day occurs in such month, such Interest Period shall expire on the next preceding Business Day and (ii) on a day that is after the Maturity Date, such Interest Period shall expire on the Maturity Date.

SECTION 2.08. Increased Costs, Illegality, etc.

(a) In the event that:

(i) the Administrative Agent shall have reasonably determined (which determination shall, absent clearly demonstrable error, be final and conclusive and binding upon all parties hereto) on any date for determining the LIBOR for any Interest Period that (A) deposits in the principal amounts of the Loans comprising such LIBOR Loan are not generally available in the relevant market or (B) by reason of any changes arising on or after the Closing Date affecting the interbank LIBOR market, adequate and fair means do not exist for ascertaining the applicable interest rate on the basis provided for in the definition of LIBOR; or

(ii) a Change in Law occurring at any time after the Closing Date shall (A) impose, modify or deem applicable any reserve, special deposit, compulsory loan, insurance charge or similar requirement against assets of, deposits with or for the account of, or credit extended by, any Lender, (B) subject any Lender or the Administrative Agent to any Tax (other than (i) Indemnified Taxes or (ii) Excluded Taxes) on its loans, loan principal, commitments or other obligations, or its deposits, reserves, other liabilities or capital attributable thereto, or (C) impose on any Lender or the London interbank market any other condition, cost or expense (other than Taxes) affecting this Agreement or LIBOR Loans made by such Lender, which, in the case of clause (A), (B) or (C) results in the cost to such Lender or the Administrative Agent of making, converting into, continuing or maintaining LIBOR Loans increasing by an amount or the amounts received or receivable by such Lender or the Administrative Agent hereunder with respect to the foregoing shall be reduced; or

(iii) any Lender, shall have reasonably determined (which determination shall, absent clearly demonstrable error, be final and conclusive and binding upon all parties hereto), at any time, that the making or continuance of any LIBOR Loan has become unlawful as a result of compliance by such Lender in good faith with any Requirement of Law (or would conflict with any such Requirement of Law not having the force of law even though the failure to comply therewith would not be unlawful);

then, and in any such event, such Lenders (or the Administrative Agent, in the case of clause (i) or (ii)(B) above) shall within a reasonable time thereafter give written notice to the Borrower and to the Administrative Agent of such determination (which notice the Administrative Agent shall promptly transmit to each of the other Lenders). Thereafter (x) in the case of clause (i) above, LIBOR Loans shall no longer be available until such time as the Administrative Agent notifies the Borrower and the Lenders that the circumstances giving rise to such notice by the Administrative Agent no longer exist (which notice the Administrative Agent agrees to give at such time when such circumstances no longer exist), and any Notice of Borrowing given by the Borrower with respect to LIBOR Loans that have not yet been incurred shall be deemed rescinded by the Borrower, (y) in the case of

clause (ii) above, the Borrower shall pay to such Lender or the Administrative Agent, promptly (but no later than ten days) after receipt of written demand therefor such additional amounts as shall be required to compensate such Lender or the Administrative Agent for such increased costs or reductions in amounts receivable hereunder (it being agreed that a written notice as to the additional amounts owed to such Lender or the Administrative Agent submitted to the Borrower by such Lender or the Administrative Agent shall, absent clearly demonstrable error, be final and conclusive and binding upon all parties hereto) and (z) in the case of clause (iii) above, the Borrower shall take one of the actions specified in Section 2.08(b) as promptly as possible and, in any event, within the time period required by applicable Requirements of Law.

(b) At any time that any LIBOR Loan is affected by the circumstances described in Section 2.08(a)(ii) or (iii), the Borrower may (and in the case of a LIBOR Loan affected pursuant to Section 2.08(a)(iii) shall) either (1) if the affected LIBOR Loan is then being made pursuant to a borrowing, cancel such borrowing by giving the Administrative Agent telephonic notice (confirmed promptly in writing) thereof on the same date that the Borrower was notified by a Lender pursuant to Section 2.08(a)(ii) or (iii) or (2) if the affected LIBOR Loan is then outstanding, upon at least three Business Days' notice to the Administrative Agent, require the affected Lender to convert each such LIBOR Loan into an ABR Loan; *provided* that if more than one Lender is affected at any time, then all affected Lenders must be treated in the same manner pursuant to this Section 2.08(b).

(c) If, after the Closing Date, any Change in Law relating to capital adequacy of any Lender or compliance by any Lender or its parent with any Change in Law relating to capital adequacy occurring after the Closing Date, has or would have the effect of reducing the rate of return on such Lender's or its parent's capital or assets as a consequence of such Lender's commitments or obligations hereunder to a level below that which such Lender or its parent could have achieved but for such Change in Law (taking into consideration such Lender's or its parent's policies with respect to capital adequacy), then from time to time, promptly (but in any event no later than ten days) after written demand by such Lender (with a copy to the Administrative Agent), the Borrower shall pay to such Lender such additional amount or amounts as will compensate such Lender or its parent for such reduction, it being understood and agreed, however, that a Lender shall not be entitled to such compensation as a result of such Lender's compliance with, or pursuant to any request or directive to comply with, any applicable Requirement of Law as in effect on the Closing Date. Each Lender, upon determining in good faith that any additional amounts will be payable pursuant to this Section 2.08(c), will give prompt written notice thereof to the Borrower, although the failure to give any such notice shall not, subject to Section 2.11, release or diminish the Borrower's obligations to pay additional amounts pursuant to this Section 2.08(c) upon receipt of such notice.

SECTION 2.09. Compensation. If (a) any payment of principal of any Loan is made by the Borrower to or for the account of a Lender other than on the last day of the Interest Period for such Loan as a result of a payment pursuant to Section 2.12, as a result of acceleration of the maturity of the Loans pursuant to Article VI or for any other reason, (b) there occurs any failure to borrow, convert, continue or prepay any LIBOR Loan on the date specified in any notice delivered pursuant hereto or (c) there occurs any assignment of any LIBOR Loan other than on the last day of the Interest Period applicable thereto as a result of a request by the Borrower pursuant to Section 8.07, the Borrower shall, after receipt of a written request by such Lender, pay to the Administrative Agent for the account of such Lender any amounts required to compensate such Lender for any additional losses, costs or expenses that such Lender may reasonably incur as a result of such payment, or failure to prepay, including any loss, cost or expense (excluding loss of anticipated profits) actually incurred by reason of the liquidation or reemployment of deposits or other funds acquired by any Lender to fund or maintain such Loan. A certificate of any Lender setting forth any amount that such Lender is entitled to receive pursuant to this Section 2.09 shall be delivered to the Borrower and shall be conclusive absent manifest error. The Borrower shall pay such Lender the amount shown as due on such certificate within ten days after receipt thereof, unless such amount is due on an earlier date in accordance with Section 2.12(c).

SECTION 2.10. Change of Lending Office. Each Lender agrees that, upon the occurrence of any event giving rise to the operation of Section 2.08(a)(ii), 2.08(a)(iii), 2.08(c) or 2.15 with respect to such Lender,

it will, if requested by the Borrower use reasonable efforts (subject to overall policy considerations of such Lender) to designate another lending office for any Loans affected by such event; *provided* that such designation does not cause such Lender or its lending office to suffer any economic, legal or regulatory disadvantage, with the object of avoiding the consequence of the event giving rise to the operation of any such Section. Nothing in this Section 2.10 shall affect or postpone any of the obligations of the Borrower or the right of any Lender provided in Section 2.08 or 2.15.

SECTION 2.11. Notice of Certain Costs. Notwithstanding anything in this Agreement to the contrary, to the extent any notice required by Section 2.08 or 2.09 is given by any Lender more than 270 days after such Lender has knowledge (or should have had knowledge) of the occurrence of the event giving rise to the additional cost, reduction in amounts, loss, tax or other additional amounts described in such Sections, such Lender shall not be entitled to compensation under Section 2.08 or 2.09, as the case may be, for any such amounts incurred or accruing prior to the 271st day prior to the giving of such notice to the Borrower; *provided* that if a Change in Law that gives rise to such additional amounts is retroactive, then the 270-day period referred to above shall be extended to include the period of retroactive effect thereof.

SECTION 2.12. Voluntary Prepayments.

(a) The Borrower shall have the right at any time and from time to time to prepay any Loan in whole or in part, without premium or penalty, in an aggregate principal amount that is an integral multiple of \$500,000 and not less than \$1,000,000 or, if less, the amount outstanding, upon prior notice to the Administrative Agent by telephone (confirmed by telecopy), not less than three Business Days prior to the date of prepayment, which notice shall be irrevocable except to the extent provided below in Section 2.12(b). Each such notice shall be signed by an Authorized Officer of the Borrower and shall specify the date and amount of such prepayment and the Type(s) of Loans to be prepaid and, if LIBOR Loans are to be prepaid, the Interest Period(s) of such Loans. The Administrative Agent will promptly notify each applicable Lender of its receipt of each such notice, and of the amount of such Lender's pro rata share of such prepayment. Each prepayment of Loans under this Section 2.12(a) shall be allocated as directed by the Borrower and shall be applied pro rata to the Lenders, based upon the outstanding principal amounts owing to each such Lender.

(b) Notwithstanding anything to the contrary contained in this Agreement, the Borrower may rescind any notice of prepayment made under Section 2.12(a) by notice to the Administrative Agent a reasonable time prior to the specified effective time of such prepayment if such prepayment would have resulted from a refinancing of all or any portion of the Loans, which refinancing shall not be consummated or shall otherwise be delayed.

(c) All prepayments under this Section 2.12 shall be accompanied by all accrued interest thereon, together with, in the case of any such prepayment of a LIBOR Loan on a date other than the last day of an Interest Period therefor, any amounts owing in respect of such LIBOR Loan pursuant to Section 2.09.

SECTION 2.13. Mandatory Prepayments.

(a) Asset Sales.

(i) If the Borrower and its Restricted Subsidiaries have received Net Proceeds from one or more Asset Sales (including, for the avoidance of doubt, Net Proceeds of a Mexico Liquidity Event (including those Net Proceeds of a Mexico Liquidity Event received from the Closing Date Unrestricted Subsidiary pursuant to Section 5.33)), Hedge Unwind Events, Extraordinary Receipt Events or Casualty Events, not later than the third Business Day following the date of receipt of any such Net Proceeds, an amount equal to 100% of such Net Proceeds shall be applied as a mandatory prepayment of the Loans in accordance with Section 2.13(e); *provided*, that (A)(1) with respect to Hedge Unwind Events, until the aggregate amount of Hedge Unwind Proceeds received from one or more

Hedge Unwind Events exceeds \$5,000,000 in any fiscal year, no such prepayment shall be required during such fiscal year, (2) with respect to Asset Sales of assets constituting Proved Developed Producing Reserves, Proved Developed Non-Producing Reserves and/or related infrastructure assets (other than Mexico Liquidity Events) (any such Asset Sale, a “Specified Asset Sale”), until the aggregate amount of Net Proceeds received from one or more such Specified Asset Sales exceeds \$15,000,000 in any fiscal year, no such prepayment shall be required during such fiscal year and any such prepayment shall only be required with Net Proceeds in excess of such threshold, (3) with respect to any Asset Sale (other than a Specified Asset Sale or a Mexico Liquidity Event), until the aggregate amount of Net Proceeds received from one or more of such Asset Sales exceeds \$50,000,000 on a cumulative basis calculated from the Closing Date, no such prepayment shall be required and any such prepayment shall only be required with Net Proceeds in excess of such threshold and (4) with respect to any Extraordinary Receipt Event or Casualty Event, until the aggregate amount of Extraordinary Receipts and/or Net Proceeds of a Casualty Event received from one or more Extraordinary Receipt Events and/or Casualty Events exceeds \$10,000,000 in any fiscal year, no such prepayment shall be required during such fiscal year and any such prepayment shall only be required with Net Proceeds in excess of such threshold and (B) at the Borrower’s election and so long as no Event of Default has occurred and is continuing (1) following the receipt of any Net Proceeds described in the foregoing clauses (A)(2) and (A)(3) in excess of the respective threshold described therein (such excess Net Proceeds, “Excess Asset Sale Proceeds”), the Borrower may reinvest up to 50% of such Excess Asset Sale Proceeds in additional Oil and Gas Properties and/or capital expenditures related to existing Oil and Gas Properties, in each case, within 365 days following the receipt thereof (the “Reinvestment Date”) and the remaining 50% of such Excess Asset Sale Proceeds shall be required to be applied in accordance with Section 2.13(e); *provided*, that, to the extent any such Excess Asset Sale Proceeds were received from Specified Asset Sales, such Excess Asset Sale Proceeds shall be reinvested in additional Oil and Gas Properties constituting Proved Developed Producing Reserves and/or capital expenditures on existing Oil and Gas Properties solely to the extent constituting Proved Developed Producing Reserves, Proved Developed Non-Producing Reserves or Proved Developed Behind Pipe Reserves (unless otherwise agree by the Administrative Agent in its sole discretion) and (2) following the receipt of Net Proceeds from any Casualty Event in excess of the threshold described in clause (A)(4) above (such excess Net Proceeds, “Excess Casualty Event Proceeds”), the Borrower may reinvest up to 100% of such Excess Casualty Event Proceeds on or prior to the applicable Reinvestment Date in replacement and/or repair of the property subject to such Casualty Event; *provided*, that the aggregate amount of Excess Casualty Event Proceeds so reinvested shall not exceed the amount necessary to replace and/or repair the property subject to such Casualty Event and any remaining amount of such Excess Casualty Event Proceed shall be applied in accordance with Section 2.13(e). If on the applicable Reinvestment Date, any portion of such Net Proceeds has not been so reinvested, the Borrower will make a prepayment of the Loans, to the extent required above.

(ii) Notwithstanding any other provisions of this Section 2.13(a) and other than with respect to a Mexico Liquidity Event, to the extent that any of or all the Net Proceeds of any Disposition by a Foreign Subsidiary (“Foreign Disposition”) is prohibited or delayed by applicable local law from being repatriated to the United States, the portion of such Net Proceeds so affected will not be required to be applied to repay Loans at the times provided in this Section 2.13(a) but may be retained by the applicable Foreign Subsidiary, in each case, so long, but only so long, as the applicable local law will not permit repatriation to the United States (the Borrower hereby agreeing to cause the applicable Foreign Subsidiary to promptly take all actions reasonably required by the applicable local law to permit such repatriation), and once such repatriation of any of such affected Net Proceeds that, in each case, would otherwise be required to be used to make an offer of prepayment pursuant to Section 2.13(a), is permitted under the applicable local law, such repatriation will be immediately effected and such repatriated Net Proceeds will be promptly (and in any event not later than two Business Days after such repatriation) applied (net of additional taxes payable or reserved against as a result thereof) to the repayment of the Loans pursuant to this Section 2.13(a).

(iii) All prepayments under this Section 2.13(a) shall be accompanied by all accrued interest thereon, together with, in the case of any such prepayment of a LIBOR Loan on a date other than the last day of an Interest Period therefor, any amounts owing in respect of such LIBOR Loan pursuant to Section 2.09.

(b) Debt/Equity Incurrence. (i) Subject to Section 2.13(b)(ii), on each occasion that a Debt/Equity Incurrence Prepayment Event occurs, the Borrower shall, within one Business Day after the receipt of Net Proceeds therefrom, prepay, in accordance with Section 2.13(e), a principal amount of Loans in an amount equal to 100% of the Net Proceeds from such Debt/Equity Incurrence Prepayment Event; provided that if the proceeds from such Debt/Equity Incurrence Prepayment Event constitute an ACR Cure Amount, such proceeds shall be prepaid in accordance with Section 2.13(c) and not this Section 2.13(b).

(ii) Notwithstanding any other provisions of this Section 2.13(b), no prepayment shall be required pursuant to this Section 2.13(b) to the extent that such prepayment would violate applicable Law.

(iii) All prepayments under this Section 2.13(b) shall be accompanied by all accrued interest thereon, together with, in the case of any such prepayment of a LIBOR Loan on a date other than the last day of an Interest Period therefor, any amounts owing in respect of such LIBOR Loan pursuant to Section 2.09.

(c) Minimum Asset Coverage Ratio. The Borrower shall prepay the Loans in an aggregate principal amount equal to the Leverage Cure Amount and/or ACR Cure Amount, as applicable, as required by and in accordance with Section 6.05.

(d) Redemptions of Junior Debt. Concurrently with any prepayment of Junior Debt permitted by Section 5.07(b)(xii), the Borrower shall prepay the Loans in an aggregate principal amount equal to the amount paid by the Borrower to redeem, repurchase, defease or otherwise acquire or retire for value such Junior Debt.

(e) Application of Mandatory Prepayments. Each prepayment of Loans required by this Section 2.13 shall be allocated ratably to future payments on the Loans required pursuant to Section 2.04(a)(i) and shall be applied pro rata to Lenders, based upon the outstanding principal amounts owing to each such Lender; provided, that any Lender may elect, by written notice to the Administrative Agent at least one Business Day prior to the prepayment due date, to decline all or a portion of any prepayment of its Loans (other than a mandatory prepayment under Section 2.13(b) solely to the extent such prepayment represents a refinancing of all of the Obligations, which may not be declined), in which case the aggregate amount of the prepayment that would have been applied to prepay Loans but was so declined shall be retained by the Borrower.

(f) Notice of Mandatory Prepayments. The Borrower shall notify the Administrative Agent in writing of any mandatory prepayment of Loans required to be made pursuant to Sections 2.13(a), (b), (c) or (d) above at least two Business Days prior to the date of such prepayment. Each such notice shall specify the date of such prepayment and provide a reasonably detailed calculation of the amount of such prepayment, the Type(s) of Loans to be prepaid and, if LIBOR Loans are to be prepaid, the Interest Period(s) of such Loans.

SECTION 2.14. Method and Place of Payment.

(a) Except as otherwise specifically provided herein, all payments under this Agreement shall be made by the Borrower, without set-off, counterclaim or deduction of any kind, to the Administrative Agent for the ratable account of the Lenders entitled thereto not later than 12:00 Noon (New York City time) on the date when due and shall be made in immediately available funds at such office as the Administrative Agent shall specify for such purpose by notice to the Borrower, it being understood that written or facsimile

notice by the Borrower to the Administrative Agent to make a payment from the funds attributed to the Borrower in an account of the Administrative Agent shall constitute the making of such payment to the extent of such funds held in such account. All payments under each Loan Document (whether of principal, interest or otherwise) shall be made in U.S. Dollars. The Administrative Agent will thereafter cause to be promptly distributed like funds relating to the payment of principal or interest or fees ratably to the Lenders entitled thereto.

(b) Any payments under this Agreement that are made later than 2:00 p.m. (New York City time) shall be deemed to have been made on the next succeeding Business Day. Except as otherwise provided herein, whenever any payment to be made hereunder shall be stated to be due on a day that is not a Business Day, the due date thereof shall be extended to the next succeeding Business Day and, with respect to payments of principal, interest shall be payable during such extension at the applicable rate in effect immediately prior to such extension.

SECTION 2.15. Net Payments.

(a) Any and all payments made by or on behalf of the Borrower or any Guarantor under this Agreement or any other Loan Document shall be made free and clear of, and without deduction or withholding for or on account of, any Taxes; *provided* that if the Borrower, any Guarantor or the Administrative Agent or any other applicable withholding agent shall be required by applicable Requirements of Law to deduct or withhold any Taxes from such payments, then (i) the applicable withholding agent shall make such deductions or withholdings as are reasonably determined by the applicable withholding agent to be required by any applicable Requirement of Law, (ii) the applicable withholding agent shall timely pay the full amount deducted or withheld to the relevant Governmental Authority in accordance with applicable Requirements of Law, and (iii) to the extent withholding or deduction is required to be made on account of Indemnified Taxes, the sum payable by the Borrower or such Guarantor shall be increased as necessary so that after all required deductions and withholdings have been made (including deductions or withholdings applicable to additional sums payable under this Section 2.15) the Administrative Agent, the Collateral Agent or the applicable Lender, as the case may be, receives an amount equal to the sum it would have received had no such deductions or withholdings been made. As soon as practicable after any payment of Taxes by any Credit Party to a Governmental Authority as provided in this Section 2.15, the Borrower shall deliver to the Administrative Agent the original or a certified copy of a receipt issued by such Governmental Authority evidencing such payment, a copy of any return reporting such payment or other evidence reasonably satisfactory to the Administrative Agent.

(b) The Borrower shall timely pay to the relevant Governmental Authority in accordance with applicable Requirements of Law, or at the option of the Administrative Agent timely reimburse it for, any Other Taxes (whether or not such Other Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority).

(c) The Borrower shall indemnify and hold harmless the Administrative Agent, the Collateral Agent and each Lender within 10 Business Days after written demand therefor, for the full amount of any Indemnified Taxes paid or payable by, or required to be withheld or deducted from a payment to, imposed on the Administrative Agent, the Collateral Agent or such Lender, as the case may be (including Indemnified Taxes imposed or asserted on or attributable to amounts payable under this Section 2.15), and any reasonable expenses arising therefrom or with respect thereto, whether or not such Indemnified Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to the Borrower (and the Administrative Agent, if sent by a Lender) by a Lender, the Administrative Agent or the Collateral Agent (as applicable) on its own behalf or on behalf of a Lender shall be conclusive absent manifest error.

(d) Each Lender shall deliver to the Borrower and the Administrative Agent, at such time or times reasonably requested by the Borrower or the Administrative Agent, such properly completed and

executed documentation prescribed by applicable law and such other reasonably requested information as will permit the Borrower or the Administrative Agent, as the case may be, to determine (A) whether or not any payments made hereunder or under any other Loan Document are subject to Taxes, (B) if applicable, the required rate of withholding or deduction, and (C) such Lender's entitlement to any available exemption from, or reduction of, applicable Taxes in respect of any payments to be made to such Lender by any Credit Party pursuant to any Loan Document or otherwise to establish such Lender's status for withholding tax purposes in the applicable jurisdiction. In addition, any Lender, if reasonably requested by the Borrower or the Administrative Agent, shall deliver such other documentation prescribed by applicable law or reasonably requested by the Borrower or the Administrative Agent as will enable the Borrower or the Administrative Agent to determine whether or not such Lender is subject to backup withholding or information reporting requirements.

(e) Without limiting the generality of Section 2.15(d), each Non-U.S. Lender with respect to any Loan made to the Borrower shall, to the extent it is legally entitled to do so:

(i) deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient), on or prior to the date on which such Lender becomes a Lender under this Agreement, properly completed and duly executed copies of (A) in the case of a Non-U.S. Lender claiming exemption from U.S. federal withholding tax under Section 871(h) or 881(c) of the Code with respect to payments of "portfolio interest", United States Internal Revenue Service ("IRS") Form W-8BEN or IRS Form W-8BEN-E, as applicable, (or any applicable successor form) (together with a certificate substantially in the form of Exhibit D-1, Exhibit D-2, Exhibit D-3 or Exhibit D-4 hereto, as applicable (a "Non-Bank Tax Certificate"), representing that such Non-U.S. Lender is not a bank for purposes of Section 881(c)(3)(A) of the Code, is not a "10 percent shareholder" (within the meaning of Section 871(h)(3)(B) of the Code) of the Borrower, is not a CFC described in Section 881(c)(3)(C) of the Code), (B) IRS Form W-8BEN or IRS Form W-8BEN-E, as applicable, or IRS Form W-8ECI (or any applicable successor form), in each case properly completed and duly executed by such Non-U.S. Lender claiming complete exemption from, or reduced rate of, U.S. federal withholding tax on payments by the Borrower under this Agreement, (C) IRS Form W-8IMY (or any applicable successor form) and all necessary attachments (including the forms described in clauses (A) and (B) above; *provided* that if the Non-U.S. Lender is a partnership and not a participating Lender, and one or more of the partners is claiming portfolio interest treatment, the Non-Bank Tax Certificate may be provided by such Non-U.S. Lender on behalf of such partners) or (D) any other form prescribed by applicable law as a basis for claiming exemption from or a reduction in U.S. federal withholding tax duly completed together with such supplementary documentation as may be prescribed by applicable law to permit the Borrower or the Administrative Agent to determine the withholding or deduction required to be made; and

(ii) deliver to the Borrower and the Administrative Agent properly completed and duly executed copies of any such form or certification (or any applicable successor form) promptly after such form or certification expires or becomes obsolete or invalid, after the occurrence of any event requiring a material change in the most recent form previously delivered by it to the Borrower and the Administrative Agent, and from time to time thereafter if reasonably requested by the Borrower or the Administrative Agent or promptly notify the Borrower and the Administrative Agent in writing of such Non-U.S. Lender's legal inability to do so.

Each Person that shall become a Participant pursuant to Section 8.06 or a Lender pursuant to Section 8.06 shall, upon the effectiveness of the related transfer, be required to provide all the forms and statements required pursuant to this Section 2.15(e); *provided* that in the case of a Participant such Participant shall furnish all such required forms and statements to the Person from which the related participation shall have been purchased.

Notwithstanding anything to the contrary in Section 2.15(d) and this Section 2.15(e), any form and supplementary documentation (other than such documentation set forth in paragraphs (A), (B) and (C) of this

Section 2.15(e)) shall not be required if in the Lender's reasonable judgment such completion, execution or submission would subject such Lender to any material unreimbursed cost or expense or would materially prejudice the legal or commercial position of such Lender.

In addition, to the extent it is legally eligible to do so, each Agent shall deliver to the Borrower (x)(I) prior to the date on which the first payment by the Borrower is due hereunder or (II) prior to the first date on or after the date on which such Agent becomes a successor Agent pursuant to Section 7.09 on which payment by the Borrower is due hereunder, as applicable, (A) properly completed and duly executed copies of IRS Form W-9 certifying its exemption from U.S. Federal backup withholding or (B) properly completed and duly executed applicable copies of IRS Form W-8 certifying its non-U.S. status and its entitlement to any applicable treaty benefits (and, in respect of the Administrative Agent, an executed copy of IRS Form W-8IMY certifying on Part I, Part II and Part VI thereof that it is a U.S. branch that has agreed to be treated as a U.S. person for U.S. federal tax purposes with respect to payments received by it from the Borrower in its capacity as Administrative Agent), and (y) on or before the date on which any such previously delivered documentation expires or becomes obsolete or invalid, after the occurrence of any event requiring a change in the most recent documentation previously delivered by it to the Borrower, and from time to time if reasonably requested by the Borrower, properly completed and duly executed copies of such documentation.

(f) If any Lender, the Administrative Agent or the Collateral Agent, as applicable, determines, in its sole discretion exercised in good faith, that it has received a refund of an Indemnified Tax for which it has been indemnified pursuant to this Section 2.15 (including by the payment of additional amounts pursuant to this Section 2.15), then the Lender, the Administrative Agent or the Collateral Agent, as the case may be, shall reimburse the Borrower or such Guarantor for such amount (but only to the extent of indemnity payments made under this Section with respect to the Taxes giving rise to such refund) (net of all reasonable out-of-pocket expenses (including Taxes) of such Lender, the Administrative Agent or the Collateral Agent, as the case may be, and without interest other than any interest received thereon from the relevant Governmental Authority with respect to such refund); *provided* that the Borrower or such Guarantor, upon the request of the Lender, the Administrative Agent or the Collateral Agent, agrees to repay the amount paid over to the Borrower or such Guarantor (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) to the Lender, the Administrative Agent or the Collateral Agent in the event the Lender, the Administrative Agent or the Collateral Agent is required to repay such refund to such Governmental Authority. Notwithstanding anything to the contrary in this paragraph (f), in no event will any Lender or Agent be required to pay any amount to the Borrower or any Guarantor pursuant to this paragraph (f), the payment of which would place such Lender or Agent in a less favorable net after-Tax position than such Lender or Agent would have been in if the Tax subject to indemnification and giving rise to such refund had not been deducted, withheld or otherwise imposed and the indemnification payments or additional amounts with respect to such Tax had never been paid. None of the Lender, the Administrative Agent or the Collateral Agent shall be obliged to make available its tax returns (or any other information relating to its taxes that it deems confidential) to any Credit Party in connection with this clause (f) or any other provision of this Section 2.15.

(g) Each U.S. Lender shall deliver to the Borrower and the Administrative Agent properly completed and duly executed copies of IRS Forms W-9 (or substitute or successor form), certifying that such U.S. Lender is exempt from United States federal backup withholding (i) on or prior to the Closing Date (or on or prior to the date it becomes a party to this Agreement), (ii) on or before the date that such form expires or becomes obsolete or invalid, (iii) after the occurrence of a change in the U.S. Lender's circumstances requiring a change in the most recent form previously delivered by it to the Borrower and the Administrative Agent, and (iv) from time to time thereafter if reasonably requested by the Borrower or the Administrative Agent.

(h) If a payment made to any Lender or any Agent under this Agreement or any other Loan Document would be subject to U.S. federal withholding tax imposed by FATCA if such Lender or such Agent were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Lender or such Agent shall deliver to the Borrower

and the Administrative Agent at the time or times prescribed by law and at such time or times reasonably requested by the Borrower or the Administrative Agent such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Borrower or the Administrative Agent as may be necessary for the Borrower and the Administrative Agent to comply with their obligations under FATCA, to determine whether such Lender has or has not complied with such Lender's obligations under FATCA or to determine the amount, if any, to deduct and withhold from such payment. Solely for purposes of this Section 2.15(h), "FATCA" shall include any amendments made to FATCA after the date of this Agreement.

(i) Each Lender shall severally indemnify the Administrative Agent, within 10 days after demand therefor, for (i) any Indemnified Taxes attributable to such Lender (but only to the extent that the Borrower has not already indemnified the Administrative Agent for such Indemnified Taxes and without limiting the obligation of the Borrower to do so), (ii) any Taxes attributable to such lender's failure to comply with the provisions of Section 8.06(c) relating to the maintenance of a Participant Register and (iii) any Excluded Taxes attributable to such lender, in each case, that are payable or paid by the Administrative Agent in connection with any Loan Document, and any reasonable expenses arising therefrom or with respect thereto, whether or not such Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to any Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such lender under any Loan Document or otherwise payable by the Administrative Agent to the Lender from any other source against any amount due to the Administrative Agent under this paragraph (i).

(j) For the avoidance of doubt, for purposes of this Section 2.15, the term "applicable law" or "Requirements of Law" includes FATCA.

(k) The agreements in this Section 2.15 shall survive the termination of this Agreement and the payment of the Loans and all other amounts payable hereunder.

SECTION 2.16. Limit on Rate of Interest.

(a) No Payment Shall Exceed Lawful Rate. Notwithstanding any other term of this Agreement, the Borrower shall not be obliged to pay any interest or other amounts under or in connection with this Agreement in excess of the amount or rate permitted under or consistent with any applicable law, rule or regulation.

(b) Payment at Highest Lawful Rate. If the Borrower is not obliged to make a payment which it would otherwise be required to make, as a result of Section 2.16(a), the Borrower shall make such payment to the maximum extent permitted by or consistent with applicable laws, rules and regulations.

(c) Adjustment if Any Payment Exceeds Lawful Rate. If any provision of this Agreement or any of the other Loan Documents would obligate the Borrower to make any payment of interest or other amount payable to any Lender in an amount or calculated at a rate which would be prohibited by any applicable law, rule or regulation, then notwithstanding such provision, such amount or rate shall be deemed to have been adjusted with retroactive effect to the maximum amount or rate of interest, as the case may be, as would not be so prohibited by law, such adjustment to be effected, to the extent necessary, by reducing the amount or rate of interest required to be paid by the Borrower to the affected Lender under Section 2.06.

Notwithstanding the foregoing, and after giving effect to all adjustments contemplated thereby, if any Lender shall have received from the Borrower an amount in excess of the maximum permitted by any applicable law, rule or regulation, then the Borrower shall be entitled, by notice in writing to the Administrative Agent to obtain reimbursement from that Lender in an amount equal to such excess, and pending such reimbursement, such amount shall be deemed to be an amount payable by that Lender to the Borrower.

SECTION 2.17. Pro Rata Sharing. Subject in all respect to the provisions of the Intercreditor Agreement, except as expressly set forth herein, whenever any payment received by the Administrative Agent under this Agreement is insufficient to pay in full all amounts then due and payable to the Administrative Agent and the Lenders under this Agreement, such payment shall be distributed by the Administrative Agent and applied by the Administrative Agent and the Lenders in the following order: first, to the payment of fees and expenses due and payable to the Administrative Agent and the Collateral Agent and its Affiliates under and in connection with this Agreement, except any amounts payable to any such Person in its role as Lender, as provided in clause “second” of this Section 2.17; second, to the payment of all expenses due and payable under Section 8.05, ratably among the Lenders in accordance with the aggregate amount of such payments owed to each Lender; third, to the payment of interest and amounts under Sections 2.08 and 2.15, if any, then due and payable on the Loans ratably among the Lenders in accordance with the aggregate amount of interest owed to each Lender; and fourth, to the payment of the principal amount of the Loans that is then due and payable, ratably among the Lenders in accordance with the aggregate principal amount owed to each such Lender.

SECTION 2.18. Adjustments; Set-off.

(a) If any Lender shall, by exercising any right of set-off or counterclaim or otherwise, obtain payment in respect of any principal of or interest on any of its Loans resulting in such Lender receiving payment of a greater proportion of the aggregate amount of its Loans and accrued interest thereon than the proportion received by any other Lender entitled to such payment, then the Lender receiving such greater proportion shall purchase for cash at face value participations in the Loans of other Lenders to the extent necessary so that the benefit of all such payments shall be shared by the Lenders entitled thereto ratably in accordance with the aggregate amount of principal of and accrued interest on their respective Loans; *provided* that (i) if any such participations are purchased and all or any portion of the payment giving rise thereto is recovered, such participations shall be rescinded and the purchase price restored to the extent of such recovery, without interest, and (ii) the provisions of this clause (a) shall not be construed to apply to any payment made by the Borrower pursuant to and in accordance with the terms of this Agreement, or any payment obtained by a Lender as consideration for the assignment of or sale of a participation in any of its Loans to any assignee or participant. The Borrower consents to the foregoing and agrees, to the extent it may effectively do so under applicable law, that any Lender acquiring a participation pursuant to the foregoing arrangements may exercise against the Borrower rights of set-off and counterclaim with respect to such participation as fully as if such Lender were a direct creditor of the Borrower in the amount of such participation.

(b) After the occurrence and during the continuance of an Event of Default, in addition to any rights and remedies of the Lenders provided by law, each Lender shall have the right, without prior notice to the Borrower, any such notice being expressly waived by the Borrower to the extent permitted by applicable law, upon any amount becoming due and payable by the Borrower hereunder (whether at the stated maturity, by acceleration or otherwise) to set-off and appropriate and apply against such amount any and all deposits (general or special, time or demand, provisional or final), in any currency, and any other credits, indebtedness or claims, in any currency, in each case whether direct or indirect, absolute or contingent, matured or unmatured, at any time held or owing by such Lender or any branch or agency thereof to or for the credit or the account of the Borrower or any Subsidiary. Each Lender agrees promptly to notify the Borrower and the Administrative Agent after any such set-off and application made by such Lender; *provided* that the failure to give such notice shall not affect the validity of such set-off and application.

SECTION 2.19. Interest Elections. The Loans shall have an initial Interest Period as specified in the applicable Notice of Borrowing. Thereafter, the Borrower may elect Interest Periods therefor, all as provided in this Section 2.19. The Borrower may elect different options with respect to different portions of the affected Borrowing, in which case each such portion shall be allocated ratably among the Lenders holding the Loans comprising such Borrowing, and the Loans comprising each such portion shall be considered a separate Borrowing.

(a) To make an election pursuant to this Section 2.19, the Borrower shall notify the Administrative Agent of such election (as provided in Section 8.02) in a written Interest Period Election Request in the form set forth in Exhibit C and signed by the Borrower. Such Interest Period Election Request shall be delivered to the Administrative Agent by telephone not later than 11:00 a.m., New York City time, three Business Days prior to the end of the then applicable Interest Period. Each such Interest Period Election Request shall be irrevocable.

(b) Each Interest Period Election Request shall specify the following information:

(i) the Borrowing to which such Interest Period Election Request applies and, if different options are being elected with respect to different portions thereof, the portions thereof to be allocated to each resulting Borrowing (in which case the information to be specified pursuant to clauses (iii) and (iv) below shall be specified for each resulting Borrowing);

(ii) the effective date of the election made pursuant to such Interest Period Election Request, which shall be a Business Day;

(iii) whether the resulting Borrowing is to be an ABR Borrowing or a LIBOR Borrowing;

(iv) if the resulting Borrowing is a LIBOR Borrowing, the Interest Period to be applicable thereto after giving effect to such election, which shall be a period contemplated by the definition of the term "Interest Period"; and

(v) no Default or Event of Default shall have occurred and be continuing as of the date such Interest Period Election Request is delivered or as of the effective date of such election.

If any such Interest Period Election Request requests a LIBOR Borrowing but does not specify an Interest Period, then the Borrower shall be deemed to have selected an Interest Period of one month's duration.

(c) Promptly following receipt of an Interest Period Election Request, the Administrative Agent shall advise each Lender to which such Interest Period Election Request relates of the details thereof and of such Lender's portion of each resulting Loan.

(d) If the Borrower fails to deliver a timely Interest Period Election Request with respect to a LIBOR Borrowing prior to the end of the Interest Period applicable thereto, then, unless such Borrowing is repaid as provided herein, at the end of such Interest Period such Borrowing shall be converted to an ABR Borrowing. Notwithstanding any contrary provision hereof, if an Event of Default has occurred and is continuing and the Administrative Agent, at the written request (including a request through electronic means) of the Required Lenders, so notifies the Borrower, then, so long as an Event of Default is continuing, (i) no outstanding Borrowing may be converted to or continued as a LIBOR Borrowing and (ii) unless repaid, each LIBOR Borrowing shall be converted to an ABR Borrowing at the end of the Interest Period applicable thereto.

(e) After giving effect to all Borrowings, all conversions of Loans from one Type to the other and all continuations of Loans as the same type, there shall be not more than three Interest Periods in effect with respect to the Loans.

ARTICLE III

Representations and Warranties

In order to induce the Agents and the Lenders to enter into this Agreement and to make the Loans, the Borrower makes, on the Closing Date, the following representations and warranties to the Agents and the Lenders, all of which shall survive the execution and delivery of this Agreement and the making of the Loans.

SECTION 3.01. Corporate Status. Each of Holdings, the Borrower and each Subsidiary of the Borrower (a) is a duly organized and validly existing corporation or other entity in good standing (or, if applicable in a foreign jurisdiction, enjoys the equivalent status under the laws of such jurisdiction of organization outside the United States) under the laws of the jurisdiction of its organization and has the corporate or other organizational power and authority to own its property and assets and to transact its business as now conducted and (b) has duly qualified and is authorized to do business and is in good standing (if applicable) in all jurisdictions where it is required to be so qualified, except where the failure to be so qualified or in good standing would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect, and all such jurisdictions are set forth on Schedule 3.01.

SECTION 3.02. Corporate Power and Authority; Enforceability; Security Interests. Each Credit Party has the corporate or other organizational power and authority to execute, deliver and carry out the terms and provisions of the Loan Documents to which it is a party and has taken all necessary corporate or other organizational action to authorize the execution, delivery and performance of the Loan Documents to which it is a party. Each Credit Party has duly executed and delivered each Loan Document to which it is a party and each such Loan Document constitutes the legal, valid and binding obligation of such Credit Party enforceable in accordance with its terms, subject to the effects of bankruptcy, insolvency, fraudulent conveyance, reorganization and other similar laws relating to or affecting creditors' rights generally and general principles of equity (whether considered in a proceeding in equity or law).

SECTION 3.03. No Violation; Compliance with Laws.

(b) In the event and to the extent that Holdings, the Borrower or any of its Subsidiaries shall fail to promptly conduct any cleanup, investigation, removal, remediation, or other corrective action with respect to any violation of Environmental Law or any Hazardous Materials as set forth in Section 5.02(a), above, or as otherwise required by Environmental Law, Environmental Permit or a Governmental Authority, which such failure would reasonably be expected to have a Material Adverse Effect, the Administrative Agent on behalf of the Lenders may, but without the obligation to do so, for the sole purpose of protecting the Lenders' interest in the Collateral, upon five (5) Business Days' written notification to the Borrower, enter onto any Holdings, Borrower's or any Subsidiaries' property (or authorize third parties to enter onto any such Person's property) and conduct such cleanups, investigations, removals, remediations, or other corrective actions required by Environmental Law, Environmental Permit or the Governmental Authority with respect to any such violation or Hazardous Material. All reasonable and documented costs and expenses incurred by the Administrative Agent and Lenders (or such third parties) in the exercise of any such rights under this Section 5.02(b), including any sums paid in connection with any judicial or administrative investigation or proceedings, fines and penalties, shall be paid by the Borrower within thirty (30) days of written demand by the Administrative Agent, and until paid shall be added to and become a part of the Loan Obligations.

(c) In the event there is a Release or threatened Release of, or exposure to, any Hazardous Materials or a failure to comply with any Environmental Law or Environmental Permit at Holdings', the Borrower's or any of its Subsidiaries' assets caused in whole or in part by any of such Persons, which in any event is reasonably expected to have a Material Adverse Effect, Holdings, the Borrower and each of its Subsidiaries shall comply with all reasonable written requests for information made by the Administrative Agent with respect to such matters. to have directly and solely been caused by the gross negligence or willful misconduct of such indemnified party under this Section 5.02(d). The Borrower's obligations under this Section 5.02(d) exist regardless of whether or not any federal, state or local environmental agency has taken or threatened any action in connection with the presence, Release or threatened Release of, or exposure to, any such Hazardous Material. The Borrower's obligations and the indemnifications hereunder shall survive repayment of the Loans and all other amounts payable hereunder, and the earlier resignation or removal of any Agent.

(xvii) Indebtedness incurred by the Borrower or any Restricted Subsidiary constituting reimbursement obligations with respect to letters of credit issued in the ordinary course of business, including letters of credit in respect of plugging and abandonment obligations, workers' compensation claims, performance or surety bonds, health, disability, or other employee benefits or property, casualty or liability insurance or self-insurance or other Indebtedness with respect to compensation claims, performance or surety bonds, health, disability or other employee benefits or property, casualty or liability insurance or self-insurance; *provided* that upon the drawing of such letters of credit or the Incurrence of such Indebtedness, such obligations are reimbursed within 30 days following such drawing or incurrence;

(xviii) Indebtedness Incurred in connection with the financing of new equipment in order to reduce near-term capital expenditures associated with deepwater projects that is (x) not recourse to any Credit Party (other than to the equipment so financed by such Credit Party) and (y) otherwise on terms acceptable to the Administrative Agent in its sole discretion, in an aggregate principal amount, which when aggregated with the principal amount or liquidation preference of all other Indebtedness, Disqualified Stock and Preferred Stock then outstanding and Incurred pursuant to this clause (xviii), together with any Refinancing Indebtedness in respect thereof incurred pursuant to clause (xi), does not exceed \$80,000,000 at the time of Incurrence (plus, in the case of any Refinancing Indebtedness, the Additional Refinancing Amount); and

(xix) Indebtedness of the Borrower or any of its Restricted Subsidiaries undertaken in connection with cash management and related activities with respect to any Subsidiary in the ordinary course of business.

For purposes of determining compliance with this Section 5.06:

- (1) in the event that an item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) meets the criteria of more than one of the categories of permitted Indebtedness described in clauses (i) through (xix) of Section 5.06(b), then the Borrower shall, in its sole discretion, classify or divide, such item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) in any manner that complies with Section 5.06;
- (2) if any Indebtedness denominated in U.S. Dollars is exchanged, converted or refinanced into Indebtedness denominated in a foreign currency, then (in connection with such exchange, conversion or refinancing, and thereafter), the U.S. Dollar amount limitations set forth in any of clauses (i) through (xix) of Section 5.06(b) with respect to such exchange, conversion or refinancing shall be deemed to be the amount of such foreign currency, as applicable, into which such Indebtedness has been exchanged, converted or refinanced at the time of such exchange, conversion or refinancing; and
- (3) if any Indebtedness denominated in a foreign currency is exchanged, converted or refinanced into Indebtedness denominated in U.S. Dollars, then (in connection with such exchange, conversion or refinancing, and thereafter), the U.S. Dollar amount limitations set forth in any of clauses (i) through (xix) of Section 5.06(b) with respect to such exchange, conversion or refinancing shall be deemed to be the amount of U.S. Dollars into which such Indebtedness has been exchanged, converted or refinanced at the time of such exchange, conversion or refinancing.

Accrual of interest, the accretion of accreted value, the payment of interest or dividends in the form of additional Indebtedness, Disqualified Stock or Preferred Stock, as applicable, amortization of original issue discount, the accretion of liquidation preference and increases in the amount of Indebtedness outstanding solely as a result of fluctuations in the exchange rate of currencies will not be deemed to be an Incurrence of Indebtedness, Disqualified Stock or Preferred Stock for purposes of this Section 5.06. Guarantees of, or obligations in respect of letters of credit relating to, Indebtedness which is otherwise included in the determination of a particular amount of Indebtedness shall not be included in the determination of such amount of Indebtedness; *provided* that the Incurrence of the Indebtedness represented by such guarantee or letter of credit, as the case may be, was in compliance with this Section 5.06.

For purposes of determining compliance with any U.S. Dollar-denominated restriction on the Incurrence of Indebtedness other than as provided in clauses (1) and (2) above, the U.S. Dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term debt, or first committed or first Incurred (whichever yields the lower U.S. Dollar equivalent), in the case of revolving credit debt.

Notwithstanding any other provision of this Section 5.06, the maximum amount of Indebtedness that the Borrower and its Restricted Subsidiaries may incur pursuant to this Section 5.06 shall not be deemed to be exceeded, with respect to any outstanding Indebtedness, solely as a result of fluctuations in the exchange rate of currencies.

For purposes of determining compliance with this Section 5.13, (A) a Lien securing an item of Indebtedness need not be permitted solely by reference to one category of permitted Liens described in the definition of "Permitted Liens" but may be permitted in part under any combination thereof and (B) in the event that a Lien securing an item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) meets the criteria of one or more of the categories of permitted Liens described in the definition of "Permitted Liens", the Borrower shall, in its sole discretion, classify or divide, such Lien securing such item of Indebtedness (or any portion thereof) in any manner that complies with this Section 5.13 and will only be required to include the amount and type of such Lien or such item of Indebtedness secured by such Lien in one of the clauses of the definition of "Permitted Liens" and such Lien securing such item of Indebtedness will be treated as being Incurred or existing pursuant to only one of such clauses.

SECTION 5.14. Compliance with Material Contracts. The Borrower shall, and shall cause each Restricted Subsidiary to, comply with and maintain in full force and effect each Material Contract, except where the failure to comply would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect; *provided*, that the Credit Parties and their Subsidiaries may contest the terms and conditions of any such Material Contract in good faith through applicable proceedings so long as adequate reserves are maintained in accordance with GAAP.

SECTION 5.15. Existence; Business and Properties. The Borrower shall, and shall cause each Restricted Subsidiary to:

(a) Do or cause to be done all things necessary to preserve, renew and keep in full force and effect its legal existence except as otherwise permitted by Section 5.11.

(b) (i) Do or cause to be done all things necessary to obtain, preserve, renew, extend and keep in full force and effect the permits, franchises, authorizations, intellectual property, licenses and rights with respect thereto necessary in all material respects to the normal conduct of its business and (ii) at all times maintain and preserve all material property necessary to the normal conduct of its business and keep such property in good repair, working order and condition and from time to time make, or cause to be made, all needful and proper repairs, renewals, additions, improvements and replacements thereto necessary in order that the business carried on in connection therewith, if any, may be properly conducted in all material respects at all times (in each case except as permitted by this Agreement).

SECTION 5.16. Maintenance of Insurance.

(a) The Borrower and its Restricted Subsidiaries shall maintain or cause to be maintained, with financially sound and reputable insurers, (i) directors and officers insurance, and (ii) such casualty insurance, public liability insurance, third party property damage insurance with respect to liabilities, losses or

damage in respect of the assets, properties and businesses of the Borrower and its Restricted Subsidiaries as may customarily be carried or maintained under similar circumstances by Persons of established reputation engaged in similar businesses, in each case in such amounts (giving effect to self insurance), with such deductibles, covering such risks and otherwise on such terms and conditions as shall be customary for such Persons. Each such policy of insurance shall (i) in the case of each liability insurance policy, name Collateral Agent, for the benefit of Secured Parties, as an additional insured thereunder as its interests may appear, (ii) in the case of each casualty insurance policy, contain a lender loss payable clause or endorsement, satisfactory in form and substance to Collateral Agent, that names Collateral Agent, for the benefit of Secured Parties, as the lender loss payee thereunder, and (iii) in each case, provide for at least thirty days' prior written notice to Collateral Agent of any modification or cancellation of such policy.

(b) If any improvements located on any Mortgaged Property are at any time located in an area identified by the Federal Emergency Management Agency (or any successor agency) as a Special Flood Hazard Area with respect to which flood insurance has been made available under the National Flood Insurance Act of 1968 (as now or hereafter in effect or successor act thereto), then the Borrower shall, or shall cause the applicable Credit Party to (i) maintain, or cause to be maintained, with a financially sound and reputable insurer, flood insurance in an amount and otherwise sufficient to comply with all applicable rules and regulations promulgated pursuant to the Flood Insurance Laws and (ii) deliver to the Administrative Agent evidence of such compliance.

(c) In connection with the covenants set forth in this Section 5.16, it is understood and agreed that:

(i) none of the Administrative Agent, the Lenders and their respective agents or employees shall be liable for any loss or damage insured by the insurance policies required to be maintained under this Section 5.16, it being understood that (A) the Credit Parties shall look solely to their insurance companies or any other parties other than the aforesaid parties for the recovery of such loss or damage and (B) such insurance companies shall have no rights of subrogation against the Administrative Agent, the Lenders or their agents or employees. If, however, the insurance policies, as a matter of the internal policy of such insurer, do not provide waiver of subrogation rights against such parties, as required above, then the Borrower, on behalf of itself and on behalf of each of its Subsidiaries, hereby agrees, to the extent permitted by law, to waive, and further agrees to cause each of its Subsidiaries to waive, its right of recovery, if any, against the Administrative Agent, the Lenders and their agents and employees; and

(ii) the designation of any form, type or amount of insurance coverage by the Administrative Agent under this Section 5.16 shall in no event be deemed a representation, warranty or advice by the Administrative Agent or the Lenders that such insurance is adequate for the purposes of the business of the Borrower and the Restricted Subsidiaries or the protection of their properties.

SECTION 5.17. Additional Collateral.

(a) In connection with the delivery of the Reserve Reports required by Section 5.26(a) and Section 5.26(c), the Borrower shall review such Reserve Report and the list of current Mortgaged Properties to ascertain whether or not the PV-10 of the Mortgaged Properties evaluated in such Reserve Report represent at least 95% of the PV-10 of the Oil and Gas Properties of the Credit Parties after giving effect to exploration and production activities, acquisitions, dispositions and production. In the event the PV-10 of the Mortgaged Properties do not represent 95% of such PV-10 of the Oil and Gas Properties of the Credit Parties, the Borrower or the appropriate Subsidiary Guarantor shall, within 45 days of the date of delivery of such Reserve Report (or such later date as the Administrative Agent shall reasonably agree), execute and deliver mortgages, deeds of trust, security instruments, financing statements and other Security Documents as shall be reasonably necessary to vest in the Collateral Agent a perfected security interest, subject only to Permitted Liens, such that after giving effect thereto, the PV-10 of the Mortgaged Properties will represent at least 95% of the PV-10 of the Oil and

Gas Properties of the Credit Parties (but subject to the limitations described in Article VIII, the Security Documents, the Intercreditor Agreement and limitations under applicable local law).

(b) Upon any Restricted Subsidiary becoming a Subsidiary Guarantor as contemplated by Section 5.12 or the acquisition by the Borrower or any Subsidiary Guarantor of any after-acquired property (other than Excluded Assets), or upon any additional Restricted Subsidiary becoming a Subsidiary Guarantor that has after-acquired property (other than Excluded Assets), the Borrower or such Subsidiary Guarantor shall within 45 days (or such later date as the Administrative Agent shall reasonably agree) of the acquisition of such property (or, in the case of a person that becomes a Subsidiary Guarantor as contemplated by Section 5.12, within the time period for such person becoming a Subsidiary Guarantor set forth therein) execute and deliver such mortgages, deeds of trust, security instruments, financing statements and other Security Documents as shall be reasonably necessary to vest in the Collateral Agent a perfected security interest, subject only to Permitted Liens, in such after-acquired property (other than Excluded Assets) and to have such after-acquired property (other than Excluded Assets) (but subject to the limitations described in Article VIII, the Security Documents, the Intercreditor Agreement and limitations under applicable local law) added to the Collateral, and thereupon all provisions of this Agreement relating to the Collateral shall be deemed to relate to such after-acquired property (other than Excluded Assets) to the same extent and with the same force and effect; *provided* that no such mortgages, deeds of trust, security instruments, financing statements and other Security Documents shall be required to be executed and delivered by the Borrower or such Subsidiary Guarantor if at least 95% of the PV-10 of the Credit Parties' total Proved Reserves shall constitute Collateral and be subject to any applicable mortgages, deeds of trust, security instruments, financing statements and other Security Documents in connection therewith.

SECTION 5.18. Payment of Taxes, etc. The Borrower shall, and shall cause each Restricted Subsidiary to, pay, discharge or otherwise satisfy its obligations in respect of all material Taxes, before the same shall become delinquent or in default, except where the amount or validity thereof is being contested in good faith by appropriate proceedings and the Borrower or a Subsidiary thereof has set aside on its books adequate reserves therefor in accordance with GAAP (or in the case of a Foreign Subsidiary, the comparable accounting principles in the relevant jurisdiction).

SECTION 5.19. Compliance with Laws. Each of Holdings, the Borrower and its Subsidiaries shall comply in all material respects with all Requirements of Law (it being understood, in the case of statutes, regulations and orders of, and all applicable restrictions imposed by, all Governmental Authorities that are specifically referred to in any other provision of this Agreement, the Credit Parties shall also be required to represent and/or comply with, as applicable, the express terms of such provision). Holdings, the Borrower and its Subsidiaries shall comply in all material respects with all Sanctions, Anti-Corruption Laws and Anti-Terrorism and Anti-Money Laundering Laws and maintain policies and procedures, such that, at all times, the representations and warranties made in Section 3.17 are true and correct.

SECTION 5.20. Further Instruments and Acts. At any time or from time to time upon the reasonable request of the Administrative Agent, each Credit Party will, at its expense, promptly execute, acknowledge and deliver such further documents and do such other acts and things as the Administrative Agent or the Collateral Agent may reasonably request in order to effect fully the purposes of the Loan Documents or to perfect or renew the rights of the Collateral Agent for the benefit of the Secured Parties with respect to the Collateral (or with respect to any additions thereto or replacements or proceeds thereof or with respect to any other property or assets hereafter acquired by Holdings or any Subsidiary that may be deemed to be part of the Collateral). In furtherance and not in limitation of the foregoing, each Credit Party shall take such actions as the Administrative Agent or the Collateral Agent may reasonably request from time to time to ensure that the Obligations are guaranteed by the Guarantors and are secured by a first priority Lien (subject to Permitted Liens) on all of the Collateral.

Notwithstanding the foregoing provisions of this Section 5.20 or anything in this Agreement or any other Loan Document to the contrary: (A) Liens required to be granted from time to time shall be subject to exceptions and

limitations set forth in the Collateral Agreement and the other Loan Documents and, to the extent appropriate in any applicable jurisdictions, as agreed between the Administrative Agent in its Permitted Business Judgment and the Borrower and (B) the Collateral shall not include any Excluded Assets.

SECTION 5.21. Books, Records and Inspections.

(a) The Borrower will, and will cause each Restricted Subsidiary to, permit officers and designated representatives of the Administrative Agent or officers and designated representatives of the Required Lenders (as accompanied by the Administrative Agent), upon prior written notice to visit and inspect any of the properties or assets of the Borrower or such Restricted Subsidiary in whomsoever's possession to the extent that it is within such party's control to permit such inspection (and shall use commercially reasonable efforts to cause such inspection to be permitted to the extent that it is not within such party's control to permit such inspection), and to examine the financial records of the Borrower and any such Restricted Subsidiary and discuss the affairs, finances, accounts and condition of the Borrower or any such Restricted Subsidiary with its and their officers and independent accountants therefor, in each case of the foregoing upon reasonable advance notice to the Borrower, all at such reasonable times and intervals during normal business hours and to such reasonable extent as the Administrative Agent or the Required Lenders may desire (and subject, in the case of any such meetings or advice from such independent accountants, to such accountants' customary policies and procedures); *provided* that, excluding any such visits and inspections during the continuation of an Event of Default, (i) only the Administrative Agent on behalf of the Required Lenders accompanied by officers and designated representatives of the Required Lenders may exercise rights of the Administrative Agent and the Lenders under this Section 5.21, and (ii) only one such visit per fiscal year shall be at the Borrower's expense (limited, in the case of such visit, to the expenses incurred by the Administrative Agent); *provided, further*, that when an Event of Default has occurred and is continuing, the Administrative Agent (or any of its representatives or independent contractors) or any representative of the Required Lenders may do any of the foregoing at the expense of the Borrower at any time during normal business hours and upon reasonable advance notice. The Administrative Agent and the Required Lenders shall give the Borrower the opportunity to participate in any discussions with the Borrower's independent public accountants. Notwithstanding anything to the contrary in this Section 5.21, neither the Borrower nor any Restricted Subsidiary will be required to disclose, permit the inspection, examination or making copies or abstracts of, or discussion of, any document, information or other matter (x) that constitutes non-financial trade secrets or non-financial proprietary information, (y) in respect of which disclosure to the Administrative Agent or any Lender (or their respective representatives or contractors) is prohibited by any Requirement of Law or any binding agreement or (z) that is subject to attorney-client or similar privilege or constitutes attorney work product; *provided* that, to the extent any information is withheld pursuant to the foregoing, the Borrower agrees to provide written notice of the reason for such information being withheld.

(b) The Borrower will, and will cause each of the Restricted Subsidiaries to, keep proper books of record and accounts in conformity in all material respects with GAAP.

SECTION 5.22. ERISA.

(a) Promptly after the Borrower knows or has reason to know of the occurrence of any ERISA Event that, individually or in the aggregate (including in the aggregate such ERISA Events previously disclosed or exempt from disclosure hereunder, to the extent the liability therefor remains outstanding), would be reasonably likely to result in a Material Liability to any Credit Party, the Borrower will deliver to the Administrative Agent a certificate of an Authorized Officer or any other senior officer of the Borrower setting forth details as to such occurrence and the action, if any, that Holdings, the Borrower, any of their Restricted Subsidiaries or an ERISA Affiliate, as applicable, is required or proposes to take, together with any notices (required, proposed or otherwise) given to or filed with or by Holdings, the Borrower, any such Restricted Subsidiary or any such ERISA Affiliate, the PBGC, a Plan participant (other than notices relating to an individual participant's benefits) or the Plan administrator with respect thereto. Promptly after the same is available to Holdings, the Borrower, any of their Restricted Subsidiaries or any ERISA Affiliate, the Borrower will deliver copies of (i) each Schedule SB (Actuarial Information) to the annual report (Form 5500 Series) filed by Holdings,

the Borrower, any of their Restricted Subsidiaries or any ERISA Affiliate with the Internal Revenue Service, the Department of Labor or any other Governmental Authority with respect to each Plan, (ii) all notices received by Holdings, the Borrower, any of their Restricted Subsidiaries or any ERISA Affiliate from a Multiemployer Plan sponsor concerning an ERISA Event; and (iii) copies of such other documents or governmental reports or filings relating to any Employee Benefit Plan as Administrative Agent shall reasonably request.

(b) Promptly following any request therefor, the Borrower will deliver to the Administrative Agent copies of (i) any documents described in Section 101(k) of ERISA that Holdings, the Borrower, any of their Restricted Subsidiaries or any ERISA Affiliate may request with respect to any Multiemployer Plan and (ii) any notices described in Section 101(l) of ERISA that Holdings, the Borrower, any of their Restricted Subsidiaries or any ERISA Affiliate may request with respect to any Multiemployer Plan; *provided* that if Holdings, the Borrower, any of their Restricted Subsidiaries or any ERISA Affiliate has not requested such documents or notices from the administrator or sponsor of the applicable Multiemployer Plan, Holdings, the Borrower, the applicable Restricted Subsidiaries or the applicable ERISA Affiliates shall promptly make a request for such documents or notices from such administrator or sponsor and shall provide copies of such documents and notices promptly after receipt thereof.

SECTION 5.23. Hedge Agreements; Swap Agreements.

(a) The Credit Parties shall enter into within 45 days of the Closing Date (or such later date as approved by the Required Lenders in their reasonable discretion), and thereafter maintain, Hedge Agreements with Hedge Banks at market prices and otherwise on terms reasonably satisfactory to the Administrative Agent with respect to (i) at least 50% (on a barrel of oil equivalent basis) of then currently reasonably anticipated oil and natural gas production from 2P Developed Producing Reserves for the next succeeding 12 months following the date of determination 45 days after the Closing Date (such period, the “Initial Hedging Period”) and (ii) at least 25% (on a barrel of oil equivalent basis) of the then-current reasonably anticipated oil and natural gas production from 2P Developed Producing Reserves for each month during the six month period after the Initial Hedging Period, in each case, as forecasted by the Borrower based upon the Latest Reserve Report;

(b) Commencing with [December 31, 2021], the Credit Parties shall maintain as of June 30 and December 31 of each fiscal year, Hedge Agreements with Hedge Banks at market prices and otherwise with terms reasonably satisfactory to the Administrative Agent with respect to (i) at least 50% (on a barrel of oil equivalent basis) of the then currently reasonably anticipated oil and natural gas production from 2P Developed Producing Reserves (as forecasted in the Latest Reserve Report) for each month on a rolling basis for the 12 month period following the relevant date of determination and (ii) at least 25% (on a barrel of oil equivalent basis) of the then currently reasonably anticipated oil and natural gas production from 2P Developed Producing Reserves (as forecasted in the Latest Reserve Report) for each month on a rolling basis for the six months following the 12 month period described in the foregoing clause (b)(i); *provided*, that, notwithstanding anything in the foregoing clauses (a) and (b) to the contrary, if the Genovesa Well and/or Troika TA-3 Well have come online on or prior to the date that is 45 days after the Closing Date, the volumes associated with any such well shall be treated as Proved Developed Producing Reserves; and

(c) the Borrower shall not, and shall not permit any Subsidiary to, enter into any Hedging Agreement other than a Hedging Agreement which:

(i) has a maximum duration of 60 months; and

(ii) covers notional volumes of not more than, at the time such Hedge Agreement is entered into, for each calendar month 85% of reasonably anticipated production from 2P Developed Producing Reserves of crude oil, natural gas and natural gas liquids (calculated separately), as set forth in the Latest Reserve Report; *provided*, that, if, after the end of any calendar quarter, commencing with the first calendar quarter ending after the Closing Date, the Borrower determines that the aggregate

weighted average of the notional volumes of all Hedge Agreements in respect of commodities for such calendar quarter (other than basis differential swaps on volumes already hedged pursuant to other Hedge Agreements) exceeded 100% of actual production of hydrocarbons in such calendar quarter, then the Borrower (i) shall promptly notify the Administrative Agent of such determination and (ii) shall, within 45 days of such determination, terminate, create off-setting positions, or otherwise unwind or monetize (only to the extent such terminations, unwinds or monetizations are permitted under this Agreement) existing Hedge Agreements such that, at such time, future hedging volumes will not exceed 100% of reasonably anticipated projected production for the then-current and any succeeding calendar quarters; *provided*, further, that all purchased put options or price floors for Hydrocarbons shall be excluded for purposes of the foregoing volume limitations.

SECTION 5.24. Lender Meetings. The Borrower shall upon the reasonable request of the Administrative Agent (acting upon the reasonable request of the Required Lenders), on a date to be mutually agreed upon by the Borrower and the Administrative Agent following the end of each fiscal year and the end of each of the first three fiscal quarters of each fiscal year, in each case of Borrower (but, in any event, no earlier than the Business Day following the delivery of annual or quarterly financial statements, as applicable, pursuant to Section 5.01(a) or (b), for such fiscal year or fiscal quarter, as the case may be), to participate in a conference call with the Administrative Agent and the Lenders to discuss the financial condition and results of operations of the Borrower and its consolidated Subsidiaries for such fiscal quarter (and for the period from the beginning of the current fiscal year to the end of such fiscal quarter) or for such fiscal year, as the case may be.

SECTION 5.25. Limitations on Amendments.

(a) The Borrower shall not and will cause its Restricted Subsidiaries not to amend, supplement, enter into any consent or waiver in respect of or otherwise modify the SLTL Facility, the documentation governing any Refinancing Indebtedness in respect of the SLTL Facility, any other Junior Debt or any other Material Indebtedness, in any manner that would be materially adverse to the interests of the Lenders or not permitted under the terms of the applicable Intercreditor Agreement.

(b) No Credit Party shall (a) amend or permit any amendments, supplements, waivers or consents under or other modifications to any Credit Party's organizational documents; or (b) amend, terminate, enter into any consent or waiver or other modification of, or permit any amendment, termination, waiver, consent or other modification of any provision of, any Material Contract, if, in either case, such amendment, termination, waiver, consent or other modification would be materially adverse to (x) the Lenders or (y) any Credit Party.

SECTION 5.26. Reserve Reports.

(a) On or before the date that is 90 days after the end of each fiscal year (or such later date as the Administrative Agent may agree), the Borrower shall deliver a Reserve Report with an "as of" date of December 31st of the preceding year, in form and substance reasonably satisfactory to the Administrative Agent; *provided*, that, concurrently with delivery of the Reserve Report contemplated by this Section 5.26(a), the Borrower shall deliver certificate of a Financial Officer of the Borrower setting forth a reasonably detailed calculation of the Asset Coverage Ratio for the fiscal quarter ended as of such December 31, including a high level summary of the non-proprietary information included in the most recently produced Reserve Report which is relevant to calculation of such ratios (it being understood that this certification may be included on the certificate contemplated by Section 5.26(g) below).

(b) On or before the date of delivery of financial statements required with respect to the first fiscal quarter of any fiscal year pursuant to Section 5.01(b), the Borrower shall deliver a "roll-forward" of the Reserve Report most recently delivered pursuant to Section 5.26(a) reflecting any changes between the "as-of" date of such Reserve Report and the last day of such fiscal quarter, in form and substance reasonably satisfactory to the Administrative Agent.

(c) On or before the date of delivery of financial statements required with respect to the second fiscal quarter of any fiscal year pursuant to Section 5.01(b), the Borrower shall deliver a Reserve Report with an “as of” date of June 30th of such fiscal year, in form and substance reasonably satisfactory to the Administrative Agent.

(f) Upon the request of the Administrative Agent in its sole discretion and taking into account the necessary time for completion and preparation thereof, the Borrower shall, in addition to the requirements of Section 5.26(e), deliver to the Administrative Agent a third-party audit of the most recently delivered Reserve Report which is reasonably acceptable to the Administrative Agent and covers at least (i) 80% of the Proved Reserves by value and (ii) 80% of Proved Developed Producing Reserves by value; *provided*, that, so long as no Event of Default shall have occurred and is continuing, only one such audit shall be permitted to be requested in any fiscal year.

(g) With the delivery such information specified in the foregoing clauses (a)-(f), the Borrower shall provide to the Administrative Agent a certificate from an Authorized Officer certifying that in all material respects: (A) the information delivered in connection therewith is true and correct (other than forecasted or forward-looking information), (B) the Credit Parties own good and defensible title to the Oil and Gas Properties evaluated in such engineering information and such Properties are free of all Liens except for Permitted Liens, (C) except as set forth on an exhibit to the certificate, on a net basis there are no gas imbalances, take or pay or other prepayments in excess of the volume specified in Section 5.31 with respect to the Oil and Gas Properties evaluated in such Reserve Report which would require any Credit Party to deliver Hydrocarbons either generally or produced from such Oil and Gas Properties constituting Proved Reserves at some future time without then or thereafter receiving full payment therefor, (D) none of the Oil and Gas Properties to be evaluated in such Reserve Report have been disposed of since the date of the last certificate delivered pursuant to this Section 5.26(g), except as set forth on an exhibit to the certificate, which certificate shall list all of its Oil and Gas Properties disposed of and in such detail as required by the Administrative Agent in its reasonable discretion, and (E) in the case of delivery pursuant to clause (a) or (c) above, certifying that 95% of the PV-10 of Credit Parties’ Oil and Gas Properties evaluated in the related Reserve Report (or roll-forward thereof) are Mortgaged Properties, other than Oil and Gas Properties disclosed on a schedule attached thereto, together with a certification that such Oil and Gas Properties will become Mortgaged Properties in accordance with Section 5.17.

SECTION 5.27. Holdings Covenant. Holdings covenants and agrees that, unless the Required Lenders shall otherwise consent in writing, Holdings will not engage at any time in any business or business activity other than (i) ownership of the Equity Interests in the Borrower, together with activities related thereto, (ii) performance of its obligations under and in connection with the Loan Documents and the SLTL Credit Agreement Documents, (iii) issuing, selling and redeeming its Equity Interests, (iv) paying taxes, (v) holding directors’ and shareholders’ meetings, preparing corporate and similar records and other activities (including the ability to incur fees, costs and expenses relating to such maintenance) required to maintain its corporate or other legal structure or to participate in tax, accounting or other administrative matters as a member of the consolidated

(a) the Borrower shall (i) default in the payment when due of any principal of the Loans or (ii) default, and such default shall continue for three or more Business Days, in the payment when due of any interest on the Loans, fees or of any other amounts owing hereunder or under any other Loan Document (other than any amount referred to in clause (i) above),

(d) (i) the Borrower or any of the Restricted Subsidiaries shall (1) default in any payment with respect to the SLTL Facility or any other Material Indebtedness (other than the Indebtedness described in Section 6.01(a)) beyond the period of grace, if any, provided in the instrument of agreement under which such Indebtedness was created or (2) default in the observance or performance of any agreement or condition relating to the SLTL Facility or such other Material Indebtedness or contained in any instrument or agreement evidencing, securing or relating thereto, or any other event shall occur or condition exist (other than, (x) with respect to Indebtedness in respect of any Hedge Agreements, termination events or equivalent events pursuant to the terms of such Hedge Agreements, (y) secured Indebtedness that becomes due as a result of a disposition (including as a result of Casualty Event) of the property or assets securing such Indebtedness permitted under this Agreement and (z) any Indebtedness outstanding hereunder), the effect of which default or other event or condition is to cause, or permit the holders of any such Indebtedness to cause, any such Indebtedness to become due or to be repurchased, prepaid, defeased or redeemed (automatically or otherwise), or an offer to repurchase, prepay, defease or redeem such Indebtedness to be made, prior to its stated maturity, unless, in the case of each

of the foregoing, such holder or holders shall have (or through its or their trustee or agent on its or their behalf) waived such default in a writing to the Borrower, or (ii) without limiting the provisions of clause (i) above, any such default under any such Material Indebtedness shall cause such Material Indebtedness to be declared to be due and payable, or required to be prepaid other than by a regularly scheduled required prepayment or as a mandatory prepayment (and, (1) with respect to Indebtedness consisting of any Hedge Agreements, other than due to a termination event or equivalent event pursuant to the terms of such Hedge Agreements and (2) any Indebtedness outstanding hereunder), prior to the stated maturity thereof;

(e) the Borrower or any Subsidiary Guarantor shall commence a voluntary case, proceeding or action concerning itself under (1) Title 11 of the United States Code entitled “Bankruptcy” or any other applicable insolvency, debtor relief, or debt adjustment law (collectively, the “Bankruptcy Code”); or an involuntary case, proceeding or action is commenced against the Borrower or any Subsidiary Guarantor and the petition is not dismissed or stayed within 60 days after commencement of the case, proceeding or action, the Borrower or the applicable Subsidiary Guarantor consents to the institution of such case, proceeding or action prior to such 60-day period, or any order of relief or other order approving any such case, proceeding or action is entered; or a custodian (as defined in the Bankruptcy Code), receiver, receiver manager, trustee, conservator, liquidator, examiner, rehabilitator, administrator, or similar person is appointed for, or takes charge of, the Borrower or any Subsidiary Guarantor or all or any substantial portion of the property or business thereof; or the Borrower or any Subsidiary Guarantor suffers any appointment of any custodian, receiver, receiver manager, trustee, conservator, liquidator, examiner, rehabilitator, administrator, or the like for it or any substantial part of its property or business to continue undischarged or unstayed for a period of 60 days; or the Borrower or any Subsidiary Guarantor makes a general assignment for the benefit of creditors;

(f) (i) an ERISA Event shall have occurred that, individually or in the aggregate, results in or would reasonably be expected to result in a Material Liability of Holdings, the Borrower, any of their Subsidiaries or any ERISA Affiliate, or (ii) there exists any fact or circumstance that reasonably could be expected to result in the imposition of a Lien or security interest under Section 430(k) of the Code or ERISA or a violation of Section 436 of the Code;

(g) the Guarantee or any material provision thereof shall cease to be in full force or effect (other than pursuant to the terms hereof and thereof) or any Guarantor or any other Credit Party shall assert in writing that any such Guarantor’s obligations under the Guarantee are not to be in effect or are not to be legal, valid and binding obligations (other than pursuant to the terms hereof or thereof);

(j) a Change of Control shall have occurred,

then, and in any such event, and at any time thereafter, if any Event of Default shall then be continuing, the Administrative Agent shall upon the written request of the Required Lenders (subject to Article VII), by written notice to the Borrower, take any or all of the following actions, without prejudice to the rights of the

Administrative Agent or any Lender to enforce its claims against the Borrower or any other Credit Party, except as otherwise specifically provided for in this Agreement (*provided that*, if an Event of Default specified in Section 6.01(e) shall occur with respect to the Borrower, the result that would occur upon the giving of written notice by the Administrative Agent as specified below shall occur automatically without the giving of any such notice): (i) declare the principal of and any accrued interest and fees in respect of any or all Loans and any or all Obligations owing hereunder and thereunder to be, whereupon the same shall become, forthwith due and payable without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Borrower or (ii) exercise rights and remedies in respect of the Collateral in accordance with the Collateral Agreement and/or comparable provisions of any other Security Document. In addition, after the occurrence and during the continuance of an Event of Default, the Administrative Agent and the Lenders will have all other rights and remedies available at law and equity.

The foregoing shall constitute Events of Default whatever the reason for any such Event of Default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body.

SECTION 6.02. Application of Proceeds. Any amount received by the Administrative Agent or the Collateral Agent from any Credit Party (or from proceeds of any Collateral) following any acceleration of the Obligations under this Agreement or any Event of Default with respect to the Borrower under Section 6.01(e) shall, subject to the terms of the Intercreditor Agreement, be applied:

First, to payment of that portion of the Loan Obligations constituting fees, indemnities, expenses and other amounts (including fees, disbursements and other charges of counsel payable under Section 7.07 and amounts payable under Article II) payable to the Administrative Agent and/or Collateral Agent in such Person's capacity as such;

Second, to payment of that portion of the Loan Obligations constituting fees, indemnities and other amounts (other than principal and interest) payable to the Lenders (including fees, disbursements and other charges of counsel payable under Section 7.07) arising under the Loan Documents and amounts payable under Article II, ratably among them in proportion to the respective amounts described in this clause Second payable to them;

Third, to payment of that portion of the Loan Obligations constituting accrued and unpaid interest on the Loans, ratably among the Lenders in proportion to the respective amounts described in this clause held by them;

Fourth, ratably to payment of that portion of the Obligations constituting unpaid principal of the Loans and Obligations then owing under Secured Hedge Agreements and the Secured Cash Management Agreements and;

Fifth, to the payment of all other Loan Obligations of the Credit Parties owing under or in respect of the Loan Documents that are due and payable to the Administrative Agent and the other Secured Parties on such date, ratably based upon the respective aggregate amounts of all such Loan Obligations owing to the Administrative Agent and the other Secured Parties on such date; and

Last, the balance, if any, after all of the Loan Obligations have been paid in full, to the Borrower or as otherwise required by Requirements of Law.

SECTION 6.03. Control by Majority. The Required Lenders may direct the time, method and place of conducting any proceeding for any remedy available to the Administrative Agent or of exercising any trust or power conferred on the Administrative Agent. However, the Administrative Agent may refuse to follow any direction that conflicts with law or this Agreement or, subject to Article VII, that the Administrative Agent determines is unduly prejudicial to the rights of any other Lender or that would involve the Administrative Agent

in personal liability or expenses for which it is not adequately indemnified in the Administrative Agent's sole discretion; *provided, however*, that the Administrative Agent may take any other action deemed proper by the Administrative Agent that is not inconsistent with such direction.

SECTION 6.04. Limitation on Suits. In no event shall the Required Lenders, without the prior written consent of each Lender, direct the Administrative Agent to accelerate and demand payment of the Loans held by one Lender without accelerating and demanding payment of all other Loans. Each Lender agrees that, except as otherwise provided in any of the Loan Documents and without the prior written consent of the Required Lenders, it will not take any legal action or institute any action or proceeding against any Credit Party with respect to any of the Loan Obligations or Collateral, or accelerate or otherwise enforce its portion of the Loan Obligations. Without limiting the generality of the foregoing, none of Lenders may exercise any right that it might otherwise have under applicable law to credit bid at foreclosure sales, uniform commercial code sales or other similar sales or dispositions of any of the Collateral except as authorized by the Required Lenders. Notwithstanding anything to the contrary set forth in this Section 6.04 or elsewhere herein, each Lender shall be authorized to take such action to preserve or enforce its rights against any Credit Party where a deadline or limitation period is otherwise applicable and would, absent the taking of specified action, bar the enforcement of Loan Obligations held by such Lender against such Credit Party, including the filing of proofs of claim in any insolvency proceeding.

SECTION 6.05. Cure Rights.

(a) Notwithstanding anything to the contrary contained in Section 2.13(c) or Sections 6.01 and 6.02, in the event that the Borrower fails to comply with the covenants contained in Section 5.28 as of the end of any applicable fiscal quarter, at the Borrower's option, during the period commencing on the first day after the end of the applicable fiscal quarter until the expiration of the 10th day subsequent to the date the Officers' Certificate for such fiscal quarter is required to be delivered pursuant to Section 5.01(e) or with respect to the fourth fiscal quarter of any fiscal year and the financial covenant set forth in Section 5.28(b), the date on which the certificate pursuant to such fiscal quarter is required to be delivered pursuant to Section 5.26(a) (such period, the "Cure Period"), Holdings shall have the right to cure such failure (the "Cure Right"):

(i) with respect to the financial covenant contained in Section 5.28(a), by issuing Permitted Cure Securities for cash (the amount thereof, the "Leverage Cure Amount"), so long as such cash is immediately contributed to the capital of the Borrower as common equity; and

(ii) with respect to the financial covenant contained in Section 5.28(b), (A) by issuing Permitted Cure Securities for cash (the amount thereof, the "ACR Equity Cure Amount" and, together with any Leverage Cure Amount, the "Equity Cure Amount"), so long as such cash is immediately contributed to the capital of the Borrower as common equity or (B) so long as the aggregate Unrestricted Cash of the Borrower and the Subsidiary Guarantors exceeds, on a pro forma basis after giving effect to any prepayment pursuant to Section 2.13(c), \$100,000,000, by using internally generated cash (the amount thereof, the "ACR Cash Cure Amount" and, together with the ACR Equity Cure Amount, the "ACR Cure Amount").

provided that (i) no more than three Cure Rights using the Equity Cure Amount ("Equity Cures") may be exercised after the Closing Date and (ii) no more than two Equity Cures may be exercised during any consecutive four fiscal quarters.

(b) (i) Upon the receipt by the Borrower of the cash proceeds of any capital contribution referred to in Section 6.05(a)(i) such proceeds shall be applied in accordance with Section 2.13(e) to the outstanding principal amount of the Loans (and not, for the avoidance of doubt, as an increase to EBITDAX) as of the end of the fiscal quarter as to which such Cure Right is being exercised (the "Cure Right Fiscal Quarter") and such outstanding principal amount shall be deemed to have been reduced by the Leverage

Cure Amount in determining the financial covenant contained in Section 5.28(a) for such Cure Right Fiscal Quarter.

(ii) Upon (A) the receipt by the Borrower of the cash proceeds of any capital contribution referred to in Section 6.05(a)(ii)(A) or (B) subject to compliance with the terms of Section 6.05(a)(ii)(B), the election of the Borrower to utilize internally generated cash, such amounts shall be applied in accordance with Section 2.13(e) to the outstanding principal amount of the Loans as of the end of such Cure Right Fiscal Quarter and such outstanding principal amount shall be deemed to have been reduced by the ACR Cure Amount in determining the financial covenant contained in Section 5.28(a) for such Cure Right Fiscal Quarter.

(c) If after giving effect to the recalculations set forth in Section 6.05(b), the Borrower shall then be in compliance with all covenants contained in Section 5.28, the Borrower shall be deemed to have satisfied the requirements of such covenants as of the relevant date of determination with the same effect as though there had been no failure to comply therewith at such date, and the applicable Event of Default with respect to any such covenant that had occurred shall be deemed cured for all purposes of this Agreement and the other Loan Documents.

(d) Upon the Administrative Agent's receipt of a written notice from the Borrower that the Borrower intends to exercise the Cure Right (a "Notice of Intent to Cure"), until the expiration of the applicable Cure Period, neither the Administrative Agent (nor any sub-agent therefor) nor any Lender shall exercise any right to accelerate the Loans, and none of the Administrative Agent (nor any sub-agent therefor) nor any Lender or Secured Party shall exercise any right to foreclose on or take possession of the Collateral or any other right or remedy under the Loan Documents solely on the basis of the relevant failure to comply with any financial covenant.

ARTICLE VII

The Agents

SECTION 7.01. Appointment.

(a) Effective on the Closing Date, and without the need to provide any notices, CFS has resigned as Collateral Agent under the Prepetition FLFO Credit Agreement. On and after the Closing Date, (i) any reference to CFS as the Collateral Agent on any publicly filed document, to the extent such filing relates to the Liens and security interests in the Collateral, shall, until such filing is modified to reflect the interests of the Collateral Agent with respect to such Liens and security interests, constitute a reference to CFS as sub-agent of the Collateral Agent, as applicable; and (ii) any reference to CFS as Collateral Agent in any pledge agreement, security agreement, mortgage, intellectual property security agreement or other Security Document shall, until the Collateral Agent is substituted thereunder (whether by operation of law or by subsequent amendment, assignment, filing or other instrument), constitute a reference to CFS as sub-agent of the Collateral Agent and, in each case of clauses (i) and (ii), the parties hereto agree that CFS's role as such sub-agent shall impose no duties, obligations, or liabilities on CFS, including, without limitation, any duty to take any type of direction regarding any enforcement action to be taken against such Collateral, whether such direction comes from the Administrative Agent or the Collateral Agent, the Required Lenders, or otherwise, and CFS shall have the full benefit of the protective provisions of (A) the Prepetition FLFO Credit Agreement including, without limitation, Article VIII and Section 9.05 of the Prepetition FLFO Credit Agreement while serving in such capacity and (B) of this Agreement while serving in such capacity including Article VII; *provided*, that CFS shall reasonably cooperate with the Borrower, the Administrative Agent and the Collateral Agent (at the Borrower's sole cost and expense) to take such actions from time to time, including after the Closing Date, as are reasonably requested by the Borrower, the Administrative Agent and/or the Collateral Agent to assign or transfer such security interest to the Collateral Agent. CFS makes no representation or warranty regarding the validity, enforceability, or effectiveness of any Loan Document or any "Loan Document" under the Prepetition FLFO Credit Agreement,

the validity or sufficiency of any document to be entered into pursuant to this Section 7.01(a), or the existence, priority or perfection of the Liens to be assigned or deemed assigned by CFS pursuant to this Section 7.01(a). Any documents delivered by CFS pursuant to this Section 7.01(a) shall be without recourse, representation or warranty by CFS, and the Borrower agrees to reimburse CFS for all out-of-pocket fees and expenses (including attorneys' fees) in connection therewith in accordance with Section 9.05(a) of the Prepetition FLFO Credit Agreement. Each of the Administrative Agent, the Collateral Agent, the Lenders, Holdings and the Borrower hereby agree that any and all releases provided for under Section 10.7(a) of the Plan of Reorganization and Section [●] of the Confirmation Order shall include release of CFS with respect to this Section 7.01(a) in favor of CFS, its equityholders, affiliates, agents, attorneys, employees, directors, and officers and the successors, assigns, heirs and representatives of each of the foregoing.

(b) Each Lender hereby irrevocably designates and appoints the Administrative Agent as the agent of such Lender under this Agreement and the other Loan Documents and irrevocably authorizes the Administrative Agent, in such capacity, to take such action on its behalf under the provisions of this Agreement and the other Loan Documents and to exercise such powers and perform such duties as are expressly delegated to the Administrative Agent by the terms of this Agreement and the other Loan Documents, together with such other powers as are reasonably incidental thereto. Notwithstanding any provision to the contrary elsewhere in this Agreement, the Administrative Agent shall not have any duties or responsibilities, except those expressly set forth herein and in the other Loan Documents, or any fiduciary relationship with any Lender or any Credit Party, and no implied covenants, functions, responsibilities, duties, obligations or liabilities shall be read into this Agreement or any other Loan Document or otherwise exist against the Administrative Agent.

(c) The Administrative Agent and each Lender hereby irrevocably designate and appoint the Collateral Agent as the agent with respect to the Collateral, and each of the Administrative Agent and each Lender irrevocably authorizes the Collateral Agent, in such capacity, to take such action on its behalf under the provisions of this Agreement and the other Loan Documents and to execute and deliver the Security Documents (including the amendments thereto in connection with this Agreement) and to exercise such powers and perform such duties as are expressly delegated to the Collateral Agent by the terms of this Agreement and the other Loan Documents, together with such other powers as are reasonably incidental thereto. Notwithstanding any provision to the contrary elsewhere in this Agreement, the Collateral Agent shall not have any duties or responsibilities except those expressly set forth herein and in the other Loan Documents, or any fiduciary relationship with any of the Administrative Agent, the Lenders or the Credit Parties, and no implied covenants, functions, responsibilities, duties, obligations or liabilities shall be read into this Agreement or any other Loan Document or otherwise exist against the Collateral Agent.

(d) The provisions of this Article VII are solely for the benefit of the Agents and the Lenders, and no Credit Party shall have rights as a third-party beneficiary of any such provisions (other than as set forth in Section 7.09, 7.11 and 7.14). Without limiting the generality of the foregoing, the Agents are expressly authorized to execute each of the Loan Documents and any and all documents (including releases) with respect to the Collateral and any rights of the Secured Parties with respect thereto as contemplated by and in accordance with the provisions of this Agreement and the other Loan Documents, in each case, binding the Lenders to the terms thereof.

SECTION 7.02. Delegation of Duties. The Administrative Agent and the Collateral Agent may each execute any of its duties under this Agreement and the other Loan Documents by or through agents, sub-agents, employees or attorneys-in-fact (each, a "Subagent") and shall be entitled to advice of counsel concerning all matters pertaining to such duties; *provided, however*, that no such Subagent shall be authorized to take any action with respect to any Collateral unless and except to the extent expressly authorized in writing by the Administrative Agent. If any Subagent, or successor thereto, shall die, become incapable of acting, resign or be removed, all rights, powers, privileges and duties of such Subagent, to the extent permitted by law, shall automatically vest in and be exercised by the Administrative Agent until the appointment of a new Subagent. Neither the Administrative Agent nor the Collateral Agent shall be responsible for the negligence or misconduct of any Subagents selected by it in the absence of gross negligence or willful misconduct. The exculpatory,

indemnification and other provisions of this Article VII shall apply to any such Subagent and to the Affiliates of the Agents and any such Subagent.

SECTION 7.03. Exculpatory Provisions. No Agent nor any of its officers, directors, employees, agents, attorneys-in-fact or Affiliates shall be (a) liable for any action lawfully taken or omitted to be taken by any of them under or in connection with this Agreement or any other Loan Document, including in such Agent's Permitted Business Judgment (except for its or such Person's own gross negligence or willful misconduct, as determined in the final judgment of a court of competent jurisdiction, in connection with its duties expressly set forth herein), (b) responsible in any manner to any of the Lenders or any participant for any recitals, statements, representations or warranties made by any of the Borrower, any other Credit Party or any officer thereof contained in this Agreement or any other Loan Document or in any certificate, report, statement or other document referred to or provided for in, or received by such Agent under or in connection with, this Agreement or any other Loan Document or for the value, validity, effectiveness, genuineness, enforceability or sufficiency of this Agreement or any other Loan Document, or for any failure of the Borrower or any other Credit Party to perform its obligations hereunder or thereunder or (c) subject to any fiduciary or other implied duties, regardless of whether a Default or an Event of Default has occurred and is continuing. No Agent shall be under any obligation to any Lender to ascertain or to inquire as to the observance or performance of any of the agreements contained in, or conditions of, this Agreement or any other Loan Document, or to inspect the properties, books or records of any Credit Party or any Affiliate thereof. The Collateral Agent shall not be under any obligation to the Administrative Agent or any Lender to ascertain or to inquire as to the observance or performance of any of the agreements contained in, or conditions of, this Agreement or any other Loan Document, or to inspect the properties, books or records of any Credit Party.

SECTION 7.04. Reliance by Agents. The Administrative Agent and the Collateral Agent shall be entitled to rely, and shall be fully protected in relying, upon any writing, resolution, notice, consent, certificate, affidavit, letter, telecopy, telex or teletype message, statement, order or other document or instruction believed by it to be genuine and correct and to have been signed, sent or made by the proper Person or Persons and upon advice and statements of legal counsel (including counsel to the Borrower), independent accountants and other experts selected by the Administrative Agent or the Collateral Agent. The Administrative Agent and the Collateral Agent may deem and treat the Lender specified in the Register with respect to any amount owing hereunder as the owner thereof for all purposes unless a written notice of assignment, negotiation or transfer thereof shall have been filed with the Administrative Agent. The Administrative Agent and the Collateral Agent shall be fully justified in failing or refusing to take any action under this Agreement or any other Loan Document unless it shall first receive such advice or concurrence of the Required Lenders as it deems appropriate or it shall first be indemnified to its satisfaction by the Lenders against any and all losses, liability and expense that may be incurred by it by reason of taking or continuing to take any such action. The Administrative Agent and the Collateral Agent shall in all cases be fully protected in acting, or in refraining from acting, under this Agreement and the other Loan Documents in accordance with a request of the Required Lenders, including in the Administrative Agent's sole discretion, instructions from legal counsel to the Required Lenders (which, as of the date hereof, is Vinson & Elkins LLP), and such request and any action taken or failure to act pursuant thereto shall be binding upon all the Lenders and all future holders of the Loans; *provided* that the Administrative Agent and Collateral Agent shall not be required to take any action that, in its opinion or in the opinion of its counsel, may expose it to liability or that is contrary to any Loan Document or applicable Requirements of Law. The Agents shall be entitled to rely upon, and shall not incur any liability for relying upon, any notice, request, certificate, consent, statement, instrument, document or other writing (including any electronic message, Internet or intranet website posting or other distribution) believed by it to be genuine and to have been signed, sent, or otherwise authenticated by a proper person. The Agents may also rely upon any statement made to it orally and believed by it to have been made by a proper person, and shall not incur any liability for relying thereon. In determining compliance with any condition hereunder to the making of a Loan that by its terms must be fulfilled to the satisfaction of a Lender, the Administrative Agent may presume that such condition is satisfactory to such Lender unless the Administrative Agent shall have received written notice to the contrary from such Lender prior to the making of such Loan. The Agents may consult with legal counsel (who may be counsel for the Required

Lenders), independent accountants and other advisors selected by it, and shall not be liable for any action taken or not taken by it in accordance with the advice of any such counsel, accountants or advisors.

SECTION 7.05. Notice of Default. Neither the Administrative Agent nor the Collateral Agent shall be deemed to have knowledge or notice of the occurrence of any Default or Event of Default hereunder unless the Administrative Agent or Collateral Agent, as applicable, has received written notice from a Lender or the Borrower referring to this Agreement, describing such Default or Event of Default and stating that such notice is a “notice of default”. In the event that the Administrative Agent receives such a notice, it shall give notice thereof to the Lenders and the Collateral Agent. The Administrative Agent shall take such action with respect to such Default or Event of Default as shall be reasonably directed by the Required Lenders; *provided* that unless and until the Administrative Agent shall have received such directions, the Administrative Agent may (but shall not be obligated to) take such action, or refrain from taking such action, with respect to such Default or Event of Default as it shall deem advisable in the best interests of the Lenders except to the extent that this Agreement requires that such action be taken only with the approval of the Required Lenders or each individual Lender, as applicable.

SECTION 7.06. Non-Reliance on Administrative Agent, Collateral Agent and Other Lenders. Each Lender expressly acknowledges that neither the Administrative Agent nor the Collateral Agent nor any of their respective officers, directors, employees, agents, attorneys-in-fact or Affiliates has made any representations or warranties to it and that no act by the Administrative Agent or Collateral Agent hereafter taken, including any review of the affairs of the Borrower or any other Credit Party, shall be deemed to constitute any representation or warranty by the Administrative Agent or Collateral Agent to any Lender. Each Lender represents to the Administrative Agent and the Collateral Agent that it has, independently and without reliance upon the Administrative Agent, Collateral Agent or any other Lender, and based on such documents and information as it has deemed appropriate, made its own appraisal of and investigation into the business, operations, property, financial and other condition and creditworthiness of the Borrower and each other Credit Party and made its own decision to make its Loans hereunder and enter into this Agreement. Each Lender also represents that it will, independently and without reliance upon the Administrative Agent, Collateral Agent or any other Lender, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit analysis, appraisals and decisions in taking or not taking action under this Agreement and the other Loan Documents, and to make such investigation as it deems necessary to inform itself as to the business, operations, property, financial and other condition and creditworthiness of the Borrower and any other Credit Party. Except for notices, reports and other documents expressly required to be furnished to the Lenders by the Administrative Agent hereunder, neither the Administrative Agent nor the Collateral Agent shall have any duty or responsibility to provide any Lender with any credit or other information concerning the business, assets, operations, properties, financial condition, prospects or creditworthiness of the Borrower or any other Credit Party that may come into the possession of the Administrative Agent or Collateral Agent or any of their respective officers, directors, employees, agents, attorneys-in-fact or Affiliates. The Agents shall not be responsible for or have any duty to ascertain or inquire into (i) any statement, warranty or representation made in or in connection with any Loan Document, (ii) the contents of any certificate, report or other document delivered hereunder or thereunder or in connection herewith or therewith, (iii) the performance or observance of any of the covenants, agreements or other terms or conditions set forth in any Loan Document or the occurrence of any Default or Event of Default, (iv) the validity, enforceability, effectiveness or genuineness of any Loan Document or any other agreement, instrument or document or (v) the satisfaction of any condition set forth in Article IV or elsewhere in any Loan Document. Whenever in the administration of this Agreement, or pursuant to any of the Loan Documents, the Administrative Agent shall deem it necessary or desirable (in each case, in its sole discretion) that a matter be proved or established with respect to Borrower or the Guarantors in connection with the taking, suffering or omitting of any action hereunder by the, such matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively provided or established by an Officers’ Certificate and such certificate shall be full warranty to such Administrative Agent for any action taken, suffered or omitted in reliance thereon. In no event shall the Administrative Agent be responsible or liable for any failure or delay in the performance of its obligations hereunder arising out of or caused by, directly or indirectly, forces beyond its control, including, without limitation, strikes, work stoppages,

accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, future changes in applicable law or regulation, and interruptions, loss or malfunctions of utilities, communications or computer (software and hardware) services; it being understood that the Administrative Agent shall use reasonable efforts consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.

SECTION 7.07. Indemnification. The Lenders agree to indemnify the Administrative Agent and the Collateral Agent, each in its capacity as such (to the extent not reimbursed by the Credit Parties and without limiting the obligation of the Credit Parties to do so), ratably according to their respective portions of the Loans, as applicable, outstanding in effect on the date on which indemnification is sought (or, if indemnification is sought after the date upon which the Loans shall have been paid in full, ratably in accordance with their respective portions of the Loans in effect immediately prior to such date), from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind whatsoever that may at any time (including at any time following the payment of the Loans) occur, be imposed on, incurred by or asserted against the Administrative Agent or the Collateral Agent in any way relating to or arising out of this Agreement, any of the other Loan Documents or any documents contemplated by or referred to herein or therein or the transactions contemplated hereby or thereby or any action taken or omitted by the Administrative Agent or the Collateral Agent under or in connection with any of the foregoing, IN ALL CASES, WHETHER OR NOT CAUSED BY OR ARISING, IN WHOLE OR IN PART, OUT OF THE COMPARATIVE, CONTRIBUTORY, OR SOLE NEGLIGENCE OF SUCH AGENT; *provided* that no Lender shall be liable to the Administrative Agent or the Collateral Agent for the payment of any portion of such liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements resulting from such Agent's, as applicable, gross negligence or willful misconduct as determined by a final judgment of a court of competent jurisdiction; *provided, further*, that no action taken in accordance with the directions of the Required Lenders (or such other number or percentage of the Lenders as shall be required by the Loan Documents) shall be deemed to constitute gross negligence or willful misconduct for purposes of this Section 7.07. In the case of any investigation, litigation or proceeding giving rise to any liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind whatsoever that may at any time occur (including at any time following the payment of the Loans), this Section 7.07 applies whether any such investigation, litigation or proceeding is brought by any Lender or any other Person. Without limitation of the foregoing, each Lender shall reimburse the Administrative Agent and the Collateral Agent upon demand for its ratable share of any fees, costs or out-of-pocket expenses (including attorneys' fees) incurred by such Agent in connection with the preparation, execution, delivery, administration, modification, amendment or enforcement (whether through negotiations, legal proceedings or otherwise) of, or legal advice rendered in respect of rights or responsibilities under, this Agreement, any other Loan Document, or any document contemplated by or referred to herein, to the extent that such Agent is not reimbursed for such expenses by or on behalf of the Borrower; *provided* that such reimbursement by the Lenders shall not affect the Borrower's continuing reimbursement obligations with respect thereto. If any indemnity furnished to any Agent for any purpose shall, in the opinion of such Agent, be insufficient or become impaired, such Agent may call for additional indemnity and cease, or not commence, to do the acts indemnified against until such additional indemnity is furnished; *provided*, in no event shall this sentence require any Lender to indemnify any Agent against any liability, obligation, loss, damage, penalty, action, judgment, suit, cost, expense or disbursement in excess of such Lender's pro rata portion thereof; and *provided further*, this sentence shall not be deemed to require any Lender to indemnify any Agent against any liability, obligation, loss, damage, penalty, action, judgment, suit, cost, expense or disbursement resulting from such Agent's gross negligence or willful misconduct, as determined in the final judgment of a court of competent jurisdiction. The agreements in this Section 7.07 shall survive the payment of the Loans and all other amounts payable hereunder, or the earlier resignation or removal of the Agents.

SECTION 7.08. Agents in Their Individual Capacity. Each Agent and its Affiliates may make loans to, accept deposits from and generally engage in any kind of business with the Borrower and any other Credit Party as though such Agent were not an Agent hereunder and under the other Loan Documents. With respect to the Loans made by it, each Agent shall have the same rights and powers under this Agreement and the

other Loan Documents as any Lender and may exercise the same as though it were not an Agent, and the terms “Lender” and “Lenders” shall include each Agent in its individual capacity.

SECTION 7.09. Successor Agents. Each of the Administrative Agent and Collateral Agent may at any time give notice of its resignation to the Lenders and the Borrower, and the Borrower or the Required Lenders may at any time that the Administrative Agent or the Collateral Agent becomes a Defaulting Agent deliver notice of removal to the Administrative Agent or Collateral Agent, as applicable. Upon receipt of any such notice of resignation or removal, the Required Lenders shall have the right, subject to the consent of the Borrower (not to be unreasonably withheld or delayed) so long as no Event of Default is continuing, to appoint a successor, which shall be a bank with an office in the United States, or an Affiliate of any such bank with an office in the United States or another institution providing third party loan agency services. If, in the case of a resignation of a retiring Agent, no such successor shall have been so appointed by the Required Lenders and shall have accepted such appointment within 30 days after the retiring Agent gives notice of its resignation, then the retiring Agent may on behalf of the Lenders, appoint a successor Agent meeting the qualifications set forth above; *provided* that if the retiring Agent shall notify the Borrower and the Lenders that no qualifying Person has accepted such appointment, then such resignation shall nonetheless become effective in accordance with such notice and (1) the retiring Agent shall be discharged from its duties and obligations hereunder and under the other Loan Documents (except in the case of the Collateral Agent holding collateral security on behalf of any Secured Parties, the retiring Collateral Agent shall continue to hold such collateral security as nominee until such time as a successor Collateral Agent is appointed) and (2) all payments, communications and determinations provided to be made by, to or through such Agent shall instead be made by or to each Lender directly, until such time as the Required Lenders appoint a successor Agent as provided for above in this Section 7.09. Upon the acceptance of a successor’s appointment as the Administrative Agent or Collateral Agent, as the case may be, hereunder, and upon the execution and filing or recording of such financing statements, or amendments thereto, and such other instruments or notices, as may be necessary or desirable, or as the Required Lenders may request, in order to continue the perfection of the Liens granted or purported to be granted by the Security Documents, such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of the retiring (or retired) Agent, and the retiring Agent shall be discharged from all of its duties and obligations hereunder or under the other Loan Documents (if not already discharged therefrom as provided above in this Section). The fees payable by the Borrower (following the effectiveness of such appointment) to such Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Borrower and such successor. After the retiring Agent’s resignation hereunder and under the other Loan Documents, the provisions of this Article VII (including Section 7.07) and Section 8.05 shall continue in effect for the benefit of such retiring Agent, its Subagents and their respective Related Parties in respect of any actions taken or omitted to be taken by any of them while the retiring Agent was acting as an Agent.

SECTION 7.10. Payments Set Aside. To the extent that any payment by or on behalf of the Borrower is made to the Administrative Agent, the Collateral Agent or any Lender, or the Administrative Agent, the Collateral Agent or any Lender exercises its right of setoff, and such payment or the proceeds of such setoff or any part thereof is subsequently invalidated, declared to be fraudulent or preferential, set aside or required (including pursuant to any settlement entered into by the Administrative Agent, the Collateral Agent or such Lender in its discretion) to be repaid to a trustee, receiver or any other party, in connection with any proceeding under the Bankruptcy Code or otherwise, then (a) to the extent of such recovery, the obligation or part thereof originally intended to be satisfied shall be revived and continued in full force and effect as if such payment had not been made or such setoff had not occurred and (b) each Lender severally agrees to pay to the Administrative Agent or the Collateral Agent, as applicable, upon demand its applicable share (without duplication) of any amount so recovered from or repaid by the Administrative Agent or the Collateral Agent, as applicable, plus interest thereon from the date of such demand to the date such payment is made at a rate per annum equal to the applicable Federal Funds Rate from time to time in effect, in the applicable currency of such recovery or payment. The obligations of the Lenders under clause (b) of the preceding sentence shall survive the payment in full of the Loan Obligations and the termination of this Agreement, or the earlier resignation or removal of the Agent.

SECTION 7.11. Bankruptcy Plan Voting. In case of the pendency of any proceeding under the Bankruptcy Code or other judicial proceeding relative to any Credit Party, each Lender shall submit any vote on a plan of reorganization or similar disposition plan of restructuring or liquidation (a “Reorganization Plan”) to the Administrative Agent so that it is received by the Administrative Agent no later than three (3) Business Days prior to voting deadline established pursuant to the terms of such Reorganization Plan or any court order establishing voting procedures with respect to the Reorganization Plan (the “Voting Procedures Order”). If Lenders constituting more than half of the total number of Lenders and having or holding more than two-thirds of the aggregate outstanding Loans of all Lenders at such time timely vote to accept the Reorganization Plan, the Administrative Agent shall submit a ballot on behalf of all Lenders voting to accept the Reorganization Plan in accordance with the terms of the Reorganization Plan or the Voting Procedures Order. If Lenders constituting more than half of the total number of Lenders and having or holding more than two-thirds of the aggregate outstanding Loans at such time of all Lenders do not timely vote to accept the Reorganization Plan, the Administrative Agent shall submit a ballot on behalf of all Lenders voting to reject the Reorganization Plan in accordance with the terms of the Reorganization Plan or the Voting Procedures Order. For purposes of calculating the total number of Lenders and the number of Lenders voting to accept the Reorganization Plan, Lenders that are Affiliates shall be deemed to be a single Lender holding a single claim with respect to each class of creditors in which such Lenders and Affiliates are included. No Lender may submit a ballot with respect to a Reorganization Plan in contravention of the procedures set forth in this Section 7.11, and the Administrative Agent is irrevocably authorized by each Lender to withdraw any vote submitted by such Lender in contravention of the procedures set forth in this Section 7.11.

SECTION 7.12. Administrative Agent May File Proofs of Claim. In case of the pendency of any proceeding under the Bankruptcy Code or any other judicial proceeding relative to any Credit Party, the Administrative Agent (irrespective of whether the principal of any Loan shall then be due and payable as herein expressed or by declaration or otherwise and irrespective of whether the Administrative Agent shall have made any demand on the Borrower) shall be entitled and empowered, by intervention in such proceeding or otherwise, (i) to file and prove a claim for the whole amount of the principal and interest owing and unpaid in respect of the Loans and all other Loan Obligations that are owing and unpaid and to file such other documents as may be necessary or advisable in order to have the claims of the Lenders and the Administrative Agent (including any claim for the reasonable compensation, expenses, disbursements and advances of the Lenders and the Administrative Agent and their respective agents and counsel and all other amounts due the Lenders and the Administrative Agent under Section 8.05) allowed in such judicial proceeding and (ii) to collect and receive any monies or other property payable or deliverable on any such claims and to distribute the same; and any custodian, receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Lender to make such payments to the Administrative Agent and, if the Administrative Agent shall consent to the making of such payments directly to the Lenders, to pay to the Administrative Agent any amount due for the reasonable compensation, expenses, disbursements and advances of the Administrative Agent and its agents and counsel, and any other amounts due the Administrative Agent under Section 8.05. Nothing contained herein shall be deemed to authorize the Administrative Agent to authorize or consent to or accept or adopt on behalf of any Lender any plan of reorganization, arrangement, adjustment or composition affecting the Loan Obligations or the rights of any Lender to authorize the Administrative Agent to vote in respect of the claim of any Lender or in any such proceeding.

SECTION 7.13. Collateral Matters. (a) The Lenders irrevocably authorize the Collateral Agent, at its option and in its discretion or in accordance with the instructions and Officers’ Certificates delivered to the Collateral Agent in connection therewith, to release any Lien on any property granted to or held by the Collateral Agent under any Loan Document (i) upon payment in full of all Loan Obligations (other than contingent indemnification obligations and expense reimbursement claims to the extent no claim therefor has been made), (ii) if approved, authorized or ratified in writing in accordance with Section 8.01, (iii) pursuant to the Intercreditor Agreement or the Security Documents or (iv) pursuant to Section 8.19. Upon request by the Collateral Agent at any time, the Required Lenders will confirm in writing the Collateral Agent’s authority to release its interest in particular types or items of property in accordance with this Section; *provided* that the

Collateral Agent shall rely conclusively on Officers' Certificates and instruction delivered by the Borrower or the other Credit Parties in connection herewith.

(b) Each Secured Party hereby further authorizes the Administrative Agent or Collateral Agent, as applicable, on behalf of and for the benefit of Secured Parties, to be the agent for and representative of the Secured Parties with respect to the Security Documents. Subject to Section 8.01, without further written consent or authorization from any Secured Party, the Administrative Agent or Collateral Agent, as applicable, may (a) execute any documents or instruments necessary in connection with a disposition of assets permitted by this Agreement, (b) release any Lien encumbering any item of Collateral that is the subject of such disposition of assets permitted hereunder or with respect to which Required Lenders (or such other Lenders as may be required to give such consent under Section 8.01) have otherwise consented or (c) release any Guarantor from the Guarantee with respect to which Required Lenders (or such other Lenders as may be required to give such consent under Section 8.01) have otherwise consented.

(c) The Agents shall not be responsible for or have a duty to ascertain or inquire into any representation or warranty regarding the existence, value or collectability of the Collateral, the existence, priority or perfection of the Collateral Agent's Lien thereon, or any certificate prepared by any Credit Party in connection therewith, nor shall an Agent be responsible or liable to the Lenders for any failure to monitor or maintain any portion of the Collateral, including the filing of any UCC financing or continuation statements.

SECTION 7.14. Intercreditor Agreement and Other Collateral Matters. The Lenders hereby agree to the terms of the Intercreditor Agreement and acknowledge that GS (and any Collateral Agent under the Security Documents and the Intercreditor Agreement) will be serving as Collateral Agent for the Secured Parties under the Security Documents and the Intercreditor Agreement and in other capacities contemplated thereby. Each Lender hereby consents to GS and any successor serving in such capacities and agrees not to assert any claim (including as a result of any conflict of interest) against GS, or any such successor, arising from the role of the Collateral Agent under the Security Documents or the Intercreditor Agreement so long as the Collateral Agent is either acting in accordance with the express terms of such documents or otherwise has not engaged in gross negligence or willful misconduct as found by a final non-appealable judgment of a court of competent jurisdiction. Each Lender hereby consents to GS and any successor serving in such capacities and agrees not to assert any claim (including as a result of any conflict of interest) against GS, or any such successor, arising from the role of the Collateral Agent under the Security Documents so long as the Collateral Agent is either acting in accordance with the express terms of such documents or otherwise has not engaged in gross negligence or willful misconduct as found by a final non-appealable judgment of a court of competent jurisdiction. In addition, the Administrative Agent and the Collateral Agent shall be authorized, without the consent of any Secured Party, to enter into or execute the Security Documents and the Intercreditor Agreement on or prior to the Closing Date, and, from time to time, to execute or to enter into amendments of, and amendments and restatements of, the Security Documents and the Intercreditor Agreement and any additional and replacement intercreditor agreements, including the Customary Intercreditor Agreements, in each case in order to effect the subordination of and to provide for certain additional rights, obligations and limitations in respect of, any Liens required by the terms of this Agreement to be Liens junior to, pari passu with or senior to the Loan Obligations, that are, in each case, incurred in accordance with Article V of this Agreement, and to establish certain relative rights as between the holders of the Loan Obligations and the holders of the Indebtedness secured by such Liens.

SECTION 7.15. Withholding Tax. To the extent required by any applicable Requirement of Law, the Administrative Agent may withhold from any payment to any Lender an amount equivalent to any applicable withholding tax. If the IRS or any authority of the United States or other jurisdiction asserts a claim that the Administrative Agent did not properly withhold tax from amounts paid to or for the account of any Lender for any reason (including because the appropriate form was not delivered, was not properly executed, or because such Lender failed to notify the Administrative Agent of a change in circumstances that rendered the exemption from, or reduction of, withholding tax ineffective), such Lender shall indemnify the Administrative Agent (to the extent that the Administrative Agent has not already been reimbursed by any applicable Credit Party and without limiting the obligation of any applicable Credit Party to do so) fully for all amounts paid, directly or

indirectly, by the Administrative Agent as Tax or otherwise, including penalties, additions to Tax and interest, together with all expenses incurred, including legal expenses, allocated staff costs and any out of pocket expenses. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender under this Agreement or any other Loan Document against any amount due to the Administrative Agent under this Section 7.15.

SECTION 7.16. Erroneous Payment.

(a) If the Administrative Agent notifies a Lender or Secured Party, or any Person who has received funds on behalf of a Lender or Secured Party (any such Lender, Issuing Bank, Secured Party or other recipient, a “Payment Recipient”) that the Administrative Agent has determined in its sole discretion (whether or not after receipt of any notice under immediately succeeding clause (b)) that any funds received by such Payment Recipient from the Administrative Agent or any of its Affiliates were erroneously transmitted to, or otherwise erroneously or mistakenly received by, such Payment Recipient (whether or not known to such Lender, Secured Party or other Payment Recipient on its behalf) (any such funds, whether received as a payment, prepayment or repayment of principal, interest, fees, distribution or otherwise, individually and collectively, an “Erroneous Payment”) and demands the return of such Erroneous Payment (or a portion thereof) (provided, that without limiting any other rights or remedies (whether at law or in equity), the Administrative Agent may not make any such demand under this sentence with respect to an Erroneous Payment unless such demand is made within ten (10) Business Days of the date of receipt of such Erroneous Payment by the applicable Payment Recipient), such Erroneous Payment shall at all times remain the property of the Administrative Agent and shall be segregated by the Payment Recipient and held in trust for the benefit of the Administrative Agent, and such Lender or Secured Party shall (or, with respect to any Payment Recipient who received such funds on its behalf, shall cause such Payment Recipient to) promptly, but in no event later than two Business Days thereafter, return to the Administrative Agent the amount of any such Erroneous Payment (or portion thereof) as to which such a demand was made, in same day funds (in the currency so received). A notice of the Administrative Agent to any Payment Recipient under this clause (a) shall be conclusive, absent manifest error.

(b) Without limiting immediately preceding clause (a), each Lender and Secured Party hereby further agrees that if it (or any Payment Recipient who on its behalf) receives a payment, prepayment or repayment (whether received as a payment, prepayment or repayment of principal, interest, fees, distribution or otherwise) from the Administrative Agent (or any of its Affiliates) (x) that is in a different amount than, or on a different date from, that specified in a notice of payment, prepayment or repayment sent by the Administrative Agent (or any of its Affiliates) with respect to such payment, prepayment or repayment, (y) that was not preceded or accompanied by a notice of payment, prepayment or repayment sent by the Administrative Agent (or any of its Affiliates), or (z) that such Lender or Secured Party, or other such recipient, otherwise becomes aware was transmitted, or received, in error or by mistake (in whole or in part) in each case:

(i) (A) in the case of immediately preceding clauses (x) or (y), an error shall be presumed to have been made (absent written confirmation from the Administrative Agent to the contrary) or (B) an error has been made (in the case of immediately preceding clause (z)), in each case, with respect to such payment, prepayment or repayment; and

(ii) such Lender or Secured Party shall (and shall cause any other recipient that receives funds on its respective behalf to) promptly (and, in all events, within one Business Day of its knowledge of such error) notify the Administrative Agent of its receipt of such payment, prepayment or repayment, the details thereof (in reasonable detail) and that it is so notifying the Administrative Agent pursuant to this Section 7.16(b).

(c) Each Lender or Secured Party hereby authorizes the Administrative Agent to set off, net and apply any and all amounts at any time owing to such Lender or Secured Party under any Loan Document, or otherwise payable or distributable by the Administrative Agent to such Lender or Secured Party from any

source, against any amount due to the Administrative Agent under immediately preceding clause (a) or under the indemnification provisions of this Agreement.

(d) In the event that an Erroneous Payment (or portion thereof) is not recovered by the Administrative Agent for any reason, after demand therefor by the Administrative Agent in accordance with immediately preceding clause (a), from any Lender that has received such Erroneous Payment (or portion thereof) (and/or from any Payment Recipient who received such Erroneous Payment (or portion thereof) on its respective behalf) (such unrecovered amount, an “Erroneous Payment Return Deficiency”), upon the Administrative Agent’s notice to such Lender at any time, (i) such Lender shall be deemed to have assigned its Loans with respect to which such Erroneous Payment was made (the “Erroneous Payment Impacted Loans”) in an amount equal to the Erroneous Payment Return Deficiency (or such lesser amount as the Administrative Agent may specify) (such assignment of the Loans of the Erroneous Payment Impacted Loans, the “Erroneous Payment Deficiency Assignment”) at par plus any accrued and unpaid interest (with the assignment fee to be waived by the Administrative Agent in such instance), and is hereby (together with the Borrower) deemed to execute and deliver an Assignment and Acceptance (or, to the extent applicable, an agreement incorporating an Assignment and Acceptance by reference pursuant to the Platform as to which the Administrative Agent and such parties are participants) with respect to such Erroneous Payment Deficiency Assignment, and such Lender shall deliver any Notes evidencing such Loans to the Borrower or the Administrative Agent, (ii) the Administrative Agent as the assignee Lender shall be deemed to acquire the Erroneous Payment Deficiency Assignment, (iii) upon such deemed acquisition, the Administrative Agent as the assignee Lender shall become a Lender, as applicable, hereunder with respect to such Erroneous Payment Deficiency Assignment and the assigning Lender shall cease to be a Lender hereunder with respect to such Erroneous Payment Deficiency Assignment, excluding, for the avoidance of doubt, its obligations under the indemnification provisions of this Agreement which shall survive as to such assigning Lender and (iv) the Administrative Agent may reflect in the Register its ownership interest in the Loans subject to the Erroneous Payment Deficiency Assignment. The Administrative Agent may, in its discretion, sell any Loans acquired pursuant to an Erroneous Payment Deficiency Assignment and upon receipt of the proceeds of such sale, the Erroneous Payment Return Deficiency owing by the applicable Lender shall be reduced by the net proceeds of the sale of such Loan (or portion thereof), and the Administrative Agent shall retain all other rights, remedies and claims against such Lender (and/or against any recipient that receives funds on its respective behalf). In addition, each party hereto agrees that, except to the extent that the Administrative Agent has sold a Loan (or portion thereof) acquired pursuant to an Erroneous Payment Deficiency Assignment, and irrespective of whether the Administrative Agent may be equitably subrogated, the Administrative Agent shall be contractually subrogated to all the rights and interests of the applicable Lender or Secured Party under the Loan Documents with respect to each Erroneous Payment Return Deficiency (the “Erroneous Payment Subrogation Rights”).

(e) The parties hereto agree that (i) an Erroneous Payment shall not pay, prepay, repay, discharge or otherwise satisfy any Loan Obligations owed by the Borrower or any other Credit Party and (ii) to the extent an Erroneous Payment was in any way or at any time credited as a payment or satisfaction of any of the Loan Obligations, the Loan Obligations or part thereof that were so credited, and all rights of the applicable Lender, other Secured Party or Administrative Agent, as the case may be, shall be reinstated and continue in full force and effect as if such payment or satisfaction had never been received, except, in each case, to the extent such Erroneous Payment is, and solely with respect to the amount of such Erroneous Payment that is, comprised of funds received by the Administrative Agent from the Borrower or any other Credit Party for the purpose of making such Erroneous Payment. Further, each party hereto agrees that, in the event a Secured Party is the recipient of an Erroneous Payment and such Secured Party fails to return such Erroneous Payment in accordance with Section 7.16(a), then the Administrative Agent shall be entitled to (x) collect from the Borrower or any other Credit Party any Obligations owed by the Borrower or any other Credit Party to such Secured Party up to and including the amount of the Erroneous Payment, plus any other amounts owed by such Secured Party under the indemnification provisions of this Agreement, except, to the extent such Erroneous Payment is, and solely with respect to the amount of such Erroneous Payment that is, comprised of funds received by the Administrative Agent from the Borrower or any other Credit Party for the purpose of making such Erroneous Payment and (y)

exercise its rights and remedies under Section 7.16(c) until the Administrative Agent has received all amounts owed by the Secured Party to the Administrative Agent pursuant to Section 7.16(a).

(f) To the extent permitted by applicable law, no Payment Recipient shall assert any right or claim to an Erroneous Payment, and hereby waives, and is deemed to waive, any claim, counterclaim, defense or right of set-off or recoupment with respect to any demand, claim or counterclaim by the Administrative Agent for the return of any Erroneous Payment received, including without limitation waiver of any defense based on “discharge for value” or any similar doctrine.

(g) Each party’s obligations, agreements and waivers under this Section 7.16 shall survive the resignation or replacement of the Administrative Agent, any transfer of rights or obligations by, or the replacement of, a Lender, and/or the repayment, satisfaction or discharge of all Obligations (or any portion thereof) under any Loan Document.

ARTICLE VIII

Miscellaneous

SECTION 8.01. Amendments and Waivers.

(a) Without Consent of the Lenders.

The Borrower and the Administrative Agent may amend this Agreement and the other Loan Documents without notice to or consent of any Lender:

- (i) to cure any ambiguity, omission, mistake, defect or inconsistency;
- (ii) to provide for the assumption by a successor corporation, partnership or limited liability company of the obligations of the Borrower or any Subsidiary Guarantor under this Agreement or any other Loan Document (in each case so long as such successor corporation, partnership or limited liability company is designated in accordance with Section 5.11);
- (iii) to comply with Section 5.11;
- (iv) to add a Subsidiary Guarantor with respect to the Obligations or Collateral to secure the Obligations;
- (v) to release Collateral or a Guarantor as permitted by this Agreement, the Security Documents or the Intercreditor Agreement (other than to the extent constituting all or substantially all of the Collateral or value of the Guarantees); and
- (vi) to add additional secured creditors holding other Junior Lien Obligations so long as such obligations are not prohibited by this Agreement or the Security Documents.

The Intercreditor Agreement may be amended without the consent of any Lender or Agent in connection with the permitted entry into the Intercreditor Agreement of any class of additional secured creditors holding Junior Lien Obligations to effectuate such entry into the Intercreditor Agreement and to make the lien of such class equal and ratable with, as applicable, the lien of the Junior Lien Obligations.

Each Lender hereunder (x) consents to the amendment of any Loan Document in the manner and for the purposes set forth in this Section 8.01(a), (y) agrees that it will be bound by and will take no actions contrary to the provisions of any amendment to any Loan Document pursuant to Section 8.01(a) and (z) authorizes and

instructs the Administrative Agent to enter into any amendment to any Loan Document pursuant to this Section 8.01(a) on behalf of such Lender.

The Administrative Agent shall receive an Officers' Certificate as conclusive evidence that any amendment executed pursuant to this Section 8.01(a) complies with the requirements of this Section 8.01(a), is permitted or authorized by this Agreement and is the legal, valid and binding obligation of the Borrower, enforceable against it in accordance with its terms.

(b) With Consent of the Lenders. The Borrower and the Administrative Agent may amend this Agreement and the other Loan Documents with the written consent of the Required Lenders, and any past default or noncompliance with any provisions may be waived with the consent of the Required Lenders. Notwithstanding the foregoing, without the consent of each Lender of an affected Loan (but not the Required Lenders), no amendment may:

(i) increase or reduce the principal amount of such Loans or waive or extend the time for payment of any portion of the principal amount thereof (it being understood that a waiver, deferral, reduction or other adjustment to a mandatory prepayment under Section 2.13 shall only require the consent of the Required Lenders),

(ii) reduce the rate of, or extend the time for payment of interest on, any Loan, (it being understood that only the consent of the Required Lenders shall be necessary to waive any obligation of the Borrower to pay interest at the default rate under Section 2.06(b) or amend Section 2.06(b)),

(iii) reduce the principal of or change the Stated Maturity of any Loan (it being understood that a waiver, deferral, reduction or other adjustment to a mandatory prepayment under Section 2.13 shall only require the consent of the Required Lenders),

(iv) reduce the premium payable (if any) upon prepayment of any Loan or change the time at which any such premium must be paid,

(v) make any Loan payable in money other than that stated in this Agreement,

(vi) consent to the transfer of the Borrower's obligations under this Agreement and/or the other Loan Documents,

(vii) waive, amend or modify the provisions of Section 2.17 or Section 6.02 in a manner that would alter the pro rata sharing of payments required thereby (except in connection with a transaction permitted under Section 8.06(e) and Section 8.07),

(viii) make any change in the second sentence of this Section 8.01(b) or the definition of the term "Required Lenders," or any other provision hereof expressly specifying the number or percentage of Lenders required to waive, amend or modify any rights hereunder or under any other Loan Document,

(ix) (A) release all or substantially all of the value of the Guarantee or release all or substantially all of the Collateral, in each case, whether in one or more transactions, (except as otherwise permitted herein or in the other Loan Documents) or (B) subordinate the Loan Obligations or a Lien on a material portion of the Collateral, taken as a whole, (as determined by the Borrower in good faith), securing the Obligations, in either case, to any other Indebtedness other than in connection with a debtor-in-possession financing,

(x) make any change in the provisions dealing with the application of proceeds of Collateral in the Intercreditor Agreement or this Agreement that would adversely affect the Lenders,

(xi) amend Section 7.07 or any other provision hereof providing for indemnification obligations of the Agents or Lenders;

provided further that no amendment, waiver or other modification of any provision of any Loan Document in a manner that directly and adversely affects the Administrative Agent or the Collateral Agent shall be effective without the written consent of the then-current Administrative Agent and Collateral Agent, as applicable, or any other former or current Agent to whom Article VII then applies.

Notices and other communications to the Lenders hereunder may be delivered or furnished by electronic communication (including email and Internet or intranet websites) pursuant to procedures approved in writing by the Administrative Agent; *provided* that the foregoing shall not apply to notices to any Lender pursuant to Article II if such Lender has notified the Administrative Agent in writing that it is incapable of receiving notices under such Article by electronic communication. The Administrative Agent or the Borrower may, in their discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by them, *provided* that approval of such procedures may be limited to particular notices or communications.

Documents required to be delivered pursuant to Section 5.01 (to the extent any such documents are included in materials otherwise filed with the SEC) may be delivered electronically (including as set forth in Section 8.18) and if so delivered, shall be deemed to have been delivered on the date (i) on which the Borrower posts such documents, or provides a link thereto on the Borrower's website on the Internet, or (ii) on which such documents are posted on the Borrower's behalf on an Internet or intranet website, if any, to which each Lender and the Administrative Agent have access (whether a commercial, third-party website or whether sponsored by the Administrative Agent); *provided* that (A) the Borrower shall deliver paper copies of such documents to the Administrative Agent or any Lender that requests the Borrower to deliver such paper copies until a written request to cease delivering paper copies is given by the Administrative Agent or such Lender, and (B) the Borrower shall notify the Administrative Agent and each Lender (by telecopier or electronic mail) of the posting of any such documents and provide to the Administrative Agent by electronic mail electronic versions (i.e., soft copies) of such documents.

SECTION 8.03. No Waiver; Cumulative Remedies. No failure to exercise and no delay in exercising, on the part of the Administrative Agent, the Collateral Agent or any Lender, any right, remedy, power or privilege hereunder or under the other Loan Documents shall operate as a waiver thereof, nor shall any single or partial exercise of any right, remedy, power or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. The rights, remedies, powers and privileges herein provided are cumulative and not exclusive of any rights, remedies, powers and privileges provided by law.

SECTION 8.04. Survival of Representations and Warranties. All representations and warranties made hereunder, in the other Loan Documents and in any document, certificate or statement delivered pursuant hereto or in connection herewith shall survive the execution and delivery of this Agreement and the making of the Loans hereunder.

SECTION 8.05. Payment of Expenses; Indemnification.

(a) Within 30 days after receipt of a written request, together with customary backup documentation in reasonable detail, the Borrower shall pay (i) all reasonable and documented (in summary form) out-of-pocket expenses incurred by the Administrative Agent in connection with the preparation and administration of this Agreement or any amendments, modifications or waivers of the provisions hereof and (ii) all reasonable and documented (in reasonable detail) out-of-pocket expenses incurred by the Administrative

Agent or any Lender, including the fees, charges and disbursements of legal counsel for the Administrative Agent or any Lender, in connection with the enforcement or protection of its rights in connection with this Agreement, including its rights under this Section 8.05(a), including all such out-of-pocket expenses incurred during any workout, restructuring or negotiations in respect of such Loans; *provided*, that the Borrower's obligations under this Section 8.05(a) for fees and expenses of legal counsel shall be limited to fees and expenses of (x) one primary outside legal counsel for the Administrative Agent and, if necessary, one local, regulatory or foreign legal counsel for the Administrative Agent in each appropriate jurisdiction (which may include a single special counsel acting in multiple jurisdictions) and (y) solely in the case of clause (ii) above, one primary outside legal counsel for the Lenders and, if necessary, one local or foreign legal counsel to the Lenders in each appropriate jurisdiction (which may include a single special counsel acting in multiple jurisdictions).

(b) Each Credit Party agrees to indemnify and hold harmless each Lender and each Agent and each of their respective affiliates, officers, partners, members, Directors, trustees, employees, managers, advisors, consultants, administrators, agents, sub-agents and other Related Parties (each such Person, an "Indemnitee") promptly after receipt of a written request, together with customary backup documentation in reasonable detail, from and against any Indemnified Liabilities, whether or not such proceedings are brought by the Borrower, any of its Related Parties or any other third Person, IN ALL CASES, WHETHER OR NOT CAUSED BY OR ARISING, IN WHOLE OR IN PART, OUT OF THE COMPARATIVE, CONTRIBUTORY OR SOLE NEGLIGENCE OF SUCH INDEMNITEE; *provided* that each Credit Party's obligations under this Section 8.05(b) for fees and expenses of legal counsel (including the cost of any investigation and preparation) shall be limited to the reasonable and documented (in summary form) out-of-pocket fees, disbursements and other charges of (x) one primary outside counsel for the Indemnitees, taken as a whole, (y) if reasonably necessary, one local or foreign legal counsel for the Indemnitees, taken as a whole, in each appropriate jurisdiction (which may include a single special counsel acting in multiple jurisdictions) and (z) if reasonably necessary, one additional regulatory or other specialist counsel for the Indemnitees, taken as a whole, for each relevant area of expertise (which may include a single special counsel acting in multiple areas) (unless there is an actual or perceived conflict of interest in which case the affected Indemnitees, taken as a whole, may engage one additional counsel and solely in the case of any such conflict of interest, one additional local counsel (which may be a single firm for multiple jurisdictions) to all affected Indemnitees taken as a whole, in each such relevant jurisdiction (limited, in the case of legal counsel, to one counsel to such Indemnitees, taken as a whole, and, if reasonably necessary, of one local counsel in each relevant jurisdiction and one additional regulatory or other specialist counsel for each relevant area of expertise (in each case, which may be a single firm for multiple jurisdictions)); *provided, further*, that the Borrower shall have no obligation hereunder to any Agent or any Lender or any of their respective Related Parties with respect to Indemnified Liabilities to the extent (1) found by a court of competent jurisdiction in a final non-appealable judgment to have resulted from (i) the gross negligence or willful misconduct of the party to be indemnified or (ii) any material breach of any Loan Document by the party to be indemnified (other than a material breach by any Agent in its capacity as such unless such material breach resulted from the gross negligence or willful misconduct of any Agent or its Related Parties) or (2) arising from disputes, claims, demands, actions, judgments or suits not arising from any act or omission by the Borrower or its Affiliates, brought by an indemnified Person against any other indemnified Person (other than disputes, claims, demands, actions, judgments or suits involving claims against any Agent in its capacity as such). No Person entitled to indemnification under clause (b) of this Section 8.05 shall be liable for any damages arising from the use by others of any information or other materials obtained through internet, electronic, telecommunications or other information transmission systems (including IntraLinks or SyndTrak Online) in connection with this Agreement or any other Loan Document, except to the extent that such damages have resulted from the gross negligence, bad faith or willful misconduct of the party to be indemnified or any of its Related Parties (as determined by a court of competent jurisdiction in a final and non-appealable decision). To the extent that the undertakings to defend, indemnify, pay and hold harmless set forth in this Section 8.05 may be unenforceable in whole or in part because they are violative of any law or public policy, the applicable Credit Party shall contribute the maximum portion that it is permitted to pay and satisfy under applicable law to the payment and satisfaction of all Indemnified Liabilities incurred by Indemnitees or any of them.

(c) To the extent permitted by applicable law, none of Holdings, the Borrower or any Indemnatee shall have any liability for any special, punitive, indirect or consequential damages (including, without limitation, any loss of profits, business or anticipated savings) relating to this Agreement or any other Loan Document or arising out of its activities in connection herewith or therewith (whether before or after the Closing Date); *provided* that nothing contained in this clause (c) shall limit the obligations of the Borrower under Section 8.05(b) in respect of any such damages claimed against the Indemnitees by Persons other than the Indemnitees.

(d) The agreements in this Section 8.05 shall survive repayment of the Loans and all other amounts payable hereunder, and the earlier resignation or removal of any Agent. This Section 8.05 shall not apply with respect to any Taxes other than Taxes that represent liabilities, obligations, losses, damages, penalties, claims, demands, actions, judgments, suits, costs, expenses or disbursements of any kind or nature whatsoever resulting from a non-Tax claim.

SECTION 8.06. Successors and Assigns; Participations and Assignments.

(a) The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns permitted hereby, except that (i) the Borrower may not assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of each Lender other than pursuant to Section 5.11 (and any attempted assignment or transfer by the Borrower without such consent shall be null and void) and (ii) no Lender may assign or otherwise transfer its rights or obligations hereunder except in accordance with this Section 8.06. Nothing in this Agreement, expressed or implied, shall be construed to confer upon any Person (other than the parties hereto, their respective successors and assigns permitted hereby, Participants (to the extent provided in clause (c) of this Section 8.06), and, to the extent expressly contemplated hereby, the Related Parties of each of the Agents and the Lenders) any legal or equitable right, remedy or claim under or by reason of this Agreement or the other Loan Documents.

(b) (i) Subject to the conditions set forth in clause (b)(ii) below and the limitations on assignment set forth in clauses (e) below, any Lender may assign to one or more (each, an “Assignee”) all or a portion of its rights and obligations under this Agreement (including all or a portion of the Loans at the time owing to it) by:

(A) providing written notice to the Borrower and, so long as no Event of Default is continuing, obtaining the consent of the Borrower, which consent shall not be unreasonably withheld or delayed (it being understood that the Borrower will be deemed to have consented to an assignment if it has not responded to a request for consent to such assignment within ten (10) Business Days after receipt of written request therefor); *provided* that no consent of the Borrower shall be required for an assignment of any Loan to a Lender, an Affiliate of a Lender or an Approved Fund (as defined below); and

(B) obtaining the consent of the Administrative Agent (which consent shall not be unreasonably withheld or delayed); *provided* that no consent of the Administrative Agent shall be required for an assignment of any Loan to a Lender, an Affiliate of a Lender or an Approved Fund (as defined below).

(ii) Assignments shall be subject to the following additional conditions:

(A) except in the case of an assignment to a Lender, an Affiliate of a Lender or an Approved Fund or an assignment of the entire remaining amount of the assigning Lender’s Loans under the Facility, the amount of the Loans of the assigning Lender subject to each such assignment (determined as of the date the Assignment and Acceptance with respect to such assignment is delivered to the Administrative Agent) shall not be less than \$1,000,000; *provided* that contemporaneous assignments to a single assignee made by Affiliates of Lenders

and related Approved Funds shall be aggregated for purposes of meeting the minimum assignment amount requirements stated above;

(B) each partial assignment shall be made as an assignment of a proportionate part of all the assigning Lender's rights and obligations under this Agreement;

(C) the parties to each assignment shall execute and deliver to the Administrative Agent an Assignment and Acceptance via an electronic settlement system acceptable to the Administrative Agent (or, if previously agreed with the Administrative Agent, manually), and shall pay to the Administrative Agent a processing and recordation fee of \$3,500 (which fee may be waived or reduced in the sole discretion of the Administrative Agent); *provided that*, in the case of contemporaneous assignments by any Lender to one or more Approved Funds, only a single processing and recordation fee shall be payable for all such assignments; and

(D) the Assignee, if it shall not be a Lender, shall deliver to the Administrative Agent an administrative questionnaire in a form approved by the Administrative Agent (the "Administrative Questionnaire") and applicable tax forms (including those described in Sections 2.15(d), (e), (g) and (h), as applicable).

For the purposes of this Section 8.06(b), the term "Approved Fund" means any Person (other than a natural person) that is engaged in making, purchasing, holding or investing in bank loans and similar extensions of credit in the ordinary course and that is administered, advised or managed by (a) a Lender, (b) an Affiliate of a Lender or (c) an entity or an Affiliate of an entity that administers, advises or manages a Lender.

Upon request of the Borrower, the Administrative Agent shall deliver to the Borrower a list of each assignment made during the immediately preceding month, which list shall include the applicable assignor, Assignee, the interest assigned and the date of each assignment. The delivery of such list shall satisfy the notice requirement set forth in Section 8.06(b)(i)(A).

(iii) Subject to acceptance and recording thereof pursuant to clause (b)(v) of this Section 8.06, from and after the effective date specified in each Assignment and Acceptance, the Assignee thereunder shall be a party hereto and, to the extent of the interest assigned by such Assignment and Acceptance, have the rights and obligations of a Lender under this Agreement, and the assigning Lender thereunder shall, to the extent of the interest assigned by such Assignment and Acceptance, be released from its obligations under this Agreement (and, in the case of an Assignment and Acceptance covering all of the assigning Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto but shall continue to be entitled to the benefits of Sections 2.08, 2.09, 2.15 and 8.05). Any assignment or transfer by a Lender of rights or obligations under this Agreement that does not comply with this Section 8.06 shall be treated for purposes of this Agreement as a sale by such Lender of a participation in such rights and obligations in accordance with clause (c) of this Section 8.06.

(iv) The Administrative Agent, acting for this purpose as a non-fiduciary agent of the Borrower, shall maintain a copy of each Assignment and Acceptance delivered to it and a register for the recordation of the names and addresses of the Lenders, and principal and stated interest amounts of the Loans (the "Register"). The entries in the Register shall be conclusive absent manifest error, and the Borrower, the Administrative Agent and the Lenders shall treat each Person whose name is recorded in the Register pursuant to the terms hereof as a Lender hereunder for all purposes of this Agreement, notwithstanding notice to the contrary. The Register shall be available for inspection by the Borrower, at any reasonable time and from time to time upon reasonable prior notice.

(v) Upon its receipt of a duly completed Assignment and Acceptance executed by an assigning Lender and an Assignee, the Assignee's completed Administrative Questionnaire (unless the Assignee shall already be a Lender hereunder), all applicable tax forms, the processing and recordation fee referred to in clause (b) of this Section 8.06 and any written consent to such assignment required by clause (b) of this Section 8.06, the Administrative Agent shall promptly accept such Assignment and Acceptance and record the information contained therein in the Register. No assignment, whether or not evidenced by a promissory note, shall be effective for purposes of this Agreement unless it has been recorded in the Register as provided in this clause.

(c) (i) Any Lender may, without the consent of, or notice to, the Administrative Agent or the Borrower, sell participations to one or more banks or other entities (other than to Holdings, any of its Subsidiaries or any of its Affiliates or any natural persons) (each, a "Participant") in all or a portion of such Lender's rights and obligations under this Agreement (including all or a portion of the Loans owing to it), *provided* that (A) such Lender's obligations under this Agreement shall remain unchanged, (B) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations and (C) the Borrower, the Administrative Agent and the other Lenders shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement and the other Loan Documents. Any agreement or instrument pursuant to which a Lender sells such a participation shall provide that such Lender shall retain the sole right to enforce this Agreement and the other Loan Documents and to approve any amendment, modification or waiver of any provision of this Agreement and the other Loan Documents, *provided* that (x) such agreement or instrument may provide that such Lender will not, without the consent of the Participant, agree to any amendment, modification or waiver described in clause (ii) or (iii) of the second sentence of Section 8.01(b) that directly affects such Participant and (y) no other agreement with respect to amendment, modification or waiver may exist between such Lender and such Participant. Subject to clause (c)(ii) of this Section 8.06, the Borrower agrees that each Participant shall be entitled to the benefits of Sections 2.08, 2.09 and 2.15 (subject to the limitations and requirements of those Sections and Sections 2.10 and 8.07) to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to clause (b) of this Section 8.06.

(ii) Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower, maintain a register on which it enters the name and address of each Participant and the principal and stated interest amounts of each Participant's interest in the Loans held by it (the "Participant Register"). The entries in the Participant Register shall be conclusive absent manifest error, and each party hereto shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement and the other Loan Documents, notwithstanding notice to the contrary. No Lender shall have any obligation to disclose all or any portion of the Participant Register to any Person (including the identity of any Participant or any information relating to a Participant's interest in any Loans or other Obligations under any Loan Document) except to the extent that such disclosure is necessary to establish that such Loan or other Obligation is in registered form Treasury Regulation Section 5f.103-1(c), proposed Treasury Regulation Section 1.163-5 or any applicable temporary, final or other successor regulations. Unless required by the IRS, any disclosure required by the foregoing sentence shall be made by the relevant Lender directly and solely to the IRS. For the avoidance of doubt, Administrative Agent (in its capacity as Administrative Agent) shall have no responsibility for maintaining a Participant Register.

(iii) A Participant shall not be entitled to receive any greater payment under Section 2.08 or 2.15 than the applicable Lender would have been entitled to receive with respect to the participation sold to such Participant, except to the extent such entitlement to receive a greater payment results from a Change in Law that occurs after such participant acquired the participation or unless the sale of the participation to such Participant thereafter is made with the Borrower's prior written consent.

(d) Any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Agreement to secure obligations of such Lender, including any pledge or assignment to

secure obligations to a Federal Reserve Bank or other central bank, and this Section 8.06 shall not apply to any such pledge or assignment of a security interest; *provided* that no such pledge or assignment of a security interest shall release a Lender from any of its obligations hereunder or substitute any such pledgee or Assignee for such Lender as a party hereto. In order to facilitate such pledge or assignment, the Borrower hereby agrees that, upon request of any Lender at any time and from time to time, the Borrower shall provide to such Lender, at the Borrower's own expense, a Note, substantially in the form of Exhibit B.

(e) Notwithstanding anything to the contrary contained herein, any Lender may (and, for the avoidance of doubt, solely at its discretion), so long as no Event of Default under Section 6.01(a) or (e) shall be continuing and the Administrative Agent shall have consented to such assignment in its sole and absolute discretion, assign all or a portion of its rights and obligations under this Agreement in respect of its Loans to an Affiliated Lender; *provided* that:

(i) no Affiliated Lender shall have any right to (A) attend (including by telephone) any meeting or discussion (or portion thereof) among the Administrative Agent, the Collateral Agent or any Lender at which representatives of the Borrower are not then present, (B) receive any information or material prepared by the Administrative Agent, the Collateral Agent or any Lender or any communication by or among the Administrative Agent, the Collateral Agent and one or more Lenders, except to the extent such information or materials have been made available to the Borrower or its representatives (other than the right in any case to receive notices of prepayments and other administrative notices in respect of its Loans required to be delivered to Lenders pursuant to Article II), or (C) make or bring (or participate in, other than as a passive participant in or recipient of its pro rata benefits of) any claim, in its capacity as a Lender, against the Administrative Agent, the Collateral Agent or any other Lender with respect to any duties or obligations or alleged duties or obligations of such Agent or any such other Lender under the Loan Documents;

(ii) except with respect to any amendment, modification, waiver, consent or other action described in clause (ii), (iii), or (iv) of Section 8.01(b) or that releases all or substantially all of the value of the Guarantee or the Collateral or that alters an Affiliated Lender's *pro rata* share of any payments given to all Lenders, the Loans held by an Affiliated Lender shall be disregarded in both the numerator and denominator in the calculation of any Lender vote (and shall be deemed to have been voted in the same percentage as all other Lenders that are not Affiliated Lenders voted if necessary to give legal effect to this clause) under any Loan Document;

(iii) the aggregate principal amount of Loans held at any one time by Affiliated Lenders may not exceed 30% of the aggregate principal amount of all Loans outstanding at such time under any facility under this Agreement; and

(iv) any such Loans acquired by an Affiliated Lender may, with the consent of the Borrower, be contributed to the Borrower and exchanged for debt or equity securities that are otherwise permitted to be issued at such time (and such contribution and/or exchange shall be permitted hereunder notwithstanding the non-pro rata reduction and repayment of such Lender's Loans hereunder as a result thereof).

For the avoidance of doubt, assignments to Affiliated Institutional Lenders will be permitted hereunder and the foregoing limitations in this clause (e) shall not be applicable to Affiliated Institutional Lenders; *provided* that, notwithstanding anything in Section 8.01 or the definition of "Required Lenders" to the contrary, for purposes of determining whether the Required Lenders have (i) consented (or not consented) to any amendment, modification, waiver, consent or other action with respect to any of the terms of any Loan Document or any departure by any Credit Party therefrom, (ii) otherwise acted on any matter related to any Loan Document or (iii) directed or required the Administrative Agent or any Lender to undertake any action (or refrain from taking any action) with respect to or under any Loan Document, all Loans held by Affiliated Institutional Lenders may not account for more than 49.9% (pro rata among such Affiliated Institutional Lenders) of the Loans of

consenting Lenders included in determining whether the Required Lenders have consented to any action pursuant to Section 8.01.

SECTION 8.07. Replacements of Lenders Under Certain Circumstances. (a) If any Lender (i) requests reimbursement for amounts owing pursuant to Section 2.08, 2.09 or 2.15 (other than Section 2.15(b)) or (ii) is affected in the manner described in Section 2.08(a)(iii) and as a result thereof of the action described in Section 2.08(b) is required to be taken, then, *provided* that no Event of Default then exists, the Borrower shall, upon five (5) days' notice to the Administrative Agent and the relevant Lender, have the right to replace such Lender by deeming such Lender to have assigned its Loans hereunder to one or more assignees reasonably acceptable to the Administrative Agent; *provided* that (1) such replacement does not conflict with any Requirement of Law, (2) all Loan Obligations (other than any disputed amounts pursuant to Section 2.08, 2.09, or 2.15, as the case may be) owing to such Lender being replaced shall be paid in full to such Lender concurrently with such assignment and the Borrower shall pay any premium that would have been due if the Loans were prepaid, and (3) the replacement Lender shall purchase the foregoing by paying to such Lender a price equal to the principal amount thereof plus accrued and unpaid interest thereon. No action by or consent of the replaced Lender shall be necessary in connection with such assignment, which shall be immediately and automatically effective upon payment of such purchase price. In connection with any such assignment, the Borrower, the Administrative Agent, such replaced Lender and the replacement Lender shall otherwise comply with Section 8.06 (*provided* that the Borrower shall be obligated to pay the registration and processing fee referred to therein). Any such replacement shall not be deemed to be a waiver of any rights that the Borrower, the Administrative Agent or any other Lender shall have against the replaced Lender.

(b) If any Lender (such Lender, a "Non-Consenting Lender") has failed to consent to a proposed amendment, waiver, discharge or termination which pursuant to the terms of Section 8.01(b) requires the consent of all of the Lenders affected and with respect to which the Required Lenders shall have granted their consent, then, *provided* that no Event of Default (other than an Event of Default relating to the proposed amendment, waiver, discharge or termination) then exists, the Borrower shall, upon five (5) days' notice to the Administrative Agent and the relevant Lender, have the right (unless such Non-Consenting Lender grants such consent) to replace such Non-Consenting Lender by deeming such Non-Consenting Lender to have assigned its Loans hereunder to one or more assignees, reasonably acceptable to the Administrative Agent; *provided* that: (1) such replacement does not conflict with any Requirement of Law, (2) all Loan Obligations of the Borrower owing to such Non-Consenting Lender being replaced shall be paid in full to such Non-Consenting Lender concurrently with such assignment and the Borrower shall pay any premium that would have been due if the Loans were prepaid, and (3) the replacement Lender shall purchase the foregoing by paying to such Non-Consenting Lender a price equal to the principal amount thereof plus accrued and unpaid interest thereon. No action by or consent of the Non-Consenting Lender shall be necessary in connection with such assignment, which shall be immediately and automatically effective upon payment of such purchase price. In connection with any such assignment, the Borrower, the Administrative Agent, such Non-Consenting Lender and the replacement Lender shall otherwise comply with Section 8.06 (*provided* that the Borrower shall be obligated to pay the registration and processing fee referred to therein).

SECTION 8.08. Counterparts. This Agreement may be executed by one or more of the parties to this Agreement on any number of separate counterparts (including by facsimile or other electronic transmission), and all of said counterparts taken together shall be deemed to constitute one and the same instrument. A set of the copies of this Agreement signed by all the parties shall be lodged with the Borrower and the Administrative Agent. The words "execution," "signed," "signature," and words of like import in any Assignment and Assumption or any Loan Document shall in each case be deemed to include electronic signatures, signatures exchanged by electronic transmission, or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act; *provided*,

that the Administrative Agent or the Collateral Agent may request, and upon any such request the Credit Parties shall be obligated to provide, manually executed “wet ink” signatures to any Loan Document.

SECTION 8.09. Severability. Any provision of this Agreement that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

SECTION 8.10. GOVERNING LAW. THIS AGREEMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES HEREUNDER SHALL BE GOVERNED BY, AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK.

SECTION 8.11. Submission to Jurisdiction; Consent to Service; Waivers.

(a) Subject to clause (v) below, the parties hereto hereby irrevocably and unconditionally:

(i) submits for itself and its property in any legal action or proceeding arising out of or relating to this Agreement and the other Loan Documents to which it is a party, or for recognition and enforcement of any judgment in respect thereof, to the exclusive (subject to clause (v) below) general jurisdiction and venue of the courts of the United States of America sitting in the Borough of Manhattan or, if that court does not have subject matter jurisdiction, in any state court located in the City and County of New York;

(ii) consents that any such action or proceeding may be brought in such courts and waives any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same;

(iii) in the case of a Credit Party, each agrees that service of process in any such action or proceeding in any such court may be effected by mailing a copy thereof by registered or certified mail (or any substantially similar form of mail), return receipt requested, to the applicable Credit Party at its respective address set forth in Section 8.02 or at such other address of which the Administrative Agent shall have been notified pursuant thereto;

(iv) agrees that service as provided in clause (iii) above is sufficient to confer personal jurisdiction over the applicable Credit Party in any such proceeding in any such court, and otherwise constitutes effective and binding service in every respect;

(v) agrees that Agents and Lenders retain the right to effect service of process in any other manner permitted by law or to bring proceedings against any Credit Party in the courts of any other jurisdiction in connection with the exercise of any rights under any Loan Document or against any Collateral or the enforcement of any judgment and hereby submits to the jurisdiction of, and consents to venue in, any such court; and

(vi) without limitation of Sections 7.07 and 8.05, waives, to the maximum extent not prohibited by law, any right it may have to claim or recover in any legal action or proceeding referred to in this Section 8.11 any special, exemplary, punitive or consequential damages.

(b) The parties hereto, to the extent that it has or hereafter may acquire any immunity (sovereign or otherwise) from any legal action, suit or proceeding, from jurisdiction of any court or from setoff or any legal process (whether service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment or otherwise) with respect to itself or any of its property or assets, hereby waives and agrees not to plead or claim such immunity in respect of its obligations under this Agreement and

the other Loan Documents (it being understood that the waivers contained in this clause (b) shall have the fullest extent permitted under the Foreign Sovereign Immunities Act of 1976, as amended, and are intended to be irrevocable and not subject to withdrawal for the purposes of such Act).

SECTION 8.12. Acknowledgments. The parties hereto hereby acknowledge that:

(b) none of the Administrative Agent, the Collateral Agent nor any Lender has any fiduciary relationship with or duty to the Borrower arising out of or in connection with this Agreement or any of the other Loan Documents, and the relationship between Administrative Agent, the Collateral Agent and Lenders, on one hand, and the Borrower, on the other hand, in connection herewith or therewith is solely that of debtor and creditor; and

(c) no joint venture is created hereby or by the other Loan Documents or otherwise exists by virtue of the transactions contemplated hereby among the Lenders or among the Borrower and the Lenders.

SECTION 8.13. WAIVERS OF JURY TRIAL. THE PARTIES HERETO HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVE TRIAL BY JURY IN ANY CLAIM, LEGAL ACTION OR PROCEEDING RELATING TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT OR AN DEALINGS BETWEEN SUCH PARTIES RELATING TO THE SUBJECT MATTER OF THIS LOAN TRANSACTION OR THE LENDER/BORROWER RELATIONSHIP THAT IS BEING ESTABLISHED AND FOR ANY COUNTERCLAIM THEREIN. EACH PARTY HERETO ACKNOWLEDGES THAT THIS WAIVER IS A MATERIAL INDUCEMENT TO ENTER INTO A BUSINESS RELATIONSHIP THAT EACH HAS ALREADY RELIED ON THIS WAIVER IN ENTERING INTO THIS AGREEMENT, AND THAT EACH WILL CONTINUE TO RELY ON THIS WAIVER IN ITS RELATED FUTURE DEALINGS. EACH PARTY HERETO FURTHER WARRANTS AND REPRESENTS THAT IT HAS REVIEWED THIS WAIVER WITH ITS LEGAL COUNSEL AND THAT IT KNOWINGLY AND VOLUNTARILY WAIVES ITS JURY TRIAL RIGHTS FOLLOWING CONSULTATION WITH LEGAL COUNSEL. THIS WAIVER IS IRREVOCABLE, MEANING THAT IT MAY NOT BE MODIFIED EITHER ORALLY OR IN WRITING (OTHER THAN BY A MUTUAL WRITTEN WAIVER SPECIFICALLY REFERRING TO THIS SECTION 8.13 AND EXECUTED BY EACH OF THE PARTIES HERETO), AND THIS WAIVER SHALL APPLY TO ANY SUBSEQUENT AMENDMENTS, RENEWALS, SUPPLEMENTS OR MODIFICATIONS HERETO OR ANY OF THE OTHER LOAN DOCUMENTS OR TO ANY OTHER DOCUMENTS OR AGREEMENTS RELATING TO THE LOANS MADE HEREUNDER. IN THE EVENT OF LITIGATION, THIS AGREEMENT MAY BE FILED AS A WRITTEN CONSENT TO A TRIAL BY THE COURT.

(b) The obligations of the Borrower in respect of any sum due to any party hereto or any holder of the obligations owing hereunder (the “Applicable Creditor”) shall, notwithstanding any judgment in a currency (the “Judgment Currency”) other than the currency in which such sum is stated to be due hereunder (the “Agreement Currency”), be discharged only to the extent that, on the Business Day following receipt by the Applicable Creditor of any sum adjudged to be so due in the Judgment Currency, the Applicable Creditor may in accordance with normal banking procedures in the relevant jurisdiction purchase the Agreement Currency with the Judgment Currency; if the amount of the Agreement Currency so purchased is less than the sum originally due to the Applicable Creditor in the Agreement Currency, the Borrower agrees, as a separate obligation and notwithstanding any such judgment, to indemnify the Applicable Creditor against such loss. The Borrower hereby agrees that it will use commercially reasonable efforts to identify that portion of the Borrower Material that may be distributed to the Public Lenders and that (i) all such Borrower Materials shall be clearly and conspicuously marked “PUBLIC” which, at a minimum, means that the word “PUBLIC” shall appear prominently on the first page thereof, (ii) by marking Borrower Materials “PUBLIC,” the Borrower shall be deemed to have authorized the Administrative Agent, and the Lenders to treat such Borrower Materials as either publicly available information or not material information (although it may be sensitive and proprietary) with respect to the Borrower or its securities for purposes of United States Federal and state securities laws, (iii) all Borrower Materials marked “PUBLIC” are permitted to be made available through a portion of the Platform designated “Public Investor” and (iv) the Administrative Agent shall be entitled to treat any Borrower Materials that are not marked “PUBLIC” as being suitable only for posting on a portion of the Platform not designated “Public Investor.”

SECTION 8.19. Release of Liens.

(a) Notwithstanding anything to the contrary in the Security Documents, Collateral may be released from the Lien and security interest created by the Security Documents to secure the Loans and

obligations under this Agreement at any time or from time to time in accordance with the provisions of the Intercreditor Agreement or as provided hereby. The applicable property and assets included in the Collateral shall be automatically released from the Liens securing the Loans, and the applicable Guarantor shall be automatically released from its obligations under this Agreement and the Security Documents, under any one or more of the following circumstances or any applicable circumstance as provided in the Intercreditor Agreement or the Security Documents:

(i) to enable the Borrower and its Subsidiaries to consummate the disposition of such property or assets to a Person that is not the Borrower or a Guarantor to the extent permitted under Section 5.07;

(ii) in respect of any assets or property constituting Collateral, upon any assets becoming designated as Excluded Equity Interests, Excluded Assets or assets of an Excluded Subsidiary;

(iii) as provided in Section 8.01 or upon the release of such Guarantor pursuant to Section 8.20; and

(iv) upon any assets (x) becoming designated as Excluded Equity Interests, Excluded Assets or assets of any Excluded Subsidiary or any Subsidiary Guarantor becoming an Excluded Subsidiary or (y) becoming subject to Liens pursuant to clauses (1), (4), (14), (16) (with respect to a refinancing of Permitted Liens otherwise described in this clause (iv)(y)), (31) and (36) of the definition of Permitted Liens.

(b) In connection with any termination or release pursuant to this Section 8.19 or a release of a Guarantor pursuant to Section 8.20, the Collateral Agent shall execute and deliver to any Credit Party, at such Credit Party's expense, all documents that such Credit Party shall reasonably request to evidence such termination or release (including, without limitation, UCC termination statements), and will duly assign and transfer to such Credit Party, such of the Pledged Collateral (as defined in the Collateral Agreement) that may be in the possession of the Collateral Agent and has not theretofore been sold or otherwise applied or released pursuant to this Agreement or the Security Documents. Any execution and delivery of documents pursuant to this Section 8.19 shall be without recourse to or warranty by the Collateral Agent. In connection with any release pursuant to this Section 8.19 or 8.20, the Credit Party shall be permitted to take any action in connection therewith consistent with such release including, without limitation, the filing of UCC termination statements. Upon the receipt of any necessary or proper instruments of termination, satisfaction or release prepared by the Borrower, the Collateral Agent shall execute, deliver or acknowledge such instruments or releases to evidence the release of any Collateral permitted to be released pursuant to this Agreement or the Security Documents or the Intercreditor Agreement without the consent of, or notice to, any Lender.

The security interests in all Collateral also will be released upon (i) payment in full of the principal of, together with accrued and unpaid interest on, the Loans and all other Obligations under this Agreement and the Security Documents that are due and payable at or prior to the time such principal, together with accrued and unpaid interest, is paid and (ii) either (x) the termination or expiration of all Secured Hedge Agreements and the payment in full of all obligations due from the Borrower or any of its Restricted Subsidiaries thereunder or (y) arrangements satisfactory to each Hedge Bank which is counterparty to Secured Hedge Agreement being made with respect to (and/or or in replacement of) the security interest in the Collateral granted under the Security Documents.

Prior to executing and delivering or authorization of the filing of any release pursuant to this Section 8.19, the Collateral Agent shall receive, and shall be entitled to conclusively rely on, an Officers' Certificate stating that such release complies with the terms of this Agreement and the other Loan Documents, and all conditions precedent to the execution and delivery of such release have been satisfied.

SECTION 8.20. Release of Guarantee. Each Guarantor shall be automatically released upon:

- (a) solely in the case of a Subsidiary Guarantor, the sale, disposition, exchange or other transfer (including through merger, consolidation, amalgamation or otherwise) of the Capital Stock (including any sale, disposition or other transfer following which the applicable Subsidiary Guarantor is no longer a Restricted Subsidiary), of the applicable Subsidiary Guarantor if such sale, disposition, exchange or other transfer is made in a manner permitted under this Agreement and the other Loan Documents;
- (b) discharge of the Loan Obligations in accordance with the terms hereof;
- (c) as provided in Section 8.01; and
- (d) solely in the case of a Subsidiary Guarantor, such Subsidiary Guarantor becoming an Excluded Subsidiary.

SECTION 8.21. Acknowledgement and Consent to Bail-In of Affected Financial Institutions. Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding of the parties hereto, each such party acknowledges that any liability of any Affected Financial Institution arising under any Loan Document, to the extent such liability is unsecured, may be subject to the write-down and conversion powers of the applicable Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

- (a) the application of any Write-Down and Conversion Powers by the applicable Resolution Authority to any such liabilities arising hereunder which may be payable to it by any party hereto that is an Affected Financial Institution; and
- (b) the effects of any Bail-in Action on any such liability, including, if applicable:
 - (i) a reduction in full or in part or cancellation of any such liability;
 - (ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such Affected Financial Institution, its parent undertaking, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document; or
 - (iii) the variation of the terms of such liability in connection with the exercise of the write-down and conversion powers of the applicable Resolution Authority.

SECTION 8.22. Amendment and Restatement. This Agreement shall be deemed to amend and restate the Prepetition FLFO Credit Agreement in its entirety, and all of the terms and provisions hereof shall supersede the terms and conditions thereof. The parties hereto further agree that this Agreement and the Loans shall serve to extend, renew and continue, but not to extinguish or novate, the “Loans” under the Prepetition FLFO Credit Agreement and the corresponding promissory notes and to amend, restate and supersede, but not to extinguish or cause to be novated the “Obligations” under, the Prepetition FLFO Credit Agreement. The Borrower hereby agrees that, upon the effectiveness of this Agreement, the “Loans” made and outstanding under the Prepetition FLFO Credit Agreement shall be deemed to be Loans outstanding under and payable by this Agreement.

SECTION 8.23. Certain ERISA Matters. Each Lender (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of the Agents and their

respective Affiliates and not, for the avoidance of doubt, to or for the benefit of the Borrower or any other Credit Party, that at least one of the following is and will be true:

(a) such Lender is not using “plan assets” (within the meaning of Section 3(42) of ERISA or otherwise) of one or more Benefit Plans with respect to such Lender’s entrance into, participation in, administration of and performance of the Loans or this Agreement,

(b) the transaction exemption set forth in one or more PTEs, such as PTE 84-14 (a class exemption for certain transactions determined by independent qualified professional asset managers), PTE 95-60 (a class exemption for certain transactions involving insurance company general accounts), PTE 90-1 (a class exemption for certain transactions involving insurance company pooled separate accounts), PTE 91-38 (a class exemption for certain transactions involving bank collective investment funds) or PTE 96-23 (a class exemption for certain transactions determined by in-house asset managers), is applicable with respect to such Lender’s entrance into, participation in, administration of and performance of the Loans and this Agreement,

(c) (i) such Lender is an investment fund managed by a “Qualified Professional Asset Manager” (within the meaning of Part VI of PTE 84-14), (ii) such Qualified Professional Asset Manager made the investment decision on behalf of such Lender to enter into, participate in, administer and perform the Loans and this Agreement, (iii) the entrance into, participation in, administration of and performance of the Loans and this Agreement satisfies the requirements of sub-sections (b) through (g) of Part I of PTE 84-14 and (iv) to the best knowledge of such Lender, the requirements of subsection (a) of Part I of PTE 84-14 are satisfied with respect to such Lender’s entrance into, participation in, administration of and performance of the Loans and this Agreement, or

(d) such other representation, warranty and covenant as may be agreed in writing between the Administrative Agent, in its sole discretion, and such Lender.

In addition, unless either (1) sub-clause (a) in the immediately preceding paragraph is true with respect to a Lender or (2) a Lender has provided another representation, warranty and covenant in accordance with sub-clause (d) in the immediately preceding paragraph, such Lender further (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of, the Agents and their respective Affiliates and not, for the avoidance of doubt, to or for the benefit of the Borrower or any other Credit Party, that none of the Agents or their respective Affiliates are a fiduciary with respect to the assets of such Lender involved in such Lender’s entrance into, participation in, administration of and performance of the Loans and this Agreement (including in connection with the reservation or exercise of any rights by the Agents under this Agreement, any Loan Document or any documents related hereto or thereto). The Agents hereby inform the Lenders that each Agent is not undertaking to provide impartial investment advice, or to give advice in a fiduciary capacity, in connection with the transactions contemplated hereby, and that such Agent has a financial interest in the transactions contemplated hereby in that such Agent or an Affiliate thereof (i) may receive interest or other payments with respect to the Loans and this Agreement, (ii) may recognize a gain if it extended the Loans for an amount less than the amount being paid for an interest in the Loans by such Lender or (iii) may receive fees or other payments in connection with the transactions contemplated hereby, the Loan Documents or otherwise, including structuring fees, commitment fees, arrangement fees, facility fees, upfront fees, underwriting fees, ticking fees, agency fees, administrative agent or collateral agent fees, utilization fees, minimum usage fees, letter of credit fees, fronting fees, deal-away or alternate transaction fees, amendment fees, processing fees, term out premiums, banker’s acceptance fees, breakage or other early termination fees or fees similar to the foregoing.

SECTION 8.24. Acknowledgement Regarding Any Supported QFCs. To the extent that the Loan Documents provide support, through a guarantee or otherwise, for Derivative Transactions or any other agreement or instrument that is a QFC (such support, “QFC Credit Support” and each such QFC a “Supported QFC”), the parties acknowledge and agree as follows with respect to the resolution power of the Federal Deposit

Insurance Corporation under the Federal Deposit Insurance Act and Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act (together with the regulations promulgated thereunder, the “US Special Resolution Regimes”) in respect of such Supported QFC and QFC Credit Support (with the provisions below applicable notwithstanding that the Loan Documents and any Supported QFC may in fact be stated to be governed by the laws of the State of New York and/or of the U.S. or any other state of the U.S.):

(a) In the event a Covered Entity that is party to a Supported QFC (each, a “Covered Party”) becomes subject to a proceeding under a US Special Resolution Regime, the transfer of such Supported QFC and the benefit of such QFC Credit Support (and any interest and obligation in or under such Supported QFC and such QFC Credit Support, and any rights in property securing such Supported QFC or such QFC Credit Support) from such Covered Party will be effective to the same extent as the transfer would be effective under the US Special Resolution Regime if the Supported QFC and such QFC Credit Support (and any such interest, obligation and rights in property) were governed by the laws of the U.S. or a state of the U.S. In the event a Covered Party or a BHC Act Affiliate of a Covered Party becomes subject to a proceeding under a US Special Resolution Regime, Default Rights under the Loan Documents that might otherwise apply to such Supported QFC or any QFC Credit Support that may be exercised against such Covered Party are permitted to be exercised to no greater extent than such Default Rights could be exercised under the US Special Resolution Regime if the Supported QFC and the Loan Documents were governed by the laws of the U.S. or a state of the U.S. Without limitation of the foregoing, it is understood and agreed that rights and remedies of the parties with respect to a Defaulting Lender shall in no event affect the rights of any Covered Party with respect to a Supported QFC or any QFC Credit Support.

(b) As used in this Section 8.24, the following terms have the following meanings:

“BHC ACT Affiliate” means an “affiliate” (as defined under, and interpreted in accordance with, 12 U.S.C. 1841(k)).

(iii) a “covered FSI” as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 382.2(b).

“Default Right” has the meaning assigned to that term in, and shall be interpreted in accordance with, 12 C.F.R. §§ 252.81, 47.2 or 382.1, as applicable.

“QFC” has the meaning assigned to the term “qualified financial contract” in, and shall be interpreted in accordance with, 12 U.S.C. 5390(c)(8)(D).

SECTION 8.25. Collateral Matters; Hedge Agreements.

The benefit of the Security Documents and of the provisions of this Agreement relating to any Collateral securing the Obligations shall also extend to and be available on a pro rata basis pursuant to terms agreed upon in the Loan Documents to any Person (a) under any Secured Hedge Agreement, in each case, after giving effect to all netting arrangements relating to such Hedge Agreements or (b) under any Secured Cash Management Agreement. No Person shall have any voting rights under any Loan Document solely as a result of the existence of obligations owed to it under any such Secured Hedge Agreement or Secured Cash Management Agreement.

(b) Benchmark Replacement Setting. Notwithstanding anything to the contrary herein or in any other Loan Document:

(i) Replacing Adjusted LIBOR. On March 5, 2021 the Financial Conduct Authority (“FCA”), the regulatory supervisor of USD LIBOR’s administrator (“IBA”), announced in a public statement the future cessation or loss of representativeness of overnight/Spot Next, 1-month, 3-month, 6-month and 12-month USD LIBOR tenor settings. On the earlier of (i) the date that all Available Tenors of USD LIBOR have either permanently or indefinitely ceased to be provided by IBA or have been announced by the FCA pursuant to public statement or publication of information to be no longer representative and (ii) the Early Opt-in Effective Date, if the then-current Benchmark is USD LIBOR, the Benchmark Replacement will replace such Benchmark for all purposes hereunder and under any Loan Document in respect of any setting of such Benchmark on such day and all subsequent settings without any amendment to, or further action or consent of any other party to this Agreement or any other Loan Document. If the Benchmark Replacement is Daily Simple SOFR, all interest payments will be payable on a quarterly basis.

(ii) Replacing Future Benchmarks. Upon the occurrence of a Benchmark Transition Event, the Benchmark Replacement will replace the then-current Benchmark for all purposes hereunder and under any Loan Document in respect of any Benchmark setting at or after 5:00 p.m. (New York City time) on the fifth (5th) Business Day after the date notice of such Benchmark Replacement is provided to the Lenders without any amendment to, or further action or consent of any other party to, this Agreement or any other Loan Document, so long as the Administrative Agent has not received, by such time, written notice of objection to such Benchmark Replacement from Lenders comprising the Required Lenders. At any time that the administrator of the then-current Benchmark has permanently or indefinitely ceased to provide such Benchmark or such Benchmark has been announced by the regulatory supervisor for the administrator of such Benchmark pursuant to public statement or publication of information to be no longer representative of the underlying market and economic reality

that such Benchmark is intended to measure and that representativeness will not be restored, the Borrower may revoke any request for a borrowing of, conversion to or continuation of Loans to be made, converted or continued that would bear interest by reference to such Benchmark until the Borrower's receipt of notice from the Administrative Agent (at the direction of the Required Lenders) that a Benchmark Replacement has replaced such Benchmark, and, failing that, the Borrower will be deemed to have converted any such request into a request for a borrowing of or conversion to ABR Loans. During the period referenced in the foregoing sentence, the component of ABR based upon the Benchmark will not be used in any determination of ABR.

(iii) Benchmark Replacement Conforming Changes. In connection with the implementation and administration of a Benchmark Replacement, the Administrative Agent (at the direction of the Required Lenders) will have the right to make Benchmark Replacement Conforming Changes from time to time and, notwithstanding anything to the contrary herein or in any other Loan Document, any amendments implementing such Benchmark Replacement Conforming Changes will become effective without any further action or consent of any other party to this Agreement or any other Loan Document.

(iv) Notices; Standards for Decisions and Determinations. The Administrative Agent will promptly notify the Borrower and the Lenders of (i) the implementation of any Benchmark Replacement and (ii) the effectiveness of any Benchmark Replacement Conforming Changes. Any determination, decision or election that may be made by the Administrative Agent or, if applicable, any Lender (or group of Lenders) pursuant to this Section 1.09, including any determination with respect to a tenor, rate or adjustment or the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action, will be conclusive and binding absent manifest error and may be made in its or their sole discretion and without consent from any other party to this Agreement or any other Loan Document, except, in each case, as expressly required pursuant to this Section 1.09.

(v) Unavailability of Tenor of Benchmark. Notwithstanding anything to the contrary herein or in any other Loan Document, at any time (including in connection with the implementation of a Benchmark Replacement), (i) if the then-current Benchmark is a term rate (including Term SOFR or LIBOR) and either (A) any tenor for such Benchmark is not displayed on a screen or other information service that publishes such rate from time to time as selected by the Administrative Agent in its reasonable discretion or (B) the regulatory supervisor for the administrator of such Benchmark has provided a public statement or publication of information announcing that any tenor for such Benchmark is or will be no longer representative, then the Administrative Agent (at the direction of the Required Lenders) and the Borrower may modify the definition of "Interest Period" for any Benchmark setting at or after such time to remove such unavailable or non-representative tenor and (ii) if a tenor that was removed pursuant to clause (i) above either (A) is subsequently displayed on a screen or information service for a Benchmark (including a Benchmark Replacement) or (B) is not, or is no longer, subject to an announcement that it is or will no longer be representative for a Benchmark (including a Benchmark Replacement), then the Administrative Agent (at the direction of the Required Lenders) may modify the definition of "Interest Period" for all Benchmark settings at or after such time to reinstate such previously removed tenor.

(vi) Concerning the Administrative Agent. The Administrative Agent shall have no obligation to make any determination under this Section 1.09 or otherwise related to the Benchmark or the Benchmark Replacement; provided that any determination made in good faith by the Administrative Agent shall be binding on all Lenders and the Administrative Agent shall have no liability to the Lenders or any other Person for any such determination made in good faith; provided, further, that in the event that the Administrative Agent elects to make such a determination and seeks the consent of the Required Lenders in connection therewith, if the Required Lenders do not affirmatively select an alternative rate of interest, then such rate may be selected by the Borrower in

good faith and any such selection shall be binding on the Administrative Agent and all Lenders unless and until the Required Lenders select an alternative rate of interest.

SECTION 1.10. Divisions. For all purposes under the Loan Documents, in connection with any division or plan of division under Delaware law (or any comparable event under a different jurisdiction's laws): (a) if any asset, right, obligation or liability of any Person becomes the asset, right, obligation or liability of a different Person, then it shall be deemed to have been transferred from the original Person to the subsequent Person, and (b) if any new Person comes into existence, such new Person shall be deemed to have been organized on the first date of its existence by the holders of its Equity Interests at such time.

SECTION 1.11. Deemed Funding of Loans. All references to any Lender "making" or "funding" a Loan or a Loan being "made" or "funded" (or any similar concept) by a Lender shall for all purposes hereunder, be a reference to the deemed making or funding of such Loan by such Lender or such Loan being deemed made or funded (or any similar concept) by such Lender.

SECTION 1.12. Certain Calculations and Tests. In the event that the Borrower or any of its Restricted Subsidiaries Incurs, repays, repurchases or redeems any Indebtedness (other than in the case of any Qualified Receivables Financing, in which case interest expense shall be computed based upon the average daily balance of such Indebtedness during the applicable period) or issues, repurchases or redeems Disqualified Stock or Preferred Stock subsequent to the commencement of the period for which any financial ratio or test is being calculated but prior to the event for which the calculation is made (the "Calculation Date"), then such calculation shall give pro forma effect to such Incurrence, repayment, repurchase or redemption of Indebtedness, or such issuance, repurchase or redemption of Disqualified Stock or Preferred Stock, as if the same had occurred at the beginning of the applicable four-quarter period. For purposes of this definition, whenever pro forma effect is to be given to any event, the pro forma calculations shall be made in good faith by a responsible financial or accounting officer of the Borrower.

If any Indebtedness bears a floating rate of interest and is being given pro forma effect, the interest on such Indebtedness shall be calculated as if the rate in effect on the Calculation Date had been the applicable rate for the entire period (taking into account any Hedging Obligations applicable to such Indebtedness if such Hedging Obligation has a remaining term in excess of 12 months). Interest on a Capitalized Lease Obligation shall be deemed to accrue at an interest rate reasonably determined by a responsible financial or accounting officer of the Borrower to be the rate of interest implicit in such Capitalized Lease Obligation in accordance with GAAP.

For purposes of this definition, any amount in a currency other than U.S. Dollars will be converted to U.S. Dollars based on the average exchange rate for such currency for the most recent twelve month period immediately prior to the date of determination in a manner consistent with that used in calculating EBITDAX (as defined in the FLTL Credit Agreement) for the applicable period.

SECTION 2.01. Loans.

(a) Subject to and upon the terms and conditions herein set forth, each Lender having an Initial Commitment with respect to Initial New Loans, severally agrees that it shall make a Loan or Loans on the Closing Date to the Borrower in U.S. Dollars (each such loan, an "Initial New Loan") in an aggregate principal amount set forth for such Lender on Schedule 2.01. The Commitments in respect of the Initial New Loans shall terminate automatically immediately after the making of the Initial New Loans on the Closing Date. The initial aggregate principal amount of the Initial New Loans shall be \$[]. The Initial New Loans may be repaid or

prepaid in accordance with the provisions hereof, but once repaid or prepaid, may not be reborrowed. The Initial New Loans, together with the Initial DIP Converted Loans, shall constitute a single Class of Loans hereunder.

(b) [Reserved]

(c) Subject to the terms and conditions set forth herein and to give effect to the conversion of the Converted DIP Facility Loans owing to each Lender, each Lender having an Initial Commitment with respect to Initial DIP Converted Loans, severally agrees that it shall be deemed to have made a Loan or Loans on the Closing Date to the Borrower in U.S. Dollars (each such loan, an “Initial DIP Converted Loans”) in an aggregate principal amount set forth for such Lender on Schedule 2.01. The Initial DIP Converted Loans deemed made pursuant to this Section 2.01(c) shall be converted in accordance with Section 2.02 without any actual funding. After giving effect to this Section 2.01(c), the aggregate principal amount of the Initial DIP Converted Loans on the Closing Date shall be \$[]. The Initial DIP Converted Loans may be repaid or prepaid in accordance with the provisions hereof, but once repaid or prepaid, may not be reborrowed. The Initial DIP Converted Loans, together with the Initial New Loans, shall constitute a single Class of Loans hereunder.

(d) Each Lender may at its option make any Loan by causing any domestic or foreign branch or Affiliate of such Lender to make such Loan; *provided* that (i) any exercise of such option shall not affect the obligation of the Borrower to repay such Loan and (ii) in exercising such option, such Lender shall use its reasonable efforts to minimize any increased costs to the Borrower resulting therefrom (which obligation of the Lender shall not require it to take, or refrain from taking, actions that it determines would result in increased costs for which it will not be compensated hereunder or that it determines would be otherwise disadvantageous to it and in the event of such request for costs for which compensation is provided under this Agreement, the provisions of Section 2.08 shall apply).

(e) Incremental Commitments may be established as set forth in Section 2.20. Each Incremental Lender agrees, subject to the terms and conditions set forth in the applicable Incremental Facility Agreement, to make Loans under its Incremental Commitment of any Class in an aggregate principal amount not to exceed such Incremental Commitment.

SECTION 2.02. Converted DIP Facility Loans. Subject to the terms and conditions set forth herein, each Lender, severally and not jointly, agrees that the Converted DIP Facility Loans made by such Lender under the DIP Facility and outstanding on the Closing Date immediately prior to giving effect to this Agreement shall be converted (and prepaid by) into Initial DIP Converted Loans in a principal amount equal to the Converted DIP Facility Loans owing to such Lender on the Closing Date and such Loans shall be deemed made pursuant to this Agreement on the Closing Date as set forth in Section 2.01(c). The conversion by a Lender of all or a portion of its Converted DIP Facility Loans shall be deemed to satisfy, dollar for dollar, such Lender’s obligation to make Initial DIP Converted Loans on the Closing Date. Such Converted DIP Facility Loans of each Lender shall hereafter be referred to as “Initial DIP Converted Loans” and on and after the Closing Date shall have all of the rights and benefits of Loans as set forth in this Agreement and the other Loan Documents. For the avoidance of doubt, such conversion of Converted DIP Facility Loans into Initial DIP Converted Loans hereunder shall be deemed a “Borrowing” for all purposes under this Agreement.

SECTION 2.03. Notice of Borrowing.

(a) For the Borrowing made on the Closing Date, the Borrower shall give the Administrative Agent written notice (or telephonic notice promptly confirmed in writing) no later than 12:00 p.m., New York time, one (1) Business Day prior to the Closing Date (or such shorter period as the Administrative Agent may agree). The notice (a “Notice of Borrowing”) shall be revocable if any of the conditions in Section 4.01 that are not reasonably within the control of the Borrower are not satisfied or waived. Such Notice of Borrowing shall specify (i) the aggregate principal amount of the Loans to be made, (ii) the proposed date of the Loans (which shall be a Business Day), (iii) whether such Loans are to be ABR Loans or LIBOR Loans and, if LIBOR Loans, the initial Interest Period applicable thereto, and (iv) remittance

instructions for disbursement of the proceeds of the Loans. The Notice of Borrowing shall be in substantially the form of Exhibit E. The Administrative Agent shall promptly give each Lender written notice of the proposed borrowing of Loans, of such Lender's proportionate share thereof and of the other matters covered by the related Notice of Borrowing.

SECTION 2.04. Repayment of Loans; Evidence of Debt.

(a) The Borrower hereby unconditionally promises to repay, in U.S. Dollars, the outstanding principal amount of the Loans to the Administrative Agent for the account of each Lender on the Maturity Date, in an amount equal to the then unpaid principal amount of each Loan of such Lender to the Borrower.

(b) Each Lender shall maintain in accordance with its usual practice an account or accounts evidencing the indebtedness of the Borrower to the appropriate Lending Office of such Lender resulting from the Loan made by such Lending Office of such Lender from time to time, including the amounts of principal and interest payable and paid to such Lending Office of such Lender from time to time under this Agreement.

(c) The Administrative Agent, acting for this purpose as a non-fiduciary agent of the Borrower, shall maintain the Register pursuant to Section 8.06(b)(iv), and a subaccount for each Lender, in which the Register and subaccounts (taken together) shall be recorded (i) the amount of the Loans made hereunder and the Interest Period(s) applicable thereto, (ii) the amount of any principal or interest due and payable or to become due and payable from the Borrower to each Lender hereunder and (iii) the amount of any sum received by the Administrative Agent hereunder from the Borrower and each Lender's share thereof.

(d) The entries made in the Register and accounts and subaccounts maintained pursuant to clauses (b) and (c) of this Section 2.04 shall, to the extent permitted by applicable law, be prima facie evidence of the existence and amounts of the obligations of the Borrower therein recorded; *provided, however*, that the failure of any Lender or the Administrative Agent to maintain such account, such Register or such subaccount, as applicable, or any error therein, shall not in any manner affect the obligation of the Borrower to repay (with applicable interest) the Loan made to the Borrower by such Lender in accordance with the terms of this Agreement; *provided further* that in the event of any conflict between the accounts maintained by any Lender and those maintained by the Administrative Agent, the Register and the corresponding accounts maintained by the Administrative Agent shall control, absent manifest error.

(e) Any Lender may request that Loans made by it be evidenced by a Note. In such event, the Borrower shall prepare, execute and deliver to such Lender a Note payable to such Lender or its registered assigns and in substantially the form attached hereto as Exhibit B.

SECTION 2.05. Other Fees. The Borrower shall pay to the Administrative Agent such fees as shall have been separately agreed upon in the Fee Letter in the amounts and at the times specified in the Fee Letter. Such fees shall be fully earned when paid and shall not be refundable for any reason whatsoever (except as expressly agreed between the Borrower and the Administrative Agent).

SECTION 2.06. Interest.

(a) (i) Interest on (A) each Loan that is a LIBOR Loan will accrue and be payable at a rate per annum equal to Adjusted LIBOR plus the Applicable Margin and shall be payable in cash, and (B) each Loan that is an ABR Loan will accrue and be payable at a rate per annum equal to ABR plus the Applicable Margin and shall be payable in cash, each rate as determined by the Administrative Agent;

(ii) [The Borrower may (in its sole discretion) deliver a PIK Election Notice at least [three (3) Business Days' prior to any Interest Payment Date] during a PIK Election Trigger Period to elect to (A)

pay the interest provided for in clause (i) above at the Applicable Margin taking into account the delivery of the PIK Election Notice and (B) make an additional interest payment on such Interest Payment Date in kind in an aggregate amount equal to 5.00% per annum of each Initial Loan (the “PIK Interest”), it being understood and agreed that on each Interest Payment Date on which the Borrower has delivered a PIK Election Notice, the PIK Interest shall be capitalized and added to the outstanding principal balance of the Initial Loans, and bear interest from and after such Interest Payment Date. If the Borrower has not delivered a PIK Election Notice prior to the time prescribed by this Section 2.06(a)(ii), the Borrower shall have irrevocably deemed to have elected to pay the interest for such Interest Period in cash.]³

(b) (i) At any time when an Event of Default (other than an Event of Default pursuant to Section 6.01(a) or Section 6.01(e)) exists (whether at the stated maturity, by acceleration or otherwise), upon the election of the Required Lenders, or (ii) at any time when an Event of Default pursuant to Section 6.01(a) or Section 6.01(e) (whether at the stated maturity, by acceleration or otherwise) exists, as applicable, all outstanding amounts shall bear interest at a rate per annum that is (x) in the case of principal, the rate that would otherwise be applicable thereto plus 2.00%, (y) in the case of any interest (and premium, if any), to the extent permitted by applicable law, the then-effective rate plus 2.00% and (z) in the case of any amount not specified in subclause (x) or (y) above, a rate per annum equal to the rate per annum otherwise payable at such time on ABR Loans, plus 2.00%. Interest accruing at the rates set forth in this paragraph (b) shall be payable on demand.

(c) Interest on each Loan shall accrue from and including the date on which such Loan is made to but excluding the date of any repayment thereof and shall be payable (i) on each Interest Payment Date, and (ii) on any prepayment (on the amount prepaid), at maturity (whether by acceleration or otherwise) and, after such maturity, on demand.

(d) All computations of interest hereunder shall be calculated on the basis of a 360-day year for the actual days elapsed, except that interest computed by reference to the ABR at times when the ABR is based on the prime rate shall be computed on the basis of a year of 365 days (or 366 days in a leap year), and in each case shall be payable for the actual number of days elapsed (including the first day but excluding the last day).

(e) The Administrative Agent, upon determining Adjusted LIBOR or ABR for any Interest Period, shall promptly notify the Borrower and the relevant Lenders thereof. Each such determination shall, absent clearly demonstrable error, be final and conclusive and binding on all parties hereto. The Administrative Agent shall, upon the request of any Lender, provide the interest rate then in effect with respect to the applicable Loans.

(f) Interest on Loans made by Lenders as of the Closing Date shall accrue from and after the Closing Date in accordance with the terms of this Agreement.

SECTION 2.07. Interest Periods. Notwithstanding anything to the contrary contained above, if any Interest Period would otherwise expire on a day that is not a Business Day, such Interest Period shall expire on the next succeeding Business Day; *provided* that if any Interest Period would otherwise expire (i) on a day that is not a Business Day but is a day of the month after which no further Business Day occurs in such month, such Interest Period shall expire on the next preceding Business Day and (ii) on a day that is after the Maturity Date, such Interest Period shall expire on the Maturity Date.

SECTION 2.08. Increased Costs, Illegality, etc.

³ NTD: Mechanics under discussion.

(a) In the event that:

(i) the Administrative Agent or the Required Lenders shall have reasonably determined (which determination shall, absent clearly demonstrable error, be final and conclusive and binding upon all parties hereto) on any date for determining the LIBOR for any Interest Period that (A) deposits in the principal amounts of the Loans comprising such LIBOR Loan are not generally available in the relevant market or (B) by reason of any changes arising on or after the Closing Date affecting the interbank LIBOR market, adequate and fair means do not exist for ascertaining the applicable interest rate on the basis provided for in the definition of LIBOR; or

(ii) a Change in Law occurring at any time after the Closing Date shall (A) impose, modify or deem applicable any reserve, special deposit, compulsory loan, insurance charge or similar requirement against assets of, deposits with or for the account of, or credit extended by, any Lender, (B) subject any Lender or the Administrative Agent to any Tax (other than (i) Indemnified Taxes or (ii) Excluded Taxes) on its loans, loan principal, commitments or other obligations, or its deposits, reserves, other liabilities or capital attributable thereto, or (C) impose on any Lender or the London interbank market any other condition, cost or expense (other than Taxes) affecting this Agreement or LIBOR Loans made by such Lender, which, in the case of clause (A), (B) or (C) results in the cost to such Lender or the Administrative Agent of making, converting into, continuing or maintaining LIBOR Loans increasing by an amount or the amounts received or receivable by such Lender or the Administrative Agent hereunder with respect to the foregoing shall be reduced; or

(iii) any Lender, shall have reasonably determined (which determination shall, absent clearly demonstrable error, be final and conclusive and binding upon all parties hereto), at any time, that the making or continuance of any LIBOR Loan has become unlawful as a result of compliance by such Lender in good faith with any Requirement of Law (or would conflict with any such Requirement of Law not having the force of law even though the failure to comply therewith would not be unlawful);

then, and in any such event, such Lenders (or the Administrative Agent, in the case of clause (i) or (ii)(B) above) shall within a reasonable time thereafter give written notice to the Borrower and to the Administrative Agent of such determination (which notice the Administrative Agent shall promptly transmit to each of the other Lenders). Thereafter (x) in the case of clause (i) above, LIBOR Loans shall no longer be available until such time as the Administrative Agent notifies the Borrower and the Lenders that the circumstances giving rise to such notice by the Administrative Agent no longer exist (which notice the Administrative Agent agrees to give at such time when such circumstances no longer exist), and any Notice of Borrowing given by the Borrower with respect to LIBOR Loans that have not yet been incurred shall be deemed rescinded by the Borrower, (y) in the case of clause (ii) above, the Borrower shall pay to such Lender or the Administrative Agent, promptly (but no later than ten days) after receipt of written demand therefor such additional amounts as shall be required to compensate such Lender or the Administrative Agent for such increased costs or reductions in amounts receivable hereunder (it being agreed that a written notice as to the additional amounts owed to such Lender or the Administrative Agent submitted to the Borrower by such Lender or the Administrative Agent shall, absent clearly demonstrable error, be final and conclusive and binding upon all parties hereto) and (z) in the case of clause (iii) above, the Borrower shall take one of the actions specified in Section 2.08(b) as promptly as possible and, in any event, within the time period required by applicable Requirements of Law.

(b) At any time that any LIBOR Loan is affected by the circumstances described in Section 2.08(a)(ii) or (iii), the Borrower may (and in the case of a LIBOR Loan affected pursuant to Section 2.08(a)(iii) shall) either (1) if the affected LIBOR Loan is then being made pursuant to a borrowing, cancel such borrowing by giving the Administrative Agent telephonic notice (confirmed promptly in writing) thereof on the same date that the Borrower was notified by a Lender pursuant to Section 2.08(a)(ii) or (iii) or (2) if the affected LIBOR Loan is then outstanding, upon at least three Business Days' notice to the

Administrative Agent, require the affected Lender to convert each such LIBOR Loan into an ABR Loan; *provided* that if more than one Lender is affected at any time, then all affected Lenders must be treated in the same manner pursuant to this Section 2.08(b).

(c) If, after the Closing Date, any Change in Law relating to capital adequacy of any Lender or compliance by any Lender or its parent with any Change in Law relating to capital adequacy occurring after the Closing Date, has or would have the effect of reducing the rate of return on such Lender's or its parent's capital or assets as a consequence of such Lender's commitments or obligations hereunder to a level below that which such Lender or its parent could have achieved but for such Change in Law (taking into consideration such Lender's or its parent's policies with respect to capital adequacy), then from time to time, promptly (but in any event no later than ten days) after written demand by such Lender (with a copy to the Administrative Agent), the Borrower shall pay to such Lender such additional amount or amounts as will compensate such Lender or its parent for such reduction, it being understood and agreed, however, that a Lender shall not be entitled to such compensation as a result of such Lender's compliance with, or pursuant to any request or directive to comply with, any applicable Requirement of Law as in effect on the Closing Date. Each Lender, upon determining in good faith that any additional amounts will be payable pursuant to this Section 2.08(c), will give prompt written notice thereof to the Borrower, although the failure to give any such notice shall not, subject to Section 2.11, release or diminish the Borrower's obligations to pay additional amounts pursuant to this Section 2.08(c) upon receipt of such notice.

SECTION 2.09. Compensation. If (a) any payment of principal of any Loan is made by the Borrower to or for the account of a Lender other than on the last day of the Interest Period for such Loan as a result of a payment pursuant to Section 2.12, as a result of acceleration of the maturity of the Loans pursuant to Article VI or for any other reason, (b) there occurs any failure to borrow, convert, continue or prepay any LIBOR Loan on the date specified in any notice delivered pursuant hereto or (c) there occurs any assignment of any LIBOR Loan other than on the last day of the Interest Period applicable thereto as a result of a request by the Borrower pursuant to Section 8.07, the Borrower shall, after receipt of a written request by such Lender, pay to the Administrative Agent for the account of such Lender any amounts required to compensate such Lender for any additional losses, costs or expenses that such Lender may reasonably incur as a result of such payment, or failure to prepay, including any loss, cost or expense (excluding loss of anticipated profits) actually incurred by reason of the liquidation or reemployment of deposits or other funds acquired by any Lender to fund or maintain such Loan. A certificate of any Lender setting forth any amount that such Lender is entitled to receive pursuant to this Section 2.09 shall be delivered to the Borrower and shall be conclusive absent manifest error. The Borrower shall pay such Lender the amount shown as due on such certificate within ten days after receipt thereof, unless such amount is due on an earlier date in accordance with Section 2.12(c).

SECTION 2.10. Change of Lending Office. Each Lender agrees that, upon the occurrence of any event giving rise to the operation of Section 2.08(a)(ii), 2.08(a)(iii), 2.08(c) or 2.15 with respect to such Lender, it will, if requested by the Borrower use reasonable efforts (subject to overall policy considerations of such Lender) to designate another lending office for any Loans affected by such event; *provided* that such designation does not cause such Lender or its lending office to suffer any economic, legal or regulatory disadvantage, with the object of avoiding the consequence of the event giving rise to the operation of any such Section. Nothing in this Section 2.10 shall affect or postpone any of the obligations of the Borrower or the right of any Lender provided in Section 2.08 or 2.15.

SECTION 2.11. Notice of Certain Costs. Notwithstanding anything in this Agreement to the contrary, to the extent any notice required by Section 2.08 or 2.09 is given by any Lender more than 270 days after such Lender has knowledge (or should have had knowledge) of the occurrence of the event giving rise to the additional cost, reduction in amounts, loss, tax or other additional amounts described in such Sections, such Lender shall not be entitled to compensation under Section 2.08 or 2.09, as the case may be, for any such amounts incurred or accruing prior to the 271st day prior to the giving of such notice to the Borrower; *provided* that if a Change in Law that gives rise to such additional amounts is retroactive, then the 270-day period referred to above shall be extended to include the period of retroactive effect thereof.

SECTION 2.12. Voluntary Prepayments.

(a) The Borrower shall have the right at any time and from time to time to prepay any Loan in whole or in part, without premium or penalty, in an aggregate principal amount that is an integral multiple of \$500,000 and not less than \$1,000,000 or, if less, the amount outstanding, upon prior notice to the Administrative Agent by telephone (confirmed by telecopy), not less than three Business Days prior to the date of prepayment, which notice shall be irrevocable except to the extent provided below in Section 2.12(b). Each such notice shall be signed by an Authorized Officer of the Borrower and shall specify the date and amount of such prepayment and the Type(s) of Loans to be prepaid and, if LIBOR Loans are to be prepaid, the Interest Period(s) of such Loans. The Administrative Agent will promptly notify each applicable Lender of its receipt of each such notice, and of the amount of such Lender's pro rata share of such prepayment. Each prepayment of Loans under this Section 2.12(a) shall be allocated to any Class of Loans outstanding as directed by the Borrower and shall be applied pro rata to the Lenders within each Class, based upon the outstanding principal amounts owing to each such Lender under each such Class of Loans.

(b) Notwithstanding anything to the contrary contained in this Agreement, the Borrower may rescind any notice of prepayment made under Section 2.12(a) by notice to the Administrative Agent a reasonable time prior to the specified effective time of such prepayment if such prepayment would have resulted from a refinancing of all or any portion of the Loans, which refinancing shall not be consummated or shall otherwise be delayed.

(c) All prepayments under this Section 2.12 shall be accompanied by all accrued interest thereon, together with, in the case of any such prepayment of a LIBOR Loan on a date other than the last day of an Interest Period therefor, any amounts owing in respect of such LIBOR Loan pursuant to Section 2.09.

SECTION 2.13. Mandatory Prepayments.(a) Asset Sales.

(i) Subject in all respects to Section 2.13(d), if the Borrower and its Restricted Subsidiaries have received Net Proceeds from one or more Asset Sales (including, for the avoidance of doubt, Net Proceeds of a Mexico Liquidity Event (including those Net Proceeds of a Mexico Liquidity Event received from the Closing Date Unrestricted Subsidiary pursuant to Section 5.33)), Hedge Unwind Events, Extraordinary Receipt Events or Casualty Events, not later than the third Business Day following the date of receipt of any such Net Proceeds, an amount equal to 100% of such Net Proceeds shall be applied as a mandatory prepayment of the Loans in accordance with Section 2.13(e); *provided*, that (A)(1) with respect to Hedge Unwind Events, until the aggregate amount of Hedge Unwind Proceeds received from one or more Hedge Unwind Events exceeds \$5,000,000 in any fiscal year, no such prepayment shall be required during such fiscal year, (2) with respect to Asset Sales of assets constituting Proved Developed Producing Reserves, Proved Developed Non-Producing Reserves and/or related infrastructure assets (other than Mexico Liquidity Events) (any such Asset Sale, a "Specified Asset Sale"), until the aggregate amount of Net Proceeds received from one or more such Specified Asset Sales exceeds \$15,000,000 in any fiscal year, no such prepayment shall be required during such fiscal year and any such prepayment shall only be required with Net Proceeds in excess of such threshold, (3) with respect to any Asset Sale (other than a Specified Asset Sale or a Mexico Liquidity Event), until the aggregate amount of Net Proceeds received from one or more of such Asset Sales exceeds \$50,000,000 on a cumulative basis calculated from the Closing Date, no such prepayment shall be required and any such prepayment shall only be required with Net Proceeds in excess of such threshold and (4) with respect to any Extraordinary Receipt Event or Casualty Event, until the aggregate amount of Extraordinary Receipts and/or Net Proceeds of a Casualty Event received from one or more Extraordinary Receipt Events and/or Casualty Events exceeds \$10,000,000 in any fiscal year, no such prepayment shall be required during such fiscal year and any such prepayment shall only be required

with Net Proceeds in excess of such threshold and (B) at the Borrower's election and so long as no Event of Default has occurred and is continuing (1) following the receipt of any Net Proceeds described in the foregoing clauses (A)(2) and (A)(3) in excess of the respective threshold described therein (such excess Net Proceeds, "Excess Asset Sale Proceeds"), the Borrower may reinvest up to 50% of such Excess Asset Sale Proceeds in additional Oil and Gas Properties and/or capital expenditures related to existing Oil and Gas Properties, in each case, within 365 days following the receipt thereof (the "Reinvestment Date") and the remaining 50% of such Excess Asset Sale Proceeds shall be required to be applied in accordance with Section 2.13(e); *provided*, that, to the extent any such Excess Asset Sale Proceeds were received from Specified Asset Sales, such Excess Asset Sale Proceeds shall be reinvested in additional Oil and Gas Properties constituting Proved Developed Producing Reserves and/or capital expenditures on existing Oil and Gas Properties solely to the extent constituting Proved Developed Producing Reserves, Proved Developed Non-Producing Reserves or Proved Developed Behind Pipe Reserves (unless otherwise agree by the Administrative Agent in its sole discretion) and (2) following the receipt of Net Proceeds from any Casualty Event in excess of the threshold described in clause (A)(4) above (such excess Net Proceeds, "Excess Casualty Event Proceeds"), the Borrower may reinvest up to 100% of such Excess Casualty Event Proceeds on or prior to the applicable Reinvestment Date in replacement and/or repair of the property subject to such Casualty Event; *provided*, that the aggregate amount of Excess Casualty Event Proceeds so reinvested shall not exceed the amount necessary to replace and/or repair the property subject to such Casualty Event and any remaining amount of such Excess Casualty Event Proceed shall be applied in accordance with Section 2.13(e). If on the applicable Reinvestment Date, any portion of such Net Proceeds has not been so reinvested, the Borrower will make a prepayment of the Loans, to the extent required above.

(ii) Notwithstanding any other provisions of this Section 2.13(a) and other than with respect to a Mexico Liquidity Event, to the extent that any of or all the Net Proceeds of any Disposition by a Foreign Subsidiary ("Foreign Disposition") is prohibited or delayed by applicable local law from being repatriated to the United States, the portion of such Net Proceeds so affected will not be required to be applied to repay Loans at the times provided in this Section 2.13(a) but may be retained by the applicable Foreign Subsidiary, in each case, so long, but only so long, as the applicable local law will not permit repatriation to the United States (the Borrower hereby agreeing to cause the applicable Foreign Subsidiary to promptly take all actions reasonably required by the applicable local law to permit such repatriation), and once such repatriation of any of such affected Net Proceeds that, in each case, would otherwise be required to be used to make an offer of prepayment pursuant to Section 2.13(a), is permitted under the applicable local law, such repatriation will be immediately effected and such repatriated Net Proceeds will be promptly (and in any event not later than two Business Days after such repatriation) applied (net of additional taxes payable or reserved against as a result thereof) to the repayment of the Loans pursuant to this Section 2.13(a).

(iii) All prepayments under this Section 2.13(a) shall be accompanied by all accrued interest thereon, together with, in the case of any such prepayment of a LIBOR Loan on a date other than the last day of an Interest Period therefor, any amounts owing in respect of such LIBOR Loan pursuant to Section 2.09.

(b) Debt/Equity Incurrence. (i) Subject to Section 2.13(b)(ii) and Section 2.13(d), on each occasion that a Debt/Equity Incurrence Prepayment Event occurs, the Borrower shall, within one Business Day after the receipt of Net Proceeds therefrom, prepay, in accordance with Section 2.13(d), a principal amount of Loans in an amount equal to 100% of the Net Proceeds from such Debt/Equity Incurrence Prepayment Event.

(ii) Notwithstanding any other provisions of this Section 2.13(b), no prepayment shall be required pursuant to this Section 2.13(b) to the extent that such prepayment would violate applicable Law.

(iii) All prepayments under this Section 2.13(b) shall be accompanied by all accrued interest thereon, together with, in the case of any such prepayment of a LIBOR Loan on a date other than the last day of an Interest Period therefor, any amounts owing in respect of such LIBOR Loan pursuant to Section 2.09.

(c) Application of Mandatory Prepayments. Each prepayment of Loans required by this Section 2.13 shall be allocated to any Class of Loans outstanding as directed by the Borrower (*provided* that any prepayment of any Class of Loans shall be accompanied by at least a ratable payment of Loans made on the Closing Date and shall be applied pro rata to Lenders within each Class, based upon the outstanding principal amounts owing to each such Lender under each such Class of Loans; *provided*, that any Lender may elect, by written notice to the Administrative Agent at least one Business Day prior to the prepayment due date, to decline all or a portion of any prepayment of its Loans (other than a mandatory prepayment under Section 2.13(b) solely to the extent such prepayment represents a refinancing of all of the Obligations, which may not be declined), in which case the aggregate amount of the prepayment that would have been applied to prepay Loans of any Class but was so declined shall be retained by the Borrower.

(d) Discharge of First-Priority Lien Obligations. Notwithstanding anything to the contrary set forth in any other clause in this Section 2.13, until the Discharge of First-Priority Lien Obligations shall have occurred, no mandatory prepayments of Loans that would have otherwise been required under this Section 2.13 shall be required to be made except to the extent from any proceeds of Refinancing Indebtedness that constitutes a Debt/Equity Incurrence Prepayment Event.

(e) Notice of Mandatory Prepayments. The Borrower shall notify the Administrative Agent in writing of any mandatory prepayment of Loans required to be made pursuant to Sections 2.13(a) or (b) above at least two Business Days prior to the date of such prepayment. Each such notice shall specify the date of such prepayment and provide a reasonably detailed calculation of the amount of such prepayment, the Type(s) of Loans to be prepaid and, if LIBOR Loans are to be prepaid, the Interest Period(s) of such Loans.

SECTION 2.14. Method and Place of Payment.

(a) Except as otherwise specifically provided herein, all payments under this Agreement shall be made by the Borrower, without set-off, counterclaim or deduction of any kind, to the Administrative Agent for the ratable account of the Lenders entitled thereto not later than 12:00 Noon (New York City time) on the date when due and shall be made in immediately available funds at such office as the Administrative Agent shall specify for such purpose by notice to the Borrower, it being understood that written or facsimile notice by the Borrower to the Administrative Agent to make a payment from the funds attributed to the Borrower in an account of the Administrative Agent shall constitute the making of such payment to the extent of such funds held in such account. All payments under each Loan Document (whether of principal, interest or otherwise) shall be made in U.S. Dollars. The Administrative Agent will thereafter cause to be promptly distributed like funds relating to the payment of principal or interest or fees ratably to the Lenders entitled thereto.

(b) Any payments under this Agreement that are made later than 2:00 p.m. (New York City time) shall be deemed to have been made on the next succeeding Business Day. Except as otherwise provided herein, whenever any payment to be made hereunder shall be stated to be due on a day that is not a Business Day, the due date thereof shall be extended to the next succeeding Business Day and, with respect to payments of principal, interest shall be payable during such extension at the applicable rate in effect immediately prior to such extension.

SECTION 2.15. Net Payments.

(a) Any and all payments made by or on behalf of the Borrower or any Guarantor under this Agreement or any other Loan Document shall be made free and clear of, and without deduction or

withholding for or on account of, any Taxes; *provided* that if the Borrower, any Guarantor or the Administrative Agent or any other applicable withholding agent shall be required by applicable Requirements of Law to deduct or withhold any Taxes from such payments, then (i) the applicable withholding agent shall make such deductions or withholdings as are reasonably determined by the applicable withholding agent to be required by any applicable Requirement of Law, (ii) the applicable withholding agent shall timely pay the full amount deducted or withheld to the relevant Governmental Authority in accordance with applicable Requirements of Law, and (iii) to the extent withholding or deduction is required to be made on account of Indemnified Taxes, the sum payable by the Borrower or such Guarantor shall be increased as necessary so that after all required deductions and withholdings have been made (including deductions or withholdings applicable to additional sums payable under this Section 2.15) the Administrative Agent, the Collateral Agent or the applicable Lender, as the case may be, receives an amount equal to the sum it would have received had no such deductions or withholdings been made. As soon as practicable after any payment of Taxes by any Credit Party to a Governmental Authority as provided in this Section 2.15, the Borrower shall deliver to the Administrative Agent the original or a certified copy of a receipt issued by such Governmental Authority evidencing such payment, a copy of any return reporting such payment or other evidence reasonably satisfactory to the Administrative Agent or the applicable Lenders, as the case may be.

(b) The Borrower shall timely pay to the relevant Governmental Authority in accordance with applicable Requirements of Law, or at the option of the Administrative Agent timely reimburse it for, any Other Taxes (whether or not such Other Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority).

(c) The Borrower shall indemnify and hold harmless the Administrative Agent, the Collateral Agent and each Lender within 10 Business Days after written demand therefor, for the full amount of any Indemnified Taxes paid or payable by, or required to be withheld or deducted from a payment to, imposed on the Administrative Agent, the Collateral Agent or such Lender, as the case may be (including Indemnified Taxes imposed or asserted on or attributable to amounts payable under this Section 2.15), and any reasonable expenses arising therefrom or with respect thereto, whether or not such Indemnified Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to the Borrower (and the Administrative Agent, if sent by a Lender) by a Lender, the Administrative Agent or the Collateral Agent (as applicable) on its own behalf or on behalf of a Lender shall be conclusive absent manifest error.

(d) Each Lender shall deliver to the Borrower and the Administrative Agent, at such time or times reasonably requested by the Borrower or the Administrative Agent, such properly completed and executed documentation prescribed by applicable law and such other reasonably requested information as will permit the Borrower or the Administrative Agent, as the case may be, to determine (A) whether or not any payments made hereunder or under any other Loan Document are subject to Taxes, (B) if applicable, the required rate of withholding or deduction, and (C) such Lender's entitlement to any available exemption from, or reduction of, applicable Taxes in respect of any payments to be made to such Lender by any Credit Party pursuant to any Loan Document or otherwise to establish such Lender's status for withholding tax purposes in the applicable jurisdiction. In addition, any Lender, if reasonably requested by the Borrower or the Administrative Agent, shall deliver such other documentation prescribed by applicable law or reasonably requested by the Borrower or the Administrative Agent as will enable the Borrower or the Administrative Agent to determine whether or not such Lender is subject to backup withholding or information reporting requirements.

(e) Without limiting the generality of Section 2.15(d), each Non-U.S. Lender with respect to any Loan made to the Borrower shall, to the extent it is legally entitled to do so:

(i) deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient), on or prior to the date on which such Lender becomes a Lender under this Agreement, properly completed and duly executed copies of (A) in the case of a Non-

U.S. Lender claiming exemption from U.S. federal withholding tax under Section 871(h) or 881(c) of the Code with respect to payments of “portfolio interest”, United States Internal Revenue Service (“IRS”) Form W-8BEN or IRS Form W-8BEN-E, as applicable, (or any applicable successor form) (together with a certificate substantially in the form of Exhibit D-1, Exhibit D-2, Exhibit D-3 or Exhibit D-4 hereto, as applicable (a “Non-Bank Tax Certificate”), representing that such Non-U.S. Lender is not a bank for purposes of Section 881(c)(3)(A) of the Code, is not a “10 percent shareholder” (within the meaning of Section 871(h)(3)(B) of the Code) of the Borrower, is not a CFC described in Section 881(c)(3)(C) of the Code), (B) IRS Form W-8BEN or IRS Form W-8BEN-E, as applicable, or IRS Form W-8ECI (or any applicable successor form), in each case properly completed and duly executed by such Non-U.S. Lender claiming complete exemption from, or reduced rate of, U.S. federal withholding tax on payments by the Borrower under this Agreement, (C) IRS Form W-8IMY (or any applicable successor form) and all necessary attachments (including the forms described in clauses (A) and (B) above; *provided* that if the Non-U.S. Lender is a partnership and not a participating Lender, and one or more of the partners is claiming portfolio interest treatment, the Non-Bank Tax Certificate may be provided by such Non-U.S. Lender on behalf of such partners) or (D) any other form prescribed by applicable law as a basis for claiming exemption from or a reduction in U.S. federal withholding tax duly completed together with such supplementary documentation as may be prescribed by applicable law to permit the Borrower or the Administrative Agent to determine the withholding or deduction required to be made; and

(ii) deliver to the Borrower and the Administrative Agent properly completed and duly executed copies of any such form or certification (or any applicable successor form) promptly after such form or certification expires or becomes obsolete or invalid, after the occurrence of any event requiring a material change in the most recent form previously delivered by it to the Borrower and the Administrative Agent, and from time to time thereafter if reasonably requested by the Borrower or the Administrative Agent or promptly notify the Borrower and the Administrative Agent in writing of such Non-U.S. Lender’s legal inability to do so.

Each Person that shall become a Participant pursuant to Section 8.06 or a Lender pursuant to Section 8.06 shall, upon the effectiveness of the related transfer, be required to provide all the forms and statements required pursuant to this Section 2.15(e); *provided* that in the case of a Participant such Participant shall furnish all such required forms and statements to the Person from which the related participation shall have been purchased.

Notwithstanding anything to the contrary in Section 2.15(d) and this Section 2.15(e), any form and supplementary documentation (other than such documentation set forth in paragraphs (A), (B) and (C) of this Section 2.15(e)) shall not be required if in the Lender’s reasonable judgment such completion, execution or submission would subject such Lender to any material unreimbursed cost or expense or would materially prejudice the legal or commercial position of such Lender.

In addition, to the extent it is legally eligible to do so, each Agent shall deliver to the Borrower (x)(I) prior to the date on which the first payment by the Borrower is due hereunder or (II) prior to the first date on or after the date on which such Agent becomes a successor Agent pursuant to Section 7.09 on which payment by the Borrower is due hereunder, as applicable, (A) properly completed and duly executed copies of IRS Form W-9 certifying its exemption from U.S. Federal backup withholding or (B) properly completed and duly executed applicable copies of IRS Form W-8 certifying its non-U.S. status and its entitlement to any applicable treaty benefits, and (y) on or before the date on which any such previously delivered documentation expires or becomes obsolete or invalid, after the occurrence of any event requiring a change in the most recent documentation previously delivered by it to the Borrower, and from time to time if reasonably requested by the Borrower, properly completed and duly executed copies of such documentation.

(f) If any Lender, the Administrative Agent or the Collateral Agent, as applicable, determines, in its sole discretion exercised in good faith, that it has received a refund of an Indemnified Tax for which it has been indemnified pursuant to this Section 2.15 (including by the payment of additional

amounts pursuant to this Section 2.15), then the Lender, the Administrative Agent or the Collateral Agent, as the case may be, shall reimburse the Borrower or such Guarantor for such amount (but only to the extent of indemnity payments made under this Section with respect to the Taxes giving rise to such refund) (net of all reasonable out-of-pocket expenses (including Taxes) of such Lender, the Administrative Agent or the Collateral Agent, as the case may be, and without interest other than any interest received thereon from the relevant Governmental Authority with respect to such refund); *provided* that the Borrower or such Guarantor, upon the request of the Lender, the Administrative Agent or the Collateral Agent, agrees to repay the amount paid over to the Borrower or such Guarantor (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) to the Lender, the Administrative Agent or the Collateral Agent in the event the Lender, the Administrative Agent or the Collateral Agent is required to repay such refund to such Governmental Authority. Notwithstanding anything to the contrary in this paragraph (f), in no event will any Lender or Agent be required to pay any amount to the Borrower or any Guarantor pursuant to this paragraph (f), the payment of which would place such Lender or Agent in a less favorable net after-Tax position than such Lender or Agent would have been in if the Tax subject to indemnification and giving rise to such refund had not been deducted, withheld or otherwise imposed and the indemnification payments or additional amounts with respect to such Tax had never been paid. None of the Lender, the Administrative Agent or the Collateral Agent shall be obliged to make available its tax returns (or any other information relating to its taxes that it deems confidential) to any Credit Party in connection with this clause (f) or any other provision of this Section 2.15.

(g) Each U.S. Lender shall deliver to the Borrower and the Administrative Agent properly completed and duly executed copies of IRS Forms W-9 (or substitute or successor form), certifying that such U.S. Lender is exempt from United States federal backup withholding (i) on or prior to the Closing Date (or on or prior to the date it becomes a party to this Agreement), (ii) on or before the date that such form expires or becomes obsolete or invalid, (iii) after the occurrence of a change in the U.S. Lender's circumstances requiring a change in the most recent form previously delivered by it to the Borrower and the Administrative Agent, and (iv) from time to time thereafter if reasonably requested by the Borrower or the Administrative Agent.

(h) If a payment made to any Lender or any Agent under this Agreement or any other Loan Document would be subject to U.S. federal withholding tax imposed by FATCA if such Lender or such Agent were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Lender or such Agent shall deliver to the Borrower and the Administrative Agent at the time or times prescribed by law and at such time or times reasonably requested by the Borrower or the Administrative Agent such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Borrower or the Administrative Agent as may be necessary for the Borrower and the Administrative Agent to comply with their obligations under FATCA, to determine whether such Lender has or has not complied with such Lender's obligations under FATCA or to determine the amount, if any, to deduct and withhold from such payment. Solely for purposes of this Section 2.15(h), "FATCA" shall include any amendments made to FATCA after the date of this Agreement.

(i) Each Lender shall severally indemnify the Administrative Agent, within 10 days after demand therefor, for (i) any Indemnified Taxes attributable to such Lender (but only to the extent that the Borrower has not already indemnified the Administrative Agent for such Indemnified Taxes and without limiting the obligation of the Borrower to do so), (ii) any Taxes attributable to such lender's failure to comply with the provisions of Section 8.06(c) relating to the maintenance of a Participant Register and (iii) any Excluded Taxes attributable to such lender, in each case, that are payable or paid by the Administrative Agent in connection with any Loan Document, and any reasonable expenses arising therefrom or with respect thereto, whether or not such Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to any Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such lender under any

Loan Document or otherwise payable by the Administrative Agent to the Lender from any other source against any amount due to the Administrative Agent under this paragraph (i).

(j) For the avoidance of doubt, for purposes of this Section 2.15, the term “applicable law” or “Requirements of Law” includes FATCA.

(k) The agreements in this Section 2.15 shall survive the termination of this Agreement and the payment of the Loans and all other amounts payable hereunder.

SECTION 2.16. Limit on Rate of Interest.

(a) No Payment Shall Exceed Lawful Rate. Notwithstanding any other term of this Agreement, the Borrower shall not be obliged to pay any interest or other amounts under or in connection with this Agreement in excess of the amount or rate permitted under or consistent with any applicable law, rule or regulation.

(b) Payment at Highest Lawful Rate. If the Borrower is not obliged to make a payment which it would otherwise be required to make, as a result of Section 2.16(a), the Borrower shall make such payment to the maximum extent permitted by or consistent with applicable laws, rules and regulations.

(c) Adjustment if Any Payment Exceeds Lawful Rate. If any provision of this Agreement or any of the other Loan Documents would obligate the Borrower to make any payment of interest or other amount payable to any Lender in an amount or calculated at a rate which would be prohibited by any applicable law, rule or regulation, then notwithstanding such provision, such amount or rate shall be deemed to have been adjusted with retroactive effect to the maximum amount or rate of interest, as the case may be, as would not be so prohibited by law, such adjustment to be effected, to the extent necessary, by reducing the amount or rate of interest required to be paid by the Borrower to the affected Lender under Section 2.06.

Notwithstanding the foregoing, and after giving effect to all adjustments contemplated thereby, if any Lender shall have received from the Borrower an amount in excess of the maximum permitted by any applicable law, rule or regulation, then the Borrower shall be entitled, by notice in writing to the Administrative Agent to obtain reimbursement from that Lender in an amount equal to such excess, and pending such reimbursement, such amount shall be deemed to be an amount payable by that Lender to the Borrower.

SECTION 2.17. Pro Rata Sharing. Subject in all respect to the provisions of the Intercreditor Agreement, except as expressly set forth herein, whenever any payment received by the Administrative Agent under this Agreement is insufficient to pay in full all amounts then due and payable to the Administrative Agent and the Lenders under this Agreement, such payment shall be distributed by the Administrative Agent and applied by the Administrative Agent and the Lenders in the following order: first, to the payment of fees and expenses due and payable to the Administrative Agent and the Collateral Agent and its Affiliates under and in connection with this Agreement, except any amounts payable to any such Person in its role as Lender, as provided in clause “second” of this Section 2.17; second, to the payment of all expenses due and payable under Section 8.05, ratably among the Lenders in accordance with the aggregate amount of such payments owed to each Lender; third, to the payment of interest and amounts under Sections 2.08 and 2.15, if any, then due and payable on the Loans ratably among the Lenders in accordance with the aggregate amount of interest owed to each Lender; and fourth, to the payment of the principal amount of the Loans that is then due and payable, ratably among the Lenders in accordance with the aggregate principal amount owed to each such Lender.

SECTION 2.18. Adjustments; Set-off.

(a) If any Lender shall, by exercising any right of set-off or counterclaim or otherwise, obtain payment in respect of any principal of or interest on any of its Loans resulting in such Lender receiving payment of a greater proportion of the aggregate amount of its Loans and accrued interest thereon than the

proportion received by any other Lender entitled to such payment, then the Lender receiving such greater proportion shall purchase for cash at face value participations in the Loans of other Lenders to the extent necessary so that the benefit of all such payments shall be shared by the Lenders entitled thereto ratably in accordance with the aggregate amount of principal of and accrued interest on their respective Loans; *provided* that (i) if any such participations are purchased and all or any portion of the payment giving rise thereto is recovered, such participations shall be rescinded and the purchase price restored to the extent of such recovery, without interest, and (ii) the provisions of this clause (a) shall not be construed to apply to any payment made by the Borrower pursuant to and in accordance with the terms of this Agreement, or any payment obtained by a Lender as consideration for the assignment of or sale of a participation in any of its Loans to any assignee or participant. The Borrower consents to the foregoing and agrees, to the extent it may effectively do so under applicable law, that any Lender acquiring a participation pursuant to the foregoing arrangements may exercise against the Borrower rights of set-off and counterclaim with respect to such participation as fully as if such Lender were a direct creditor of the Borrower in the amount of such participation.

(b) After the occurrence and during the continuance of an Event of Default, in addition to any rights and remedies of the Lenders provided by law, each Lender shall have the right, without prior notice to the Borrower, any such notice being expressly waived by the Borrower to the extent permitted by applicable law, upon any amount becoming due and payable by the Borrower hereunder (whether at the stated maturity, by acceleration or otherwise) to set-off and appropriate and apply against such amount any and all deposits (general or special, time or demand, provisional or final), in any currency, and any other credits, indebtedness or claims, in any currency, in each case whether direct or indirect, absolute or contingent, matured or unmatured, at any time held or owing by such Lender or any branch or agency thereof to or for the credit or the account of the Borrower or any Subsidiary. Each Lender agrees promptly to notify the Borrower and the Administrative Agent after any such set-off and application made by such Lender; *provided* that the failure to give such notice shall not affect the validity of such set-off and application.

SECTION 2.19. Interest Elections. The Loans shall have an initial Interest Period as specified in the applicable Notice of Borrowing. Thereafter, the Borrower may elect Interest Periods therefor, all as provided in this Section 2.19. The Borrower may elect different options with respect to different portions of the affected Borrowing, in which case each such portion shall be allocated ratably among the Lenders holding the Loans comprising such Borrowing, and the Loans comprising each such portion shall be considered a separate Borrowing.

(a) To make an election pursuant to this Section 2.19, the Borrower shall notify the Administrative Agent of such election (as provided in Section 8.02) in a written Interest Period Election Request in the form set forth in Exhibit C and signed by the Borrower. Such Interest Period Election Request shall be delivered to the Administrative Agent by telephone not later than 11:00 a.m., New York City time, three Business Days prior to the end of the then applicable Interest Period. Each such Interest Period Election Request shall be irrevocable.

(b) Each Interest Period Election Request shall specify the following information:

(i) the Borrowing to which such Interest Period Election Request applies and, if different options are being elected with respect to different portions thereof, the portions thereof to be allocated to each resulting Borrowing (in which case the information to be specified pursuant to clauses (iii) and (iv) below shall be specified for each resulting Borrowing);

(ii) the effective date of the election made pursuant to such Interest Period Election Request, which shall be a Business Day;

(iii) whether the resulting Borrowing is to be an ABR Borrowing or a LIBOR Borrowing;

(iv) if the resulting Borrowing is a LIBOR Borrowing, the Interest Period to be applicable thereto after giving effect to such election, which shall be a period contemplated by the definition of the term "Interest Period"; and

(v) no Default or Event of Default shall have occurred and be continuing as of the date such Interest Period Election Request is delivered or as of the effective date of such election.

If any such Interest Period Election Request requests a LIBOR Borrowing but does not specify an Interest Period, then the Borrower shall be deemed to have selected an Interest Period of one month's duration.

(c) Promptly following receipt of an Interest Period Election Request, the Administrative Agent shall advise each Lender to which such Interest Period Election Request relates of the details thereof and of such Lender's portion of each resulting Loan.

(d) If the Borrower fails to deliver a timely Interest Period Election Request with respect to a LIBOR Borrowing prior to the end of the Interest Period applicable thereto, then, unless such Borrowing is repaid as provided herein, at the end of such Interest Period such Borrowing shall be converted to an ABR Borrowing. Notwithstanding any contrary provision hereof, if an Event of Default has occurred and is continuing and the Administrative Agent, at the written request (including a request through electronic means) of the Required Lenders, so notifies the Borrower, then, so long as an Event of Default is continuing, (i) no outstanding Borrowing may be converted to or continued as a LIBOR Borrowing and (ii) unless repaid, each LIBOR Borrowing shall be converted to an ABR Borrowing at the end of the Interest Period applicable thereto.

(e) After giving effect to all Borrowings, all conversions of Loans from one Type to the other and all continuations of Loans as the same type, there shall be not more than three Interest Periods in effect with respect to the Loans.

SECTION 2.20. Incremental Commitments.

(a) The Borrower may, by written notice to the Administrative Agent from time to time after the Closing Date, add one or more Incremental Commitments in respect of one or more Classes of term loans or increase the Initial Loans in an aggregate outstanding principal amount not to exceed the Incremental Cap (the Incremental Commitments together with the term loans, the "Incremental Facility"); *provided* that (i) after giving effect to the relevant Incremental Facility and the use of proceeds thereof on a pro forma basis, (x) the aggregate amount of cash and Cash Equivalents of the Borrower and its Restricted Subsidiaries shall be less than \$80,000,000 (or, in good faith determination of the Board of Directors of the Borrower, are anticipated to be less than \$80,000,000 as of the proposed date of incurrence of such Incremental Facility) or (y) the Board of Directors of the Borrower, in its good faith judgment, determines that the incurrence of such Incremental Facility is in the best interest of the Borrower and its Restricted Subsidiaries, (ii) no Event of Default is continuing or would exist immediately after giving effect to such Incremental Commitment and the use of proceeds therefrom, (iii) the representations and warranties contained in this Agreement and in the other Loan Documents shall be true and correct in all material respects (or, in the case of any representations or warranties that contain a materiality qualification, in all respects) immediately prior to, and after giving effect to, the incurrence of the Incremental Commitment and (iv) all fees and expenses owing to the Administrative Agent and the Incremental Lenders in respect of such Incremental Facility shall have been paid. The Incremental Commitments will be provided by Incremental Lenders (which may include any existing Lender and any additional lenders, subject to the Administrative Agent's consent to the extent such consent would be required in connection with an Assignment and Acceptance under Section 8.06(b), and such additional lenders will become Lenders under this Agreement through providing the Incremental Commitments) willing to provide such Incremental Commitments in their own discretion. Any such notice shall set forth (x) the amount of the Incremental Commitments being requested, (y) the date on which such Incremental Commitments or term loans are requested to become effective (any such date, an "Incremental Effective Date") and (z) the interest rate, maturity and other terms being requested with respect thereto (which shall comply with clause (b) below).

(b) Subject to Section 2.20(c) below, the terms and conditions of any Incremental Commitments and Loans to be made thereunder shall be determined by the applicable Incremental Lenders and the Borrower and shall be as set forth in the applicable Incremental Facility Agreement; *provided* that:

(i) the Weighted Average Life to Maturity of such Loans shall be no shorter than the Weighted Average Life to Maturity of the Loans, and the maturity date applicable to such Loans shall be no earlier than the Latest Maturity Date in effect at the time of incurrence of such Loans

(ii) except as otherwise provided in this Section 2.20(b), the terms of any Incremental Facility (other than any terms which are applicable only after the Maturity Date of any then-existing tranche of Loans) must be substantially consistent with those applicable to any then-existing Loans (excluding as to interest rates, fees, floors, funding discounts, redemption or prepayment premiums and other pricing terms) or otherwise reasonably acceptable to the Required Lenders in their Permitted Business Judgment (it being understood that no consent of the Required Lenders shall be required for terms and conditions that are more restrictive than those applicable to the then-existing Loans to the extent that the Facility receives the benefit of such provisions);

(iii) the Incremental Facility may provide for mandatory prepayments of the loans thereunder on a pro rata basis or less than pro rata basis with the then-existing Loans and the Borrower shall be permitted to voluntarily prepay any Class of Loans on a better than pro rata basis as compared to any other Class;

(iv) the Incremental Facility shall have the same Guarantors as, and if secured, shall be secured on a pari passu or junior basis by the same Collateral securing the then-existing Loans;

(v) [reserved]; and

(vi) with respect to any Incremental Commitments in respect of any Incremental Facility that is secured by a pari passu Lien on the Collateral, the Effective Yield applicable to any such Incremental Commitments shall not be more than 0.50% higher than the Effective Yield on the then-existing Loans, unless the Effective Yield with respect to the then-existing Loans is increased by an amount equal to or greater than (A) the difference between the Effective Yield with respect to the Incremental Commitments and the corresponding Effective Yield on the then-existing Loans minus (B) 0.50% (the “MFN Adjustment”).

(c) any Incremental Commitment shall be effected by an Incremental Facility Agreement; *provided* that the Borrower shall have delivered to the Administrative Agent such legal opinions, board resolutions, secretary’s certificates, officer’s certificates and other customary documents as shall reasonably be requested by the Incremental Lenders in connection therewith. The Administrative Agent shall promptly notify each Lender as to the effectiveness of each Incremental Facility Agreement. Each Incremental Facility Agreement may, without the consent of any Lender, effect such amendments to this Agreement and the other Loan Documents as may be necessary or appropriate, in the opinion of the Administrative Agent, to give effect to the provisions of this Section 2.20.

(d) Incremental Commitments shall become commitments under this Agreement pursuant to an Incremental Facility Agreement which may amend this Agreement and, as appropriate, the other Loan Documents, executed by the Borrower, each Lender agreeing to provide such commitment, if any, each Incremental Lender, if any, and the Administrative Agent. The Borrower will use the proceeds of the Loans made pursuant to the Incremental Commitments for any purpose not prohibited by this Agreement.

(e) Upon the effectiveness of an Incremental Commitment of any Incremental Lender, such Incremental Lender shall be deemed to be a “Lender” (and a Lender in respect of commitments and Loans of the applicable class) hereunder, and henceforth shall be entitled to all the rights of, and benefits accruing to,

Lenders (or Lenders in respect of Commitments and Loans of the applicable Class) hereunder and shall be bound by all agreements, acknowledgements and other obligations of Lenders (or Lenders in respect of Commitments and Loans of the applicable Class) hereunder and under the other Loan Documents.

(f) This Section 2.20 shall supersede any provisions in Section 2.17 or 9.01 to the contrary. For the avoidance of doubt, any provisions of this Section 2.20 may be amended with the consent of the Required Lenders, *provided* no such amendment shall require any Lender to provide any Incremental Commitment without such Lender's consent.

ARTICLE III

Representations and Warranties

In order to induce the Agents and the Lenders to enter into this Agreement and to make the Loans, the Borrower makes, on the Closing Date, the following representations and warranties to the Agents and the Lenders, all of which shall survive the execution and delivery of this Agreement and the making of the Loans.

SECTION 3.01. Corporate Status. Each of Holdings, the Borrower and each Subsidiary of the Borrower (a) is a duly organized and validly existing corporation or other entity in good standing (or, if applicable in a foreign jurisdiction, enjoys the equivalent status under the laws of such jurisdiction of organization outside the United States) under the laws of the jurisdiction of its organization and has the corporate or other organizational power and authority to own its property and assets and to transact its business as now conducted and (b) has duly qualified and is authorized to do business and is in good standing (if applicable) in all jurisdictions where it is required to be so qualified, except where the failure to be so qualified or in good standing would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect, and all such jurisdictions are set forth on Schedule 3.01.

SECTION 3.02. Corporate Power and Authority; Enforceability; Security Interests. Each Credit Party has the corporate or other organizational power and authority to execute, deliver and carry out the terms and provisions of the Loan Documents to which it is a party and has taken all necessary corporate or other organizational action to authorize the execution, delivery and performance of the Loan Documents to which it is a party. Each Credit Party has duly executed and delivered each Loan Document to which it is a party and each such Loan Document constitutes the legal, valid and binding obligation of such Credit Party enforceable in accordance with its terms, subject to the effects of bankruptcy, insolvency, fraudulent conveyance, reorganization and other similar laws relating to or affecting creditors' rights generally and general principles of equity (whether considered in a proceeding in equity or law).

SECTION 3.03. No Violation; Compliance with Laws.

(a) None of the execution, delivery or performance by any Credit Party of the Loan Documents to which it is a party or the compliance with the terms and provisions thereof will (a) contravene any Requirement of Law in any material respect, (b) result in any material breach or material violation of any of the terms, covenants, conditions or provisions of, or constitute a default under, or result in the creation or imposition of (or the obligation to create or impose) any Lien upon any of the property or assets of such Credit Party or any of the Subsidiaries (other than Liens created under the Loan Documents and Liens permitted hereunder) pursuant to the terms of any Material Contract, indenture, loan agreement, lease agreement, mortgage, deed of trust, agreement or other material instrument to which such Credit Party or any of the Subsidiaries is a party or by which it or any of its property or assets is bound (any such term, covenant, condition or provision, a "Contractual Requirement") or (c) violate any provision of the certificate of incorporation, by-laws or other organizational documents of such Credit Party or any of the Subsidiaries.

(b) Each of Holdings, the Borrower and its Subsidiaries is in compliance in all material respects with all Requirements of Law (it being understood, in the case of any statutes, regulations and orders

of, and all applicable restrictions imposed by, all Governmental Authorities that are specifically referred to in any other provision of this Agreement, the Credit Parties shall also be required to represent and/or comply with, as applicable, the express terms of such provision).

SECTION 3.04. Litigation. Except as set forth on Schedule 3.04, there are no actions, suits or proceedings, governmental investigations or arbitrations (including Environmental Claims collectively, “Adverse Proceedings”) pending or, to the knowledge of the Borrower, threatened in writing against or affecting Holdings, the Borrower, any of its Subsidiaries or any of their respective properties that would reasonably be expected, individually or in the aggregate, to result in a Material Liability to Holdings, the Borrower or any of its Restricted Subsidiaries.

SECTION 3.05. Margin Regulations. None of Holdings nor any of its Subsidiaries is engaged principally, or as one of its important activities, in the business of extending credit for the purpose of purchasing or carrying any “margin stock” (as defined in the Regulation U of the Board). No portion of the proceeds of the Loans has or will be used in any manner, whether directly or indirectly, that causes or would reasonably be expected to cause, such Loan or the application of such proceeds to violate Regulation T, Regulation U or Regulation X of the Board or any regulation thereof or to violate the Exchange Act.

SECTION 3.06. Governmental Approvals. The execution, delivery and performance of each Loan Document and the consummation of the other Transactions do not (or, in the case of each Subsidiary Guarantor, will not) require any consent or approval of, registration or filing with, or other action by, any Governmental Authority, except for (a) such as have been or will be prior to the Closing Date obtained or made and are or will be prior to the Closing Date in full force and effect, (b) filings and recordings in respect of the Liens created pursuant to the Security Documents and (c) such consents, approvals, registrations, filings or actions the failure of which to obtain or make would not reasonably be expected to have a Material Adverse Effect.

SECTION 3.07. Investment Company Act. No Credit Party is required to be registered as an “investment company” within the meaning of the Investment Company Act of 1940, as amended.

SECTION 3.08. True and Complete Disclosure; Financial Condition. (ii) In the event that Holdings, Borrower or any of its Restricted Subsidiaries shall intend to enter into any settlement agreement with any Governmental Authority in connection with any Adverse Proceeding for which the Borrower or any of the Restricted Subsidiaries are required to have given notice pursuant to paragraph (i)(B) above, the Borrower shall give the Administrative Agent (for distribution to the Lenders) reasonable prior written notice (and in any event, not less than five (5) Business Days’ prior notice) of such intention, the material terms thereof, the anticipated date of entry and any other details thereof reasonably requested by the Required Lenders or their counsel.

(iii) [Reserved].

(iv) In the event that the Borrower or any Restricted Subsidiary intends to incur any Indebtedness for borrowed money that will have an aggregate principal (or committed) balance of \$11,500,000 or more, the Borrower shall give the Administrative Agent (for further distribution to the Lenders) reasonable prior written notice (and in any event not less than three (3) Business Days' prior notice) of such incurrence of Indebtedness, the material terms thereof and the anticipated date of closing and any other details thereof reasonably requested by the Administrative Agent or any Lender.

(v) Promptly, and in any event within two (2) days after (A)(x) any Material Contract of the Borrower or any of its Restricted Subsidiaries is terminated or amended in a manner that is materially adverse to the Borrower or any of its Restricted Subsidiaries or to the Lenders or (y) any new Material Contract is entered into, or (B) any officer of the Borrower or any of its Subsidiaries obtaining actual knowledge (x) of any condition or event that constitutes a material default or an event of default under any Material Contract, (y) that any event, circumstance, or condition exists or has occurred that gives any counterparty to such Material Contract a termination or assignment right thereunder, or (z) that notice has been given to the Borrower or any of its Subsidiaries asserting that any such condition or event has occurred, the Borrower shall deliver to the Administrative Agent a certificate of an Authorized Officer specifying the nature and period of existence of such condition or event and, in the case of clause (A), including copies of such material amendments or new contracts and, in the case of clause (B), as applicable, explaining the nature of such claimed default or event of default, and including an explanation of any actions being taken or proposed to be taken by the Borrower and its Restricted Subsidiaries with respect thereto.

(d) Environmental Matters. Promptly after the receipt or discovery by an officer of Holdings, the Borrower or any of its Restricted Subsidiaries of information (including, but not limited to, as a result of performance of environmental site assessments, audits, invasive sampling and testing of environmental conditions, or receipt of correspondence from or discussions with Governmental Authorities or other Persons) regarding any one or more of the following environmental matters, unless such environmental matters would not, individually, or when aggregated with all other such matters, be reasonably expected to result in a Material Liability to Holdings, the Borrower or any of its Restricted Subsidiaries, notice of:

(i) any pending or threatened Environmental Claim against any Credit Party; and

(ii) the occurrence of any event or discovery of any circumstance that is or would reasonably be expected to result in a violation or liability under Environmental Law including, without limitation, any actual presence, Release or threatened Release of, or exposure to, any Hazardous Material on, at, under or from (A) any facility owned, leased or operated by a Credit Party or (B) any real property offsite such facility that is (x) located adjacent or in close proximity to such facility under circumstances where the presence, Release or threatened Release of, or exposure to, Hazardous Materials may reasonably be expected to threaten the facility or (y) where Holdings, Borrower or any of the Subsidiaries transported or disposed, or arranged for the disposal or transport for disposal of Hazardous Materials or the conduct of any cleanup, investigation, removal, remediation or other corrective action in response to the actual or alleged presence, Release or threatened Release of, or exposure to, any Hazardous Material on, at, under or from (1) any facility owned, leased or operated by a Credit Party or (2) any real property offsite such facility that is (x) located adjacent or in close proximity to such facility under circumstances where the presence, Release or threatened Release of, or exposure to, Hazardous Materials may reasonably be expected to threaten the facility or (y) where Holdings, Borrower or any of the Subsidiaries transported or disposed, or arranged for the disposal or transport for disposal of Hazardous Materials.

All such notices shall describe in reasonable detail the nature of the claim, including, without limitation, providing facts and circumstances of which any Credit Party or any of the Subsidiaries is aware giving rise to the claim, together with planned or any implemented cleanups, investigations, removals, remediations or other corrective actions, any proposed actions to modify operations in a manner that could be expected to subject the

Credit Parties to new or added obligations or requirements under Environmental Law, any estimates of damages and costs to cure the claim, any governmental Environmental Claims or threatened Environmental Claims, any governmental requests for information regarding the claim, and any reserves, contractual indemnifications or insuring agreements that may be relied upon by any of Holdings, the Borrower or any of the Subsidiaries in connection with the claim. Such notice is not intended to create, nor shall it create, any obligation upon the Administrative Agent or any Lender with respect thereto. Upon reasonable request of the Administrative Agent or any Lender, the Credit Parties will be obligated to supply such Person with supporting non-privileged documentation with respect to such claim and any responses thereto, and the Credit Parties shall have a continuing obligation to provide prompt status updates on such until such time as the claim is fully resolved (provided that, to the extent any information is withheld due to privilege, the Borrower agrees to provide written notice of the reason for such information being withheld).

(e) Officers' Certificates. At the time of the delivery of the financial statements provided for in Section 5.01(a) and Section 5.01(b) (other than with respect to delivery of the financial statements required by Section 5.01(b) with respect to the fourth fiscal quarter of any fiscal year of the Borrower), commencing with respect to certificates delivered for the fiscal quarter ending June 30, 2021, a certificate of a Financial Officer of the Borrower to the effect that no Default or Event of Default has occurred and is continuing or, if any Default or Event of Default does exist, specifying the nature and extent thereof, which certificate shall (i) set forth a reasonably detailed calculation of Consolidated Excess Cash for such fiscal period and (ii) a list of all commodity Hedge Agreements of the Borrower and each Credit Party, the material terms thereof (in respect of the type, term, effective date, termination date and notional amounts or volumes), the net mark-to-market value thereof (as of the last Business Day of such fiscal year or quarter, as applicable and for which a mark-to-market value is reasonably available).

(f) Other Information. With reasonable promptness, such other information regarding the operations, business affairs and the financial condition of the Borrower or the Restricted Subsidiaries as the Administrative Agent on behalf of any Lender (acting through the Administrative Agent) may reasonably request in writing from time to time. Notwithstanding anything to the contrary in this Section 5.01(f), neither the Borrower nor any Restricted Subsidiary will be required to disclose, permit the inspection, examination or making copies or abstracts of, or discussion of, any document, information or other matter (i) that constitutes non-financial trade secrets or non-financial proprietary information, (ii) in respect of which disclosure to the Administrative Agent or any Lender (or their respective representatives or contractors) is prohibited by any Requirement of Law or any binding confidentiality provision (so long as not entered into with the intention of circumventing this provision) or (iii) that is subject to attorney-client or similar privilege or constitutes attorney work product; provided that, to the extent any information is withheld pursuant to the foregoing, the Borrower agrees to provide written notice of the reason for such information being withheld.

(g) Budget. Within 60 days after the end of each fiscal year of the Borrower (beginning with the fiscal year ending December 31, 2021), a reasonably detailed consolidated budget for the following fiscal year as customarily prepared by management of the Borrower (including select balance sheet items of the Borrower and its Subsidiaries as of the end of the following fiscal year and a summary of the material underlying assumptions applicable thereto) (collectively, the "Budget"), which Budget shall in each case be accompanied by a certificate of an Authorized Officer stating that such Budget has been prepared in good faith on the basis of the assumptions stated therein, which assumptions were believed to be reasonable at the time of preparation of such Budget, it being understood that actual results may vary from such Budget.

(h) Production Report; List of Purchasers. Promptly after request by the Administrative Agent (at the direction of the Required Lenders), (i) a report setting forth, for each calendar month during the then current fiscal year to date, the volume of production of Hydrocarbons for each such calendar month and/or (ii) a list of Persons purchasing Hydrocarbons from any Credit Party who collectively account for at least 80% of the revenues resulting from the sale of all Hydrocarbons from the Credit Parties during the period for which such request was made; provided that, so long as no Event of Default has occurred and is

continuing, the Administrative Agent shall only be permitted to make up to two (2) requests in any fiscal year.

(i) Ratings. Within 30 days after the Closing Date (or such later date as the Required Lenders may agree), the Borrower shall use commercially reasonable efforts to obtain a public rating for the Loans from S&P and Moody's and shall continuously maintain such public ratings.

It is understood that documents required to be delivered pursuant to Sections 5.01(a) through (h) may be delivered electronically and if so delivered, shall be deemed to have been delivered on the date (a) on which such documents are transmitted by electronic mail to the Administrative Agent or (b) on which such documents are posted by the Borrower or on the Borrower's behalf on any relevant website to which each Lender and the Administrative Agent have access (whether a commercial, third-party website or whether sponsored by the Administrative Agent or the administrative agent under the FLTL Credit Agreement); *provided* that: (i) upon written request by the Administrative Agent, the Borrower shall deliver paper copies of such documents delivered pursuant to Sections 5.01(a), 5.01(b) and 5.01(c), to the Administrative Agent for further distribution to each Lender until a written request to cease delivering paper copies is given by the Administrative Agent and (ii) the Borrower shall notify (which may be by facsimile or electronic mail) the Administrative Agent of the posting of any such documents and provide to the Administrative Agent by electronic mail electronic versions (i.e., soft copies) of such documents. Each Lender shall be solely responsible for timely accessing posted documents or requesting delivery of paper copies of such documents from the Administrative Agent and maintaining its copies of such documents.

Delivery of any reports, information and documents under this Section 5.01, as well as any such reports, information and documents pursuant to this Agreement, to the Administrative Agent is for informational purposes only and the Administrative Agent's receipt of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including the Borrower's compliance with any of its covenants hereunder (as to which the Administrative Agent is entitled to rely exclusively on the Officers' Certificates). The Administrative Agent shall have no responsibility or liability for the filing, timeliness or content of any report required under this Section 5.01 or any other reports, information and documents required under this Agreement.

SECTION 5.02. Environmental Covenants.

(a) Except as could not reasonably be expected to result in a Material Liability to Holdings, the Borrower or any of its Restricted Subsidiaries, each of Holdings and the Borrower will comply, and shall cause each of its Subsidiaries (and shall use commercially reasonable efforts to cause all other Persons, if any, on or occupying any assets of Holdings, the Borrower or any of its Subsidiaries) to comply with all Environmental Laws and Environmental Permits; obtain and renew, and cause each of its Subsidiaries to obtain and renew, all Environmental Permits necessary for each of their respective operations and assets; and conduct, and cause each of its Subsidiaries to conduct, any cleanup, investigation, removal, remediation or other corrective action with respect to any actual or alleged violation of Environmental Law or in response to any Release or threatened Release of, or exposure to, any Hazardous Materials from, at or about any of their respective assets or otherwise relating to or arising out of each of their respective operations, to the extent required by, and in compliance with, all Environmental Laws.

(b) In the event and to the extent that Holdings, the Borrower or any of its Subsidiaries shall fail to promptly conduct any cleanup, investigation, removal, remediation, or other corrective action with respect to any violation of Environmental Law or any Hazardous Materials as set forth in Section 5.02(a), above, or as otherwise required by Environmental Law, Environmental Permit or a Governmental Authority, which such failure would reasonably be expected to have a Material Adverse Effect, the Administrative Agent on behalf of the Lenders may, but without the obligation to do so, for the sole purpose of protecting the Lenders' interest in the Collateral, upon five (5) Business Days' written notification to the Borrower, enter onto any Holdings, Borrower's or any Subsidiaries' property (or authorize third parties to enter onto any such Person's property)

and conduct such cleanups, investigations, removals, remediations, or other corrective actions required by Environmental Law, Environmental Permit or the Governmental Authority with respect to any such violation or Hazardous Material. All reasonable and documented costs and expenses incurred by the Administrative Agent and Lenders (or such third parties) in the exercise of any such rights under this Section 5.02(b), including any sums paid in connection with any judicial or administrative investigation or proceedings, fines and penalties, shall be paid by the Borrower within thirty (30) days of written demand by the Administrative Agent, and until paid shall be added to and become a part of the Loan Obligations.

(c) In the event there is a Release or threatened Release of, or exposure to, any Hazardous Materials or a failure to comply with any Environmental Law or Environmental Permit at Holdings', the Borrower's or any of its Subsidiaries' assets caused in whole or in part by any of such Persons, which in any event is reasonably expected to have a Material Adverse Effect, Holdings, the Borrower and each of its Subsidiaries shall comply with all reasonable written requests for information made by the Administrative Agent with respect to such matters. Such information reasonably requested may include, at the Borrowers' expense, an environmental site assessment (including invasive sampling and testing) or environmental compliance audit of any such Person's assets caused by any of Holdings, the Borrower or any of its Subsidiaries, to be prepared by a nationally recognized environmental consulting or engineering firm, to assess such Release, threatened Release, exposure or noncompliance with any Environmental Law or Environmental Permit; *provided*, however, that any environmental site assessment, environmental compliance audit or similar report acceptable to the Governmental Authority that is charged to oversee any cleanup, investigation, removal, remediation or other corrective action related to such matters shall be deemed acceptable to the Administrative Agent and the Lenders.

(d) The Borrower shall defend and indemnify the Agents and the Lenders and hold the Agents, the Lenders and their respective employees, agents, directors and officers harmless from and against all loss, liability, reasonable expense, claims, costs, monetary sanctions, fines and penalties, including, without limitation, reasonable and documented out-of-pocket attorney's fees, suffered or incurred by the Agents or the Lenders under or on account of any Environmental Claim, Hazardous Material, Environmental Law or Environmental Permit, including without limitation, with respect to the presence, Release or threatened Release of, or exposure to, any Hazardous Materials affecting Holdings', the Borrower's or any of its Subsidiaries' assets or operations whether or not the same originates or emerges from any such Person's assets or operations or as a result of any third party's conduct or operations at any nearby site or location, except to the extent such loss, liability, damage and expense is attributable to any presence, Release or threatened Release of, or exposure to, Hazardous Materials that is found by a final and non-appealable judgment of a court of competent jurisdiction to have directly and solely been caused by the gross negligence or willful misconduct of such indemnified party under this Section 5.02(d). The Borrower's obligations under this Section 5.02(d) exist regardless of whether or not any federal, state or local environmental agency has taken or threatened any action in connection with the presence, Release or threatened Release of, or exposure to, any such Hazardous Material. The Borrower's obligations and the indemnifications hereunder shall survive repayment of the Loans and all other amounts payable hereunder, and the earlier resignation or removal of any Agent.

(e) Upon reasonable request of the Administrative Agent, each of Holdings and the Borrower will make available, and shall cause each of its Subsidiaries to make available complete and correct copies of all environmental site assessments, audits and similar reports and studies, and all documentation and correspondence addressing potentially material environmental liabilities relating to Holdings, the Borrower or any of its Subsidiaries or any of their ownership or operation of the assets.

SECTION 5.03. End of Fiscal Years; Fiscal Quarters. The Borrower will, for financial reporting purposes, cause each of its, and each of its Restricted Subsidiaries', fiscal years and fiscal quarters to end on, in the case of the fiscal year, the last day of each calendar year, and in the case of any fiscal quarter, the day of each calendar quarter; *provided, however*, that the Borrower may, upon written notice to the Administrative Agent change the financial reporting convention specified above to any other financial reporting convention reasonably acceptable to the Required Lenders in their Permitted Business Judgment, in which case the Borrower and the

Administrative Agent will, and are hereby authorized by the Lenders to, make any adjustments to this Agreement that are necessary in order to reflect such change in financial reporting.

SECTION 5.04. Use of Proceeds. The Borrower will use the proceeds of the Initial Loans, together with the loans under the FLTL Facility, on the Closing Date, to consummate the Transactions and thereafter for ongoing working capital or other general corporate purposes.

SECTION 5.05. Change in Business. The Borrower and its Restricted Subsidiaries, taken as a whole, will not fundamentally and substantively alter the character of their business, taken as a whole, from the business conducted by them on the Closing Date, the business of Permitted Business Investments by the Borrower and its Restricted Subsidiaries and other business activities incidental, reasonably related or ancillary to any of the foregoing and reasonable extensions thereof.

SECTION 5.06. Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock.

(a) The Borrower shall not, and shall not permit any of its Restricted Subsidiaries to Incur any Indebtedness or issue any shares of Disqualified Stock; and the Borrower shall not permit any of its Restricted Subsidiaries (other than a Subsidiary Guarantor) to issue any shares of Preferred Stock.

(iv) Indebtedness (including Capitalized Lease Obligations) Incurred by the Borrower or any of its Restricted Subsidiaries within 180 days of the acquisition, lease, construction, repair, replacement or improvement of property (real or personal) or equipment (whether through the direct purchase of assets or the Capital Stock of any Person owning such assets) in an aggregate principal amount that, when aggregated with the principal amount of all other Indebtedness then outstanding and Incurred pursuant to this clause (iv), together with any Refinancing Indebtedness in respect thereof Incurred pursuant to clause (xi) below, does not exceed \$11,500,000 at any time outstanding;

(v) Indebtedness of the Borrower to a Restricted Subsidiary or of a Restricted Subsidiary to another Restricted Subsidiary; *provided* that any such Indebtedness owed to a Restricted Subsidiary that is not a Subsidiary Guarantor is subordinated in right of payment to the obligations of the Borrower under the Loans pursuant to an intercompany note that is reasonably satisfactory in form and substance to the Administrative Agent; *provided, further*, that any subsequent issuance or transfer of any Capital Stock or any other event which results in any such Restricted Subsidiary ceasing to be a Restricted Subsidiary or any other subsequent transfer of any such Indebtedness (except to the Borrower or another Restricted Subsidiary or any pledge of such Indebtedness constituting a Permitted Lien but

(vii) Indebtedness of a Restricted Subsidiary to the Borrower or another Restricted Subsidiary; *provided* that such Indebtedness is subordinated in right of payment to the Loan Obligations pursuant to an intercompany note that is reasonably satisfactory in form and substance to the Required Lenders and duly pledged as Collateral under the Collateral Agreement; *provided, further*, that any subsequent issuance or transfer of any Capital Stock or any other event which results in any Restricted Subsidiary holding such Indebtedness ceasing to be a Restricted Subsidiary or any other subsequent transfer of any such Indebtedness (except to the Borrower or another Restricted Subsidiary or any pledge of such Indebtedness constituting a Permitted Lien but not the transfer thereof upon foreclosure) shall be deemed, in each case, to be an Incurrence of such Indebtedness not permitted by this clause (vii);

(viii) Hedging Obligations that are not incurred for speculative purposes, including, for the avoidance of doubt (1) any Hedging Obligations for the purpose of fixing or hedging interest rate risk with respect to any Indebtedness that is permitted by the terms of this Agreement to be outstanding; (2) any Hedging Obligations for the purpose of fixing or hedging currency exchange rate risk with respect to any currency exchanges; or (3) any Hedging Obligations for the purpose of fixing or hedging commodity price risk with respect to any commodity purchases or sales (including, without limitation, any commodity Hedging Obligation that is intended in good faith, at inception of execution, to hedge or manage any of the risks related to existing and/or forecasted Hydrocarbon production (whether or not contracted)) and, in each case, extensions or replacements thereof;

(ix) Indebtedness or Disqualified Stock of the Borrower or Indebtedness, Disqualified Stock or Preferred Stock of any Restricted Subsidiary not otherwise permitted hereunder in an aggregate principal amount or liquidation preference, which when aggregated with the principal amount or liquidation preference of all other Indebtedness, Disqualified Stock and Preferred Stock then outstanding and Incurred pursuant to this clause (ix) does not exceed \$11,500,000 at the time of Incurrence;

(xi) the Incurrence by the Borrower or any of the Restricted Subsidiaries of Indebtedness or Disqualified Stock or Preferred Stock of a Restricted Subsidiary that serves to refund, refinance or defease any Indebtedness Incurred or Disqualified Stock or Preferred Stock issued as permitted under clauses (i), (ii), (iii), (iv), (ix), (x), (xiv) and (xviii) of Section 5.06(b) up to the outstanding principal amount (or, if applicable, the liquidation preference face amount, or the like) or, if greater, committed amount (only to the extent the committed amount could have been Incurred on the date of initial Incurrence) of such Indebtedness or Disqualified Stock or Preferred Stock, in each case

at the time such Indebtedness was Incurred or Disqualified Stock or Preferred Stock was issued pursuant to clauses (i), (ii), (iii), (iv), (ix), (x), (xiv) and (xviii) of Section 5.06(b), or any Indebtedness, Disqualified Stock or Preferred Stock Incurred to so substantially concurrently refund or refinance such Indebtedness, Disqualified Stock or Preferred Stock, including any additional Indebtedness, Disqualified Stock or Preferred Stock Incurred to pay accrued and unpaid interest, penalties, premiums (including tender premiums), expenses, defeasance costs, commissions, underwriting discounts and fees in connection therewith (subject to the following proviso, "Refinancing Indebtedness") prior to its respective maturity; *provided, however*, that such Refinancing Indebtedness:

- (1) shall have a Weighted Average Life to Maturity at the time such Refinancing Indebtedness is Incurred which is not less than the shorter of (x) the remaining Weighted Average Life to Maturity of the Indebtedness, Disqualified Stock or Preferred Stock being refunded, refinanced or defeased and (y) the Weighted Average Life to Maturity that would result if all payments of principal on the Indebtedness, Disqualified Stock and Preferred Stock being refunded or refinanced that were due on or after the date that is one year following the last maturity date of any Loans then outstanding were instead due on such date;
 - (2) to the extent such Refinancing Indebtedness refinances (a) Indebtedness junior to the Loans or a Guarantee, as applicable, such Refinancing Indebtedness is junior to the Loans or the Guarantee, as applicable, or unsecured, (b) Disqualified Stock or Preferred Stock, such Refinancing Indebtedness is Disqualified Stock or Preferred Stock or (c) Indebtedness that is payment subordinated to the Loans or a Guarantee, as applicable, such Refinancing Indebtedness is subordinated to the Loans or a Guarantee, as applicable, to at least the same extent pursuant to a customary subordination agreement;

(xv) Indebtedness of the Borrower or any Restricted Subsidiary consisting of (1) the financing of insurance premiums or (2) take-or-pay obligations contained in supply arrangements, in each case, in the ordinary course of business and not otherwise restricted by this Agreement;

(xvi) Indebtedness consisting of Indebtedness issued by the Borrower or a Restricted Subsidiary to current or former officers, directors and employees thereof or any direct or indirect parent thereof, their respective estates, spouses or former spouses, in each case to finance the purchase or redemption of Equity Interests of the Borrower or any Parent Entity to the extent described in clause (i) of Section 5.07(b);

(xviii) Indebtedness Incurred in connection with the financing of new equipment in order to reduce near-term capital expenditures associated with deepwater projects that is (x) not recourse to any Credit Party (other than to the equipment so financed by such Credit Party) and (y) otherwise on terms acceptable to the Required Lenders in their sole discretion, in an aggregate principal amount, which when aggregated with the principal amount or liquidation preference of all other Indebtedness, Disqualified Stock and Preferred Stock then outstanding and Incurred pursuant to this clause (xviii), together with any Refinancing Indebtedness in respect thereof incurred pursuant to clause (xi), does not exceed \$92,000,000 at the time of Incurrence (plus, in the case of any Refinancing Indebtedness, the Additional Refinancing Amount); and

(xix) Indebtedness of the Borrower or any of its Restricted Subsidiaries undertaken in connection with cash management and related activities with respect to any Subsidiary in the ordinary course of business.

For purposes of determining compliance with this Section 5.06:

(1) in the event that an item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) meets the criteria of more than one of the categories of permitted Indebtedness described in clauses (i) through (xix) of Section 5.06(b), then the Borrower shall, in its sole discretion, classify or divide, such item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) in any manner that complies with Section 5.06;

(2) if any Indebtedness denominated in U.S. Dollars is exchanged, converted or refinanced into Indebtedness denominated in a foreign currency, then (in connection with such exchange, conversion or refinancing, and thereafter), the U.S. Dollar amount limitations set forth in any of clauses (i) through (xix) of Section 5.06(b) with respect to such exchange, conversion or refinancing shall be deemed to be the amount of such foreign currency, as applicable, into which such Indebtedness has been exchanged, converted or refinanced at the time of such exchange, conversion or refinancing; and

(3) if any Indebtedness denominated in a foreign currency is exchanged, converted or refinanced into Indebtedness denominated in U.S. Dollars, then (in

connection with such exchange, conversion or refinancing, and thereafter), the U.S. Dollar amount limitations set forth in any of clauses (i) through (xix) of Section 5.06(b) with respect to such exchange, conversion or refinancing shall be deemed to be the amount of U.S. Dollars into which such Indebtedness has been exchanged, converted or refinanced at the time of such exchange, conversion or refinancing.

Accrual of interest, the accretion of accreted value, the payment of interest or dividends in the form of additional Indebtedness, Disqualified Stock or Preferred Stock, as applicable, amortization of original issue discount, the accretion of liquidation preference and increases in the amount of Indebtedness outstanding solely as a result of fluctuations in the exchange rate of currencies will not be deemed to be an Incurrence of Indebtedness, Disqualified Stock or Preferred Stock for purposes of this Section 5.06. Guarantees of, or obligations in respect of letters of credit relating to, Indebtedness which is otherwise included in the determination of a particular amount of Indebtedness shall not be included in the determination of such amount of Indebtedness; *provided* that the Incurrence of the Indebtedness represented by such guarantee or letter of credit, as the case may be, was in compliance with this Section 5.06.

For purposes of determining compliance with any U.S. Dollar-denominated restriction on the Incurrence of Indebtedness other than as provided in clauses (1) and (2) above, the U.S. Dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term debt, or first committed or first Incurred (whichever yields the lower U.S. Dollar equivalent), in the case of revolving credit debt.

Notwithstanding any other provision of this Section 5.06, the maximum amount of Indebtedness that the Borrower and its Restricted Subsidiaries may Incur pursuant to this Section 5.06 shall not be deemed to be exceeded, with respect to any outstanding Indebtedness, solely as a result of fluctuations in the exchange rate of currencies.

SECTION 5.07. Limitation on Restricted Payments.

(a) The Borrower shall not, and shall not permit any of its Restricted Subsidiaries to:

definition of “Permitted Liens” and such Lien securing such item of Indebtedness will be treated as being Incurred or existing pursuant to only one of such clauses.

SECTION 5.14. Compliance with Material Contracts. SECTION 5.15. Existence; Business and Properties. The Borrower shall, and shall cause each Restricted Subsidiary to:

(c) In connection with the covenants set forth in this Section 5.16, it is understood and agreed that:

(i) none of the Administrative Agent, the Lenders and their respective agents or employees shall be liable for any loss or damage insured by the insurance policies required to be maintained under this Section 5.16, it being understood that (A) the Credit Parties shall look solely to their insurance companies or any other parties other than the aforesaid parties for the recovery of such loss or damage and (B) such insurance companies shall have no rights of subrogation against the Administrative Agent, the Lenders or their agents or employees. If, however, the insurance policies, as a matter of the internal policy of such insurer, do not provide waiver of subrogation rights against such parties, as required above, then the Borrower, on behalf of itself and on behalf of each of its Subsidiaries, hereby agrees, to the extent permitted by law, to waive, and further agrees to cause each of its Subsidiaries to waive, its right of recovery, if any, against the Administrative Agent, the Lenders and their agents and employees; and

(ii) the designation of any form, type or amount of insurance coverage by the Administrative Agent under this Section 5.16 shall in no event be deemed a representation, warranty or advice by the Administrative Agent or the Lenders that such insurance is adequate for the purposes of the business of the Borrower and the Restricted Subsidiaries or the protection of their properties.

SECTION 5.17. Additional Collateral.

(a) In connection with the delivery of the Reserve Reports required by Sections 5.26(a) and 5.26(c), the Borrower shall review such Reserve Report and the list of current Mortgaged Properties to ascertain whether or not the PV-10 of the Mortgaged Properties evaluated in such Reserve Report represent at least 95% of the PV-10 of the Oil and Gas Properties of the Credit Parties after giving effect to exploration and production activities, acquisitions, dispositions and production. In the event the PV-10 of the Mortgaged Properties do not represent 95% of such PV-10 of the Oil and Gas Properties of the Credit Parties, the Borrower or the appropriate Subsidiary Guarantor shall, within 45 days of the date of delivery of such Reserve Report (or such later date as the Required Lenders shall reasonably agree), execute and deliver mortgages, deeds of trust, security instruments, financing statements and other Security Documents as shall be reasonably necessary to vest in the Collateral Agent a perfected security interest, subject only to Permitted Liens, such that after giving effect thereto, the PV-10 of the Mortgaged Properties will represent at least 95% of the PV-10 of the Oil and Gas Properties of the Credit Parties (but subject to the limitations described in Article VIII, the Security Documents, the Intercreditor Agreement and limitations under applicable local law).

(b) Upon any Restricted Subsidiary becoming a Subsidiary Guarantor as contemplated by Section 5.12 or the acquisition by the Borrower or any Subsidiary Guarantor of any after-acquired property (other than Excluded Assets), or upon any additional Restricted Subsidiary becoming a Subsidiary Guarantor that has after-acquired property (other than Excluded Assets), the Borrower or such Subsidiary Guarantor shall within 45 days (or such later date as the Required Lenders shall reasonably agree) of the acquisition of such property (or, in the case of a person that becomes a Subsidiary Guarantor as contemplated by Section 5.12, within the time period for such person becoming a Subsidiary Guarantor set forth therein) execute and deliver such mortgages, deeds of trust, security instruments, financing statements and other Security Documents as shall be reasonably necessary to vest in the Collateral Agent a perfected second-priority security interest, subject only to Permitted Liens, in such after-acquired property (other than Excluded Assets) and to have such after-acquired property (other than Excluded Assets) (but subject to the limitations described in Article VIII, the Security Documents, the Intercreditor Agreement and limitations under applicable local law) added to the Collateral, and thereupon all provisions of this Agreement relating to the Collateral shall be deemed to relate to such after-acquired property (other than Excluded Assets) to the same extent and with the same force and effect; *provided* that no such mortgages, deeds of trust, security instruments, financing statements and other Security Documents shall be required to be executed and delivered by the Borrower or such Subsidiary Guarantor if at least 95% of the PV-10 of the Credit Parties' total Proved Reserves shall constitute Collateral and be subject to any applicable mortgages, deeds of trust, security instruments, financing statements and other Security Documents in connection therewith.

SECTION 5.18. Payment of Taxes, etc. The Borrower shall, and shall cause each Restricted Subsidiary to, pay, discharge or otherwise satisfy its obligations in respect of all material Taxes, before the same shall become delinquent or in default, except where the amount or validity thereof is being contested in good faith by appropriate proceedings and the Borrower or a Subsidiary thereof has set aside on its books adequate reserves therefor in accordance with GAAP (or in the case of a Foreign Subsidiary, the comparable accounting principles in the relevant jurisdiction).

SECTION 5.19. Compliance with Laws. Each of Holdings, the Borrower and its Subsidiaries shall comply in all material respects with all Requirements of Law (it being understood, in the case of statutes, regulations and orders of, and all applicable restrictions imposed by, all Governmental Authorities that are specifically referred to in any other provision of this Agreement, the Credit Parties shall also be required to represent and/or comply with, as applicable, the express terms of such provision). Holdings, the Borrower and its Subsidiaries shall comply in all material respects with all Sanctions, Anti-Corruption Laws and Anti-Terrorism and Anti-Money Laundering Laws and maintain policies and procedures, such that, at all times, the representations and warranties made in Section 3.17 are true and correct.

SECTION 5.20. Further Instruments and Acts. At any time or from time to time upon the reasonable request of the Administrative Agent, each Credit Party will, at its expense, promptly execute, acknowledge and deliver such further documents and do such other acts and things as the Administrative Agent or the Collateral Agent may reasonably request in order to effect fully the purposes of the Loan Documents or to perfect or renew the rights of the Collateral Agent for the benefit of the Secured Parties with respect to the Collateral (or with respect to any additions thereto or replacements or proceeds thereof or with respect to any other property or assets hereafter acquired by Holdings or any Subsidiary that may be deemed to be part of the Collateral). In furtherance and not in limitation of the foregoing, each Credit Party shall take such actions as the Administrative Agent or the Collateral Agent may reasonably request from time to time to ensure that the Obligations are guaranteed by the Guarantors and are secured by a second-priority Lien (subject to Permitted Liens) on all of the Collateral.

Notwithstanding the foregoing provisions of this Section 5.20 or anything in this Agreement or any other Loan Document to the contrary: (A) Liens required to be granted from time to time shall be subject to exceptions and limitations set forth in the Collateral Agreement and the other Loan Documents and, to the extent appropriate in any applicable jurisdictions, as agreed between the Required Lenders in their Permitted Business Judgment and the Borrower and (B) the Collateral shall not include any Excluded Assets.

SECTION 5.21. Books, Records and Inspections.

occurred and is continuing, the Administrative Agent (or any of its representatives or independent contractors) or any representative of the Required Lenders may do any of the foregoing at the expense of the Borrower at any time during normal business hours and upon reasonable advance notice. The Administrative Agent and the Required Lenders shall give the Borrower the opportunity to participate in any discussions with the Borrower's independent public accountants. Notwithstanding anything to the contrary in this Section 5.21, neither the Borrower nor any Restricted Subsidiary will be required to disclose, permit the inspection, examination or making copies or abstracts of, or discussion of, any document, information or other matter (x) that constitutes non-financial trade secrets or non-financial proprietary information, (y) in respect of which disclosure to the Administrative Agent or any Lender (or their respective representatives or contractors) is prohibited by any Requirement of Law or any binding agreement or (z) that is subject to attorney-client or similar privilege or constitutes attorney work product; provided that, to the extent any information is withheld pursuant to the foregoing, the Borrower agrees to provide written notice of the reason for such information being withheld.

(b) The Borrower will, and will cause each of the Restricted Subsidiaries to, keep proper books of record and accounts in conformity in all material respects with GAAP.

SECTION 5.22. ERISA.

(a) Promptly after the Borrower knows or has reason to know of the occurrence of any ERISA Event that, individually or in the aggregate (including in the aggregate such ERISA Events previously disclosed or exempt from disclosure hereunder, to the extent the liability therefor remains outstanding), would be reasonably likely to result in a Material Liability to any Credit Party, the Borrower will deliver to the Administrative Agent a certificate of an Authorized Officer or any other senior officer of the Borrower setting forth details as to such occurrence and the action, if any, that Holdings, the Borrower, any of their Restricted Subsidiaries or an ERISA Affiliate, as applicable, is required or proposes to take, together with any notices (required, proposed or otherwise) given to or filed with or by Holdings, the Borrower, any such Restricted Subsidiary or any such ERISA Affiliate, the PBGC, a Plan participant (other than notices relating to an individual participant's benefits) or the Plan administrator with respect thereto. Promptly after the same is available to Holdings, the Borrower, any of their Restricted Subsidiaries or any ERISA Affiliate, the Borrower will deliver copies of (i) each Schedule SB (Actuarial Information) to the annual report (Form 5500 Series) filed by Holdings, the Borrower, any of their Restricted Subsidiaries or any ERISA Affiliate with the Internal Revenue Service, the Department of Labor or any other Governmental Authority with respect to each Plan, (ii) all notices received by Holdings, the Borrower, any of their Restricted Subsidiaries or any ERISA Affiliate from a Multiemployer Plan sponsor concerning an ERISA Event; and (iii) copies of such other documents or governmental reports or filings relating to any Employee Benefit Plan as Administrative Agent shall reasonably request.

(b) Promptly following any request therefor, the Borrower will deliver to the Administrative Agent copies of (i) any documents described in Section 101(k) of ERISA that Holdings, the Borrower, any of their Restricted Subsidiaries or any ERISA Affiliate may request with respect to any Multiemployer Plan and (ii) any notices described in Section 101(l) of ERISA that Holdings, the Borrower, any of their Restricted Subsidiaries or any ERISA Affiliate may request with respect to any Multiemployer Plan; *provided* that if Holdings, the Borrower, any of their Restricted Subsidiaries or any ERISA Affiliate has not requested such documents or notices from the administrator or sponsor of the applicable Multiemployer Plan, Holdings, the Borrower, the applicable Restricted Subsidiaries or the applicable ERISA Affiliates shall promptly make a request for such documents or notices from such administrator or sponsor and shall provide copies of such documents and notices promptly after receipt thereof.

(b) No Credit Party shall (a) amend or permit any amendments, supplements, waivers or consents under or other modifications to any Credit Party's organizational documents; or (b) amend, terminate, enter into any consent or waiver or other modification of, or permit any amendment, termination, waiver, consent or other modification of any provision of, any Material Contract, if, in either case, such amendment, termination, waiver, consent or other modification would be materially adverse to (x) the Lenders or (y) any Credit Party.

In addition, after the occurrence and during the continuance of an Event of Default, the Administrative Agent and the Lenders will have all other rights and remedies available at law and equity.

The foregoing shall constitute Events of Default whatever the reason for any such Event of Default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body.

SECTION 6.02. Application of Proceeds. Any amount received by the Administrative Agent or the Collateral Agent from any Credit Party (or from proceeds of any Collateral) following any acceleration of the Obligations under this Agreement or any Event of Default with respect to the Borrower under Section 6.01(e) shall, subject to the terms of the Intercreditor Agreement, be applied:

First, to payment of that portion of the Loan Obligations constituting fees, indemnities, expenses and other amounts (including fees, disbursements and other charges of counsel payable under Section 7.07 and amounts payable under Article II) payable to the Administrative Agent and/or Collateral Agent in such Person's capacity as such;

Second, to payment of that portion of the Loan Obligations constituting fees, indemnities and other amounts (other than principal and interest) payable to the Lenders (including fees, disbursements and other charges of counsel payable under Section 7.07) arising under the Loan Documents and amounts payable under Article II, ratably among them in proportion to the respective amounts described in this clause Second payable to them;

Third, to payment of that portion of the Loan Obligations constituting accrued and unpaid interest on the Loans, ratably among the Lenders in proportion to the respective amounts described in this clause held by them;

Fourth, to payment of that portion of the Loan Obligations constituting unpaid principal of the Loans, ratably among the Lenders in proportion to the respective amounts described in this clause held by them;

Fifth, to the payment of all other Loan Obligations of the Credit Parties owing under or in respect of the Loan Documents that are due and payable to the Administrative Agent and the other Secured Parties on such date, ratably based upon the respective aggregate amounts of all such Loan Obligations owing to the Administrative Agent and the other Secured Parties on such date; and

Last, the balance, if any, after all of the Loan Obligations have been paid in full, to the Borrower or as otherwise required by Requirements of Law.

SECTION 6.03. Control by Majority. The Required Lenders may direct the time, method and place of conducting any proceeding for any remedy available to the Administrative Agent or of exercising any trust or power conferred on the Administrative Agent. However, the Administrative Agent may refuse to follow any direction that conflicts with law or this Agreement or, subject to Article VII, that the Administrative Agent determines is unduly prejudicial to the rights of any other Lender or that would involve the Administrative Agent in personal liability or expenses for which it is not adequately indemnified in the Administrative Agent's sole discretion; *provided, however*, that the Administrative Agent may take any other action deemed proper by the Administrative Agent that is not inconsistent with such direction.

SECTION 6.04. Limitation on Suits. In no event shall the Required Lenders, without the prior written consent of each Lender, direct the Administrative Agent to accelerate and demand payment of the Loans held by one Lender without accelerating and demanding payment of all other Loans. Each Lender agrees that, except as otherwise provided in any of the Loan Documents and without the prior written consent of the Required Lenders, it will not take any legal action or institute any action or proceeding against any Credit Party with respect to any of the Loan Obligations or Collateral, or accelerate or otherwise enforce its portion of the Loan Obligations. Without limiting the generality of the foregoing, none of Lenders may exercise any right that it might otherwise have under applicable law to credit bid at foreclosure sales, uniform commercial code sales or other similar sales or dispositions of any of the Collateral except as authorized by the Required Lenders. Notwithstanding anything to the contrary set forth in this Section 6.04 or elsewhere herein, each Lender shall be authorized to take such action to preserve or enforce its rights against any Credit Party where a deadline or limitation period is otherwise applicable and would, absent the taking of specified action, bar the enforcement of Loan Obligations held by such Lender against such Credit Party, including the filing of proofs of claim in any insolvency proceeding.

ARTICLE VII

(a) Each Lender hereby irrevocably designates and appoints the Administrative Agent as the agent of such Lender under this Agreement and the other Loan Documents and irrevocably authorizes the Administrative Agent, in such capacity, to take such action on its behalf under the provisions of this Agreement and the other Loan Documents and to exercise such powers and perform such duties as are expressly delegated to the Administrative Agent by the terms of this Agreement and the other Loan Documents, together with such other powers as are reasonably incidental thereto. Notwithstanding any provision to the contrary elsewhere in this Agreement, the Administrative Agent shall not have any duties or responsibilities, except those expressly set forth herein and in the other Loan Documents, or any fiduciary relationship with any Lender or any Credit Party, and no implied covenants, functions, responsibilities, duties, obligations or liabilities shall be read into this Agreement or any other Loan Document or otherwise exist against the Administrative Agent.

(b) The Administrative Agent and each Lender hereby irrevocably designate and appoint the Collateral Agent as the agent with respect to the Collateral, and each of the Administrative Agent and each Lender irrevocably authorizes the Collateral Agent, in such capacity, to take such action on its behalf under the provisions of this Agreement and the other Loan Documents and to execute and deliver the Security Documents (including the amendments thereto in connection with this Agreement) and to exercise such powers and perform such duties as are expressly delegated to the Collateral Agent by the terms of this Agreement and the other Loan Documents, together with such other powers as are reasonably incidental thereto. Notwithstanding any provision to the contrary elsewhere in this Agreement, the Collateral Agent shall not have any duties or responsibilities except those expressly set forth herein and in the other Loan Documents, or any fiduciary relationship with any of the Administrative Agent, the Lenders or the Credit Parties, and no implied covenants, functions, responsibilities, duties, obligations or liabilities shall be read into this Agreement or any other Loan Document or otherwise exist against the Collateral Agent.

(c) The provisions of this Article VII are solely for the benefit of the Agents and the Lenders, and no Credit Party shall have rights as a third-party beneficiary of any such provisions (other than as set forth in Section 7.09, 7.11 and 7.14). Without limiting the generality of the foregoing, the Agents are expressly authorized to execute each of the Loan Documents and any and all documents (including releases) with respect to the Collateral and any rights of the Secured Parties with respect thereto as contemplated by and in accordance with the provisions of this Agreement and the other Loan Documents, in each case, binding the Lenders to the terms thereof.

SECTION 7.02. Delegation of Duties. The Administrative Agent and the Collateral Agent may each execute any of its duties under this Agreement and the other Loan Documents by or through agents, sub-agents, employees or attorneys-in-fact (each, a “Subagent”) and shall be entitled to advice of counsel concerning all matters pertaining to such duties; *provided, however*, that no such Subagent shall be authorized to take any action with respect to any Collateral unless and except to the extent expressly authorized in writing by the Administrative Agent. If any Subagent, or successor thereto, shall die, become incapable of acting, resign or be removed, all rights, powers, privileges and duties of such Subagent, to the extent permitted by law, shall automatically vest in and be exercised by the Administrative Agent until the appointment of a new Subagent. Neither the Administrative Agent nor the Collateral Agent shall be responsible for the negligence or misconduct of any Subagents selected by it in the absence of gross negligence or willful misconduct. The exculpatory, indemnification and other provisions of this Article VII shall apply to any such Subagent and to the Affiliates of the Agents and any such Subagent.

SECTION 7.03. Exculpatory Provisions. No Agent nor any of its officers, directors, employees, agents, attorneys-in-fact or Affiliates shall be (a) liable for any action lawfully taken or omitted to be taken by any of them under or in connection with this Agreement or any other Loan Document, including in such Agent’s Permitted Business Judgment (except for its or such Person’s own gross negligence or willful misconduct, as determined in the final judgment of a court of competent jurisdiction, in connection with its duties expressly set forth herein), (b) responsible in any manner to any of the Lenders or any participant for any recitals, statements, representations or warranties made by any of the Borrower, any other Credit Party or any officer thereof contained in this Agreement or any other Loan Document or in any certificate, report, statement or other document referred to or provided for in, or received by such Agent under or in connection with, this Agreement or any other Loan Document or for the value, validity, effectiveness, genuineness, enforceability or sufficiency of this Agreement or any other Loan Document, or for any failure of the Borrower or any other Credit Party to perform its obligations hereunder or thereunder or (c) subject to any fiduciary or other implied duties, regardless of whether a Default or an Event of Default has occurred and is continuing. No Agent shall be under any obligation to any Lender to ascertain or to inquire as to the observance or performance of any of the agreements contained in, or conditions of, this Agreement or any other Loan Document, or to inspect the properties, books or records of any Credit Party or any Affiliate thereof. The Collateral Agent shall not be under any obligation to the Administrative Agent or any Lender to ascertain or to inquire as to the observance or performance of any of the agreements contained in, or conditions of, this Agreement or any other Loan Document, or to inspect the properties, books or records of any Credit Party.

SECTION 7.04. Reliance by Agents. The Administrative Agent and the Collateral Agent shall be entitled to rely, and shall be fully protected in relying, upon any writing, resolution, notice, consent, certificate, affidavit, letter, telecopy, telex or teletype message, statement, order or other document or instruction believed by it to be genuine and correct and to have been signed, sent or made by the proper Person or Persons and upon advice and statements of legal counsel (including counsel to the Borrower), independent accountants and other experts selected by the Administrative Agent or the Collateral Agent. The Administrative Agent and the Collateral Agent may deem and treat the Lender specified in the Register with respect to any amount owing hereunder as the owner thereof for all purposes unless a written notice of assignment, negotiation or transfer thereof shall have been filed with the Administrative Agent. The Administrative Agent and the Collateral Agent shall be fully justified in failing or refusing to take any action under this Agreement or any other Loan Document unless it shall first receive such advice or concurrence of the Required Lenders as it deems appropriate or it shall first be indemnified to its satisfaction by the Lenders against any and all losses, liability and expense that may be incurred by it by reason of taking or continuing to take any such action. The Administrative Agent and the Collateral Agent shall in all cases be fully protected in acting, or in refraining from acting, under this Agreement and the other Loan Documents in accordance with a request of the Required Lenders, including in the Administrative Agent's sole discretion, instructions from legal counsel to the Required Lenders (which, as of the date hereof, is Davis Polk & Wardwell LLP), and such request and any action taken or failure to act pursuant thereto shall be binding upon all the Lenders and all future holders of the Loans; *provided* that the Administrative Agent and Collateral Agent shall not be required to take any action that, in its opinion or in the opinion of its counsel, may expose it to liability or that is contrary to any Loan Document or applicable Requirements of Law. The Agents shall be entitled to rely upon, and shall not incur any liability for relying upon, any notice, request, certificate, consent, statement, instrument, document or other writing (including any electronic message, Internet or intranet website posting or other distribution) believed by it to be genuine and to have been signed, sent, or otherwise authenticated by a proper person. The Agents may also rely upon any statement made to it orally and believed by it to have been made by a proper person, and shall not incur any liability for relying thereon. In determining compliance with any condition hereunder to the making of a Loan that by its terms must be fulfilled to the satisfaction of a Lender, the Administrative Agent may presume that such condition is satisfactory to such Lender unless the Administrative Agent shall have received written notice to the contrary from such Lender prior to the making of such Loan. The Agents may consult with legal counsel (who may be counsel for the Required Lenders), independent accountants and other advisors selected by it, and shall not be liable for any action taken or not taken by it in accordance with the advice of any such counsel, accountants or advisors.

SECTION 7.05. Notice of Default. Neither the Administrative Agent nor the Collateral Agent shall be deemed to have knowledge or notice of the occurrence of any Default or Event of Default hereunder unless the Administrative Agent or Collateral Agent, as applicable, has received written notice from a Lender or the Borrower referring to this Agreement, describing such Default or Event of Default and stating that such notice is a "notice of default". In the event that the Administrative Agent receives such a notice, it shall give notice thereof to the Lenders and the Collateral Agent. The Administrative Agent shall take such action with respect to such Default or Event of Default as shall be reasonably directed by the Required Lenders; *provided* that unless and until the Administrative Agent shall have received such directions, the Administrative Agent may (but shall not be obligated to) take such action, or refrain from taking such action, with respect to such Default or Event of Default as it shall deem advisable in the best interests of the Lenders except to the extent that this Agreement requires that such action be taken only with the approval of the Required Lenders or each individual Lender, as applicable.

SECTION 7.06. Non-Reliance on Administrative Agent, Collateral Agent and Other Lenders. Each Lender expressly acknowledges that neither the Administrative Agent nor the Collateral Agent nor any of their respective officers, directors, employees, agents, attorneys-in-fact or Affiliates has made any representations or warranties to it and that no act by the Administrative Agent or Collateral Agent hereafter taken, including any review of the affairs of the Borrower or any other Credit Party, shall be deemed to constitute any representation or warranty by the Administrative Agent or Collateral Agent to any Lender. Each Lender represents to the Administrative Agent and the Collateral Agent that it has, independently and without reliance upon the Administrative Agent, Collateral Agent or any other Lender, and based on such documents and

information as it has deemed appropriate, made its own appraisal of and investigation into the business, operations, property, financial and other condition and creditworthiness of the Borrower and each other Credit Party and made its own decision to make its Loans hereunder and enter into this Agreement. Each Lender also represents that it will, independently and without reliance upon the Administrative Agent, Collateral Agent or any other Lender, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit analysis, appraisals and decisions in taking or not taking action under this Agreement and the other Loan Documents, and to make such investigation as it deems necessary to inform itself as to the business, operations, property, financial and other condition and creditworthiness of the Borrower and any other Credit Party. Except for notices, reports and other documents expressly required to be furnished to the Lenders by the Administrative Agent hereunder, neither the Administrative Agent nor the Collateral Agent shall have any duty or responsibility to provide any Lender with any credit or other information concerning the business, assets, operations, properties, financial condition, prospects or creditworthiness of the Borrower or any other Credit Party that may come into the possession of the Administrative Agent or Collateral Agent or any of their respective officers, directors, employees, agents, attorneys-in-fact or Affiliates. The Agents shall not be responsible for or have any duty to ascertain or inquire into (i) any statement, warranty or representation made in or in connection with any Loan Document, (ii) the contents of any certificate, report or other document delivered hereunder or thereunder or in connection herewith or therewith, (iii) the performance or observance of any of the covenants, agreements or other terms or conditions set forth in any Loan Document or the occurrence of any Default or Event of Default, (iv) the validity, enforceability, effectiveness or genuineness of any Loan Document or any other agreement, instrument or document or (v) the satisfaction of any condition set forth in Article IV or elsewhere in any Loan Document. Whenever in the administration of this Agreement, or pursuant to any of the Loan Documents, the Agents shall deem it necessary or desirable (in each case, in its sole discretion) that a matter be proved or established with respect to Borrower or the Guarantors in connection with the taking, suffering or omitting of any action hereunder by the, such matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively provided or established by an Officers' Certificate and such certificate shall be full warranty to such Agent for any action taken, suffered or omitted in reliance thereon. In no event shall the Agents be responsible or liable for any failure or delay in the performance of its obligations hereunder arising out of or caused by, directly or indirectly, forces beyond its control, including, without limitation, strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, future changes in applicable law or regulation, and interruptions, loss or malfunctions of utilities, communications or computer (software and hardware) services; it being understood that the Agents shall use reasonable efforts consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.

SECTION 7.07. Indemnification. The Lenders agree to indemnify the Administrative Agent and the Collateral Agent, each in its capacity as such (to the extent not reimbursed by the Credit Parties and without limiting the obligation of the Credit Parties to do so), ratably according to their respective portions of the Loans, as applicable, outstanding in effect on the date on which indemnification is sought (or, if indemnification is sought after the date upon which the Loans shall have been paid in full, ratably in accordance with their respective portions of the Loans in effect immediately prior to such date), from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind whatsoever that may at any time (including at any time following the payment of the Loans) occur, be imposed on, incurred by or asserted against the Administrative Agent or the Collateral Agent in any way relating to or arising out of this Agreement, any of the other Loan Documents or any documents contemplated by or referred to herein or therein or the transactions contemplated hereby or thereby or any action taken or omitted by the Administrative Agent or the Collateral Agent under or in connection with any of the foregoing, IN ALL CASES, WHETHER OR NOT CAUSED BY OR ARISING, IN WHOLE OR IN PART, OUT OF THE COMPARATIVE, CONTRIBUTORY, OR SOLE NEGLIGENCE OF SUCH AGENT; *provided* that no Lender shall be liable to the Administrative Agent or the Collateral Agent for the payment of any portion of such liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements resulting from such Agent's, as applicable, gross negligence or willful misconduct as determined by a final judgment of a court of competent jurisdiction; *provided, further*, that no action taken in accordance with the directions of the Required Lenders (or such other number or percentage of the Lenders as shall be required by

the Loan Documents) shall be deemed to constitute gross negligence or willful misconduct for purposes of this Section 7.07. In the case of any investigation, litigation or proceeding giving rise to any liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind whatsoever that may at any time occur (including at any time following the payment of the Loans), this Section 7.07 applies whether any such investigation, litigation or proceeding is brought by any Lender or any other Person. Without limitation of the foregoing, each Lender shall reimburse the Administrative Agent and the Collateral Agent upon demand for its ratable share of any fees, costs or out-of-pocket expenses (including attorneys' fees) incurred by such Agent in connection with the preparation, execution, delivery, administration, modification, amendment or enforcement (whether through negotiations, legal proceedings or otherwise) of, or legal advice rendered in respect of rights or responsibilities under, this Agreement, any other Loan Document, or any document contemplated by or referred to herein, to the extent that such Agent is not reimbursed for such expenses by or on behalf of the Borrower; *provided* that such reimbursement by the Lenders shall not affect the Borrower's continuing reimbursement obligations with respect thereto. If any indemnity furnished to any Agent for any purpose shall, in the opinion of such Agent, be insufficient or become impaired, such Agent may call for additional indemnity and cease, or not commence, to do the acts indemnified against until such additional indemnity is furnished; *provided*, in no event shall this sentence require any Lender to indemnify any Agent against any liability, obligation, loss, damage, penalty, action, judgment, suit, cost, expense or disbursement in excess of such Lender's pro rata portion thereof; and *provided further*, this sentence shall not be deemed to require any Lender to indemnify any Agent against any liability, obligation, loss, damage, penalty, action, judgment, suit, cost, expense or disbursement resulting from such Agent's gross negligence or willful misconduct, as determined in the final judgment of a court of competent jurisdiction. The agreements in this Section 7.07 shall survive the payment of the Loans and all other amounts payable hereunder, or the earlier resignation or removal of the Agents.

SECTION 7.08. Agents in Their Individual Capacity. Each Agent and its Affiliates may make loans to, accept deposits from and generally engage in any kind of business with the Borrower and any other Credit Party as though such Agent were not an Agent hereunder and under the other Loan Documents. With respect to the Loans made by it, each Agent shall have the same rights and powers under this Agreement and the other Loan Documents as any Lender and may exercise the same as though it were not an Agent, and the terms "Lender" and "Lenders" shall include each Agent in its individual capacity.

SECTION 7.09. Successor Agents. Each of the Administrative Agent and Collateral Agent may at any time give notice of its resignation to the Lenders and the Borrower, and the Borrower or the Required Lenders may at any time that the Administrative Agent or the Collateral Agent becomes a Defaulting Agent deliver notice of removal to the Administrative Agent or Collateral Agent, as applicable. Upon receipt of any such notice of resignation or removal, the Required Lenders shall have the right, subject to the consent of the Borrower (not to be unreasonably withheld or delayed) so long as no Event of Default is continuing, to appoint a successor, which shall be a bank with an office in the United States, or an Affiliate of any such bank with an office in the United States or another institution providing third party loan agency services. If, in the case of a resignation of a retiring Agent, no such successor shall have been so appointed by the Required Lenders and shall have accepted such appointment within 30 days after the retiring Agent gives notice of its resignation, then the retiring Agent may on behalf of the Lenders, appoint a successor Agent meeting the qualifications set forth above; *provided* that if the retiring Agent shall notify the Borrower and the Lenders that no qualifying Person has accepted such appointment, then such resignation shall nonetheless become effective in accordance with such notice and (1) the retiring Agent shall be discharged from its duties and obligations hereunder and under the other Loan Documents (except in the case of the Collateral Agent holding collateral security on behalf of any Secured Parties, the retiring Collateral Agent shall continue to hold such collateral security as nominee until such time as a successor Collateral Agent is appointed) and (2) all payments, communications and determinations provided to be made by, to or through such Agent shall instead be made by or to each Lender directly, until such time as the Required Lenders appoint a successor Agent as provided for above in this Section 7.09. Upon the acceptance of a successor's appointment as the Administrative Agent or Collateral Agent, as the case may be, hereunder, and upon the execution and filing or recording of such financing statements, or amendments thereto, and such other instruments or notices, as may be necessary or desirable, or

as the Required Lenders may request, in order to continue the perfection of the Liens granted or purported to be granted by the Security Documents, such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of the retiring (or retired) Agent, and the retiring Agent shall be discharged from all of its duties and obligations hereunder or under the other Loan Documents (if not already discharged therefrom as provided above in this Section). The fees payable by the Borrower (following the effectiveness of such appointment) to such Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Borrower and such successor. After the retiring Agent's resignation hereunder and under the other Loan Documents, the provisions of this Article VII (including Section 7.07) and Section 8.05 shall continue in effect for the benefit of such retiring Agent, its Subagents and their respective Related Parties in respect of any actions taken or omitted to be taken by any of them while the retiring Agent was acting as an Agent.

SECTION 7.10. Payments Set Aside. To the extent that any payment by or on behalf of the Borrower is made to the Administrative Agent, the Collateral Agent or any Lender, or the Administrative Agent, the Collateral Agent or any Lender exercises its right of setoff, and such payment or the proceeds of such setoff or any part thereof is subsequently invalidated, declared to be fraudulent or preferential, set aside or required (including pursuant to any settlement entered into by the Administrative Agent, the Collateral Agent or such Lender in its discretion) to be repaid to a trustee, receiver or any other party, in connection with any proceeding under the Bankruptcy Code or otherwise, then (a) to the extent of such recovery, the obligation or part thereof originally intended to be satisfied shall be revived and continued in full force and effect as if such payment had not been made or such setoff had not occurred and (b) each Lender severally agrees to pay to the Administrative Agent or the Collateral Agent, as applicable, upon demand its applicable share (without duplication) of any amount so recovered from or repaid by the Administrative Agent or the Collateral Agent, as applicable, plus interest thereon from the date of such demand to the date such payment is made at a rate per annum equal to the applicable Federal Funds Rate from time to time in effect, in the applicable currency of such recovery or payment. The obligations of the Lenders under clause (b) of the preceding sentence shall survive the payment in full of the Loan Obligations and the termination of this Agreement, or the earlier resignation or removal of the Agent.

SECTION 7.11. [Bankruptcy Plan Voting. In case of the pendency of any proceeding under the Bankruptcy Code or other judicial proceeding relative to any Credit Party, each Lender shall submit any vote on a plan of reorganization or similar disposition plan of restructuring or liquidation (a "Reorganization Plan") to the Administrative Agent so that it is received by the Administrative Agent no later than three (3) Business Days prior to voting deadline established pursuant to the terms of such Reorganization Plan or any court order establishing voting procedures with respect to the Reorganization Plan (the "Voting Procedures Order"). If Lenders constituting more than half of the total number of Lenders and having or holding more than two-thirds of the aggregate outstanding Loans of all Lenders at such time timely vote to accept the Reorganization Plan, the Administrative Agent shall submit a ballot on behalf of all Lenders voting to accept the Reorganization Plan in accordance with the terms of the Reorganization Plan or the Voting Procedures Order. If Lenders constituting more than half of the total number of Lenders and having or holding more than two-thirds of the aggregate outstanding Loans at such time of all Lenders do not timely vote to accept the Reorganization Plan, the Administrative Agent shall submit a ballot on behalf of all Lenders voting to reject the Reorganization Plan in accordance with the terms of the Reorganization Plan or the Voting Procedures Order. For purposes of calculating the total number of Lenders and the number of Lenders voting to accept the Reorganization Plan, Lenders that are Affiliates shall be deemed to be a single Lender holding a single claim with respect to each class of creditors in which such Lenders and Affiliates are included. No Lender may submit a ballot with respect to a Reorganization Plan in contravention of the procedures set forth in this Section 7.11, and the Administrative Agent is irrevocably authorized by each Lender to withdraw any vote submitted by such Lender in contravention of the procedures set forth in this Section 7.11.]

SECTION 7.12. Administrative Agent May File Proofs of Claim. In case of the pendency of any proceeding under the Bankruptcy Code or any other judicial proceeding relative to any Credit Party, the Administrative Agent (irrespective of whether the principal of any Loan shall then be due and payable as herein expressed or by declaration or otherwise and irrespective of whether the Administrative Agent shall

have made any demand on the Borrower) shall be entitled and empowered, by intervention in such proceeding or otherwise, (i) to file and prove a claim for the whole amount of the principal and interest owing and unpaid in respect of the Loans and all other Loan Obligations that are owing and unpaid and to file such other documents as may be necessary or advisable in order to have the claims of the Lenders and the Administrative Agent (including any claim for the reasonable compensation, expenses, disbursements and advances of the Lenders and the Administrative Agent and their respective agents and counsel and all other amounts due the Lenders and the Administrative Agent under Section 8.05) allowed in such judicial proceeding and (ii) to collect and receive any monies or other property payable or deliverable on any such claims and to distribute the same; and any custodian, receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Lender to make such payments to the Administrative Agent and, if the Administrative Agent shall consent to the making of such payments directly to the Lenders, to pay to the Administrative Agent any amount due for the reasonable compensation, expenses, disbursements and advances of the Administrative Agent and its agents and counsel, and any other amounts due the Administrative Agent under Section 8.05. Nothing contained herein shall be deemed to authorize the Administrative Agent to authorize or consent to or accept or adopt on behalf of any Lender any plan of reorganization, arrangement, adjustment or composition affecting the Loan Obligations or the rights of any Lender to authorize the Administrative Agent to vote in respect of the claim of any Lender or in any such proceeding.

SECTION 7.13. Collateral Matters. (a) The Lenders irrevocably authorize the Collateral Agent, at its option and in its discretion or in accordance with the instructions and Officers' Certificates delivered to the Collateral Agent in connection therewith, to release any Lien on any property granted to or held by the Collateral Agent under any Loan Document (i) upon payment in full of all Loan Obligations (other than contingent indemnification obligations and expense reimbursement claims to the extent no claim therefor has been made), (ii) if approved, authorized or ratified in writing in accordance with Section 8.01, (iii) pursuant to the Intercreditor Agreement or the Security Documents or (iv) pursuant to Section 8.19. Upon request by the Collateral Agent at any time, the Required Lenders will confirm in writing the Collateral Agent's authority to release its interest in particular types or items of property in accordance with this Section; *provided* that the Collateral Agent shall rely conclusively on Officers' Certificates and instruction delivered by the Borrower or the other Credit Parties in connection herewith.

(b) Each Secured Party hereby further authorizes the Administrative Agent or Collateral Agent, as applicable, on behalf of and for the benefit of Secured Parties, to be the agent for and representative of the Secured Parties with respect to the Security Documents. Subject to Section 8.01, without further written consent or authorization from any Secured Party, the Administrative Agent or Collateral Agent, as applicable, may (a) execute any documents or instruments necessary in connection with a disposition of assets permitted by this Agreement, (b) release any Lien encumbering any item of Collateral that is the subject of such disposition of assets permitted hereunder or with respect to which Required Lenders (or such other Lenders as may be required to give such consent under Section 8.01) have otherwise consented or (c) release any Guarantor from the Guarantee with respect to which Required Lenders (or such other Lenders as may be required to give such consent under Section 8.01) have otherwise consented.

(c) The Agents shall not be responsible for or have a duty to ascertain or inquire into any representation or warranty regarding the existence, value or collectability of the Collateral, the existence, priority or perfection of the Collateral Agent's Lien thereon, or any certificate prepared by any Credit Party in connection therewith, nor shall an Agent be responsible or liable to the Lenders for any failure to monitor or maintain any portion of the Collateral, including the filing of any UCC financing or continuation statements.

SECTION 7.14. Intercreditor Agreement and Other Collateral Matters. The Lenders hereby agree to the terms of the Intercreditor Agreement and acknowledge that CFS (and any Collateral Agent under the Security Documents and the Intercreditor Agreement) will be serving as Collateral Agent for the Secured Parties under the Security Documents and the Intercreditor Agreement and in other capacities contemplated thereby. Each Lender hereby consents to CFS and any successor serving in such capacities and agrees not to assert any

claim (including as a result of any conflict of interest) against CFS, or any such successor, arising from the role of the Collateral Agent under the Security Documents or the Intercreditor Agreement so long as the Collateral Agent is either acting in accordance with the express terms of such documents or otherwise has not engaged in gross negligence or willful misconduct as found by a final non-appealable judgment of a court of competent jurisdiction. Each Lender hereby consents to CFS and any successor serving in such capacities and agrees not to assert any claim (including as a result of any conflict of interest) against CFS, or any such successor, arising from the role of the Collateral Agent under the Security Documents so long as the Collateral Agent is either acting in accordance with the express terms of such documents or otherwise has not engaged in gross negligence or willful misconduct as found by a final non-appealable judgment of a court of competent jurisdiction. In addition, the Administrative Agent and the Collateral Agent shall be authorized, without the consent of any Secured Party, to enter into or execute the Security Documents and the Intercreditor Agreement on or prior to the Closing Date, and, from time to time, to execute or to enter into amendments of, and amendments and restatements of, the Security Documents and the Intercreditor Agreement and any additional and replacement intercreditor agreements, including the Customary Intercreditor Agreements, in each case in order to effect the subordination of and to provide for certain additional rights, obligations and limitations in respect of, any Liens required by the terms of this Agreement to be Liens junior to, *pari passu* with or senior to the Loan Obligations, that are, in each case, incurred in accordance with Article V of this Agreement, and to establish certain relative rights as between the holders of the Loan Obligations and the holders of the Indebtedness secured by such Liens.

SECTION 7.15. Withholding Tax. To the extent required by any applicable Requirement of Law, the Administrative Agent may withhold from any payment to any Lender an amount equivalent to any applicable withholding tax. If the IRS or any authority of the United States or other jurisdiction asserts a claim that the Administrative Agent did not properly withhold tax from amounts paid to or for the account of any Lender for any reason (including because the appropriate form was not delivered, was not properly executed, or because such Lender failed to notify the Administrative Agent of a change in circumstances that rendered the exemption from, or reduction of, withholding tax ineffective), such Lender shall indemnify the Administrative Agent (to the extent that the Administrative Agent has not already been reimbursed by any applicable Credit Party and without limiting the obligation of any applicable Credit Party to do so) fully for all amounts paid, directly or indirectly, by the Administrative Agent as Tax or otherwise, including penalties, additions to Tax and interest, together with all expenses incurred, including legal expenses, allocated staff costs and any out of pocket expenses. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender under this Agreement or any other Loan Document against any amount due to the Administrative Agent under this Section 7.15.

SECTION 7.16. Erroneous Payment.

(a) If the Administrative Agent notifies a Lender or Secured Party, or any Person who has received funds on behalf of a Lender or Secured Party (any such Lender, Issuing Bank, Secured Party or other recipient, a "Payment Recipient") that the Administrative Agent has determined in its sole discretion (whether or not after receipt of any notice under immediately succeeding clause (b)) that any funds received by such Payment Recipient from the Administrative Agent or any of its Affiliates were erroneously transmitted to, or otherwise erroneously or mistakenly received by, such Payment Recipient (whether or not known to such Lender, Secured Party or other Payment Recipient on its behalf) (any such funds, whether received as a payment, prepayment or repayment of principal, interest, fees, distribution or otherwise, individually and collectively, an "Erroneous Payment") and demands the return of such Erroneous Payment (or a portion thereof) (provided, that without limiting any other rights or remedies (whether at law or in equity), the Administrative Agent may not make any such demand under this sentence with respect to an Erroneous Payment unless such demand is made within ten (10) Business Days of the date of receipt of such Erroneous Payment by the applicable Payment Recipient), such Erroneous Payment shall at all times remain the property of the Administrative Agent and shall be segregated by the Payment Recipient and held in trust for the benefit of the Administrative Agent, and such Lender or Secured Party shall (or, with respect to any Payment Recipient who received such funds on its behalf, shall cause such Payment Recipient to) promptly, but in no event later than two Business Days thereafter, return to the Administrative Agent the amount of any such Erroneous Payment (or portion thereof) as to which such a

demand was made, in same day funds (in the currency so received). A notice of the Administrative Agent to any Payment Recipient under this clause (a) shall be conclusive, absent manifest error.

(b) Without limiting immediately preceding clause (a), each Lender and Secured Party hereby further agrees that if it (or any Payment Recipient who on its behalf) receives a payment, prepayment or repayment (whether received as a payment, prepayment or repayment of principal, interest, fees, distribution or otherwise) from the Administrative Agent (or any of its Affiliates) (x) that is in a different amount than, or on a different date from, that specified in a notice of payment, prepayment or repayment sent by the Administrative Agent (or any of its Affiliates) with respect to such payment, prepayment or repayment, (y) that was not preceded or accompanied by a notice of payment, prepayment or repayment sent by the Administrative Agent (or any of its Affiliates), or (z) that such Lender or Secured Party, or other such recipient, otherwise becomes aware was transmitted, or received, in error or by mistake (in whole or in part) in each case:

(i) (A) in the case of immediately preceding clauses (x) or (y), an error shall be presumed to have been made (absent written confirmation from the Administrative Agent to the contrary) or (B) an error has been made (in the case of immediately preceding clause (z)), in each case, with respect to such payment, prepayment or repayment; and

(ii) such Lender or Secured Party shall (and shall cause any other recipient that receives funds on its respective behalf to) promptly (and, in all events, within one Business Day of its knowledge of such error) notify the Administrative Agent of its receipt of such payment, prepayment or repayment, the details thereof (in reasonable detail) and that it is so notifying the Administrative Agent pursuant to this Section 7.16(b).

(c) Each Lender or Secured Party hereby authorizes the Administrative Agent to set off, net and apply any and all amounts at any time owing to such Lender or Secured Party under any Loan Document, or otherwise payable or distributable by the Administrative Agent to such Lender or Secured Party from any source, against any amount due to the Administrative Agent under immediately preceding clause (a) or under the indemnification provisions of this Agreement.

(d) In the event that an Erroneous Payment (or portion thereof) is not recovered by the Administrative Agent for any reason, after demand therefor by the Administrative Agent in accordance with immediately preceding clause (a), from any Lender that has received such Erroneous Payment (or portion thereof) (and/or from any Payment Recipient who received such Erroneous Payment (or portion thereof) on its respective behalf) (such unrecovered amount, an “Erroneous Payment Return Deficiency”), upon the Administrative Agent’s notice to such Lender at any time, (i) such Lender shall be deemed to have assigned its Loans with respect to which such Erroneous Payment was made (the “Erroneous Payment Impacted Loans”) in an amount equal to the Erroneous Payment Return Deficiency (or such lesser amount as the Administrative Agent may specify) (such assignment of the Loans of the Erroneous Payment Impacted Loans, the “Erroneous Payment Deficiency Assignment”) at par plus any accrued and unpaid interest (with the assignment fee to be waived by the Administrative Agent in such instance), and is hereby (together with the Borrower) deemed to execute and deliver an Assignment and Acceptance (or, to the extent applicable, an agreement incorporating an Assignment and Acceptance by reference pursuant to the Platform as to which the Administrative Agent and such parties are participants) with respect to such Erroneous Payment Deficiency Assignment, and such Lender shall deliver any Notes evidencing such Loans to the Borrower or the Administrative Agent, (ii) the Administrative Agent as the assignee Lender shall be deemed to acquire the Erroneous Payment Deficiency Assignment, (iii) upon such deemed acquisition, the Administrative Agent as the assignee Lender shall become a Lender, as applicable, hereunder with respect to such Erroneous Payment Deficiency Assignment and the assigning Lender shall cease to be a Lender hereunder with respect to such Erroneous Payment Deficiency Assignment, excluding, for the avoidance of doubt, its obligations under the indemnification provisions of this Agreement which shall survive as to such assigning Lender and (iv) the Administrative Agent may reflect in the Register its ownership interest in the Loans subject to the Erroneous Payment Deficiency Assignment. The Administrative Agent may, in its discretion, sell any Loans acquired pursuant to an Erroneous Payment

Deficiency Assignment and upon receipt of the proceeds of such sale, the Erroneous Payment Return Deficiency owing by the applicable Lender shall be reduced by the net proceeds of the sale of such Loan (or portion thereof), and the Administrative Agent shall retain all other rights, remedies and claims against such Lender (and/or against any recipient that receives funds on its respective behalf). In addition, each party hereto agrees that, except to the extent that the Administrative Agent has sold a Loan (or portion thereof) acquired pursuant to an Erroneous Payment Deficiency Assignment, and irrespective of whether the Administrative Agent may be equitably subrogated, the Administrative Agent shall be contractually subrogated to all the rights and interests of the applicable Lender or Secured Party under the Loan Documents with respect to each Erroneous Payment Return Deficiency (the “Erroneous Payment Subrogation Rights”).

(e) The parties hereto agree that (i) an Erroneous Payment shall not pay, prepay, repay, discharge or otherwise satisfy any Loan Obligations owed by the Borrower or any other Credit Party and (ii) to the extent an Erroneous Payment was in any way or at any time credited as a payment or satisfaction of any of the Loan Obligations, the Loan Obligations or part thereof that were so credited, and all rights of the applicable Lender, other Secured Party or Administrative Agent, as the case may be, shall be reinstated and continue in full force and effect as if such payment or satisfaction had never been received, except, in each case, to the extent such Erroneous Payment is, and solely with respect to the amount of such Erroneous Payment that is, comprised of funds received by the Administrative Agent from the Borrower or any other Credit Party for the purpose of making such Erroneous Payment. Further, each party hereto agrees that, in the event a Secured Party is the recipient of an Erroneous Payment and such Secured Party fails to return such Erroneous Payment in accordance with Section 7.16(a), then the Administrative Agent shall be entitled to (x) collect from the Borrower or any other Credit Party any Obligations owed by the Borrower or any other Credit Party to such Secured Party up to and including the amount of the Erroneous Payment, plus any other amounts owed by such Secured Party under the indemnification provisions of this Agreement, except, to the extent such Erroneous Payment is, and solely with respect to the amount of such Erroneous Payment that is, comprised of funds received by the Administrative Agent from the Borrower or any other Credit Party for the purpose of making such Erroneous Payment and (y) exercise its rights and remedies under Section 7.16(c) until the Administrative Agent has received all amounts owed by the Secured Party to the Administrative Agent pursuant to Section 7.16(a).

(f) To the extent permitted by applicable law, no Payment Recipient shall assert any right or claim to an Erroneous Payment, and hereby waives, and is deemed to waive, any claim, counterclaim, defense or right of set-off or recoupment with respect to any demand, claim or counterclaim by the Administrative Agent for the return of any Erroneous Payment received, including without limitation waiver of any defense based on “discharge for value” or any similar doctrine.

(g) Each party’s obligations, agreements and waivers under this Section 7.16 shall survive the resignation or replacement of the Administrative Agent, any transfer of rights or obligations by, or the replacement of, a Lender, and/or the repayment, satisfaction or discharge of all Obligations (or any portion thereof) under any Loan Document.

ARTICLE VIII

Miscellaneous

SECTION 8.01. Amendments and Waivers.

(a) Without Consent of the Lenders.

The Borrower and the Administrative Agent may amend this Agreement and the other Loan Documents without notice to or consent of any Lender:

(i) to cure any ambiguity, omission, mistake, defect or inconsistency;

(ii) to provide for the assumption by a successor corporation, partnership or limited liability company of the obligations of the Borrower or any Subsidiary Guarantor under this Agreement or any other Loan Document (in each case so long as such successor corporation, partnership or limited liability company is designated in accordance with Section 5.11);

(iii) to comply with Section 5.11;

(iv) to add a Subsidiary Guarantor with respect to the Obligations or Collateral to secure the Obligations;

(v) to release Collateral or a Guarantor as permitted by this Agreement, the Security Documents or the Intercreditor Agreement (other than to the extent constituting all or substantially all of the Collateral or value of the Guarantees); and

(vi) to add additional secured creditors holding other Junior Lien Obligations so long as such obligations are not prohibited by this Agreement or the Security Documents; and

(vii) to the extent necessary to integrate any Incremental Commitment as contemplated by Section 2.20.

The Intercreditor Agreement may be amended without the consent of any Lender or Agent in connection with the permitted entry into the Intercreditor Agreement of any class (or Class) of additional secured creditors holding Junior Lien Obligations to effectuate such entry into the Intercreditor Agreement and to make the lien of such class equal and ratable with, as applicable, the lien of the Junior Lien Obligations.

Each Lender hereunder (x) consents to the amendment of any Loan Document in the manner and for the purposes set forth in this Section 8.01(a), (y) agrees that it will be bound by and will take no actions contrary to the provisions of any amendment to any Loan Document pursuant to Section 8.01(a) and (z) authorizes and instructs the Administrative Agent to enter into any amendment to any Loan Document pursuant to this Section 8.01(a) on behalf of such Lender.

The Administrative Agent shall receive an Officers' Certificate as conclusive evidence that any amendment executed pursuant to this Section 8.01(a) complies with the requirements of this Section 8.01(a), is permitted or authorized by this Agreement and is the legal, valid and binding obligation of the Borrower, enforceable against it in accordance with its terms.

(b) With Consent of the Lenders. The Borrower and the Administrative Agent may amend this Agreement and the other Loan Documents with the written consent of the Required Lenders, and any past default or noncompliance with any provisions may be waived with the consent of the Required Lenders. Notwithstanding the foregoing, without the consent of each Lender of an affected Loan (but not the Required Lenders), no amendment may:

(i) increase or reduce the principal amount of such Loans or waive or extend the time for payment of any portion of the principal amount thereof (it being understood that a waiver, deferral, reduction or other adjustment to a mandatory prepayment under Section 2.13 shall only require the consent of the Required Lenders),

(ii) reduce the rate of, or extend the time for payment of interest on, any Loan, (it being understood that only the consent of the Required Lenders shall be necessary to waive any obligation of the Borrower to pay interest at the default rate under Section 2.06(b) or amend Section 2.06(b)),

(iii) reduce the principal of or change the Stated Maturity of any Loan (it being understood that a waiver, deferral, reduction or other adjustment to a mandatory prepayment under Section 2.13 shall only require the consent of the Required Lenders),

(iv) reduce the premium payable (if any) upon prepayment of any Loan or change the time at which any such premium must be paid,

(v) make any Loan payable in money other than that stated in this Agreement,

(vi) consent to the transfer of the Borrower's obligations under this Agreement and/or the other Loan Documents,

(vii) waive, amend or modify the provisions of Section 2.17 or Section 6.02 in a manner that would alter the pro rata sharing of payments required thereby (except in connection with a transaction permitted under Section 8.06(e) and Section 8.07),

(viii) make any change in the second sentence of this Section 8.01(b) or the definition of the term "Required Lenders," or any other provision hereof expressly specifying the number or percentage of Lenders required to waive, amend or modify any rights hereunder or under any other Loan Document,

(ix) (A) release all or substantially all of the value of the Guarantee or release all or substantially all of the Collateral, in each case, whether in one or more transactions, (except as otherwise permitted herein or in the other Loan Documents) or (B) subordinate the Loan Obligations or a Lien on a material portion of the Collateral, taken as a whole, (as determined by the Borrower in good faith), securing the Obligations, in either case, to any other Indebtedness other than in connection with a debtor-in-possession financing,

(x) make any change in the provisions dealing with the application of proceeds of Collateral in the Intercreditor Agreement or this Agreement that would adversely affect the Lenders,

(xi) amend Section 7.07 or any other provision hereof providing for indemnification obligations of the Agents or Lenders;

provided further that no amendment, waiver or other modification of any provision of any Loan Document in a manner that directly and adversely affects the Administrative Agent or the Collateral Agent shall be effective without the written consent of the then-current Administrative Agent and Collateral Agent, as applicable, or any other former or current Agent to whom Article VII then applies.

Any other Lender:

At the address, telecopier number,
electronic mail address or telephone
number specified in its Administrative
Questionnaire;

provided that any notice, request or demand to or upon the Administrative Agent or the Lenders pursuant to Section 2.03 shall not be effective until received.

Notices and other communications to the Lenders hereunder may be delivered or furnished by electronic communication (including email and Internet or intranet websites) pursuant to procedures approved in writing by the Administrative Agent; *provided* that the foregoing shall not apply to notices to any Lender

pursuant to Article II if such Lender has notified the Administrative Agent in writing that it is incapable of receiving notices under such Article by electronic communication. The Administrative Agent or the Borrower may, in their discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by them, *provided* that approval of such procedures may be limited to particular notices or communications.

Documents required to be delivered pursuant to Section 5.01 (to the extent any such documents are included in materials otherwise filed with the SEC) may be delivered electronically (including as set forth in Section 8.18) and if so delivered, shall be deemed to have been delivered on the date (i) on which the Borrower posts such documents, or provides a link thereto on the Borrower's website on the Internet, or (ii) on which such documents are posted on the Borrower's behalf on an Internet or intranet website, if any, to which each Lender and the Administrative Agent have access (whether a commercial, third-party website or whether sponsored by the Administrative Agent); *provided* that (A) the Borrower shall deliver paper copies of such documents to the Administrative Agent or any Lender that requests the Borrower to deliver such paper copies until a written request to cease delivering paper copies is given by the Administrative Agent or such Lender, and (B) the Borrower shall notify the Administrative Agent and each Lender (by telecopier or electronic mail) of the posting of any such documents and provide to the Administrative Agent by electronic mail electronic versions (i.e., soft copies) of such documents.

SECTION 8.03. No Waiver; Cumulative Remedies. No failure to exercise and no delay in exercising, on the part of the Administrative Agent, the Collateral Agent or any Lender, any right, remedy, power or privilege hereunder or under the other Loan Documents shall operate as a waiver thereof, nor shall any single or partial exercise of any right, remedy, power or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. The rights, remedies, powers and privileges herein provided are cumulative and not exclusive of any rights, remedies, powers and privileges provided by law.

SECTION 8.04. Survival of Representations and Warranties. All representations and warranties made hereunder, in the other Loan Documents and in any document, certificate or statement delivered pursuant hereto or in connection herewith shall survive the execution and delivery of this Agreement and the making of the Loans hereunder.

SECTION 8.05. Payment of Expenses; Indemnification.

(a) Within 30 days after receipt of a written request, together with customary backup documentation in reasonable detail, the Borrower shall pay (i) all fees of the Agents set forth in the Fee Letter and the reasonable and documented (in summary form) out-of-pocket expenses incurred by the Administrative Agent in connection with the preparation and administration of this Agreement or any amendments, modifications or waivers of the provisions hereof and (ii) all reasonable and documented (in reasonable detail) out-of-pocket expenses incurred by the Administrative Agent or any Lender, including the fees, charges and disbursements of legal counsel for the Administrative Agent or any Lender, in connection with the enforcement or protection of its rights in connection with this Agreement, including its rights under this Section 8.05(a), including all such out-of-pocket expenses incurred during any workout, restructuring or negotiations in respect of such Loans; *provided*, that the Borrower's obligations under this Section 8.05(a) for fees and expenses of legal counsel shall be limited to fees and expenses of (x) one primary outside legal counsel for the Administrative Agent (which on the date hereof is Shipman & Goodwin LLP) and, if necessary, one local, regulatory or foreign legal counsel for the Administrative Agent in each appropriate jurisdiction (which may include a single special counsel acting in multiple jurisdictions) and (y) solely in the case of clause (ii) above, one primary outside legal counsel for the Lenders and, if necessary, one local or foreign legal counsel to the Lenders in each appropriate jurisdiction (which may include a single special counsel acting in multiple jurisdictions).

(b) Each Credit Party agrees to indemnify and hold harmless each Lender and each Agent and each of their respective affiliates, officers, partners, members, Directors, trustees, employees, managers,

advisors, consultants, administrators, agents, sub-agents and other Related Parties (each such Person, an “Indemnitee”) promptly after receipt of a written request, together with customary backup documentation in reasonable detail, from and against any Indemnified Liabilities, whether or not such proceedings are brought by the Borrower, any of its Related Parties or any other third Person, IN ALL CASES, WHETHER OR NOT CAUSED BY OR ARISING, IN WHOLE OR IN PART, OUT OF THE COMPARATIVE, CONTRIBUTORY OR SOLE NEGLIGENCE OF SUCH INDEMNITEE; *provided* that each Credit Party’s obligations under this Section 8.05(b) for fees and expenses of legal counsel (including the cost of any investigation and preparation) shall be limited to the reasonable and documented (in summary form) out-of-pocket fees, disbursements and other charges of (x) one primary outside counsel for the Indemnitees, taken as a whole, (y) if reasonably necessary, one local or foreign legal counsel for the Indemnitees, taken as a whole, in each appropriate jurisdiction (which may include a single special counsel acting in multiple jurisdictions) and (z) if reasonably necessary, one additional regulatory or other specialist counsel for the Indemnitees, taken as a whole, for each relevant area of expertise (which may include a single special counsel acting in multiple areas) (unless there is an actual or perceived conflict of interest in which case the affected Indemnitees, taken as a whole, may engage one additional counsel and solely in the case of any such conflict of interest, one additional local counsel (which may be a single firm for multiple jurisdictions) to all affected Indemnitees taken as a whole, in each such relevant jurisdiction (limited, in the case of legal counsel, to one primary counsel to the Agents’ Indemnitees, one primary counsel to the Lenders’ Indemnitees, taken as a whole, and, if reasonably necessary, of one local counsel in each relevant jurisdiction and one additional regulatory or other specialist counsel for each relevant area of expertise (in each case, which may be a single firm for multiple jurisdictions)); *provided, further*, that the Borrower shall have no obligation hereunder to any Agent or any Lender or any of their respective Related Parties with respect to Indemnified Liabilities to the extent (1) found by a court of competent jurisdiction in a final non-appealable judgment to have resulted from (i) the gross negligence or willful misconduct of the party to be indemnified or (ii) any material breach of any Loan Document by the party to be indemnified (other than a material breach by any Agent in its capacity as such unless such material breach resulted from the gross negligence or willful misconduct of any Agent or its Related Parties) or (2) arising from disputes, claims, demands, actions, judgments or suits not arising from any act or omission by the Borrower or its Affiliates, brought by an indemnified Person against any other indemnified Person (other than disputes, claims, demands, actions, judgments or suits involving claims against any Agent in its capacity as such). No Person entitled to indemnification under clause (b) of this Section 8.05 shall be liable for any damages arising from the use by others of any information or other materials obtained through internet, electronic, telecommunications or other information transmission systems (including IntraLinks or SyndTrak Online) in connection with this Agreement or any other Loan Document, except to the extent that such damages have resulted from the gross negligence, bad faith or willful misconduct of the party to be indemnified or any of its Related Parties (as determined by a court of competent jurisdiction in a final and non-appealable decision). To the extent that the undertakings to defend, indemnify, pay and hold harmless set forth in this Section 8.05 may be unenforceable in whole or in part because they are violative of any law or public policy, the applicable Credit Party shall contribute the maximum portion that it is permitted to pay and satisfy under applicable law to the payment and satisfaction of all Indemnified Liabilities incurred by Indemnitees or any of them.

(c) To the extent permitted by applicable law, none of Holdings, the Borrower or any Indemnitee shall have any liability for any special, punitive, indirect or consequential damages (including, without limitation, any loss of profits, business or anticipated savings) relating to this Agreement or any other Loan Document or arising out of its activities in connection herewith or therewith (whether before or after the Closing Date); *provided* that nothing contained in this clause (c) shall limit the obligations of the Borrower under Section 8.05(b) in respect of any such damages claimed against the Indemnitees by Persons other than the Indemnitees.

(d) The agreements in this Section 8.05 shall survive repayment of the Loans and all other amounts payable hereunder, and the earlier resignation or removal of any Agent. This Section 8.05 shall not apply with respect to any Taxes other than Taxes that represent liabilities, obligations, losses, damages, penalties, claims, demands, actions, judgments, suits, costs, expenses or disbursements of any kind or nature whatsoever resulting from a non-Tax claim.

SECTION 8.06. Successors and Assigns; Participations and Assignments.

(a) The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns permitted hereby, except that (i) the Borrower may not assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of each Lender other than pursuant to Section 5.11 (and any attempted assignment or transfer by the Borrower without such consent shall be null and void) and (ii) no Lender may assign or otherwise transfer its rights or obligations hereunder except in accordance with this Section 8.06. Nothing in this Agreement, expressed or implied, shall be construed to confer upon any Person (other than the parties hereto, their respective successors and assigns permitted hereby, Participants (to the extent provided in clause (c) of this Section 8.06), and, to the extent expressly contemplated hereby, the Related Parties of each of the Agents and the Lenders) any legal or equitable right, remedy or claim under or by reason of this Agreement or the other Loan Documents.

(b) (i) Subject to the conditions set forth in clause (b)(ii) below and the limitations on assignment set forth in clauses (e) below, any Lender may assign to one or more (each, an "Assignee") all or a portion of its rights and obligations under this Agreement (including all or a portion of the Loans at the time owing to it) by:

(A) providing written notice to the Borrower and, so long as no Event of Default is continuing, obtaining the consent of the Borrower, which consent shall not be unreasonably withheld or delayed (it being understood that the Borrower will be deemed to have consented to an assignment if it has not responded to a request for consent to such assignment within ten (10) Business Days after receipt of written request therefor); *provided* that no consent of the Borrower shall be required for an assignment of any Loan to a Lender, an Affiliate of a Lender or an Approved Fund (as defined below); and

(B) obtaining the consent of the Administrative Agent (which consent shall not be unreasonably withheld or delayed); *provided* that no consent of the Administrative Agent shall be required for an assignment of any Loan to a Lender, an Affiliate of a Lender or an Approved Fund (as defined below).

(ii) Assignments shall be subject to the following additional conditions:

(A) except in the case of an assignment to a Lender, an Affiliate of a Lender or an Approved Fund or an assignment of the entire remaining amount of the assigning Lender's Loans under the Facility, the amount of the Loans of the assigning Lender subject to each such assignment (determined as of the date the Assignment and Acceptance with respect to such assignment is delivered to the Administrative Agent) shall not be less than \$1,000,000; *provided* that contemporaneous assignments to a single assignee made by Affiliates of Lenders and related Approved Funds shall be aggregated for purposes of meeting the minimum assignment amount requirements stated above;

(B) each partial assignment shall be made as an assignment of a proportionate part of all the assigning Lender's rights and obligations under this Agreement;

(C) the parties to each assignment shall execute and deliver to the Administrative Agent an Assignment and Acceptance via an electronic settlement system acceptable to the Administrative Agent (or, if previously agreed with the Administrative Agent, manually), and shall pay to the Administrative Agent a processing and recordation fee of \$3,500 (which fee may be waived or reduced in the sole discretion of the Administrative Agent); *provided* that, in the case of contemporaneous assignments by any Lender to one or more Approved Funds, only a single processing and recordation fee shall be payable for all such assignments; and

(D) the Assignee, if it shall not be a Lender, shall deliver to the Administrative Agent an administrative questionnaire in a form approved by the Administrative Agent (the “Administrative Questionnaire”) and applicable tax forms (including those described in Sections 2.15(d), (e), (g) and (h), as applicable).

For the purposes of this Section 8.06(b), the term “Approved Fund” means any Person (other than a natural person) that is engaged in making, purchasing, holding or investing in bank loans and similar extensions of credit in the ordinary course and that is administered, advised or managed by (a) a Lender, (b) an Affiliate of a Lender or (c) an entity or an Affiliate of an entity that administers, advises or manages a Lender.

Upon request of the Borrower, the Administrative Agent shall deliver to the Borrower a list of each assignment made during the immediately preceding month, which list shall include the applicable assignor, Assignee, the interest assigned and the date of each assignment. The delivery of such list shall satisfy the notice requirement set forth in Section 8.06(b)(i)(A).

(iii) Subject to acceptance and recording thereof pursuant to clause (b)(v) of this Section 8.06, from and after the effective date specified in each Assignment and Acceptance, the Assignee thereunder shall be a party hereto and, to the extent of the interest assigned by such Assignment and Acceptance, have the rights and obligations of a Lender under this Agreement, and the assigning Lender thereunder shall, to the extent of the interest assigned by such Assignment and Acceptance, be released from its obligations under this Agreement (and, in the case of an Assignment and Acceptance covering all of the assigning Lender’s rights and obligations under this Agreement, such Lender shall cease to be a party hereto but shall continue to be entitled to the benefits of Sections 2.08, 2.09, 2.15 and 8.05). Any assignment or transfer by a Lender of rights or obligations under this Agreement that does not comply with this Section 8.06 shall be treated for purposes of this Agreement as a sale by such Lender of a participation in such rights and obligations in accordance with clause (c) of this Section 8.06.

(iv) The Administrative Agent, acting for this purpose as a non- fiduciary agent of the Borrower, shall maintain a copy of each Assignment and Acceptance delivered to it and a register for the recordation of the names and addresses of the Lenders, and principal and stated interest amounts of the Loans (the “Register”). The entries in the Register shall be conclusive absent manifest error, and the Borrower, the Administrative Agent and the Lenders shall treat each Person whose name is recorded in the Register pursuant to the terms hereof as a Lender hereunder for all purposes of this Agreement, notwithstanding notice to the contrary. The Register shall be available for inspection by the Borrower, at any reasonable time and from time to time upon reasonable prior notice.

(v) Upon its receipt of a duly completed Assignment and Acceptance executed by an assigning Lender and an Assignee, the Assignee’s completed Administrative Questionnaire (unless the Assignee shall already be a Lender hereunder), all applicable tax forms, the processing and recordation fee referred to in clause (b) of this Section 8.06 and any written consent to such assignment required by clause (b) of this Section 8.06, the Administrative Agent shall promptly accept such Assignment and Acceptance and record the information contained therein in the Register. No assignment, whether or not evidenced by a promissory note, shall be effective for purposes of this Agreement unless it has been recorded in the Register as provided in this clause.

(c) (i) Any Lender may, without the consent of, or notice to, the Administrative Agent or the Borrower, sell participations to one or more banks or other entities (other than to Holdings, any of its Subsidiaries or any of its Affiliates or any natural persons) (each, a “Participant”) in all or a portion of such Lender’s rights and obligations under this Agreement (including all or a portion of the Loans owing to it), *provided* that (A) such Lender’s obligations under this Agreement shall remain unchanged, (B) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations and (C) the Borrower, the Administrative Agent and the other Lenders shall continue to deal solely and directly with such

Lender in connection with such Lender's rights and obligations under this Agreement and the other Loan Documents. Any agreement or instrument pursuant to which a Lender sells such a participation shall provide that such Lender shall retain the sole right to enforce this Agreement and the other Loan Documents and to approve any amendment, modification or waiver of any provision of this Agreement and the other Loan Documents, *provided* that (x) such agreement or instrument may provide that such Lender will not, without the consent of the Participant, agree to any amendment, modification or waiver described in clause (ii) or (iii) of the second sentence of Section 8.01(b) that directly affects such Participant and (y) no other agreement with respect to amendment, modification or waiver may exist between such Lender and such Participant. Subject to clause (c)(ii) of this Section 8.06, the Borrower agrees that each Participant shall be entitled to the benefits of Sections 2.08, 2.09 and 2.15 (subject to the limitations and requirements of those Sections and Sections 2.10 and 8.07) to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to clause (b) of this Section 8.06.

(ii) Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower, maintain a register on which it enters the name and address of each Participant and the principal and stated interest amounts of each Participant's interest in the Loans held by it (the "Participant Register"). The entries in the Participant Register shall be conclusive absent manifest error, and each party hereto shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement and the other Loan Documents, notwithstanding notice to the contrary. No Lender shall have any obligation to disclose all or any portion of the Participant Register to any Person (including the identity of any Participant or any information relating to a Participant's interest in any Loans or other Obligations under any Loan Document) except to the extent that such disclosure is necessary to establish that such Loan or other Obligation is in registered form Treasury Regulation Section 5f.103-1(c), proposed Treasury Regulation Section 1.163-5 or any applicable temporary, final or other successor regulations. Unless required by the IRS, any disclosure required by the foregoing sentence shall be made by the relevant Lender directly and solely to the IRS. For the avoidance of doubt, Administrative Agent (in its capacity as Administrative Agent) shall have no responsibility for maintaining a Participant Register.

(iii) A Participant shall not be entitled to receive any greater payment under Section 2.08 or 2.15 than the applicable Lender would have been entitled to receive with respect to the participation sold to such Participant, except to the extent such entitlement to receive a greater payment results from a Change in Law that occurs after such participant acquired the participation or unless the sale of the participation to such Participant thereafter is made with the Borrower's prior written consent.

(d) Any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Agreement to secure obligations of such Lender, including any pledge or assignment to secure obligations to a Federal Reserve Bank or other central bank, and this Section 8.06 shall not apply to any such pledge or assignment of a security interest; *provided* that no such pledge or assignment of a security interest shall release a Lender from any of its obligations hereunder or substitute any such pledgee or Assignee for such Lender as a party hereto. In order to facilitate such pledge or assignment, the Borrower hereby agrees that, upon request of any Lender at any time and from time to time, the Borrower shall provide to such Lender, at the Borrower's own expense, a Note, substantially in the form of Exhibit B.

(e) [Reserved.]

(f) (i) Notwithstanding anything to the contrary in this Agreement, the Borrower may purchase by way of assignment from any Lender and become an assignee with respect to, and each Lender shall have the right to assign and transfer to the Borrower, at any time and from time to time, all or a portion of such Lender's Loans either pursuant to Dutch auctions available to all Lenders on the same terms or pursuant to open market purchases ("Permitted Loan Purchases"); *provided* that (A) at the time of the effectiveness thereof, no Default or Event of Default has occurred and is continuing or would result from such Permitted Loan Purchase and (B) the Borrower and such assignor Lender shall execute and deliver to the Administrative Agent a Permitted

Loan Purchase Assignment and Acceptance (and, for the avoidance of doubt, shall not be required to execute and deliver an Assignment and Acceptance pursuant to Section 9.06(b)(ii)(C)).

(ii) Upon the effectiveness of any Permitted Loan Purchase, the Loans subject thereto shall, without further action by any Person, be deemed cancelled and no longer outstanding for all purposes of this Agreement and the other Loan Documents, including with respect to (1) the making of, or the application of, any payments to the Lenders under this Agreement or any other Loan Document, (2) the making of any request, demand, authorization, direction, notice, consent or waiver under this Agreement or any other Loan Document or (3) the determination of the Required Lenders, or for any similar or related purpose, under this Agreement or any other Loan Document. The Administrative Agent is authorized to make appropriate entries in the Register to reflect any cancellation of the Loans. Permitted Loan Purchases pursuant to this Section 9.06(f) shall not constitute voluntary prepayments for purposes of Section 2.14. In connection with any Permitted Loan Purchase, the assignor Lender shall, to the extent that its Loans shall have been repurchased and assigned to the Borrower pursuant to such Permitted Loan Purchase, be released from its obligations under this Agreement (and, in the case of a Permitted Loan Purchase covering all of the assigning Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto but shall continue to be entitled to the benefits of Section 9.05 (subject to the limitations and requirements of such Section)), but the Borrower shall not obtain any of the rights or obligations of a Lender under this Agreement and the provisions set forth in Section 9.06(b)(ii) shall not apply thereto.

SECTION 8.07. Replacements of Lenders Under Certain Circumstances. (a) If any Lender (i) requests reimbursement for amounts owing pursuant to Section 2.08, 2.09 or 2.15 (other than Section 2.15(b)) or (ii) is affected in the manner described in Section 2.08(a)(iii) and as a result thereof of the action described in Section 2.08(b) is required to be taken, then, *provided* that no Event of Default then exists, the Borrower shall, upon five (5) days' notice to the Administrative Agent and the relevant Lender, have the right to replace such Lender by deeming such Lender to have assigned its Loans hereunder to one or more assignees reasonably acceptable to the Administrative Agent; *provided* that (1) such replacement does not conflict with any Requirement of Law, (2) all Loan Obligations (other than any disputed amounts pursuant to Section 2.08, 2.09, or 2.15, as the case may be) owing to such Lender being replaced shall be paid in full to such Lender concurrently with such assignment and the Borrower shall pay any premium that would have been due if the Loans were prepaid, and (3) the replacement Lender shall purchase the foregoing by paying to such Lender a price equal to the principal amount thereof plus accrued and unpaid interest thereon. No action by or consent of the replaced Lender shall be necessary in connection with such assignment, which shall be immediately and automatically effective upon payment of such purchase price. In connection with any such assignment, the Borrower, the Administrative Agent, such replaced Lender and the replacement Lender shall otherwise comply with Section 8.06 (*provided* that the Borrower shall be obligated to pay the registration and processing fee referred to therein). Any such replacement shall not be deemed to be a waiver of any rights that the Borrower, the Administrative Agent or any other Lender shall have against the replaced Lender.

(b) If any Lender (such Lender, a "Non-Consenting Lender") has failed to consent to a proposed amendment, waiver, discharge or termination which pursuant to the terms of Section 8.01(b) requires the consent of all of the Lenders affected and with respect to which the Required Lenders shall have granted their consent, then, *provided* that no Event of Default (other than an Event of Default relating to the proposed amendment, waiver, discharge or termination) then exists, the Borrower shall, upon five (5) days' notice to the Administrative Agent and the relevant Lender, have the right (unless such Non-Consenting Lender grants such consent) to replace such Non-Consenting Lender by deeming such Non-Consenting Lender to have assigned its Loans hereunder to one or more assignees, reasonably acceptable to the Administrative Agent; *provided* that: (1) such replacement does not conflict with any Requirement of Law, (2) all Loan Obligations of the Borrower owing to such Non-Consenting Lender being replaced shall be paid in full to such Non-Consenting Lender concurrently with such assignment and the Borrower shall pay any premium that would have been due if the Loans were prepaid, and (3) the replacement Lender shall purchase the foregoing by paying to such Non-Consenting Lender a price equal to the principal amount thereof plus accrued and unpaid interest thereon. No action by or consent

of the Non-Consenting Lender shall be necessary in connection with such assignment, which shall be immediately and automatically effective upon payment of such purchase price. In connection with any such assignment, the Borrower, the Administrative Agent, such Non-Consenting Lender and the replacement Lender shall otherwise comply with Section 8.06 (*provided* that the Borrower shall be obligated to pay the registration and processing fee referred to therein).

SECTION 8.08. Counterparts. This Agreement may be executed by one or more of the parties to this Agreement on any number of separate counterparts (including by facsimile or other electronic transmission), and all of said counterparts taken together shall be deemed to constitute one and the same instrument. A set of the copies of this Agreement signed by all the parties shall be lodged with the Borrower and the Administrative Agent. The words “execution,” “signed,” “signature,” and words of like import in any Assignment and Assumption or any Loan Document shall in each case be deemed to include electronic signatures, signatures exchanged by electronic transmission, or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act; *provided*, that the Administrative Agent or the Collateral Agent may request, and upon any such request the Credit Parties shall be obligated to provide, manually executed “wet ink” signatures to any Loan Document.

SECTION 8.09. Severability. Any provision of this Agreement that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

(a) Notwithstanding anything to the contrary in the Security Documents, Collateral may be released from the Lien and security interest created by the Security Documents to secure the Loans and obligations under this Agreement at any time or from time to time in accordance with the provisions of the Intercreditor Agreement or as provided hereby. The applicable property and assets included in the Collateral shall be automatically released from the Liens securing the Loans, and the applicable Guarantor shall be automatically released from its obligations under this Agreement and the Security Documents, under any one or more of the following circumstances or any applicable circumstance as provided in the Intercreditor Agreement or the Security Documents:

(i) to enable the Borrower and its Subsidiaries to consummate the disposition of such property or assets to a Person that is not the Borrower or a Guarantor to the extent permitted under Section 5.07;

(ii) in respect of any assets or property constituting Collateral, upon any assets becoming designated as Excluded Equity Interests, Excluded Assets or assets of an Excluded Subsidiary;

Any execution and delivery of documents pursuant to this Section 8.19 shall be without recourse to or warranty by the Collateral Agent. In connection with any release pursuant to this Section 8.19 or 8.20, the Credit Party shall be permitted to take any action in connection therewith consistent with such release including, without limitation, the filing of UCC termination statements. Upon the receipt of any necessary or proper instruments of termination, satisfaction or release prepared by the

Borrower, the Collateral Agent shall execute, deliver or acknowledge such instruments or releases to evidence the release of any Collateral permitted to be released pursuant to this Agreement or the Security Documents or the Intercreditor Agreement without the consent of, or notice to, any Lender.

The security interests in all Collateral also will be released upon payment in full of the principal of, together with accrued and unpaid interest on, the Loans and all other Obligations under this Agreement and the Security Documents that are due and payable at or prior to the time such principal, together with accrued and unpaid interest, is paid.

Prior to executing and delivering or authorization of the filing of any release pursuant to this Section 8.19, the Collateral Agent shall receive, and shall be entitled to conclusively rely on, an Officers' Certificate stating that such release complies with the terms of this Agreement and the other Loan Documents, and all conditions precedent to the execution and delivery of such release have been satisfied.

- (d) solely in the case of a Subsidiary Guarantor, such Subsidiary Guarantor becoming an Excluded Subsidiary.

SECTION 8.21. Acknowledgement and Consent to Bail-In of Affected Financial Institutions. Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding of the parties hereto, each such party acknowledges that any liability of any Affected Financial Institution arising under any Loan Document, to the extent such liability is unsecured, may be subject to the write-down and conversion powers of the applicable Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

- (a) the application of any Write-Down and Conversion Powers by the applicable Resolution Authority to any such liabilities arising hereunder which may be payable to it by any party hereto that is an Affected Financial Institution; and
- (b) the effects of any Bail-in Action on any such liability, including, if applicable:
 - (i) a reduction in full or in part or cancellation of any such liability;
 - (ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such Affected Financial Institution, its parent undertaking, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document; or
 - (iii) the variation of the terms of such liability in connection with the exercise of the write-down and conversion powers of the applicable Resolution Authority.

SECTION 8.22. Amendment and Restatement. This Agreement shall be deemed to amend and restate the Prepetition First Lien Credit Agreement in its entirety, and all of the terms and provisions hereof shall supersede the terms and conditions thereof.

SECTION 8.23. Certain ERISA Matters. Each Lender (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of the Agents and their respective Affiliates and not, for the avoidance of doubt, to or for the benefit of the Borrower or any other Credit Party, that at least one of the following is and will be true:

(a) such Lender is not using “plan assets” (within the meaning of Section 3(42) of ERISA or otherwise) of one or more Benefit Plans with respect to such Lender’s entrance into, participation in, administration of and performance of the Loans or this Agreement,

(b) the transaction exemption set forth in one or more PTEs, such as PTE 84-14 (a class exemption for certain transactions determined by independent qualified professional asset managers), PTE 95-60 (a class exemption for certain transactions involving insurance company general accounts), PTE 90-1 (a class exemption for certain transactions involving insurance company pooled separate accounts), PTE 91-38 (a class exemption for certain transactions involving bank collective investment funds) or PTE 96-23 (a class exemption for certain transactions determined by in-house asset managers), is applicable with respect to such Lender’s entrance into, participation in, administration of and performance of the Loans and this Agreement,

(c) (i) such Lender is an investment fund managed by a “Qualified Professional Asset Manager” (within the meaning of Part VI of PTE 84-14), (ii) such Qualified Professional Asset Manager made the investment decision on behalf of such Lender to enter into, participate in, administer and perform the Loans and this Agreement, (iii) the entrance into, participation in, administration of and performance of the Loans and this Agreement satisfies the requirements of sub-sections (b) through (g) of Part I of PTE 84-14 and (iv) to the best knowledge of such Lender, the requirements of subsection (a) of Part I of PTE 84-14 are satisfied with respect to such Lender’s entrance into, participation in, administration of and performance of the Loans and this Agreement, or

Section 3. *Issuance of Warrants; Form, Execution and Delivery.* (a) *Issuance of Warrants.* Pursuant to, and in accordance with, the terms of this Agreement and the Plan, the Company hereby issues the Warrants. The Warrants shall be, upon issuance, duly authorized and validly issued. In accordance with Section 4 hereof, as of the date hereof, the Company shall cause to be issued to the applicable registered Holders, one or more Warrants evidenced by an uncertificated, book-entry registration on the books and records of the Warrant Agent (the “**Direct Registration Warrants**”). (b) *Form of Warrant.* All Warrants issued pursuant to this Agreement shall be in the form of Direct Registration Warrants reflected on statements issued by the Warrant Agent from time to time to the Holders thereof reflecting such uncertificated, book-entry position (the “**Warrant Statements**”). AGREEMENT CONTAINING THE ABOVE-REFERENCED RESTRICTIONS
ON TRANSFERS OF SECURITIES.”

In addition, until the date (the “**Resale Restriction Termination Date**”) that is the later of (1) the date that is one year after the date of original issuance of the Warrants, or such shorter period of time as permitted by Rule 144 under the Securities Act or any successor provision thereto, and (2) such later date, if any, as may be required by applicable law, each Warrant Statement and the Warrant Register shall bear the following legend:

“THIS SECURITY AND THE COMMON STOCK, IF ANY, ISSUABLE UPON EXERCISE OF THIS SECURITY HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE “**SECURITIES ACT**”), AND MAY NOT BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED PRIOR TO THE DATE THAT IS THE LATER OF (X) ONE YEAR AFTER THE DATE OF ORIGINAL ISSUANCE HEREOF OR SUCH SHORTER PERIOD OF TIME AS PERMITTED BY RULE 144 UNDER THE SECURITIES ACT OR ANY SUCCESSOR PROVISION THERETO AND (Y) SUCH LATER DATE, IF ANY, AS MAY BE REQUIRED BY APPLICABLE LAW, EXCEPT:

(A) TO [NEWCO] (THE “**COMPANY**”) OR ANY SUBSIDIARY THEREOF, OR

(B) PURSUANT TO A REGISTRATION STATEMENT WHICH HAS BECOME EFFECTIVE UNDER THE SECURITIES ACT, OR

(C) PURSUANT TO AN EXEMPTION FROM REGISTRATION PROVIDED BY RULE 144 UNDER THE SECURITIES ACT OR ANY OTHER AVAILABLE EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT.

PRIOR TO THE REGISTRATION OF ANY TRANSFER IN ACCORDANCE WITH CLAUSE (C) ABOVE, THE COMPANY AND THE WARRANT AGENT RESERVE THE RIGHT TO REQUIRE THE DELIVERY OF SUCH LEGAL OPINIONS, CERTIFICATIONS OR OTHER EVIDENCE AS MAY REASONABLY BE REQUIRED IN ORDER TO DETERMINE THAT THE PROPOSED TRANSFER IS BEING MADE IN COMPLIANCE WITH THE SECURITIES ACT AND APPLICABLE STATE SECURITIES LAWS. NO REPRESENTATION IS MADE AS TO THE AVAILABILITY OF ANY EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT.”

(c) *Other Matters.* Each Warrant shall be, and shall remain, subject to the provisions of this Agreement and the Stockholders Agreement until such time as all of the Warrants shall have been duly exercised or shall have expired or been canceled in accordance with the terms hereof. Each Holder shall be bound by all of the terms and provisions of this Agreement (a copy of which is available on request to the Secretary of

the Company) and any amendments thereto as fully and effectively as if such Holder had signed the same. The Warrant Agent shall keep, at an office designated for such purpose, books (the “**Warrant Register**”) in which, subject to such reasonable regulations as it may prescribe, it shall register any Direct Registration Warrants and exchanges and transfers of outstanding Warrants in accordance with the procedures set forth in Section 4 of this Agreement, all in form satisfactory to the Company and the Warrant Agent. The Company may require payment by the applicable Holder of a sum sufficient to cover any stamp or other tax or other governmental charge that may be imposed on the Holder in connection with any such exchange or registration of transfer. The Warrant Agent shall have no obligation to effect an exchange or register a transfer unless and until any payments required by the immediately preceding sentence have been made. The Warrant Agent and the Company may deem and treat the Person in whose name any Warrant is registered on the Warrant Register as the absolute owner of such Warrant, for the purpose of any exercise thereof, any distribution to the Holder thereof and for all other purposes, and neither the Warrant Agent nor the Company shall be affected by notice to the contrary prior to due presentment for registration of transfer or exchange of any Warrant in accordance with the procedures set forth in this Agreement.

Section 4. *Transfers.* (a) *Transfer and Exchange of Direct Registration Warrants.* When the registered Holder of a Direct Registration Warrant has presented to the Warrant Agent a written request to register the transfer of any Direct Registration Warrant, the Warrant Agent shall register the transfer or make the exchange as requested if such transfer satisfies the provisions of this Agreement (including the legends described in Section 3(b)) and the Stockholders Agreement; *provided* that the Warrant Agent has received a written instruction of transfer in form satisfactory to the Warrant Agent, properly completed and duly executed by the Holder thereof or by his or her attorney, duly authorized in writing. A party requesting transfer of Warrants must provide any evidence of authority that may be required by the Warrant Agent, including, but not limited to, a signature guarantee from an eligible guarantor institution participating in a signature guarantee program approved by the Securities Transfer Association.

(b) *Obligations with Respect to Transfers of Warrants.*

(i) All Direct Registration Warrants issued upon any registration of transfer or exchange shall be the valid obligations of the Company, entitled to the same benefits under this Agreement as the Direct Registration Warrants surrendered upon such registration of transfer or exchange.

(ii) The Warrant Agent shall, upon receipt of all information, opinions, certifications or other evidence required to be delivered hereunder, register the transfer of any outstanding Warrants in the Warrant Register upon the delivery by the registered Holder thereof, at the Warrant Agent Office referred to in Section 12 hereof (the “**Warrant Agent Office**”), duly endorsed, and accompanied by a completed form of assignment substantially in the form attached as Exhibit B (including a duly endorsed Joinder signed by the transferee) and duly signed by the Holder thereof or by the duly appointed legal representative thereof or by his

or her attorney, duly authorized in writing, such signature to be guaranteed by a participant in a Medallion Signature Guarantee Program at a guarantee level acceptable to the Warrant Agent. Upon any such registration of transfer, a new Warrant Statement shall be issued to the transferee.

(iii) The Warrant Agent shall not undertake the duties and obligations of a transfer agent under this Agreement, including, without limitation, the duty to receive, issue or transfer the Warrant Shares.

(c) *Holder Acknowledgement.* Each Holder, by its acceptance of any Warrant under this Agreement, acknowledges and agrees that (i) the Warrants were issued pursuant to the exemption from the registration requirement of Section 5 of the Securities Act provided by Section 4(a)(2) of the Securities Act, and prior to the Resale Restriction Termination Date, a Holder of any Warrants (or a holder of any Warrant Shares issued upon exercise of any Warrants) shall not sell or transfer such Warrants (or Warrant Shares) in the absence of an effective registration statement under the Securities Act or an exemption from registration thereunder and (ii) the Company is not, and has no obligation to currently become, a reporting company under the Securities Exchange Act of 1934, as amended, and the Holder's rights to information relating to the Company are limited.

Section 5. *Duration and Exercise of Warrants.* (a) *Expiration Date.* The Warrants shall expire at 5:00 p.m., New York City time, on [____], 2028 (the “**Expiration Date**”), which is the seventh (7th) anniversary of the Effective Date. After 5:00 p.m., New York City time, on the Expiration Date, the Warrants will become void and of no value, and all rights thereunder and all rights in respect thereof under this Agreement shall cease as of such time.

(b) [Reserved].

(c) *Manner of Exercise.* Each Warrant may be exercised by the Holder thereof during the Exercise Period as described below. Subject to the provisions of this Agreement, including Section 6, each Warrant shall entitle the Holder thereof to receive from the Company (and the Company shall issue and sell to such Holder), on a cashless basis and for no consideration whatsoever, a number of Warrant Shares equal to the then-applicable Warrant Share Number. A Holder may exercise any of its Warrants on any Business Day during the Exercise Period by, no later than 5:00 p.m., New York City time, on such Business Day, delivering (A) written notice of such election (a “**Warrant Exercise Notice**”) to exercise the applicable Warrants to the Company and the Warrant Agent at the addresses set forth in Section 12 hereof, which Warrant Exercise Notice shall be substantially in the form set forth in Exhibit A; and (B) a duly completed and executed Joinder to the extent required pursuant to Section [5.01] of the Stockholders Agreement for the Person that will hold the Warrant Shares issued pursuant to the Warrant Exercise Notice in the form provided for in the Stockholders Agreement and attached to the Warrant Exercise Notice.

(d) [Reserved].

(e) Any exercise of a Warrant pursuant to the terms of this Agreement shall be irrevocable as of the date of delivery of the applicable Warrant Exercise Notice and shall constitute a binding agreement between the Holder and the Company, enforceable in accordance with its terms (except as such enforceability may be limited by bankruptcy, insolvency or similar laws generally affecting creditor's rights).

(f) The Warrant Agent shall:

(i) examine all Warrant Exercise Notices and all other documents delivered to it by or on behalf of Holders as contemplated hereunder to ascertain whether, on their face, such Warrant Exercise Notices and any such other documents have been executed and completed in accordance with their terms;

(ii) inform the Company of and cooperate with and assist the Company in resolving any reconciliation problems between the Warrant Exercise Notices received and delivery of Warrants to the Warrant Agent's account; and

(iii) advise the Company, no later than two (2) Business Days after receipt of a Warrant Exercise Notice, of (A) the receipt of such Warrant Exercise Notice and the number of Warrants exercised in accordance with the terms of this Agreement, (B) the number of Warrant Shares to be issued upon exercise of such Warrants, (C) the instructions with respect to delivery of the Warrant Shares deliverable upon such exercise, and (D) such other information as the Company shall reasonably require.

(g) All questions as to the validity, form and sufficiency (including time of receipt) of a Warrant exercise shall be determined by the Company in its reasonable discretion in good faith. The Warrant Agent shall incur no liability for or in respect of and, except to the extent such liability arises from the Warrant Agent's bad faith, gross negligence or willful misconduct (each as determined by a final, non-appealable order, judgment of a court decree or ruling of competent jurisdiction), shall be indemnified and held harmless by the Company for acting or refraining from acting upon, or as a result of such determination by, the Company. The Company reserves the right to reject any and all Warrant Exercise Notices not in proper form or for which any corresponding agreement by the Company to exchange would, in the opinion of the Company, be unlawful as determined in good faith in consultation with the Company's legal counsel and the relevant Holder. Moreover, the Company reserves the absolute right to waive any of the conditions to the exercise of Warrants or defects in Warrant Exercise Notices with regard to any particular exercise of Warrants. Neither the Company nor the Warrant Agent shall be under any duty to give notice to the Holders of any irregularities in any exercise of Warrants, nor shall they incur any liability for the failure to give such notice; *provided* that the Company and/or the Warrant Agent shall promptly notify a Holder if the Company will not honor a Warrant Exercise Notice from such Holder.

(h) As soon as reasonably practicable after the Exercise Date for any Warrant, the Company shall issue, or otherwise deliver, in authorized denominations to or upon the order of the Holder, an uncertificated, book-entry interest in the number of Warrant

Shares to which such Holder is entitled on the books and records of the Company's transfer agent. Such Warrant Shares shall be deemed to have been issued and any Person so designated to be named therein shall be deemed to have become a holder of record of such Warrant Shares as of the close of business on the Exercise Date. Until the Resale Restriction Termination Date, any Warrant Shares issued upon exercise of the Warrants shall bear the following legend:

“THIS SECURITY HAS NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE “**SECURITIES ACT**”), AND MAY NOT BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED PRIOR TO THE DATE THAT IS THE LATER OF (X) ONE YEAR AFTER THE DATE OF ORIGINAL ISSUANCE OF THE WARRANT UPON THE EXERCISE OF WHICH THIS SECURITY WAS ISSUED OR SUCH SHORTER PERIOD OF TIME AS PERMITTED BY RULE 144 UNDER THE SECURITIES ACT OR ANY SUCCESSOR PROVISION THERETO AND (Y) SUCH LATER DATE, IF ANY, AS MAY BE REQUIRED BY APPLICABLE LAW, EXCEPT:

(A) TO [NEWCO] (THE “**COMPANY**”) OR ANY SUBSIDIARY THEREOF, OR

(B) PURSUANT TO A REGISTRATION STATEMENT WHICH HAS BECOME EFFECTIVE UNDER THE SECURITIES ACT, OR

(C) PURSUANT TO AN EXEMPTION FROM REGISTRATION PROVIDED BY RULE 144 UNDER THE SECURITIES ACT OR ANY OTHER AVAILABLE EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT.

PRIOR TO THE REGISTRATION OF ANY TRANSFER IN ACCORDANCE WITH CLAUSE (C) ABOVE, THE COMPANY AND THE TRANSFER AGENT FOR THE COMPANY'S COMMON STOCK RESERVE THE RIGHT TO REQUIRE THE DELIVERY OF SUCH LEGAL OPINIONS, CERTIFICATIONS OR OTHER EVIDENCE AS MAY REASONABLY BE REQUIRED IN ORDER TO DETERMINE THAT THE PROPOSED TRANSFER IS BEING MADE IN COMPLIANCE WITH THE SECURITIES ACT AND APPLICABLE STATE SECURITIES LAWS. NO REPRESENTATION IS MADE AS TO THE AVAILABILITY OF ANY EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT.”

(i) The Company shall not be required to issue fractions of Warrant Shares upon exercise of the Warrants. All Warrant Shares (including fractions) to be issued upon exercise of the applicable Warrant will be aggregated for purposes of determining whether the exercise would result in the issuance of any fractional Share. If, after

aggregation, the exercise would result in the issuance of a fractional Share, the Company will, at its sole option, either (A) issue such fractional Share, (B) round such fractional Share up to the nearest whole Share and issue such whole Share or (C) in lieu of issuance of any fractional Share, pay the Holder otherwise entitled to such fractional Share an amount in cash equal to the product resulting from multiplying the then-current Fair Market Value per Share by such fraction.

(j) The Company shall comply with all applicable tax withholding and reporting requirements imposed by any governmental unit, and all distributions, including deemed distributions, pursuant to the Warrants will be subject to applicable withholding and reporting requirements. Notwithstanding any provision to the contrary, the Company will be authorized to (i) take any actions that may be reasonably necessary or appropriate to comply with such withholding and reporting requirements, (ii) apply a portion of any cash distribution to be made under the Warrants to pay applicable withholding taxes, (iii) liquidate a portion of any non-cash distribution to be made under the Warrants to generate sufficient funds to pay applicable withholding taxes or (iv) establish any other mechanisms the Company believes are reasonable and appropriate, including requiring Holders to submit appropriate tax and withholding certifications (such as IRS Forms W-9 and the appropriate IRS Forms W-8, as applicable) and/or requiring Holders to pay the withholding tax amount to the Company in cash as a condition of receiving the benefit of any anti-dilution adjustment pursuant to Section 6.

(k) Solely for U.S. federal, state and local income tax purposes, the Company and each Holder agree that the Warrants shall be deemed exercised as of the date hereof, and, accordingly, each of the parties hereto agrees to treat each Holder as the beneficial owner of the Warrant Shares underlying such Holder's Warrants for all U.S. federal, state and local income tax purposes as of the date hereof (the "**Intended Tax Treatment**"). The Company and each Holder agree to act consistently with the Intended Tax Treatment for all U.S. federal, state and local income tax purposes.

(l) The Warrant Agent shall keep copies of this Agreement and any notices given or received hereunder for a period beginning on the date of this Agreement and ending no earlier than the third anniversary of the Expiration Date.

Section 6. *Anti-Dilution Provisions.* No single event shall give rise to an adjustment or pass-through distribution under more than one subsection of this Section 6 (other than in the case of a dividend or other distribution of different types of property, in which case Section 6(a) and Section 6(b) shall apply to the appropriate parts of each such dividend or distribution); *provided* that any issuance of Warrant Shares upon exercise of the Warrants shall not itself give rise to any adjustment under this Section 6.

(a) *Share Distributions, Subdivisions or Combinations.* The Warrant Share Number shall be adjusted pursuant to the formula below in the event the Company (i) pays a dividend or makes any other distribution with respect to its Shares solely in Shares, (ii) subdivides or reclassifies its outstanding Shares into a greater number of Shares or (iii) combines or reclassifies its outstanding Shares into a smaller number of Shares. Such adjustments shall become effective (x) in the case of clause (i) above, at the

close of business on the record date for such dividend or distribution or (y) in the case of clause (ii) or (iii) above, at the open of business on the effective date of such event. In the event that a dividend or distribution described in clause (i) above is not so paid or made, the Warrant Share Number shall be readjusted, effective as of the date when the Board determines not to make such dividend or distribution, as the case may be, to be the Warrant Share Number that would be in effect if such dividend or distribution had not been declared.

$$U_a = U_b \times \frac{O_a}{O_b}$$

Where:

U_b = Warrant Share Number immediately before the adjustment

U_a = Warrant Share Number immediately after the adjustment

O_b = Number of Shares outstanding immediately before the adjustment

O_a = Number of Shares outstanding immediately after the transaction in question

(b) *Certain Dividends and Distributions.* If the Company shall pay a dividend or make a distribution with respect to the Shares consisting of securities, evidences of indebtedness, assets, cash or rights, options or warrants to purchase securities of the Company (other than any dividends or distributions for which an adjustment is made pursuant to Section 6(a)) to all or substantially all holders of the Shares (any of such securities, evidences of indebtedness, assets, cash or rights, options or warrants, the “**Distributed Property**”), then the Company shall issue, or otherwise deliver, to each Holder, in respect of each Warrant, at the same time and upon the same terms as holders of the Shares receive the Distributed Property, the amount and kind of Distributed Property such Holder would have received if such Holder owned, as of the record date for such dividend or distribution, a number of Shares equal to the Warrant Share Number in effect on such record date.

(c) *Certain Other Events.* The Company may make increases in the Warrant Share Number as the Board deems advisable in good faith in order to avoid or diminish any income tax to holders of Shares resulting from any dividend or distribution of stock (or rights to acquire stock) or from any event treated as such for income tax purposes.

(d) *Exceptions to Adjustments.* Except as specifically provided for herein, there shall be no adjustment or readjustment to the Warrant Share Number.

(e) *Notice of Adjustment.* Upon the occurrence of each adjustment or readjustment of the Warrant Share Number, the Company (at its expense) shall promptly compute such adjustment or readjustment in good faith in accordance with the terms hereof and furnish to (i) the Warrant Agent a certificate, signed by an Appropriate Officer, and (ii) to each Holder a notice, in each case setting forth (A) such adjustment or

readjustment and showing in detail the facts upon which such adjustment or readjustment is based and (B) the Warrant Share Number at the time in effect; *provided* that the Company shall not be required to deliver any notice to the Holders until the cumulative change in the Warrant Share Number exceeds one percent (1%) from (x) the initial Warrant Share Number or (y) the Warrant Share Number that the Holders received notice of in the most recent notice provided to them. The Warrant Agent shall have no duty with respect to any statement filed with it except to keep the same on file and available for inspection by Holders during reasonable business hours. The Warrant Agent shall not at any time be under any duty or responsibility to any Holder to determine whether any facts exist which may require any adjustment to the Warrant Share Number, or with respect to the nature or extent of any adjustment of the Warrant Share Number when made or with respect to the method employed in making such adjustment.

(f) *No Change in Warrant Terms on Adjustment.* Irrespective of any adjustments in the Warrant Share Number, the Warrants theretofore or thereafter issued may continue to express the same amounts as are stated in the similar Warrants issuable initially, or at some subsequent time, pursuant to this Agreement, and the Warrant Share Number, as the case may be, specified thereon shall be deemed to have been so adjusted.

(g) *Miscellaneous.* All calculations hereunder shall be made to the nearest one-tenth (1/10th) of a cent or to the nearest one-hundredth (1/100) of a Share, as the case may be. Any provision of this Section 6 to the contrary notwithstanding, no adjustment in the Warrant Share Number shall be made if the amount of such adjustment would be less than one-tenth (1/10th) of a Share, but any such amount shall be carried forward and an adjustment with respect thereto shall be made at the time of and together with any subsequent adjustment which, together with such amount and any other amount or amounts so carried forward, shall aggregate 1/10th of a Share, or more, or upon exercise of a Warrant if it shall earlier occur.

Section 7. *Reorganization.* (a) If a Reorganization occurs at any time on or prior to the Expiration Date (or, if later, the settlement date for any exercise of Warrants), then, following the effective time of such Reorganization, a Holder's right to receive Warrant Shares upon exercise of its Warrants shall be converted into the right to receive upon exercise, with respect to each Warrant Share that would have otherwise been deliverable hereunder, one Unit of Reference Property; *provided* that if the Reference Property consists solely of cash, then on the effective date of such Reorganization, each Holder shall receive, in respect of each Warrant such Holder holds, at the same time and upon the same terms as holders of Shares receive the cash in exchange for their Shares, an amount of cash equal to the greater of (i) the amount of cash that such Holder would receive in such Reorganization if such Holder owned, as of the record date for such Reorganization, a number of Shares equal to the Warrant Share Number in effect on such record date and (ii) \$0, and upon the Company's delivery of such cash (if any) in respect of such Warrant, such Warrant shall be deemed to have been exercised in full and canceled. With respect to any exercise of Warrants following the effective time of such Reorganization, the number of Units of Reference Property issuable upon exercise of a Warrant shall be calculated pursuant to Section 5 as if each reference therein to a "Share" or a "Warrant Share" referred to a Unit of Reference Property.

(b) In the case of any Reorganization in which holders of Shares may make an election as between different types of Reference Property, such holders of Shares shall be deemed to have elected to receive (i) first, the maximum amount of Marketable Securities and (ii) for any remaining consideration, the maximum amount of cash. The Company shall not consummate any Reorganization unless the Company first shall have made appropriate provision to ensure that the applicable provisions of this Agreement shall immediately after giving effect to such Reorganization be assumed by and binding on the other party to the Reorganization (or the surviving entity, successor, parent company and/or issuer of such Reference Property, as appropriate) and applicable to any Reference Property deliverable upon the exercise of Warrants, pursuant to a customary assumption agreement in form and substance reasonably satisfactory to the Holders of a majority of the Warrants then outstanding. Any such assumption agreement shall also include any amendments to this Agreement necessary to effect the changes to the terms of the Warrants described in this Section 7 and preserve the intent of the provisions of this Agreement. The provisions of this Section 7 shall similarly apply to successive Reorganizations.

(c) The Company shall notify the Holders and the Warrant Agent of any such proposed Reorganization reasonably prior to the consummation thereof so as to provide the Holders with a reasonable opportunity to confirm compliance with the terms hereof and, if they elect, to exercise the Warrants in accordance with the terms and conditions hereof prior to consummation of the Reorganization; *provided* that in the case of a transaction which requires notice to be given to the holders of the Shares, the Holders and the Warrant Agent shall be provided the same notice given to the holders of the Shares.

Section 8. *Covenants of the Company.* (a) *Covenants as to Warrant Shares.* The Company covenants and agrees that all Warrant Shares that may be issued upon the exercise of the rights represented by the Warrants shall, upon issuance, be validly issued and outstanding, fully paid and nonassessable, and free from all taxes (subject to **Error! Reference source not found.**), liens and charges with respect to the issuance thereof and shall not be issued in violation of any applicable law or governmental regulation. The Company further covenants and agrees that the Company shall at all times prior to the Expiration Date (or any earlier time at which all Warrants have been canceled) have reserved a sufficient number of authorized but unissued Shares to provide for the exercise of all outstanding Warrants. The Company further covenants and agrees that, if the Shares are at any time listed or traded on a Principal Exchange, the Company shall procure, at its sole expense, the listing of the Shares issuable upon exercise of the Warrants, subject to issuance or notice of issuance, on such Principal Exchange.

(b) *Notices of Record Date.* In the event of any taking by the Company of a record of the holders of any class of securities for the purpose of determining the holders thereof who are entitled to receive any distribution of any kind, or any right to subscribe for, purchase or otherwise acquire any Shares or any other securities or property, or to receive any other right or interest of any kind, the Company will mail to the Holders, at least five (5) Business Days prior to such record date, a notice specifying the date on which any such record is to be taken for the purpose of such distribution (other than pursuant to the adjustments provided herein).

Section 9. *Warrant Agent.* The Warrant Agent undertakes the duties and obligations imposed by this Agreement upon the terms and conditions set forth in this Section 9.

(a) *Limitation on Liability.* The Warrant Agent shall not by any act hereunder be accountable with respect to or be deemed to make any representations as to the validity or authorization of the Warrants, as to the validity, authorization or value (or kind or amount) of any Warrant Shares or other property delivered or deliverable upon exercise of any Warrant, or as to the purchase price of such Warrant Shares or other property. The Warrant Agent shall not (i) be liable for any recital or statement of fact contained herein or for any action taken, suffered or omitted by the Warrant Agent in good faith in the belief that any document or any signature is genuine or properly authorized, (ii) be responsible for determining whether any facts exist that may require any adjustment of the number of Warrant Shares issuable or with respect to the nature or extent of any such adjustments when made, or with respect to the method of adjustment employed, (iii) be responsible for any failure on the part of the Company to issue, transfer or deliver any Warrant Shares or property upon the surrender of any Warrant for the purpose of exercise or to comply with any other of the Company's covenants and obligations contained in this Agreement or (iv) be liable for any action taken, suffered or omitted to be taken in connection with this Agreement, except for its own bad faith, gross negligence or willful misconduct. The Warrant Agent shall be liable hereunder only for its own bad faith, gross negligence or willful misconduct (which bad faith, gross negligence or willful misconduct must be determined by a final, non-appealable order, judgment, decree or ruling of a court of competent jurisdiction). Except for the foregoing, notwithstanding anything in this Agreement to the contrary, in no event shall the Warrant Agent be liable for special, indirect, punitive, incidental or consequential loss or damage of any kind whatsoever (including, but not limited to, lost profits).

(b) *Instructions.* The Warrant Agent is hereby authorized to accept advice or instructions with respect to the performance of its duties hereunder from an Appropriate Officer and to apply to any such Appropriate Officer for advice or instructions. The Warrant Agent shall be fully protected and authorized in relying upon the most recent advice or instructions received from any such Appropriate Officer. The Warrant Agent shall not be liable for any action taken, suffered or omitted by it in accordance with the advice or instructions of any such Appropriate Officer, except to the extent that such action or omission resulted directly from the Warrant Agent's bad faith, gross negligence, or willful misconduct.

(c) *Agents.* The Warrant Agent may execute and exercise any of the rights and powers hereby vested in it or perform any duty hereunder either itself or by or through its attorneys, agents or employees, provided reasonable care has been exercised in the selection and in the continued employment of such attorney, agent or employee, provided, further that it shall be liable and responsible for any such attorney, agent or employee. The Warrant Agent shall not be under any obligation or duty to institute, appear in, or defend any action, suit or legal proceeding in respect hereof, but this provision shall not affect the power of the Warrant Agent to take such action as the Warrant Agent may consider necessary. The Warrant Agent shall promptly notify the

Company in writing of any claim made or action, suit or proceeding instituted against the Warrant Agent arising out of or in connection with this Agreement.

(d) *Cooperation.* The Company will perform, execute, acknowledge and deliver or cause to be performed, executed, acknowledged and delivered all such further acts, instruments and assurances as may reasonably be required by the Warrant Agent in order to enable the Warrant Agent to carry out or perform its duties under this Agreement.

(e) *Agent Only.* The Warrant Agent shall act solely as agent for the Company in accordance with the terms and conditions hereof and does not assume any obligation or relationship of agency or trust with any Holders. The Warrant Agent shall not be liable except for the performance of such duties as are specifically set forth herein, and no implied covenants or obligations shall be read into this Agreement against the Warrant Agent, whose duties and obligations shall be determined solely by the express provisions hereof.

(f) *Right to Counsel.* The Warrant Agent may at any time consult with legal counsel reasonably satisfactory to it (who may be legal counsel for the Company), and the Warrant Agent shall incur no liability or responsibility to the Company or to any Holder for any action taken, suffered or omitted by the Warrant Agent in good faith in accordance with the opinion or advice of such counsel.

(g) *Compensation.* The Company agrees to pay the Warrant Agent reasonable compensation for all services rendered by it hereunder and to reimburse the Warrant Agent for its reasonable expenses hereunder (including reasonable and documented fees and out-of-pocket expenses of one legal counsel and one local counsel), and further agrees to indemnify and hold the Warrant Agent and its employees, officers, directors and agents harmless against any and all loss, claims, damages, expenses and liabilities, including, but not limited to, any judgments, costs and such reasonable counsel fees, for any action taken, suffered or omitted by the Warrant Agent and its employees, officers, directors and agents in connection with the acceptance, administration, exercise and performance of its duties under this Agreement and the Warrants, except for any such liabilities that arise as a result of the Warrant Agent's bad faith, gross negligence or willful misconduct (as determined by a court of competent jurisdiction in a final and non-appealable judgment). Notwithstanding the foregoing, the Company shall not be responsible for any settlement made without its consent, which consent shall not be unreasonably conditioned, withheld or delayed.

(h) *Accounting and Payment.* The Warrant Agent shall account promptly to the Company with respect to Warrants exercised and concurrently pay to the Company all moneys received by the Warrant Agent on behalf of the Company in connection with the exercise of Warrants. The Warrant Agent shall advise the Company by telephone at the end of each day on which a payment in connection with the exercise of Warrants is received of the amount so deposited to such account. The Warrant Agent shall as soon as practicable confirm such telephone advice to the Company in writing.

(i) *No Conflict.* Subject to applicable law, the Warrant Agent and any stockholder, affiliate, director, officer or employee of the Warrant Agent may buy, sell or deal in any of the Warrants or other securities of the Company or become pecuniarily interested in any transaction in which the Company may be interested, or contract with or lend money to the Company or otherwise act as fully and freely as though it were not Warrant Agent under this Agreement. Subject to applicable law, nothing herein shall preclude the Warrant Agent from acting in any other capacity for the Company or for any other Person including, without limitation, acting as trustee under an indenture.

(j) *Resignation; Termination.* The Warrant Agent may resign its duties and be discharged from all further duties and liabilities hereunder (except liabilities arising as a result of the Warrant Agent's bad faith, gross negligence or willful misconduct) after giving thirty (30) calendar days' prior written notice to the Company. The Company may remove the Warrant Agent upon thirty (30) calendar days' written notice, and the Warrant Agent shall thereupon in like manner be discharged from all further duties and liabilities hereunder, except as have been caused by the Warrant Agent's bad faith, gross negligence or willful misconduct. The Company shall cause to be mailed promptly (by first class mail, postage prepaid) to each registered Holder at such Holder's last address as shown on the register of the Company, at the Company's expense, a copy of such notice of resignation or notice of removal, as the case may be. Upon such resignation or removal the Company shall promptly appoint in writing a new Warrant Agent. If the Company shall fail to make such appointment within a period of sixty (60) calendar days after it has been notified in writing of such resignation by the resigning Warrant Agent or after such removal, then the Holder of any Warrant may apply to any court of competent jurisdiction for the appointment of a new Warrant Agent. A resignation or removal of the Warrant Agent and appointment of a successor Warrant Agent will become effective only upon the successor Warrant Agent's acceptance of appointment. Pending appointment of a successor to the Warrant Agent, either by the Company or by such a court, the duties of the Warrant Agent shall be carried out by the Company. Any successor Warrant Agent, whether appointed by the Company or by such a court, shall be a Person, organized under the laws of the United States or of any state thereof and authorized under such laws to conduct a shareholder services business, be subject to supervision and examination by a Federal or state authority, and have a combined capital and surplus of not less than \$50,000,000 as set forth in its most recent published annual report of condition; or in the case of such capital and surplus requirement, a controlled affiliate of such a Person meeting such capital and surplus requirement. After acceptance in writing of such appointment by the new Warrant Agent, such successor Warrant Agent shall be vested with the same powers, rights, duties and responsibilities under this Agreement as if it had been originally named herein as the Warrant Agent, without any further assurance, conveyance, act or deed; but if for any reason it shall be necessary or expedient to execute and deliver any further assurance, conveyance, act or deed, the same shall be done at the expense of the Company and shall be legally and validly executed and delivered by the resigning or removed Warrant Agent. Not later than the effective date of any such appointment, the Company shall send notice thereof to the resigning or removed Warrant Agent and shall forthwith cause a copy of such notice to be mailed (by first class, postage prepaid) to each registered Holder at such Holder's last address as shown on the register of the Company. Failure to give any notice provided for in this (j), or any

defect in any such notice, shall not affect the legality or validity of the resignation of the Warrant Agent or the appointment of a successor Warrant Agent, as the case may be.

(k) *Merger, Consolidation or Change of Name of Warrant Agent.* Any corporation into which the Warrant Agent may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Warrant Agent shall be a party, or any corporation succeeding to all or substantially all of the agency business of the Warrant Agent shall be the successor to the Warrant Agent hereunder without the execution or filing of any document or any further act on the part of any of the parties hereto, provided that such corporation would be eligible for appointment as a successor Warrant Agent under the provisions of Section 9(j).

(l) *Exclusions.* Unless a court of competent jurisdiction determines by a final, non-appealable order, judgment, decree or ruling that the Warrant Agent's action or inaction constitutes bad faith, gross negligence or willful misconduct on the part of the Warrant Agent, the Warrant Agent shall have no responsibility with respect to the validity of this Agreement or with respect to the validity or execution of any Warrant (except its countersignature thereof); nor shall it be responsible for any breach by the Company of any covenant or condition contained in this Agreement or in any Warrant; nor shall it be responsible or have any duty to make any calculation or adjustment (unless reasonably requested to do so by the Company in writing in a manner consistent with the terms of this Agreement), or to determine when any calculation or adjustment required under the provisions hereof should be made, how it should be made or what it should be, or have any responsibility or liability for the manner, method or amount of any such calculation or adjustment or the ascertaining of the existence of facts that would require any such calculation or adjustment; nor shall it by any act hereunder be deemed to make any representation or warranty as to the authorization or reservation of any Warrant to be issued pursuant to this Agreement or as to whether any Warrant Shares will, when issued, be valid and fully paid and nonassessable.

(m) *No Liability for Interest.* The Warrant Agent shall not be under any liability for interest on any monies at any time received by it pursuant to any of the provisions of this Agreement.

(n) *No Liability for Invalidity.* The Warrant Agent shall not be under any responsibility with respect to the validity or sufficiency of this Agreement or the execution and delivery hereof (except the due execution and delivery hereof by the Warrant Agent).

(o) *No Responsibilities for Recitals.* The recitals contained herein shall be taken as the statements of the Company, and the Warrant Agent assumes no responsibility hereby for the correctness of the same.

(p) *No Implied Obligations.* The Warrant Agent shall be obligated to perform such duties as are explicitly set forth herein and no implied duties or obligations shall be read into this Agreement against the Warrant Agent. The Warrant Agent shall not be

under any obligation to take any action hereunder that may involve it in any expense or liability, the payment of which within a reasonable time is not, in its reasonable opinion, assured to it. The Warrant Agent shall have no duty or responsibility in case of any default by the Company in the performance of its covenants or agreements contained herein or in the case of the receipt of any written demand from a Holder with respect to such default, including, without limiting the generality of the foregoing, any duty or responsibility to initiate or attempt to initiate any proceedings at law or otherwise or, to make any demand upon the Company.

(q) *Force Majeure.* In no event shall the Warrant Agent be responsible or liable for any failure or delay in the performance of its obligations under this Agreement arising out of or caused by, directly or indirectly, forces beyond its reasonable control, including, without limitation, strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, and interruptions, loss or malfunctions of utilities, communications or computer (software or hardware) services.

Section 10. *Severability.* The determination by a court of competent jurisdiction that any particular provision of this Agreement is unenforceable or invalid will not affect the enforceability of or invalidate the other provisions hereof, and this Agreement will be construed in all respects as if such invalid or unenforceable provisions had never been part hereof and were omitted here from. Upon such a determination, the parties will negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible so that the transactions contemplated hereby be consummated as originally contemplated to the fullest extent possible.

Section 11. *Holder Not Deemed a Shareholder.* No Holder of a Warrant, by reason of the ownership of such Warrant, shall be entitled to vote or receive dividends on or be deemed the holder of any Warrant Shares for any purpose, nor shall anything contained in the Warrants be construed to confer upon the Holders, as such, any of the rights of a holder of Shares or any right to vote, give or withhold consent to any Company action (whether any reorganization, issuance of Shares, reclassification of Shares, consolidation, merger, conveyance or otherwise), receive notice of meetings, receive dividends or subscription rights or otherwise, except as set forth in the Stockholders Agreement or herein. No Holder shall have any right not expressly conferred under, or by applicable law with respect to, this Agreement or the Stockholders Agreement.

Section 12. *Notices to Company and Warrant Agent.* All notices, requests or demands authorized by this Agreement to be given or made by the Warrant Agent or by any registered Holder of any Warrant to or on the Company or the Warrant Agent to be effective shall be in writing (including by telecopy), and shall be deemed to have been duly given or made when delivered by hand, or two (2) Business Days after being delivered to a recognized courier (whose stated terms of delivery are two Business Days or less to the destination), or five (5) Business Days after being deposited in the mail, or, in the case of facsimile or email notice, when received, addressed (until another address is filed in writing by the Company with the Warrant Agent) as follows:

[NewCo]
[]

If the Company shall fail to maintain such office or agency or shall fail to give such notice of any change in the location thereof, presentation may be made and notices and demands may be served at the principal office of the Warrant Agent.

Any notice pursuant to this Agreement to be given by the Company or by any registered Holder of any Warrant to the Warrant Agent shall be sufficiently given if sent by first-class mail, postage prepaid, or by facsimile or email notice, addressed (until another address is filed in writing by the Warrant Agent with the Company), as follows:

The Warrant Agent maintains the Warrant Agent Office at the above address.

Section 13. *Supplements and Amendments.* The Company and the Warrant Agent may from time to time supplement or amend this Agreement (a) without the approval of any Holder in order to cure any ambiguity, manifest error or other mistake in this Agreement, or to correct or supplement any provision contained herein that may be defective or inconsistent with any other provision herein, or to make any other provisions in regard to matters or questions arising hereunder that the Company and the Warrant Agent may deem necessary or desirable and that shall not adversely affect, alter or change the interests of the Holders in any material respect or (b) with the prior written consent of Holders of a majority of the Warrants; *provided* that each amendment or supplement that decreases the Warrant Agent's rights or increases its duties and responsibilities hereunder shall also require the prior written consent of the Warrant Agent. Notwithstanding the foregoing, the consent of each Holder affected in any material respect shall be required for any amendment pursuant to which the number of Warrant Shares receivable upon exercise of a Warrant would be decreased (other than pursuant to adjustments provided herein), the Holders' rights to receive pass-through distributions pursuant to Section 6(b) would be limited or the Exercise Period would be shortened. Upon execution and delivery of any supplement or amendment pursuant to this Section 13, such amendment shall be considered a part of this Agreement for all purposes and every Holder of Warrants shall be bound thereby.

Section 14. *Termination.* This Agreement shall terminate on the earlier of (a) such date when all Warrants have been cancelled or exercised with respect to all Warrant Shares subject thereto and (b) the Expiration Date or, if later, upon settlement of all Warrants (i) validly exercised on or prior to the Expiration Date; *provided* that the provisions of Sections 10-20 shall survive such termination.

Section 15. *Governing Law and Consent to Forum.* This Agreement shall be governed by, and construed in accordance with, the laws of the State of Delaware (without giving effect to choice of law principles thereof to the extent that the application of the laws of another jurisdiction would be required thereby); *provided, however*, that the foregoing shall not be construed so as to restrict in any manner the ability of the Company to enforce any judgment obtained in any court of competent jurisdiction. Subject to the provisos to the last sentence of this Section 15, each of the parties hereto (a) consents to submit itself to the exclusive personal jurisdiction of the Chancery Court of Delaware and, if such court declines jurisdiction, any Federal district court located in the State of Delaware in the event of any action arising out of or relating to this Agreement or any of the transactions contemplated by this Agreement, (b) agrees that it will not attempt to deny or defeat such personal jurisdiction by motion or other request for leave from any such court, (c) agrees that, except as provided in clause (d) below, it will not bring any action arising out of or relating to this Agreement or any of the transactions contemplated by this Agreement in any court other than the Chancery Court of Delaware and, if such court declines jurisdiction, a Federal district court sitting in the State of Delaware and (d) agrees, to the maximum extent permitted by law, that it will not bring any action arising out of or relating to the Securities Act in any court other than a Federal district court sitting in the State of Delaware and, if such court declines jurisdiction, to another Federal district court. Any person or entity purchasing or otherwise acquiring any interest in any Company securities shall be deemed to have notice of and consented to this provision. In any action arising out of or relating to this Agreement or any of the transactions contemplated by this Agreement, each party irrevocably and unconditionally waives and agrees not to assert by way of motion, as a defense or otherwise any claims that it is not subject to the jurisdiction of the above courts, that such action is brought in an inconvenient forum or that the venue of such action is improper; *provided, however*, that, notwithstanding anything to the contrary in this Section 15 or otherwise, the Company shall retain the right to bring any such action arising out of or relating to this Agreement or any of the transactions contemplated hereby, to the extent that the subject matter of such action is contemplated by the Plan or the Disclosure Statement, in the United States Bankruptcy Court for the District of Delaware, and each of the parties hereto (i) consents to submit itself to the exclusive personal jurisdiction of the Chancery Court of Delaware and, if such court declines jurisdiction, any Federal district court located in the State of Delaware in the event of any action arising out of or relating to this Agreement or any of the transactions contemplated by this Agreement, (ii) agrees that it will not attempt to deny or defeat such personal jurisdiction by motion or other request for leave from any such court.

Section 16. *Waiver of Jury Trial.* EACH OF THE PARTIES TO THIS AGREEMENT HEREBY IRREVOCABLY WAIVES ALL RIGHT TO A TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY. THE SCOPE OF THIS WAIVER IS INTENDED TO BE ALL-ENCOMPASSING OF ANY AND ALL DISPUTES THAT MAY BE FILED IN ANY COURT AND THAT RELATE TO THE SUBJECT MATTER OF THIS AGREEMENT, INCLUDING, WITHOUT LIMITATION, CONTRACT CLAIMS, TORT CLAIMS (INCLUDING NEGLIGENCE), BREACH OF DUTY CLAIMS, AND

ALL OTHER COMMON LAW AND STATUTORY CLAIMS. THIS SECTION 16 HAS BEEN FULLY DISCUSSED BY EACH OF THE PARTIES HERETO AND THESE PROVISIONS WILL NOT BE SUBJECT TO ANY EXCEPTIONS. EACH PARTY HERETO HEREBY FURTHER WARRANTS AND REPRESENTS THAT SUCH PARTY HAS REVIEWED THIS WAIVER WITH ITS LEGAL COUNSEL, AND THAT SUCH PARTY KNOWINGLY AND VOLUNTARILY WAIVES ITS JURY TRIAL RIGHTS FOLLOWING CONSULTATION WITH LEGAL COUNSEL.

Section 17. *Benefits of This Agreement.* Nothing in this Agreement shall be construed to give to any Person other than the Company, the Warrant Agent and the registered Holders (who are express third party beneficiaries of this Agreement) any legal or equitable right, remedy or claim under this Agreement, and this Agreement shall be for the sole and exclusive benefit of the Company, the Warrant Agent and the registered Holders.

Section 18. *Counterparts.* This Agreement may be executed in any number of counterparts and each of such counterparts shall for all purposes be deemed to be an original, and such counterparts shall together constitute but one and the same instrument.

Section 19. *Headings.* The headings of sections of this Agreement have been inserted for convenience of reference only, are not to be considered a part hereof and in no way modify or restrict any of the terms or provisions hereof.

Section 20. *Electronic Transmission.* Each of the parties hereto agrees that (a) any consent or signed document transmitted by electronic transmission shall be treated in all manner and respects as an original written document, (b) any such consent or document shall be considered to have the same binding and legal effect as an original document and (c) at the request of any party hereto, any such consent or document shall be re-delivered or re-executed, as appropriate, by the relevant party or parties in its original form. Each of the parties further agrees that they will not raise the transmission of a consent or document by electronic transmission as a defense in any proceeding or action in which the validity of such consent or document is at issue and hereby forever waives such defense. For purposes of this Agreement, the term “electronic transmission” means any form of communication not directly involving the physical transmission of paper, that creates a record that may be retained, retrieved and reviewed by a recipient thereof, and that may be directly reproduced in paper form by such a recipient through an automated process.

Section 3. *Issuance of Warrants; Form, Execution and Delivery.* (a) *Issuance of Warrants.* Pursuant to, and in accordance with, the terms of this Agreement and the Plan, the Company hereby issues the Warrants. The Warrants shall be, upon issuance, duly authorized and validly issued. In accordance with Section 4 hereof, as of the date hereof, the Company shall cause to be issued to the applicable registered Holders, one or more Warrants evidenced by an uncertificated, book-entry registration on the books and records of the Warrant Agent (the “**Direct Registration Warrants**”). Each Direct Registration Warrant entitles the Holder, upon proper exercise and payment of the Exercise Price and subject to Section 5(d) and Section 5(i), to receive from the Company one Share (as it may be adjusted from time to time as provided herein, the “**Warrant Share Number**”). The Shares deliverable upon proper exercise of the Warrants are referred to herein as the “**Warrant Shares**.”

(b) *Form of Warrant.* All Warrants issued pursuant to this Agreement shall be in the form of Direct Registration Warrants reflected on statements issued by the Warrant

Agent from time to time to the Holders thereof reflecting such uncertificated, book-entry position (the “**Warrant Statements**”). NO REGISTRATION OR TRANSFER OF THE WARRANTS WILL BE MADE ON THE BOOKS OF THE COMPANY OR THE WARRANT AGENT UNLESS AND UNTIL SUCH RESTRICTIONS SHALL HAVE BEEN COMPLIED WITH. THE COMPANY WILL FURNISH WITHOUT CHARGE, UPON WRITTEN REQUEST TO THE COMPANY AT ITS PRINCIPAL PLACE OF BUSINESS, TO EACH HOLDER OF RECORD OF THE WARRANTS, A COPY OF THE STOCKHOLDERS AGREEMENT CONTAINING THE ABOVE-REFERENCED RESTRICTIONS ON TRANSFERS OF SECURITIES.”

(c) *Other Matters.* Each Warrant shall be, and shall remain, subject to the provisions of this Agreement and the Stockholders Agreement until such time as no Warrants shall be outstanding in accordance with the terms hereof. Each Holder shall be bound by all of the terms and provisions of this Agreement (a copy of which is available on request to the Secretary of the Company) and any amendments thereto as fully and effectively as if such Holder had signed the same. The Warrant Agent shall keep, at an office designated for such purpose, books (the “**Warrant Register**”) in which, subject to such reasonable regulations as it may prescribe, it shall register any Direct Registration Warrants and exchanges and transfers of outstanding Warrants in accordance with the procedures set forth in Section 4 of this Agreement, all in form satisfactory to the Company and the Warrant Agent. The Company may require payment by the applicable Holder of a sum sufficient to cover any stamp or other tax or other governmental charge that may be imposed on the Holder in connection with any such exchange or registration of transfer. The Warrant Agent shall have no obligation to effect an exchange or register a transfer unless and until any payments required by the immediately preceding sentence have been made. The Warrant Agent and the Company may deem and treat the Person in whose name any Warrant is registered on the Warrant Register as the absolute owner of such Warrant, for the purpose of any exercise thereof, any distribution to the Holder thereof and for all other purposes, and neither the Warrant Agent nor the Company shall be affected by notice to the contrary prior to due presentment for registration of transfer

or exchange of any Warrant in accordance with the procedures set forth in this Agreement.

Section 4. *Transfers.* (a) *Transfer and Exchange of Direct Registration Warrants.* When the registered Holder of a Direct Registration Warrant has presented to the Warrant Agent a written request to register the transfer of any Direct Registration Warrant, the Warrant Agent shall register the transfer or make the exchange as requested if such transfer satisfies the provisions of this Agreement and the Stockholders Agreement; *provided* that the Warrant Agent has received a written instruction of transfer in form satisfactory to the Warrant Agent, properly completed and duly executed by the Holder thereof or by his or her attorney, duly authorized in writing. A party requesting transfer of Warrants must provide any evidence of authority that may be required by the Warrant Agent, including, but not limited to, a signature guarantee from an eligible guarantor institution participating in a signature guarantee program approved by the Securities Transfer Association.

(b) *Obligations with Respect to Transfers of Warrants.*

(i) All Direct Registration Warrants issued upon any registration of transfer or exchange shall be the valid obligations of the Company, entitled to the same benefits under this Agreement as the Direct Registration Warrants surrendered upon such registration of transfer or exchange.

(ii) The Warrant Agent shall, upon receipt of all information required to be delivered hereunder, register the transfer of any outstanding Warrants in the Warrant Register upon the delivery by the registered Holder thereof, at the Warrant Agent Office referred to in Section 12 hereof (the “**Warrant Agent Office**”), duly endorsed, and accompanied by a completed form of assignment substantially in the form attached as Exhibit B (including a duly endorsed Joinder signed by the transferee) and duly signed by the Holder thereof or by the duly appointed legal representative thereof or by his or her attorney, duly authorized in writing, such signature to be guaranteed by a participant in a Medallion Signature Guarantee Program at a guarantee level acceptable to the Warrant Agent. Upon any such registration of transfer, a new Warrant Statement shall be issued to the transferee.

(iii) The Warrant Agent shall not undertake the duties and obligations of a transfer agent under this Agreement, including, without limitation, the duty to receive, issue or transfer the Warrant Shares.

(c) *Holder Acknowledgement.* Each Holder, by its acceptance of any Warrant under this Agreement, acknowledges and agrees that (i) the Warrants were issued, and the Warrant Shares issuable upon exercise thereof shall be issued, pursuant to the exemption from the registration requirement of Section 5 of the Securities Act provided by Section 1145 of the Bankruptcy Code, and to the extent that a Holder of Warrants (or holder of Warrant Shares) is an “underwriter” as defined in Section 1145(b)(1) of the Bankruptcy Code, such holder shall not sell or transfer any Warrants or Warrant Shares

in the absence of an effective registration statement under the Securities Act or an exemption from registration thereunder and (ii) the Company is not, and has no obligation to currently become, a reporting company under the Securities Exchange Act of 1934, as amended, and the Holder's rights to information relating to the Company are limited.

Section 5. *Duration and Exercise of Warrants.* (a) *Expiration Date.* The Warrants shall expire at 5:00 p.m., New York City time, on [____], 2029 (the “**Expiration Date**”), which is the eighth (8th) anniversary of the Effective Date[, subject to Section 6(h)]⁵. After 5:00 p.m., New York City time, on the Expiration Date, the Warrants will become void and of no value, and all rights thereunder and all rights in respect thereof under this Agreement shall cease as of such time.

(b) *Exercise Price.* On the Effective Date, the Exercise Price shall be \$[●]⁶ per Warrant Share (as it may be adjusted from time to time as provided herein, the “**Exercise Price**”). If the Company at any time makes a Fair Market Value determination in respect of the Common Stock, it shall also determine at such time whether the Fair Market Value for one Share exceeds the Exercise Price, and the Company shall deliver a written notice to the Holders and the Warrant Agent setting forth such determinations as promptly as reasonably practicable following such determinations.

(c) *Manner of Exercise.* Each Warrant may be exercised by the Holder thereof during the Exercise Period as described below. Subject to the provisions of this Agreement, including the Cashless Exercise provisions contained in Section 5(d) and the adjustments contained in Section 6, each Warrant shall entitle the Holder thereof to purchase from the Company (and the Company shall issue and sell to such Holder), upon proper exercise and payment of the Exercise Price in cash, a number of Warrant Shares equal to the then-applicable Warrant Share Number. A Holder may exercise any of its Warrants on any Business Day during the Exercise Period by, no later than 5:00 p.m., New York City time, on such Business Day, delivering (A) written notice of such election (a “**Warrant Exercise Notice**”) to exercise the applicable Warrants to the Company and the Warrant Agent at the addresses set forth in Section 12 hereof, which Warrant Exercise Notice shall be substantially in the form set forth in Exhibit A; and (B) a duly completed and executed Joinder to the extent required pursuant to Section [5.01] of the Stockholders Agreement for the Person that will hold the Warrant Shares issued pursuant to the Warrant Exercise Notice in the form provided for in the Stockholders Agreement and attached to the Warrant Exercise Notice. The documents referred to in clauses (A) and (B) of the immediately preceding sentence shall be accompanied by payment in full of the Exercise Price in respect of each Warrant Share to be issued, which shall be made by certified or official bank or bank cashier's check payable to the order of the Company, or by wire transfer to the Warrant Agent in immediately available funds. Such payment shall be in an amount equal to the product of the number of Warrants

exercised, as designated in such Warrant Exercise Notice, *multiplied by* the then-applicable Exercise Price, *multiplied by* the Warrant Share Number.

(d) *Cashless Exercise.* (i) Notwithstanding any provisions of this Agreement to the contrary, if a Holder elects to exercise any of its Warrants hereunder and either (x) the Shares are listed on an Exchange as of the Exercise Date or (y) the Exercise Date occurs during a Cashless Exercise Period, then, in lieu of paying the aggregate Exercise Price in cash as required by Section 5(c), such Holder shall have the right to instruct the Company in the Warrant Exercise Notice to issue the Warrant Shares issuable upon exercise of such Warrants on a net basis (a “**Cashless Exercise**”) such that, without payment of any cash in respect of the aggregate Exercise Price, such Holder shall receive a number of Warrant Shares for each Warrant so exercised equal to the greater of (I) zero and (II) “X” as determined pursuant to the following formula:

$$X = Y \times \frac{A-B}{A}$$

Where:

Y = the Warrant Share Number as of the Exercise Date;

A = the Fair Market Value per Share as of the Exercise Date; and

B = the Exercise Price as of the Exercise Date.

(ii) Following [____], 2023 (the second (2nd) anniversary of the Effective Date), the Holders of at least two-thirds of the Warrants then outstanding may request that the Company make a Fair Market Value determination in respect of the Common Stock; *provided* that (x) no more than one such request may be made annually and (y) no more than [two]⁷[four]⁸ such requests total may be made during the term of the Warrants; *provided further* that if the Company makes a Fair Market Value determination in respect of the Common Stock at the request of the holders of any warrants other than the Warrants at any time after [____], 2023, then (A) the Company shall notify the Holders and the Warrant Agent of such determination and such notice shall be deemed to be a Fair Market Value Notice (as defined below) and (B) a Holder request shall be deemed to have been made for purposes of clause (x) of the immediately preceding proviso [and, if such Fair Market Value determination was made at the request of holders of the [SLTL Tranche 2 Warrants]⁹[SLTL Tranche

The Company shall complete, and shall notify (a “**Fair Market Value Notice**”) the Holders and the Warrant Agent of, such Fair Market Value determination within thirty-five (35) Business Days of such request. The period beginning on, and including, the date of any Fair Market Value Notice and ending on, and including, the tenth (10th) Business Day immediately following the date of such Fair Market Value Notice shall be referred to herein as a “**Cashless Exercise Period**”. For the avoidance of doubt, if Cashless Exercise applies to any Warrants with an Exercise Date that occurs during a Cashless Exercise Period, then “A” in the formula set forth in Section 5(d)(i) shall be the Fair Market Value per Share specified in the related Fair Market Value Notice.

(iii) The Warrant Agent shall have no duty or obligation to investigate or confirm whether the Company’s determination of the number of Warrant Shares to be issued upon any Cashless Exercise is accurate or correct, nor shall the Warrant Agent have any duty or obligation to take any action with regard to such Cashless Exercise prior to being notified by the Company of the relevant number of Warrant Shares to be issued.

(e) Any exercise of a Warrant pursuant to the terms of this Agreement shall be irrevocable as of the date of delivery of the applicable Warrant Exercise Notice and shall constitute a binding agreement between the Holder and the Company, enforceable in accordance with its terms (except as such enforceability may be limited by bankruptcy, insolvency or similar laws generally affecting creditor’s rights).

(f) The Warrant Agent shall:

(i) examine all Warrant Exercise Notices and all other documents delivered to it by or on behalf of Holders as contemplated hereunder to ascertain whether, on their face, such Warrant Exercise Notices and any such other documents have been executed and completed in accordance with their terms;

(ii) inform the Company of and cooperate with and assist the Company in resolving any reconciliation problems between the Warrant Exercise Notices received and delivery of Warrants to the Warrant Agent’s account; and

(iii) advise the Company, no later than two (2) Business Days after receipt of a Warrant Exercise Notice, of (A) the receipt of such Warrant Exercise Notice and the number of Warrants exercised in accordance with the terms of this Agreement, (B) the number of Warrant Shares to be issued upon exercise of such Warrants (except in the case of Cashless Exercise), (C) the instructions with

respect to delivery of the Warrant Shares deliverable upon such exercise, and (D) such other information as the Company shall reasonably require.

(g) All questions as to the validity, form and sufficiency (including time of receipt) of a Warrant exercise shall be determined by the Company in its reasonable discretion in good faith. The Warrant Agent shall incur no liability for or in respect of and, except to the extent such liability arises from the Warrant Agent's bad faith, gross negligence or willful misconduct (each as determined by a final, non-appealable order, judgment of a court decree or ruling of competent jurisdiction), shall be indemnified and held harmless by the Company for acting or refraining from acting upon, or as a result of such determination by, the Company. The Company reserves the right to reject any and all Warrant Exercise Notices not in proper form or for which any corresponding agreement by the Company to exchange would, in the opinion of the Company, be unlawful as determined in good faith in consultation with the Company's legal counsel and the relevant Holder. Moreover, the Company reserves the absolute right to waive any of the conditions to the exercise of Warrants or defects in Warrant Exercise Notices with regard to any particular exercise of Warrants. Neither the Company nor the Warrant Agent shall be under any duty to give notice to the Holders of any irregularities in any exercise of Warrants, nor shall they incur any liability for the failure to give such notice; *provided* that the Company and/or the Warrant Agent shall promptly notify a Holder if the Company will not honor a Warrant Exercise Notice from such Holder.

(h) As soon as reasonably practicable after the Exercise Date for any Warrant, the Company shall issue, or otherwise deliver, in authorized denominations to or upon the order of the Holder, an uncertificated, book-entry interest in the number of Warrant Shares to which such Holder is entitled on the books and records of the Company's transfer agent. Such Warrant Shares shall be deemed to have been issued and any Person so designated to be named therein shall be deemed to have become a holder of record of such Warrant Shares as of the close of business on the Exercise Date.

(i) The Company shall not be required to issue fractions of Warrant Shares upon exercise of the Warrants. All Warrant Shares (including fractions) to be issued upon exercise of the applicable Warrant will be aggregated for purposes of determining whether the exercise would result in the issuance of any fractional Share. If, after aggregation, the exercise would result in the issuance of a fractional Share, the Company will, at its sole option, either (A) issue such fractional Share, (B) round such fractional Share up to the nearest whole Share and issue such whole Share or (C) in lieu of issuance of any fractional Share, pay the Holder otherwise entitled to such fractional Share an amount in cash equal to the product resulting from multiplying the then-current Fair Market Value per Share by such fraction.

(j) The Company shall comply with all applicable tax withholding and reporting requirements imposed by any governmental unit, and all distributions, including deemed distributions, pursuant to the Warrants will be subject to applicable withholding and reporting requirements. Notwithstanding any provision to the contrary, the Company will be authorized to (i) take any actions that may be reasonably necessary or appropriate to comply with such withholding and reporting requirements, (ii) apply a portion of any

cash distribution to be made under the Warrants to pay applicable withholding taxes, (iii) liquidate a portion of any non-cash distribution to be made under the Warrants to generate sufficient funds to pay applicable withholding taxes or (iv) establish any other mechanisms the Company believes are reasonable and appropriate, including requiring Holders to submit appropriate tax and withholding certifications (such as IRS Forms W-9 and the appropriate IRS Forms W-8, as applicable) and/or requiring Holders to pay the withholding tax amount to the Company in cash as a condition of receiving the benefit of any anti-dilution adjustment pursuant to Section 6.

(k) The Warrant Agent shall keep copies of this Agreement and any notices given or received hereunder for a period beginning on the date of this Agreement and ending no earlier than the third anniversary of the Expiration Date.

Section 6. *Anti-Dilution Provisions.* The Exercise Price and the Warrant Share Number shall be subject to adjustment from time to time as set forth in this Section 6; *provided* that no single event shall give rise to an adjustment under more than one subsection of this Section 6 (other than in the case of a dividend or other distribution of different types of property, in which case Section 6(a) and Section 6(b) shall apply to the appropriate parts of each such dividend or distribution); *provided further* that any issuance of Warrant Shares upon exercise of the Warrants shall not itself give rise to any adjustment under this Section 6; *provided further* that no adjustment shall be made under this Section 6 if Holders participate (other than in the case of a Share split or Share combination), at the same time and upon the same terms as holders of the Shares and solely as a result of holding the Warrants, in any of the transactions described in this Section 6, without having to exercise their Warrants, as if each Holder held a number of Shares equal to the then-current Warrant Share Number *multiplied by* the number of Warrants held by such Holder.

(a) *Share Distributions, Subdivisions or Combinations.* The Exercise Price and Warrant Share Number shall be adjusted pursuant to the formulas below in the event the Company (i) pays a dividend or makes any other distribution with respect to its Shares solely in Shares, (ii) subdivides or reclassifies its outstanding Shares into a greater number of Shares or (iii) combines or reclassifies its outstanding Shares into a smaller number of Shares. Such adjustments shall become effective (x) in the case of clause (i) above, at the close of business on the record date for such dividend or distribution or (y) in the case of clause (ii) or (iii) above, at the open of business on the effective date of such event. In the event that a dividend or distribution described in clause (i) above is not so paid or made, the Exercise Price and the Warrant Share Number shall be readjusted, effective as of the date when the Board determines not to make such dividend or distribution, as the case may be, to be the Exercise Price and the Warrant Share Number that would be in effect if such dividend or distribution had not been declared.

Ub = Warrant Share Number immediately before the adjustment

Ua = Warrant Share Number immediately after the adjustment

Pb = Exercise Price immediately before the adjustment

Pa = Exercise Price immediately after the adjustment

Ob = Number of Shares outstanding immediately before the adjustment

Oa = Number of Shares outstanding immediately after the transaction in question

(b) *Certain Dividends and Distributions.* If the Company shall fix a record date for the payment of a dividend or the making of a distribution with respect to the Shares consisting of securities, evidences of indebtedness, assets, cash or rights, options or warrants to purchase securities of the Company (other than (i) any dividends or distributions for which an adjustment is made pursuant to Section 6(a) and (ii) cash dividends up to an aggregate amount per fiscal year equal to 30% of the Company's free cash flow for such fiscal year, as determined by the Board in good faith) to all or substantially all holders of the Shares, the Exercise Price and Warrant Share Number shall be adjusted pursuant to the formulas below. Such adjustments shall become effective at the close of business on the record date for such dividend or distribution. In the event that such dividend or distribution is not so paid or made, the Exercise Price and the Warrant Share Number shall be readjusted, effective as of the date when the Board determines not to make such dividend or distribution, as the case may be, to be the Exercise Price and the Warrant Share Number that would be in effect if such dividend or distribution had not been declared.

$$Ua = Ub \times \frac{M}{M-D}$$

$$Pa = Pb \times \frac{M-D}{M}$$

Where:

Ub = Warrant Share Number immediately before the adjustment

Ua = Warrant Share Number immediately after the adjustment

Pb = Exercise Price immediately before the adjustment

Pa = Exercise Price immediately after the adjustment

M = Fair Market Value of one Share as of the Trading Day immediately preceding the ex-date for such dividend or distribution

D = Fair Market Value of the dividend or distribution made per Share as of the record date for such dividend or distribution; *provided* that, in the case of a cash dividend a portion of which would cause the aggregate amount of cash dividends paid by the Company for any fiscal year to exceed 30% of the Company's free cash flow for such fiscal year, as determined by the Board in good faith, "D" shall be equal to the Fair Market Value of such portion of such dividend made per Share as of the record date for such dividend.

(c) *Certain Other Events.* The Company may make decreases in the Exercise Price and/or increases in the Warrant Share Number as the Board deems advisable in good faith in order to avoid or diminish any income tax to holders of Shares resulting from any dividend or distribution of stock (or rights to acquire stock) or from any event treated as such for income tax purposes.

(d) *Exceptions to Adjustments.* Except as specifically provided for herein, there shall be no adjustment or readjustment to the Exercise Price or the Warrant Share Number.

(e) *Notice of Adjustment.* [Subject to Section 6(h),]¹² [u][U]pon the occurrence of each adjustment or readjustment of the Exercise Price or the Warrant Share Number, the Company (at its expense) shall promptly compute such adjustment or readjustment in good faith in accordance with the terms hereof and furnish to (i) the Warrant Agent a certificate, signed by an Appropriate Officer, and (ii) to each Holder a notice, in each case setting forth (A) such adjustment or readjustment and showing in detail the facts upon which such adjustment or readjustment is based and (B) the Exercise Price and the Warrant Share Number at the time in effect; *provided* that the Company shall not be required to deliver any notice to the Holders until the cumulative change in the Exercise Price or the Warrant Share Number exceeds one percent (1%) from (x) the initial Exercise Price or Warrant Share Number, as the case may be, or (y) the Exercise Price or the Warrant Share Number, as the case may be, that the Holders received notice of in the most recent notice provided to them. The Warrant Agent shall have no duty with respect to any statement filed with it except to keep the same on file and available for inspection by Holders during reasonable business hours. The Warrant Agent shall not at any time be under any duty or responsibility to any Holder to determine whether any facts exist which may require any adjustment to the Exercise Price or the Warrant Share Number, or with respect to the nature or extent of any adjustment of the Exercise Price or the Warrant Share Number when made or with respect to the method employed in making such adjustment.

(f) *No Change in Warrant Terms on Adjustment.* Irrespective of any adjustments in the Exercise Price or the Warrant Share Number, the Warrants theretofore or thereafter issued may continue to express the same prices and amounts as are stated in the similar Warrants issuable initially, or at some subsequent time, pursuant to this

Agreement, and the Exercise Price or the Warrant Share Number, as the case may be, specified thereon shall be deemed to have been so adjusted.

(g) *Miscellaneous.* All calculations hereunder shall be made to the nearest one-tenth (1/10th) of a cent or to the nearest one-hundredth (1/100) of a Share, as the case may be. Any provision of this Section 6 to the contrary notwithstanding, no adjustment in the Exercise Price or the Warrant Share Number shall be made if the amount of such adjustment would be less than \$0.01 or[, other than an adjustment as provided in Section 6(h),]¹³ one-tenth (1/10th) of a Share, but any such amount shall be carried forward and an adjustment with respect thereto shall be made at the time of and together with any subsequent adjustment which, together with such amount and any other amount or amounts so carried forward, shall aggregate \$0.01 or 1/10th of a Share, or more, or upon exercise of a Warrant if it shall earlier occur. If an adjustment in the Exercise Price made hereunder would reduce the Exercise Price to an amount below \$0.01, then such adjustment in the Exercise Price made hereunder shall reduce the Exercise Price to \$0.01 and not lower.

(h) *[Adjustment upon Exercise of SLTL Tranche 2 Warrants.*

(i) Upon the exercise of a SLTL Tranche 2 Warrant in accordance with the SLTL Tranche 2 Warrant Agreement, the Warrant Share Number shall be increased as follows:

$$N = P \times (S + (1.03627 \times T))$$

Where:

N = Warrant Share Number immediately after the adjustment

P = 0.000009%

S = 11,123,704

T = Aggregate number of Shares issued upon exercise of all SLTL Tranche 2 Warrants exercised on or prior to the effective date of the adjustment

(ii) Such increase of the Warrant Share Number pursuant to this Section 6(h) shall become effective simultaneously with the “Exercise Date” (as such term is defined in the SLTL Tranche 2 Warrant Agreement) of such SLTL Tranche 2 Warrant. Upon the occurrence of each increase of the Warrant Share Number pursuant to this Section 6(h), the Company (at its expense) shall promptly compute such increase in good faith in accordance with the terms hereof (and shall make such adjustments thereto as it determines in good faith are appropriate to account for any adjustment to the Warrant Share Number pursuant

to Section 6(a) or 6(b) that occurred prior to the effective date of the adjustment pursuant to this Section 6(h)) and furnish to (A) the Warrant Agent a certificate, signed by an Appropriate Officer, and (B) each Holder a notice ((A) and (B), an “**SLTL Adjustment Notice**”), in each case setting forth (1) such increase in the Warrant Share Number and the calculation upon which such increase is based and (2) the Warrant Share Number after giving effect to such increase; *provided* that the Company shall not be required to deliver any SLTL Adjustment Notice (w) until the cumulative change in the Warrant Share Number immediately after the increase exceeds five percent (5%) from the Warrant Share Number immediately before the first such increase (or, if applicable, from the Warrant Share Number set forth in the most recent SLTL Adjustment Notice) or (x) in any event, more than once in any 30-day period; *provided further* that (y) if any Warrant is exercised prior to an SLTL Adjustment Notice having been delivered with respect to any exercise of a SLTL Tranche 2 Warrant, the increase in the Warrant Share Number shall be applied as to such Warrants exercised and (z) if as of the Expiration Date there are any SLTL Tranche 2 Warrants that have been exercised for which an SLTL Adjustment Notice has not previously been delivered at least 30 days prior to the Expiration Date, then upon the Expiration Date the Company shall furnish to (C) the Warrant Agent a certificate, signed by an Appropriate Officer, and (D) each Holder a notice ((C) and (D), a “**Final True-Up Notice**”), in each case setting forth (1) such increase in the Warrant Share Number and the calculation upon which such increase is based and (2) the Warrant Share Number after giving effect to such increase and, notwithstanding Section 5(a), the Warrants may be exercised for 30 days after the date of the Final True-Up Notice (and the Expiration Date shall be extended by such 30-day period). In addition to the foregoing, the Company shall advise any Holder of any increase in the Warrant Share Number for which an SLTL Adjustment Notice has not been furnished upon the written request of such Holder and upon the exercise of any Warrant by such Holder. Notwithstanding anything to the contrary herein, any Warrant that is exercised prior to the full exercise of all SLTL Tranche 2 Warrants shall remain outstanding and may be exercised in accordance with the terms hereof, except that the “Warrant Share Number” for purposes of calculating the number of Warrant Shares issuable upon such exercise shall be equal to (i) the Warrant Share Number as of the relevant Exercise Date *minus* (ii) the Warrant Share Number as of the most recent prior date on which such Warrant was exercised (including pursuant to this Section 6(h)). For the avoidance of doubt, (I) the Exercise Price shall not be adjusted upon any exercise of the SLTL Tranche 2 Warrants, (II) the Exercise Price shall continue to be applicable as the price to be paid for one whole Share upon exercise of a Warrant, and (III) to the extent a Warrant represents the right to acquire fractional Shares, a Holder’s Warrants may be aggregated to achieve an exercise for whole Shares, subject to Section 5(i).]¹⁴

Section 7. *Reorganization.* (a) If a Reorganization occurs at any time on or prior to the Expiration Date (or, if later, the settlement date for any exercise of Warrants),

then, following the effective time of such Reorganization, a Holder's right to receive Warrant Shares upon exercise of its Warrants shall be converted into the right to receive upon exercise, with respect to each Warrant Share that would have otherwise been deliverable hereunder, one Unit of Reference Property; *provided* that if the Reference Property consists solely of cash, then on the effective date of such Reorganization, each Holder shall receive, in respect of each Warrant such Holder holds, at the same time and upon the same terms as holders of Shares receive the cash in exchange for their Shares, an amount of cash equal to the greater of (i) (x) the amount of cash that such Holder would receive in such Reorganization if such Holder owned, as of the record date for such Reorganization, a number of Shares equal to the Warrant Share Number in effect on such record date, *minus* (y) the Exercise Price in effect on such record date *multiplied by* the Warrant Share Number in effect on such record date and (ii) \$0, and upon the Company's delivery of such cash (if any) in respect of such Warrant, such Warrant shall be deemed to have been exercised in full and canceled. With respect to any exercise of Warrants following the effective time of such Reorganization, the number of Units of Reference Property issuable upon exercise of a Warrant shall be calculated pursuant to Section 5 as if each reference therein to a "Share" or a "Warrant Share" referred to a Unit of Reference Property.

(b) In the case of any Reorganization in which holders of Shares may make an election as between different types of Reference Property, such holders of Shares shall be deemed to have elected to receive (i) first, the maximum amount of Marketable Securities and (ii) for any remaining consideration, the maximum amount of cash. The Company shall not consummate any Reorganization unless the Company first shall have made appropriate provision to ensure that the applicable provisions of this Agreement shall immediately after giving effect to such Reorganization be assumed by and binding on the other party to the Reorganization (or the surviving entity, successor, parent company and/or issuer of such Reference Property, as appropriate) and applicable to any Reference Property deliverable upon the exercise of Warrants, pursuant to a customary assumption agreement in form and substance reasonably satisfactory to the Holders of a majority of the Warrants then outstanding. Any such assumption agreement shall also include any amendments to this Agreement necessary to effect the changes to the terms of the Warrants described in this Section 7 and preserve the intent of the provisions of this Agreement. The provisions of this Section 7 shall similarly apply to successive Reorganizations.

(c) The Company shall notify the Holders and the Warrant Agent of any such proposed Reorganization reasonably prior to the consummation thereof so as to provide the Holders with a reasonable opportunity to confirm compliance with the terms hereof and, if they elect, to exercise the Warrants in accordance with the terms and conditions hereof prior to consummation of the Reorganization; *provided* that in the case of a transaction which requires notice to be given to the holders of the Shares, the Holders and the Warrant Agent shall be provided the same notice given to the holders of the Shares.

Section 8. *Covenants of the Company.* (a) *Covenants as to Warrant Shares.* The Company covenants and agrees that all Warrant Shares that may be issued upon the exercise of the rights represented by the Warrants shall, upon issuance, be validly issued

and outstanding, fully paid and nonassessable, and free from all taxes (subject to **Error! Reference source not found.**), liens and charges with respect to the issuance thereof and shall not be issued in violation of any applicable law or governmental regulation. The Company further covenants and agrees that the Company shall at all times prior to the Expiration Date (or any earlier time at which all Warrants have been canceled) have reserved a sufficient number of authorized but unissued Shares to provide for the exercise of all outstanding Warrants. The Company further covenants and agrees that, if the Shares are at any time listed or traded on a Principal Exchange, the Company shall procure, at its sole expense, the listing of the Shares issuable upon exercise of the Warrants, subject to issuance or notice of issuance, on such Principal Exchange.

(b) *Notices of Record Date.* In the event of any taking by the Company of a record of the holders of any class of securities for the purpose of determining the holders thereof who are entitled to receive any distribution of any kind, or any right to subscribe for, purchase or otherwise acquire any Shares or any other securities or property, or to receive any other right or interest of any kind, the Company will mail to the Holders, at least five (5) Business Days prior to such record date, a notice specifying the date on which any such record is to be taken for the purpose of such distribution (other than pursuant to the adjustments provided herein).

Section 9. *Warrant Agent.* The Warrant Agent undertakes the duties and obligations imposed by this Agreement upon the terms and conditions set forth in this Section 9.

(a) *Limitation on Liability.* The Warrant Agent shall not by any act hereunder be accountable with respect to or be deemed to make any representations as to the validity or authorization of the Warrants, as to the validity, authorization or value (or kind or amount) of any Warrant Shares or other property delivered or deliverable upon exercise of any Warrant, or as to the purchase price of such Warrant Shares or other property. The Warrant Agent shall not (i) be liable for any recital or statement of fact contained herein or for any action taken, suffered or omitted by the Warrant Agent in good faith in the belief that any document or any signature is genuine or properly authorized, (ii) be responsible for determining whether any facts exist that may require any adjustment of the Exercise Price or the number of Warrant Shares issuable or with respect to the nature or extent of any such adjustments when made, or with respect to the method of adjustment employed, (iii) be responsible for any failure on the part of the Company to issue, transfer or deliver any Warrant Shares or property upon the surrender of any Warrant for the purpose of exercise or to comply with any other of the Company's covenants and obligations contained in this Agreement or (iv) be liable for any action taken, suffered or omitted to be taken in connection with this Agreement, except for its own bad faith, gross negligence or willful misconduct. The Warrant Agent shall be liable hereunder only for its own bad faith, gross negligence or willful misconduct (which bad faith, gross negligence or willful misconduct must be determined by a final, non-appealable order, judgment, decree or ruling of a court of competent jurisdiction). Except for the foregoing, notwithstanding anything in this Agreement to the contrary, in no event shall the Warrant Agent be liable for special, indirect, punitive, incidental or

consequential loss or damage of any kind whatsoever (including, but not limited to, lost profits).

(b) *Instructions.* The Warrant Agent is hereby authorized to accept advice or instructions with respect to the performance of its duties hereunder from an Appropriate Officer and to apply to any such Appropriate Officer for advice or instructions. The Warrant Agent shall be fully protected and authorized in relying upon the most recent advice or instructions received from any such Appropriate Officer. The Warrant Agent shall not be liable for any action taken, suffered or omitted by it in accordance with the advice or instructions of any such Appropriate Officer, except to the extent that such action or omission resulted directly from the Warrant Agent's bad faith, gross negligence, or willful misconduct.

(c) *Agents.* The Warrant Agent may execute and exercise any of the rights and powers hereby vested in it or perform any duty hereunder either itself or by or through its attorneys, agents or employees, provided reasonable care has been exercised in the selection and in the continued employment of such attorney, agent or employee, provided, further that it shall be liable and responsible for any such attorney, agent or employee. The Warrant Agent shall not be under any obligation or duty to institute, appear in, or defend any action, suit or legal proceeding in respect hereof, but this provision shall not affect the power of the Warrant Agent to take such action as the Warrant Agent may consider necessary. The Warrant Agent shall promptly notify the Company in writing of any claim made or action, suit or proceeding instituted against the Warrant Agent arising out of or in connection with this Agreement.

(d) *Cooperation.* The Company will perform, execute, acknowledge and deliver or cause to be performed, executed, acknowledged and delivered all such further acts, instruments and assurances as may reasonably be required by the Warrant Agent in order to enable the Warrant Agent to carry out or perform its duties under this Agreement.

(e) *Agent Only.* The Warrant Agent shall act solely as agent for the Company in accordance with the terms and conditions hereof and does not assume any obligation or relationship of agency or trust with any Holders. The Warrant Agent shall not be liable except for the performance of such duties as are specifically set forth herein, and no implied covenants or obligations shall be read into this Agreement against the Warrant Agent, whose duties and obligations shall be determined solely by the express provisions hereof.

(f) *Right to Counsel.* The Warrant Agent may at any time consult with legal counsel reasonably satisfactory to it (who may be legal counsel for the Company), and the Warrant Agent shall incur no liability or responsibility to the Company or to any Holder for any action taken, suffered or omitted by the Warrant Agent in good faith in accordance with the opinion or advice of such counsel.

(g) *Compensation.* The Company agrees to pay the Warrant Agent reasonable compensation for all services rendered by it hereunder and to reimburse the Warrant

Agent for its reasonable expenses hereunder (including reasonable and documented fees and out-of-pocket expenses of one legal counsel and one local counsel), and further agrees to indemnify and hold the Warrant Agent and its employees, officers, directors and agents harmless against any and all loss, claims, damages, expenses and liabilities, including, but not limited to, any judgments, costs and such reasonable counsel fees, for any action taken, suffered or omitted by the Warrant Agent and its employees, officers, directors and agents in connection with the acceptance, administration, exercise and performance of its duties under this Agreement and the Warrants, except for any such liabilities that arise as a result of the Warrant Agent's bad faith, gross negligence or willful misconduct (as determined by a court of competent jurisdiction in a final and non-appealable judgment). Notwithstanding the foregoing, the Company shall not be responsible for any settlement made without its consent, which consent shall not be unreasonably conditioned, withheld or delayed.

(h) *Accounting and Payment.* The Warrant Agent shall account promptly to the Company with respect to Warrants exercised and concurrently pay to the Company all moneys received by the Warrant Agent on behalf of the Company on the purchase of Warrant Shares through the exercise of Warrants. The Warrant Agent shall advise the Company by telephone at the end of each day on which a payment for the exercise of Warrants is received of the amount so deposited to such account. The Warrant Agent shall as soon as practicable confirm such telephone advice to the Company in writing.

(i) *No Conflict.* Subject to applicable law, the Warrant Agent and any stockholder, affiliate, director, officer or employee of the Warrant Agent may buy, sell or deal in any of the Warrants or other securities of the Company or become pecuniarily interested in any transaction in which the Company may be interested, or contract with or lend money to the Company or otherwise act as fully and freely as though it were not Warrant Agent under this Agreement. Subject to applicable law, nothing herein shall preclude the Warrant Agent from acting in any other capacity for the Company or for any other Person including, without limitation, acting as trustee under an indenture.

(j) *Resignation; Termination.* The Warrant Agent may resign its duties and be discharged from all further duties and liabilities hereunder (except liabilities arising as a result of the Warrant Agent's bad faith, gross negligence or willful misconduct) after giving thirty (30) calendar days' prior written notice to the Company. The Company may remove the Warrant Agent upon thirty (30) calendar days' written notice, and the Warrant Agent shall thereupon in like manner be discharged from all further duties and liabilities hereunder, except as have been caused by the Warrant Agent's bad faith, gross negligence or willful misconduct. The Company shall cause to be mailed promptly (by first class mail, postage prepaid) to each registered Holder at such Holder's last address as shown on the register of the Company, at the Company's expense, a copy of such notice of resignation or notice of removal, as the case may be. Upon such resignation or removal the Company shall promptly appoint in writing a new Warrant Agent. If the Company shall fail to make such appointment within a period of sixty (60) calendar days after it has been notified in writing of such resignation by the resigning Warrant Agent or after such removal, then the Holder of any Warrant may apply to any court of competent jurisdiction for the appointment of a new Warrant Agent. A resignation or removal of the

Warrant Agent and appointment of a successor Warrant Agent will become effective only upon the successor Warrant Agent's acceptance of appointment. Pending appointment of a successor to the Warrant Agent, either by the Company or by such a court, the duties of the Warrant Agent shall be carried out by the Company. Any successor Warrant Agent, whether appointed by the Company or by such a court, shall be a Person, organized under the laws of the United States or of any state thereof and authorized under such laws to conduct a shareholder services business, be subject to supervision and examination by a Federal or state authority, and have a combined capital and surplus of not less than \$50,000,000 as set forth in its most recent published annual report of condition; or in the case of such capital and surplus requirement, a controlled affiliate of such a Person meeting such capital and surplus requirement. After acceptance in writing of such appointment by the new Warrant Agent, such successor Warrant Agent shall be vested with the same powers, rights, duties and responsibilities under this Agreement as if it had been originally named herein as the Warrant Agent, without any further assurance, conveyance, act or deed; but if for any reason it shall be necessary or expedient to execute and deliver any further assurance, conveyance, act or deed, the same shall be done at the expense of the Company and shall be legally and validly executed and delivered by the resigning or removed Warrant Agent. Not later than the effective date of any such appointment, the Company shall send notice thereof to the resigning or removed Warrant Agent and shall forthwith cause a copy of such notice to be mailed (by first class, postage prepaid) to each registered Holder at such Holder's last address as shown on the register of the Company. Failure to give any notice provided for in this (j), or any defect in any such notice, shall not affect the legality or validity of the resignation of the Warrant Agent or the appointment of a successor Warrant Agent, as the case may be.

(k) *Merger, Consolidation or Change of Name of Warrant Agent.* Any corporation into which the Warrant Agent may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Warrant Agent shall be a party, or any corporation succeeding to all or substantially all of the agency business of the Warrant Agent shall be the successor to the Warrant Agent hereunder without the execution or filing of any document or any further act on the part of any of the parties hereto, provided that such corporation would be eligible for appointment as a successor Warrant Agent under the provisions of Section 9(j).

(l) *Exclusions.* Unless a court of competent jurisdiction determines by a final, non-appealable order, judgment, decree or ruling that the Warrant Agent's action or inaction constitutes bad faith, gross negligence or willful misconduct on the part of the Warrant Agent, the Warrant Agent shall have no responsibility with respect to the validity of this Agreement or with respect to the validity or execution of any Warrant (except its countersignature thereof); nor shall it be responsible for any breach by the Company of any covenant or condition contained in this Agreement or in any Warrant; nor shall it be responsible or have any duty to make any calculation or adjustment (unless reasonably requested to do so by the Company in writing in a manner consistent with the terms of this Agreement), or to determine when any calculation or adjustment required under the provisions hereof should be made, how it should be made or what it should be, or have any responsibility or liability for the manner, method or amount of any such

calculation or adjustment or the ascertaining of the existence of facts that would require any such calculation or adjustment; nor shall it by any act hereunder be deemed to make any representation or warranty as to the authorization or reservation of any Warrant to be issued pursuant to this Agreement or as to whether any Warrant Shares will, when issued, be valid and fully paid and nonassessable.

(m) *No Liability for Interest.* The Warrant Agent shall not be under any liability for interest on any monies at any time received by it pursuant to any of the provisions of this Agreement.

(n) *No Liability for Invalidity.* The Warrant Agent shall not be under any responsibility with respect to the validity or sufficiency of this Agreement or the execution and delivery hereof (except the due execution and delivery hereof by the Warrant Agent).

(o) *No Responsibilities for Recitals.* The recitals contained herein shall be taken as the statements of the Company, and the Warrant Agent assumes no responsibility hereby for the correctness of the same.

(p) *No Implied Obligations.* The Warrant Agent shall be obligated to perform such duties as are explicitly set forth herein and no implied duties or obligations shall be read into this Agreement against the Warrant Agent. The Warrant Agent shall not be under any obligation to take any action hereunder that may involve it in any expense or liability, the payment of which within a reasonable time is not, in its reasonable opinion, assured to it. The Warrant Agent shall have no duty or responsibility in case of any default by the Company in the performance of its covenants or agreements contained herein or in the case of the receipt of any written demand from a Holder with respect to such default, including, without limiting the generality of the foregoing, any duty or responsibility to initiate or attempt to initiate any proceedings at law or otherwise or, to make any demand upon the Company.

(q) *Force Majeure.* In no event shall the Warrant Agent be responsible or liable for any failure or delay in the performance of its obligations under this Agreement arising out of or caused by, directly or indirectly, forces beyond its reasonable control, including, without limitation, strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, and interruptions, loss or malfunctions of utilities, communications or computer (software or hardware) services.

Section 10. *Severability.* The determination by a court of competent jurisdiction that any particular provision of this Agreement is unenforceable or invalid will not affect the enforceability of or invalidate the other provisions hereof, and this Agreement will be construed in all respects as if such invalid or unenforceable provisions had never been part hereof and were omitted here from. Upon such a determination, the parties will negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible so that the transactions contemplated hereby be consummated as originally contemplated to the fullest extent possible.
